

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

THE COUNCIL.

The Council, the governing body of the College, consists of twenty-four Members, three* of whom, when no vacancy, either by the resignation or death of a Life Member, has occurred during the year, go out in rotation annually in July, but are eligible for re-election by the Fellows of the College. All proceedings of the Court of Examiners, the Midwifery and Dental Boards, and the several Committees are reported to the Council for approval and confirmation. The Meetings of the Council are generally held in each month of the year, except in the month of September, and at such other times as the business of the College may require. During the past Collegiate Year there have been ten Meetings.

* If in any year one of the three retiring Members be President of the College, he does not go out of office until the succeeding year.

THE COURT OF EXAMINERS.

The Court of Examiners consists of ten Members elected by the Council from the Fellows of the College. The Court superintends the carrying out generally the regulations of the Council relating to the preliminary and professional education of Students, and conducts the professional examinations of Candidates for the Diplomas of Fellow and Member of the College. During the past Collegiate year the Court has held six Meetings for the Examinations for the Fellowship, and fifty-one Meetings for the Primary and Pass Examinations for the Membership. The following is a statement of the number of Candidates who presented themselves for the Fellowship and Membership respectively, with the results of the several Examinations, viz. :—

THE BOARD OF EXAMINERS IN MIDWIFERY.

The Board consists of four Members annually elected, viz. :—The Chairman, one of the Vice-Presidents of the College, and three other Members, who are required to be elected either from the Fellows or Members of the College, or from the Fellows or Licentiates of the Royal College of Physicians of London. The Board conducts the Examination of Candidates for the Licence in Midwifery. There have not been any Candidates examined during the year.

BOARD OF EXAMINERS IN DENTAL SURGERY.

The Board consists of six Members elected by the Council for five years, viz. :—three Members of the Court of Examiners of the College, and three other persons skilled in Dental Surgery. The Board conducts the Examination of Candidates for the Diploma in Dental Surgery of the College. During the year eight Candidates have been examined, six of whom passed to the satisfaction of the Board.

THE MUSEUM.

The Hunterian Collection, which forms the basis, and still a large proportion, of the contents of the present Museum of the Royal College of Surgeons of England, was originally arranged in a building which its Founder, John Hunter, erected for it in 1784, behind his house in Leicester Square.

John Hunter died October 16th, 1793, aged 65. By his will he directed the Museum to be offered in the first instance to the British Government, on such terms as might be considered reasonable, and in case of refusal, to be sold in one lot, either to some foreign state, or as his executors might think proper.

In the year 1799 Parliament voted the sum of £15,000 for the Museum, and an offer of it being made to the Corporation of Surgeons, it was accepted on the terms proposed by Government*.

In 1806 the sum of £15,000 was voted by Parliament in aid of the erection of an edifice for the display and arrangement of the Hunterian Collection; a second grant of £12,500 was subsequently voted, and upwards of £21,000 having been supplied from the funds of the College, the building was completed in Lincoln's-Inn-Fields, in which the Museum was opened for the inspection of visitors in the year 1813.

* The following are the Terms and Conditions on which the Hunterian Collection, purchased by Parliament, was delivered to the late Corporation of Surgeons; which Corporation having become dissolved, the Members thereof were re-incorporated by Charter, dated the 22nd day of March, 1800, under the Title of The Royal College of Surgeons in London:—

1st. The Collection shall be open Four Hours in the Forenoon of two days every week for Inspection and Consultation of the Fellows of the College of Physicians, the Members of the Company of Surgeons and Persons properly introduced by them; a Catalogue of the Preparations, and a proper Person to explain it, being at those times always in the Room.

2nd. That one Course of Lectures, not less than twenty-four in number, on Comparative Anatomy and other subjects, illustrated by the Preparations, shall be given every year by some Member of the Company.

3rd. That the Preparations shall be kept in a state of Preservation, and the Collection in as perfect a state as possible, at the Expense of the Corporation of Surgeons, subject to the annual Inspection and Superintendence of the Trustees.

4th. That there shall be a Board of Trustees, to consist of sixteen (increased to seventeen by the Lords of the Treasury in 1856) Members, by virtue of their Public Offices, and of fourteen others, to be appointed, in the first instance, by the Lords of the Treasury, and afterwards to be elected, as Vacancies may happen, by a Majority of the remaining Trustees.

5th. That the Museum shall always be open for the Inspection of all or any of the said Trustees, who are to take care that the Corporation of Surgeons perform their Engagements respecting the said Collection. That a day be appointed for the annual Inspection of the Museum, by the Trustees acting collectively as a Board; and that they are also to have quarterly Meetings, for the transacting of any Business relative to the Museum, and for the filling up of such Vacancies as may happen in the number of the Trustees; and that the Corporation of Surgeons shall engage some Person to officiate as Secretary to the Board upon such occasions, and to issue previous Notice to the Members, in which he is to state particularly whether any Vacancies are to be filled up by new Elections.

In consequence of the large number of additions, this building became too small for the adequate display and arrangement of its contents; and more space being at the same time required for the rapidly increasing Library, the greater portion of the present building was erected, wholly at the expense of the College, in 1835, at a cost of about £40,000, and the Hunterian and Collegiate Collections were re-arranged in what are now termed the Western and Middle Museums, which were opened for the inspection of visitors in 1836.

Further enlargement of the building having become necessary by the continued increase of the Collection, the College, in 1847, purchased the extensive premises of Mr. Alderman Copeland, in Portugal Street, for the sum of £16,000, and in 1852 proceeded to the erection of the Eastern Museum, at the expense of £25,000, Parliament granting £15,000 in aid thereof. The re-arrangement of the specimens was completed, and the additional portion of the building opened to visitors in 1855.

The Hunterian Collection was estimated to consist of 13,682 specimens, distributed under the following heads:—

Physiological Department, or Normal Structures.

Physiological preparations in spirit	3745
Osteological preparations	965
Dry do.	617
Zoological do.	1968
Fossils :—	
Vertebrate	1215
Invertebrate	2202
Plants	292

Pathological Department, or Abnormal Structures.

Preparations in spirit	1084
Dry preparations (including bones)	625
Calculi and concretions	536
Monsters and Malformations	218
Microscopic preparations	215

Of the additions by which the size and value of the Collection have been so materially increased since it came into the possession of the College, very many have been presented by Fellows and Members of the College, and other persons interested in scientific pursuits. Among the largest contributions from this source have been the Collection, consisting of 847 specimens, presented in 1811 by Sir William Blizard, and a valuable series of Pathological specimens presented in 1851 by Sir Stephen L. Hammick. At the same time the Council of the College have availed themselves of various opportunities as they have occurred to purchase specimens of interest, especially at the dispersion of private anatomical and pathological museums, as that of Sir A. Lever in 1806, of Mr. Joshua Brookes in 1828, of Mr. Heaviside in 1829, Mr. Langstaff in 1835, Mr. South in the same year, Mr. Howship and Mr. Taunton in 1841, Mr. Liston in 1842, Mr. Walker in 1843, and, deserving of especial mention on account of the great number and value of the specimens acquired, that of Sir Astley Cooper in 1843.

The Histological Collection, of which the 215 Hunterian specimens (prepared by Hewson) constitute the nucleus, was chiefly formed by the late Professor Quekett, with considerable additions by purchase from Dr. Tweedy J. Todd, Mr. Nasmyth,

and Professor Lenhossek. It now contains upwards of 12,000 specimens, all arranged and catalogued so as to be readily available for reference.

The Superintendence of the Museum is confided by the Council of the College to a Committee of its Members, which Committee has held four meetings during the past year.

A summary of the progress made in the preservation, arrangement, and augmentation of the Collection will be found in the following Report:—

ANNUAL REPORT OF THE CONSERVATOR TO THE MUSEUM COMMITTEE.

(Presented June 29th, 1874.)

I HAVE much satisfaction in reporting that the Museum has been maintained in good order and has received considerable accessions during the year, notwithstanding the absence from my duties for a period of six months, considerably granted me by the Council on account of a temporary failure of health. My colleagues, Dr. Goodhart and Mr. Alban Doran (who was appointed Assistant in the Museum in November last in succession to Mr. Lidderdale, resigned), and the whole of the staff have most efficiently carried on the duties of their various departments, according to arrangements made before my departure. The only important work that has been interrupted has been the rearrangement and cataloguing of the Palæontological Collections, the need of which was alluded to in the last Report, and which I hope shortly to be able to resume.

PATHOLOGICAL COLLECTION.

As many as 274 of the preparations in this series have been remounted during the year, and 66 new ones have been added. Among the latter is an interesting complete articulated skeleton, showing a very peculiar condition of the vertebral column, arrest of development of the left side of the lower cervical and upper dorsal vertebræ and of the first left rib, with ankylosis of the bodies of the corresponding vertebræ, accompanied by angular curvature of the upper lumbar region.

It may not be out of place to take this opportunity of reminding the Members of the Committee, and through them the profession generally, of the desirability of giving larger support to this department of the Museum by means of donations.

The College, having none of the facilities for obtaining and selecting specimens possessed by the Museums of Medical Schools attached to Hospitals where operations and *post-mortem* examinations are of con-

back by Staff-Surgeon J. R. Thomas, though not recent additions to the Museum, have during the past year been mounted and added to this series. Two skeletons (both young females) from an ancient burial-ground in Bolivia, of the characteristic short-headed race, have been presented by Reginald J. G. Leigh, Esq., who brought the bodies in the desiccated condition in which they are preserved for ages, owing to the dryness and chemical qualities of the soil. Before they were made into skeletons, photographs were taken to show the peculiar attitude of interment and the condition of the soft parts of the bodies. These photographs are placed by the side of the skeletons in the Museum. A wound inflicted by a sharp instrument in the forehead of both subjects appears to indicate that they died a violent death, perhaps (as suggested by Mr. Busk) as sacrifices. A very interesting skeleton, that of an old man of the Samoyede race, from the northernmost part of Russia, has been purchased. The principal peculiarities of this specimen have been pointed out by Mr. Busk, in a communication lately read before the Anthropological Institute.

It is singular that the very remarkable race which for some thousands of years occupied so important a position in history, and with whom so much of the arts and sciences of the civilized world appears to have originated, the Ancient Egyptians, are most inadequately represented in our craniological collections. Yet this race of all others, by their universal practice of embalming the dead, took the most efficient measures for giving those that lived after them the opportunity of studying their physical characteristics, as by the graphic representations with which they covered the walls of their tombs and temples they perpetuated a knowledge of their manners and customs while living. Our Museum a year ago only contained nine crania ascribed to inhabitants of Ancient Egypt; and the largest general collection of skulls in England, that of Dr. Barnard Davis*, has only ten. It is much to be feared that the opportunity of forming a really valuable collection of the skulls of these people, authenticated as to locality and probable antiquity, is rapidly passing away, and ere long will be entirely lost. In the eager search for papyri, scarabæi, and other archæological treasures, the inmates of all the known and accessible tombs have been literally torn to pieces, and the scattered fragments of their bodies thrown out on the desert sand to perish under the scorching sun, or with their bitumenized wrappings to serve as fuel for their degenerate successors. During my recent visit to Egypt I was fortunately able to secure and bring home ten skulls in tolerably perfect condition from the great necropolis of Thebes, which have now been cleaned and added to the Collection; and I would suggest to others who may have the privilege of travelling in that most interesting land to make a similar contribution to the preserved and accessible

* This magnificent collection, at the time of the publication of the Catalogue in 1867, numbered 1540 specimens. Our Museum contains at present 937, of which 284 are described in the Catalogue published in 1853, and 653 have been added since.

materials for the history of the human species. As the number of such specimens is absolutely limited, their value will certainly be very much increased in the future in consequence of the greater attention to the subject of Anthropology and the multiplication of Museums.

These skulls, in the injury to the ethmoid bone, all confirm the statement of Herodotus, in his description of the method of embalming practised by the Ancient Egyptians, that "in the first place, with an iron hook, they draw out the brain through the nostrils, and fill up the vacuum by injecting drugs."

Among other additions to the general Osteological Series are two very instructive skulls of fishes, the Salmon and Trout, in which the central cartilaginous portions are reproduced by a plastic composition, and the ossified bones around them are consequently retained in their natural position and relations, which in the old system of mounting fishes' skulls was almost impossible.

Two skeletons of the Fur-Seal of the Falkland Islands (*Otaria falklandica*), male and female, have been presented by Mr. Coleman, who has thus liberally availed himself of his opportunities, as Secretary to the Falkland Islands Company, of furthering a scientific knowledge of the animals which have hitherto only been treated as a source of pecuniary gain. Dr. Horace N. Watts, formerly Colonial Surgeon at the Islands, has also presented a very fine skull of the Sea-lion (*Otaria jubata*).

Mr. Sclater has presented two valuable skulls of young individuals of Baird's Tapir (*Tapirus bairdii*) from Mexico, showing the progress of ossification of the remarkable nasal septum characteristic of this species; and Mr. R. Swinhoe, of H.M. Consular Service, who has added so greatly to our knowledge of the zoology of China, has, as on several previous occasions, enriched the Osteological Series by various specimens collected by himself, including a perfect example of the Water-Deer (*Hydropotis inermis*), remarkable for its great canine teeth and absence of antlers. The existence of this animal was quite unknown to science until it was discovered a few years since by Mr. Swinhoe in the neighbourhood of Shanghai. Many of the specimens sent to the Museum by Mr. Swinhoe during the past year are still in preparation, and so cannot appear in the list of additions to the Museum till next year, as is also the case with a small collection of skeletons and skulls of animals which I made in Egypt.

To the series of Cetacean skeletons a long-desired addition has been obtained in a complete specimen of the very singular freshwater Dolphin of the Ganges (*Platanista gangetica*), received, through the courtesy of Professor Rolleston, in exchange with the Oxford University Museum. The animal was captured by T. P. Griffiths, Esq., about two hundred miles northwest of Calcutta. As a duplicate skeleton of a Thylacine or Tasmanian Wolf, sent to us last year by Mr. W. L. Crowther, F.R.C.S., of Hobart Town, formed a considerable part of the *per contra* of this exchange, we may fairly include the *Platanista* among the numerous contributions for which the Museum is indebted to that gentleman.

We have also to thank Dr. Julius Haast, F.R.S., of the Canterbury Museum, Christchurch, New Zealand, for a skeleton of one of the smaller species of the extinct wingless birds of that country (*Dinornis didiformis*), far more complete than any which we have yet received, and which shows very well the general characters of the race, though on a diminutive scale compared to some of its gigantic congeners, isolated bones of which have long been in the Museum.

In addition to the specimens of the articulator's work exhibited to the Committee to-day, a skeleton of a Jackal has been mounted and presented to the Smithsonian Institution at Washington, at the request of the Secretary of that liberally managed establishment, as a specimen of the method of articulation introduced and carried out by Mr. James Flower in this Museum.

PHYSIOLOGICAL COLLECTION.

266 preparations have been remounted during the past twelve months.

The new specimens are almost entirely the work of Mr. Pearson, Mr. Doran's time having been mainly occupied by the Court of Examiners and the general business of the Museum. The principal additions are in continuation of the series which is intended to illustrate exhaustively the anatomy of the human body. Nineteen preparations are devoted to the ligaments and ten to the arterial system, which, with those already in the Museum, almost complete their respective series.

There are also some interesting preparations in comparative anatomy which help to fill up lacunæ in the Collection. For most of these we have to thank Mr. Sclater and Mr. A. H. Garrod, of the Zoological Society, who continue to show their appreciation of this Museum, as a means of preserving and diffusing anatomical knowledge, by depositing in it many of the specimens of interest which come before them in the dissections so ably and systematically carried on in the admirably managed Gardens of the Society. These include five preparations of the muscular system of birds, specially illustrating a very important memoir on that subject lately published by Mr. Garrod, in which it is shown, from a large series of dissections, that the presence or absence of certain muscles of the thigh and leg are constant distinguishing characters of many natural groups, and of great assistance in the very difficult subject of classification of this class of Vertebrates.

There have been numerous additions to the Collection of Surgical Instruments and other departments of the Museum, which will be sufficiently indicated by the annexed list.

The Royal Commission on Scientific Instruction and the Advancement of Science, of which the Duke of Devonshire is Chairman, have been investigating the condition of the various National Scientific Museums; and

their Report* on the subject, lately issued, contains the following paragraphs relating to the Museum of the Royal College of Surgeons of England:—

“This collection of human, comparative, and morbid anatomy was founded in the last century by the celebrated John Hunter. After his decease the Hunterian Collection was purchased by the Government, and placed in the keeping of the Royal College of Surgeons, subject to periodical inspection by a board of trustees, which is kept up by co-optation of new members as vacancies occur. Since the Collection came into the possession of the College, it has been vastly extended and enriched, and is now probably the most complete and best arranged Museum of its kind in existence. It is freely accessible to students; and lectures to Members of the College, to which any person interested readily obtains admission, are delivered, on comparative anatomy, by the Conservator, Professor Flower, and, on surgical subjects, by Fellows of the College appointed to that duty, from time to time, by the Council.

“For the purchase of the original or Hunterian Collection, and in grants for buildings, the nation has contributed 57,500*l.* towards the expense of this Museum; but the entire expense of its maintenance and continued extension, amounting to about 2500*l.* a year, is discharged by the College out of the fees payable by candidates who pass the Examination for the College Diploma; and the aggregate sum which has been thus expended far exceeds that supplied by the State.

“The Comparative Anatomy Division of this Museum, besides a great Osteological Collection, contains an extensive series of preparations of the internal organs and other dissected parts of animals, preserved in spirits. Preparations of this description are requisite for a well grounded study of zoology; and as no such series exists in the British Museum, this part of the College of Surgeons' Museum may be regarded as supplemental to it. But although it might seem, on this account, desirable to incorporate the Comparative Anatomy Division of the College of Surgeons' Museum, in whole or in part, with the Zoological Collections of the British Museum, there appear to be serious objections to such a measure. For, in the first place, by far the greater part of the collection in question being the property of the College of Surgeons, a very large outlay of public money would be required for the purchase of it, were the College willing to part with it, which we have no reason to think probable. Again, so large an increase of spirit-preparations in the British Museum would increase the risk of destruction in case of fire; and, lastly, the transference of the Comparative Anatomy Collection to South Kensington would render it much less conveniently accessible than it is at present to students attending the Medical Schools, who now make use of it.

* ‘Fourth Report of the Royal Commission on Scientific Instruction and the Advancement of Science,’ presented to both Houses of Parliament by Command of Her Majesty, 1874. The Report is signed by the Duke of Devonshire, Sir John Lubbock, Sir J. P. Kay-Shuttleworth, Professors W. Sharpey, T. H. Huxley, G. G. Stokes, and H. J. S. Smith, and Mr. B. Samuelson, M.P.

"Should the fund at the disposal of the College, owing to changes in medical legislation, or from any other cause, prove inadequate for the efficient maintenance and continued extension of the Museum, we are of opinion that it should receive support from the State as an Institution intimately connected with the progress of Biological Science in this country. At the same time, there seems to be no sufficient reason why it should, in such a case, pass from the custody and management of the College, under which it has so long and so greatly prospered."

THE LIBRARY.

The formation of a regular Library may be said to have commenced in the year 1801, at which time and in succeeding years presentations and bequests of books, often in considerable numbers, were made to the College—the principal donors being Dr. Baillie, Sir Everard Home, Sir Charles Blicke, the widow of Mr. Sharp, Sir Ludford Harvey, Dr. Fleming, Mr. Cotton, and Mr. Long. The Court of Assistants also directed from time to time the expenditure of small sums of money for the purchase of books, and eventually voted a sum of £100 per annum for this purpose. Sir Charles Blicke, in the year 1816, invested the sum of £300, the proceeds of which sum were to be devoted to the same object. Some of the purchases thus made were considerable, as in the cases of the Libraries of Mr. Pitt, Mr. St. Andre, and Sir Anthony Carlisle, and books of importance were added at the recommendation of the Conservator of the Museum and others. In this way a Library of considerable value was gradually accumulated, but it was only accessible to a limited number of persons. In 1827 active steps were taken to render it more generally useful, and with this object catalogues and extensive lists of desirable acquisitions were ordered to be prepared. Large sums of money were also expended during this and the ensuing two years, amounting in the aggregate to nearly £6000. A Librarian was appointed, and in 1828 the Library, then containing 10,500 volumes, was thrown open to members of the College, and all other persons engaged in the pursuit of natural science were freely admitted. This large collection, thus opened, offered great facilities to the studious. By means of extensive additions, the collection was well nigh complete in works on Medicine and Surgery, both domestic and foreign, whilst it was also very rich in publications relating to the accessory sciences. The transactions of Academies and Societies, and the collection of periodical publications in general, owing to their completeness, and the difficulty with which access can be obtained to this class of literature elsewhere than in large libraries, formed a valuable feature. The maintenance of the Library from that time to the present has involved a very considerable expenditure of the funds of the College. It has been the object of those to whose care it has been confided to ensure the completeness and excellence of the collection, and great facilities of reference have been provided by the preparation of additional catalogues and indexes of subjects. During the last year there have been added to the Library 423 volumes (comprising 98 new works) and 122 tracts, pamphlets, essays, reports, and theses. The entire collection now contains 34,754 volumes, 14,037 works, and 37,367 tracts, pamphlets, essays, reports, and theses.

The following is a list of the donations that have been presented to the Library during the year 1873–74, viz.—

REGULATIONS

FOR THE

ARMY OF THE UNITED STATES.

ARTICLE I.

MILITARY DISCIPLINE.

1. All persons in the military service are required to obey strictly and to execute promptly the lawful orders of their superiors.

2. Military authority will be exercised with firmness, kindness, and justice. Punishments must conform to law and follow offenses as promptly as circumstances will permit.

3. Superiors are forbidden to injure those under their authority by tyrannical or capricious conduct or by abusive language.

4. Courtesy among military men is indispensable to discipline; respect to superiors will not be confined to obedience on duty, but will be extended on all occasions.

5. Deliberations or discussions among military men conveying praise or censure, or any mark of approbation, toward others in the military service, and all publications relating to private or personal transactions between officers, are prohibited. Efforts to influence legislation affecting the Army, or to procure personal favor or consideration, should never be made except through regular military channels; the adoption of any other method by any officer or enlisted man will be noted in the military record of those concerned.

ARTICLE II.

PRECEDENCE OF REGIMENTS AND CORPS.

6. On occasions of ceremony, except funerals and reviews of large forces, troops will be arranged from right to left in line, and from head to rear in column, in the following order: First, infantry; second, field artillery; third, cavalry. Artillery, engineer, and signal corps troops, equipped as infantry, are posted as infantry; dismounted cavalry and marines attached to the Army are on the left of the infantry in the order named; companies or detachments of the Hospital Corps and mounted detachments of engineers are assigned to places according to the nature of the ceremony; mounted companies and detachments of the Signal Corps are posted as cavalry. When cavalry and field artillery are reviewed together without other troops, the artillery is posted on the left. Troops in column in funeral escorts will be arranged from head to rear in the following order: First, cavalry; second, field artillery; third, infantry. In the same arm, regulars, militia in the service of the United States, and volunteers are posted in line from right to left, or in column from head to rear, in the order

named. In reviews of large bodies of troops the different arms and classes are posted at the discretion of the commanding general, due regard being paid to their position in camp. On all other occasions troops of all classes are posted at the discretion of the general or senior commander.

ARTICLE III.

RANK AND PRECEDENCE OF OFFICERS AND NONCOMMISSIONED OFFICERS.

7. Military rank is that character or quality bestowed on military persons which marks their station, and confers eligibility to exercise command or authority in the military service within the limits prescribed by law. It is divided into degrees or grades, which mark the relative positions and powers of the different classes of persons possessing it.

8. Rank is generally held by virtue of office in an arm of the service, corps, or department, but may be conferred independently of office, as in the case of retired officers and of those holding it by brevet.

9. The following are the grades of rank of officers and noncommissioned officers:

1. Lieutenant general.
2. Major general.
3. Brigadier general.
4. Colonel.
5. Lieutenant colonel.
6. Major.
7. Captain.
8. First lieutenant.
9. Second lieutenant.
10. Veterinarian, cavalry and field artillery; pay clerk, Quartermaster Corps.
11. Cadet.
12. (a) Sergeant major, regimental; sergeant major, senior grade, Coast Artillery Corps; (b) master electrician, Quartermaster Corps; master electrician, Coast Artillery Corps; master signal electrician; chief musician; (c) engineer, Coast Artillery Corps.
13. (a) Ordnance sergeant; quartermaster sergeant, Quartermaster Corps; sergeant, first class, Hospital Corps; electrician sergeant, first class, Coast Artillery Corps; (b) sergeant, first class, Quartermaster Corps; first-class signal sergeant.
14. Quartermaster sergeant and commissary sergeant, regimental; electrician sergeant, second class, Coast Artillery Corps; master gunner, Coast Artillery Corps.
15. Sergeant major, squadron and battalion; sergeant major, junior grade, Coast Artillery Corps; color sergeant; battalion quartermaster sergeant, engineers and field artillery.
16. (a) First sergeant; drum major; (b) principal musician; chief trumpeter; fireman, Coast Artillery Corps.
17. Sergeant; quartermaster sergeant, company; stable sergeant.
18. Corporal.

In each grade and subgrade, date of commission, appointment, or warrant determines the order of precedence.

10. Officers of the same grade of the Regular Army, of the Organized Militia in the service of the United States, and of volunteers take precedence in the order named. Officers of the Marine Corps, when detached for service with the Army by order of the President and while serving with the Army under that

order, are upon equal footing with officers of the Regular Army and take precedence in each grade by date of commission.

11. Between officers of the same grade and date of appointment or commission, other than through promotion by seniority or appointment of enlisted men to the grade of second lieutenant under the act of July 30, 1892, relative rank is determined by length of service, continuous or otherwise, as a commissioned officer of the United States, either in the Regular Army or, since April 19, 1861, in the volunteer forces. When periods of service are equal, precedence will, except when fixed by order of merit on examination, be determined, first, by rank in service when appointed; second, by former rank in the Army or Marine Corps; third, by lot.

12. The relative rank between officers of the Army and Navy is as follows, lineal rank only being considered:

General with admiral.

Lieutenant general with vice admiral. Major with lieutenant commander.

Major general with rear admiral. Captain with lieutenant.

Brigadier general with commodore.¹ First lieutenant with lieutenant (junior grade).

Colonel with captain.

Lieutenant colonel with commander. Second lieutenant with ensign.

ARTICLE IV.

COMMAND.

13. Command is exercised by virtue of office and the special assignment of officers holding military rank who are eligible by law to exercise command. Without orders from competent authority an officer can not put himself on duty by virtue of his commission alone, except as contemplated in the twenty-fourth and one hundred and twenty-second articles of war.

14. The following are the commands appropriate to each grade:

1. For a captain, a company.
2. For a major, a battalion.
3. For a colonel, a regiment.
4. For a brigadier general, a brigade.
5. For a major general, a division.

15. The designation "company," as used in these regulations, applies to troops of cavalry, batteries of field artillery, and to companies and bands of all arms and corps. The designation "battalion" applies in like manner to squadrons of cavalry.

16. The functions assigned to any officer in these regulations by title of office devolve upon the officer acting in his place, except when otherwise specified. An officer in temporary command shall not, except in urgent cases, alter or annul the standing orders of the permanent commander without authority from the next higher commander.

17. An officer who succeeds to any command or duty stands in regard to his duties in the same situation as his predecessor. The officer relieved will turn over to his successor all orders in force at the time and all the public property and funds pertaining to his command or duty.

18. An officer of engineers not on duty with engineer troops, or of ordnance, or of the Adjutant General's, Inspector General's, Judge Advocate General's

¹ The grade of commodore ceased to exist as a grade of rank on the active list in the Navy of the United States on March 3, 1899. By section 7 of the act of March 3, 1899 (30 Stat. L., 1005), the nine junior rear admirals are authorized to receive the pay and allowances of brigadier generals in the Army.

Department, Quartermaster, or Signal Corps, or of the line, detailed to fill a vacancy in these staff departments or corps, though eligible to command, according to his rank, shall not assume command of troops unless put on duty under orders which specially so direct, by authority of the President.

19. An officer of the Medical Department can not exercise command, except in his own department; but any staff officer, by virtue of his commission, may command all enlisted men like other commissioned officers.

20. When an officer is charged with directing an expedition or making a reconnaissance, without having command of the escort, the commander of the escort will consult him touching all arrangements necessary to secure the success of the operation.

ARTICLE V.

APPOINTMENT AND PROMOTION OF COMMISSIONED OFFICERS.

21. Notices of appointments and promotions are issued by the War Department through The Adjutant General of the Army.

22. Appointment to the grade of general officer is made by selection from the Army.

23. Oaths of office of officers of the Army will be taken before some officer who is authorized by the law of the United States or by the local municipal law to administer oaths, before a department judge advocate, or the judge advocate of a court-martial, or before the trial officer of a summary court. Officers of the Army, other than those above specified, are not authorized by law to administer such oaths.

24. Promotions in established staff corps and departments are limited to officers holding permanent appointments therein and to include the grade of colonel will be made by seniority, subject to the examinations required by law.

25. Promotions in the line of the Army to include the grade of colonel, in each arm of the service, will be made by seniority, subject to the examinations required by law.

26. Whenever any officer is ordered before an examining or retiring board the originals or copies of all official records affecting his character or efficiency, on file in any bureau of the War Department, will be furnished to The Adjutant General of the Army and by him forwarded for the consideration of the board.

27. Vacancies in the grade of second lieutenant in the cavalry, artillery, and infantry remaining on the 1st of July, each year, that are not needed for the graduates of that year of the United States Military Academy, may be filled by appointment in the following order:

1. Of enlisted men of the Army, whose fitness for advancement shall have been determined by a competitive examination.

2. From civil life.

All vacancies occurring after July 1, and not needed for the graduates of that year of the Military Academy, will be held for the next graduating class of the Academy.

28. A soldier to be eligible to compete for appointment to the grade of second lieutenant must be a citizen of the United States, unmarried, and under 30 years of age on the 1st day of July of the year in which he is to enter the competition, and must have served honorably not less than two years in the Army as an enlisted man on or before that date; he must also be physically sound, of good moral character before and after enlistment, and must be an enlisted man of the Army at the date of his application and of his examination, and, if appointed a second lieutenant, must be an enlisted man at the date of his appointment.

29. An enlisted man who desires to appear for examination will submit through military channels an application so that it will reach the department commander on or before January 1 of the year in which he desires to take the examination. An application received after that date will not be considered unless it be shown that the delay was through no fault of the applicant.

Company commanders in forwarding such applications will verify the statements of service as given, and will state specifically whether, in their opinion, the soldier fulfills each of the conditions required by paragraph 28, and will add their remarks as to the aptitude of the applicant for the position sought.

Post commanders will, upon the receipt of such applications, cause the applicants to be examined by a medical officer as to their physical qualifications, and will forward the report of such examination with the applications, adding their remarks as to the aptitude of the applicants for the position sought.

30. With a view to the selection of proper enlisted men for advancement to the grade of second lieutenant each department commander, as soon as practicable after January 15 of each year, will convene a board of five officers, two of whom shall be medical officers, for the preliminary examination of the soldiers of his command who are legally qualified therefor, with a view to determining their eligibility for the final examination. This board will institute a rigid inquiry into the character, capacity, record, and qualifications of the several candidates, and will recommend no one for the final examination who is not able to establish his fitness for promotion to the entire satisfaction of the board. Each year in which there remain vacancies in the grade of second lieutenant for appointment to which enlisted men are eligible, the War Department, on July 1 or subsequently thereto, will convene a board of five officers before which those who have successfully passed the departmental boards will appear to compete in the final examination for appointment to such vacancies.

31. The final examination is competitive and for a specified number of vacancies. The board which conducts the final examination will recommend for appointment only such number, in the order of merit established by the final examination, as will equal the number of vacancies apportioned to enlisted competitors by the Secretary of War, and no greater number will be reported as having passed. No competitor will be recommended by the board who is not physically, morally, and mentally qualified for the position of second lieutenant in the Army. Upon the approval by the War Department of the report of the board each competitor recommended in accordance with this paragraph will receive from The Adjutant General of the Army a certificate of eligibility for promotion to the grade of second lieutenant. No applicant will be ordered before the final board who has not successfully passed the departmental board for that year. If in any year no final examination be held, the preliminary examination for that year will be void. An applicant who twice fails to pass the preliminary examination in years in which final examinations are held or who twice fails in his final examination to obtain a certificate of eligibility can not again compete for appointment to the grade of second lieutenant in the Army.

32. All rights and privileges arising from a certificate of eligibility may be vacated by sentence of a court-martial, but no soldier while holding the privileges of a certificate of eligibility shall be brought before a special or summary court-martial.

33. Enlisted men holding certificates of eligibility who may be guilty of misconduct will be promptly reported to the War Department, through regimental and department headquarters, the report to contain a full statement of the misconduct, with names of witnesses. The department commander will see

that the candidate has a fair and impartial hearing, and will forward the report for the decision of the War Department.

34. A civilian to be eligible for appointment must be a citizen of the United States, unmarried, between 21 and 27 years of age, must be examined and approved as to habits, moral character, mental and physical ability, education, and general fitness for the service. The educational qualifications required for appointment will be announced in orders from time to time by the War Department.

35. No person shall be examined unless he has a letter from the War Department authorizing his examination.

If the candidate has been graduated at an institution where he received military instruction, he must present a diploma or a recommendation from the faculty of the institution.

If a member of the Organized Militia, he must present recommendations from the proper authorities thereof.

36. Every candidate will be subjected to a rigid physical examination, and if there be found to exist any cause of disqualification which might in the future impair his efficiency as an officer of the Army he will be rejected. The board will inquire and report concerning each applicant whether he is of good moral character or addicted to the use of intoxicating liquors. Examination as to physical qualifications will conform to the standard required of recruits. A certificate of physical examination by at least two medical officers will accompany the proceedings of the board.

37. No person who has been a cadet at the United States Military Academy is to be deemed under any circumstances entitled to receive a commission in advance of the graduation of his class. Under the act of Congress approved March 2, 1901, no cadet who has been expelled from the Military Academy for hazing will be commissioned until two years after the graduation of the class of which he was a member.

ARTICLE VI.

DETAILS.

38. Regulations respecting details of line officers to the staff, together with such rules as may be prescribed by the President in regard to examinations therefor, will be announced in orders from time to time by the War Department.

39. In making details for detached service and for duty in the several staff corps and departments in which vacancies are filled by details from the line, consideration will be given to long service with troops and to the efficiency and peculiar fitness of an officer as evidenced by the record of his service.

In order that suitable data may be available, particular care will be taken in preparing efficiency reports to enter thereon a statement as to the peculiar fitness of the officer reported upon for detail in any of the staff corps or departments, notation being made of the corps or department in the order of apparent fitness. Intermediate commanders through whom these reports are forwarded will indorse thereon their opinions as to the qualifications of the officer reported upon.

40. In time of peace no officer below the grade of lieutenant colonel shall be detached nor permitted to remain detached from that branch of the Army in which he holds a commission, or from the organization, if any, to which he shall have been assigned in said branch by competent authority, for more than four years in any period of six years. Temporary duty in connection with rifle or pistol competitions, with courts-martial or military boards, or as umpire at

maneuvers, not aggregating more than two months in any one year, performed while not regularly on detached service, leaves of absence on full pay taken while not regularly on detached service, and duty as a student officer at a service school, shall not be deemed detached service within the meaning of this paragraph, but upon completion of a tour of duty as student at a service school officers will be returned to their respective regiments, organizations, corps, or departments, and will not be detached therefrom for two years thereafter unless such detachment be authorized or directed by the Secretary of War. This paragraph shall not be construed so as to impose restrictions beyond those imposed by statute upon the detail or redetail of officers to the staff corps or departments or the General Staff Corps.

41. Except when detailed in the General Staff Corps, general officers are authorized to have aids as follows:

The Lieutenant General, two aids and a military secretary who have the rank of lieutenant colonel while so serving; a major general, three aids to be taken from the captains or lieutenants of the Army; a brigadier general, two aids to be taken from the lieutenants of the Army. An officer assigned to duty in accordance with his brevet rank as major general or brigadier general may, with the special sanction of the War Department, be allowed the aids of the grade. General officers may select their aids from officers serving in their command subject to the restrictions prescribed in paragraph 40, but appointments as aids of officers serving without such limits must receive the approval of the War Department.

42. The laws, regulations, and instructions governing the details of officers of the Army, active and retired, at educational institutions will be published from time to time by the War Department.

ARTICLE VII.

CHAPLAINS.

43. Regimental chaplains and chaplains of the Coast Artillery Corps will be assigned and transferred by the Secretary of War.

44. It will be the duty of commanders of regiments, hospitals, and posts to afford to chaplains, assigned to the same for duty, such facilities as may aid them in the performance of their duties. One enlisted man will be detailed on special duty by the commanding officer of any organization to which a chaplain is assigned for duty, for the purpose of assisting the chaplain in the performance of his official duties.

The instruction of the enlisted men in the common English branches of education is made by law one of the duties of chaplains. They will not be employed on duties other than those required of them by law or pertaining to their profession, except when the exigencies of the service, a result of deficiency in number of officers present, require it.

45. Chaplains will render monthly reports of the duties performed by them, and of all births, baptisms, marriages, and deaths occurring at their stations. The reports will be made on the prescribed form and will be forwarded by the post commander directly to The Adjutant General of the Army.

46. Chaplains will not be required to turn out with troops on occasions of ceremony, but will be inspected at chapels, schoolrooms, libraries, or such places as may be designated by commanding officers.

ARTICLE VIII.**TRANSFER OR EXCHANGE OF OFFICERS.**

47. Officers transferred from one arm or corps to another, on mutual application, will be nominated for reappointment with rank as of the date of the commission of the junior officer previous to the transfer, and upon confirmation will be recommissioned accordingly. An officer of the lowest grade in any arm or corps who may be transferred, on his own application, to a vacancy in his grade in any other arm or corps will take rank next after the junior officer of the arm or corps to which he is transferred, and will be nominated for reappointment, with a new date of rank if necessary to fix his proper position, and upon confirmation will be recommissioned accordingly. These new appointments and commissions will determine the rank of transferred officers in their regiments and corps as well as in the Army.

48. Officers in each arm of the service will be transferred from one regiment to another therein, as the interests of the service require, by orders from the War Department, without change of rank or commission. The transfer or exchange of company officers of a regiment will be made only as the interests of the service require by the regimental commander when change of station is not involved; in cases involving change of station, by the regimental commander, with the approval of the authority competent to direct the necessary travel.

Coast defense commanders have the same authority in transferring lieutenants of the Coast Artillery Corps within their commands as is herein given to regimental commanders.

Transfers and exchanges made under this paragraph will be immediately reported to the War Department.

ARTICLE IX.**LEAVES OF ABSENCE TO OFFICERS.**

49. Under such restrictions as may be imposed by higher authority, post commanders and officers commanding general depots of supply, general hospitals, and mine planters may grant leaves of absence for one month. Brigade and district commanders may grant leaves of absence for one month to the officers of their respective staffs.

50. The commander of a post may take leave of absence not to exceed one month at one time, reporting the fact to his next superior commander. The commander of a brigade or district may take leave of absence not to exceed two months at one time, reporting the fact to his next superior commander.

51. The commander of a territorial department, tactical division, or separate brigade may grant leaves for four months, or they may extend to such periods those already granted. Applications for leaves of more than four months' duration will be forwarded for the action of the War Department. A department commander may grant leave of absence to an officer belonging or assigned to a station in his command, who is under orders to join such station upon his relief from temporary duty, or from duty on foreign service, in a staff corps or department, at the United States Military Academy, at a service school, or from other detached duty. Leaves so granted will not be effective until on or after the date of completion of the temporary or other duty. In such cases the application for leave should, whenever practicable, be submitted to the immediate commander and be forwarded by him through the proper channels to the department commander concerned. General officers stationed within the continental limits of the United States will not grant themselves leaves to pass beyond those limits, nor will general officers serving in the Philippine or Hawaiian Departments grant themselves leaves to go beyond the limits of those departments. Those in command of

territorial departments will not grant leaves to themselves to pass beyond the limits of their own commands without first obtaining the sanction of higher authority.

52. Chiefs of bureaus may grant leaves for four months to officers of their respective corps serving under their immediate direction, or extend to that period those already granted to such officers.

53. Leaves of absence for three months, from date of graduation, will be allowed to graduates of the Military Academy, except in the cases of Filipinos admitted to the Academy under the act of Congress approved May 28, 1908, to whom four months' graduation leave will be allowed. Such leaves will not be counted against them in subsequent applications for leave, but can not be postponed to another time.

A graduate who is ordered on temporary duty at the Military Academy while on graduation leave will revert to leave status on completion of the duty and will be permitted to complete a period of three months on graduation leave exclusive of the time spent on such duty.

54. Leaves of absence will not be granted so that a company will be left without a commissioned officer, or a post without two commissioned officers and competent medical attendance; nor will leave of absence be granted to an officer during the season of active operations, except in case of urgent necessity.

55. Leave of absence exceeding 10 days, except under extraordinary circumstances particularly stated in the application, will not be granted to an officer until he has joined his regiment or corps and has served therein at least two years.

56. An application for leave must state its desired duration and be forwarded through military channels. Intermediate commanders will indorse thereon their recommendations.

57. The commanding officer will refer applications for leaves of absence on account of sickness to the surgeon. The surgeon will examine the applicant, and should he find the leave necessary to restore health he will submit to the commanding officer a medical certificate in the prescribed form, stating explicitly the nature, seat, and degree of the disease, wound, or disability, the cause thereof, if known, and the period during which the officer has suffered from it. He will also give his opinion whether the disease, wound, or disability can be satisfactorily treated within the department in which the officer is stationed, or whether a change of climate or locality is necessary to afford more rapid or perfect recovery, in which case the special place or region recommended will be designated, with reasons therefor. The surgeon will also state whether in his opinion the disease, wound, or disability requires treatment by a specialist, and, if so, the nearest place where it can be obtained; also whether the wound or disease incapacitates the officer from all duty, or whether he can perform special duty, and, if so, the kind that he may undertake without endangering his ultimate cure.

58. Leaves of absence will be granted in terms of months and days, as "one month," "one month and ten days." A leave of absence commences on the day following that on which the officer departs from his proper station. The day of departure, whatever the hour, is counted as a day of duty; the day of return as a day of absence.

Leave for one month, commencing on the first day of a calendar month, will expire with the last day of the month, whatever its number of days. Commencing on an intermediate day, the leave will expire the day preceding the same day of the next month.

The expiration of his leave, whether granted on account of sickness or not, must find an officer at his station, except as indicated in paragraphs 1292 and 1293.

59. A leave of absence granted to an officer in the field or on special duty will take effect on the termination of the campaign or on the completion of such duty, unless his services can sooner be spared. In all other cases an officer is expected to avail himself of a leave as soon as proper facilities offer, unless a specific date is stated in the order, and if unable to do so he will report the fact to the authority granting the leave.

60. Leaves of absence granted, for the purpose of visiting the United States, to officers of the Army serving in Alaska or beyond the limits of the United States, will be regarded as taking effect upon the respective dates upon which such officers reach, or might have reached, the United States. Officers performing the journey in the most direct way customary will be regarded as on detached service while en route to and from the United States.

An officer going to or returning from duty in the Philippine Islands, who desires to make the journey by a route other than the customary one and to visit foreign countries on leave of absence-while en route, will be credited (in addition to the amount of time covered by the leave of absence granted to him) with a period of 30 days as on detached service to cover the average amount of time necessary to perform the journey from the Philippine Islands to the usual port of arrival in the United States, or from said port to the Philippine Islands.

61. Officers on leave of absence will not leave the United States to go beyond the sea without permission from the authority granting the leave of absence or from higher authority.

62. An officer of the Army visiting foreign countries, whether on duty or leave, will avail himself of all proper opportunities to obtain military information, especially such as pertains to his branch of the service. He will report the results of his observations to The Adjutant General of the Army on his return to duty, or sooner if practicable.

63. The Department of State issues special passports for the use of officers of the Army traveling abroad, either on duty or leave of absence, but only on the request of the War Department, and never on the direct request of the officers themselves. Applications of officers for special passports will be addressed to The Adjutant General of the Army, will set forth the use to be made of them, and must, in all cases, be accompanied by the fee of \$1, which is required by law to be collected for every citizen's passport issued.

64. An officer granted leave of absence for more than 10 days will, upon taking advantage thereof, report to his post and regimental or corps commander and to The Adjutant General of the Army the date of his departure and his new address, and thereafter he will immediately report any change in his address and the date of return to duty to the same officers. Verbal permits for less than 24 hours are not counted as leaves of absence, but every other absence, of whatever duration, with date of departure and return, will be noted on the rolls and returns.

65. Permission to hunt will not be considered as a leave of absence if the officer on his return to the station forwards to department headquarters, through his commanding officer, a certificate that his time while absent was employed solely in hunting, and furnishes a report giving as complete a description as possible of the country traversed by him.

66. Permission to hunt may be granted by department or post commanders for periods not exceeding 10 days.

67. All applications for extensions of leaves of absence or for delays, and all correspondence regarding them, will pass through military channels.

ARTICLE X.

OFFICERS TRAVELING ON DUTY.

68. When an officer is ordered without troops from one post of duty to another, he will proceed by the shortest usually traveled route, without unnecessary delay. Upon his arrival at his new post, he will immediately report to the commanding officer the date of his departure from his former station, and submit a copy of his order, noting thereon the date he received it. If he shall appear to have made unnecessary delay en route, he will be required to explain the cause thereof in writing. If the post commander deem the explanation unsatisfactory, he will forward the same, with a statement of the facts in the case, to the department commander. If the officer be superior in rank to the post commander, the required report will be made by the officer himself to the department commander.

69. Orders detaching an officer for a specific duty will direct him to return to his proper station on the completion of the duty assigned him when it is intended that he shall do so.

70. Delays in obeying orders, in reporting for duty, or in returning to duty from leave can not be authorized except by the War Department. Such delays will be regarded as leaves of absence, unless it be stated in the order granting them that they are in the interest of the public service.

71. Orders contemplating the payment of mileage must state the specific duty enjoined, and that the travel directed is necessary in the military service. They will not direct travel beyond the limits of the command of the officer who issues them, except that the commanders of the Philippine and Hawaiian Departments may order officers of their commands to return to the United States in cases of emergency, in which the travel directed is manifestly for the public interest or is necessary to save life. When a general officer is ordered on duty beyond the limits of his command, he may order an officer of his staff to accompany him; if ordered to change station, he may order the necessary change of station of his personal staff.

72. Staff officers not serving under division or department commanders will apply to the War Department for orders directing necessary travel on public business.

73. When urgent public duty has compelled travel, without authority previously obtained, the case will be immediately reported to the proper superior officer, whose approval in subsequent orders will be accepted as though previously issued.

74. Orders directing officers to visit Washington for the settlement of their accounts will be issued only by the War Department.

75. Officers and enlisted men reporting as witnesses before a civil court should receive from the civil authorities the necessary expenses incurred in travel and attendance; neither mileage nor travel allowances will be paid in such cases by the War Department. If, however, it is absolutely necessary to furnish them transportation in kind to enable them to appear, as witnesses for the Government, before a civil court of the United States, an account of such expenditure, together with the evidence that they were properly subpoenaed and did attend the court, will be forwarded to the War Department for presentation to the Department of Justice. Officers providing such transportation will notify the court, or the marshal thereof, that it was furnished to enable the witnesses to perform the requisite journeys in obedience to the summons.

ARTICLE XI.**RETIREMENT OF OFFICERS.**

76. When an officer has become incapable, from any cause, of performing the duties of his office, his immediate commander will report the facts through military channels for the action of the Secretary of War. The report in each case will contain specific statements showing in full in what manner the incapacity has been evidenced.

77. Habitual intemperance, gambling, or other vices that tend to corrupt an officer and lower the professional standard will be regarded as proper subjects for the consideration and report of a retiring board.

78. When ample testimony establishes the fact that an officer has through vicious indulgence slighted or neglected his duties to such a degree as to make it unsafe to intrust him with a command, or with responsibility that properly belongs to his grade, and when it is shown that such habits have continued for such length of time as to render permanent reformation improbable, this fact, rather than his condition when he appears before the board, shall weigh in its finding as to his incapacity for active duty.

ARTICLE XII.**RESIGNATION OF OFFICERS.**

79. A resignation tendered by an officer will be forwarded by his commanding officer, through prescribed channels, to the War Department for the decision of the President. Until duly accepted, the officer will not be considered as out of the service.

80. A resignation tendered under charges will be forwarded, accompanied by a report of the case, and, if practicable, by a copy of the charges. All correspondence with the War Department, on the part of the officer who tenders the resignation, will be conducted through prescribed channels.

81. Leave of absence will not be granted on tender of resignation unless the resignation be unconditional and immediate. When leave is requested, the officer's address will accompany the resignation.

82. An officer of the Army on the active list who accepts or exercises the functions of a civil office contrary to law thereby ceases to be an officer of the Army. An officer on the active list can not lawfully accept or hold any office created by State or municipal authority, whether in State military organizations or otherwise.

ARTICLE XIII.**DECEASED OFFICERS.**

83. The death of an officer, with place, cause, day, and hour, will be reported without delay, by telegraph, by his immediate commander directly to The Adjutant General of the Army, and also to the brigade, coast artillery district, and department commanders. If the officer was on the active list of the Army, the report will show whether or not his death was from wounds or disease contracted in line of duty, and whether or not his death was from wounds or disease the result of his own misconduct. In case of the death of a retired officer, or of an officer on the active list who has no immediate commander, the medical officer, if one be present, or any officer having cognizance of the fact, will make the report to The Adjutant General of the Army. In case the officer

was on the active list and died from wounds or disease not the result of his own misconduct. The Adjutant General of the Army will notify the Chief of the Quartermaster Corps of that fact.

84. Inventories in duplicate of the effects of deceased officers, as required by the one hundred and twenty-fifth article of war, will be transmitted to The Adjutant General of the Army. If legal representatives take possession of the effects, the fact will be stated in the inventory.

85. If there be no legal representatives present to receive the effects, a list of them will be sent to the nearest relative of the deceased. If not claimed within a reasonable time, they will be sold at auction and accounted for as in the case of deceased soldiers. Swords, watches, personal papers, trinkets, and similar articles will be labeled with the name, rank, regiment, and date of death of the owner and sent directly to The Adjutant General of the Army to be forwarded to the Auditor for the War Department for the benefit of those legally entitled to them. The accounts of deceased officers will be settled as provided for in paragraph 166.

86. On the death of an officer in charge of public property or funds, his commanding officer will appoint a board of officers, three when practicable, which will inventory the same and make the customary returns therefor, stating accurately amounts and condition. These the commanding officer will forward to the chiefs of the bureaus to which the property or funds pertain, and he will designate an officer to take charge of such property or funds until orders in the case are received from the proper authority. Cash on hand may be invoiced by the board to the deceased officer's successor, but balances to his credit with the Treasurer, an assistant treasurer, a designated depository, or a fiscal agent of the United States, over and above his outstanding checks, will be deposited to the credit of the Treasurer of the United States by the chiefs of bureaus when the board has reported to the bureaus the balances over and above such checks. The action herein prescribed will also be taken in the case of an officer in charge of public funds or property who becomes insane.

87. The remains of a deceased officer on the active list may be shipped to the home of the decedent or to a national cemetery for interment. When death occurs in the United States or in Alaska, and early shipment is practicable, the remains will be prepared for shipment and the nearest relative notified by telegraph with request to reply by telegraph stating whether or not it is desired to have the remains shipped home at Government expense, and if shipment home is desired to designate the destination and the name of the person to whom the remains are to be consigned; in which case the remains will be transported to the point designated and the consignee notified by telegraph. Should the nearest relative state that it is not desired to have the remains shipped home, or if it is impossible to ascertain the relative's desire within a reasonable time, interment will be made in the nearest military post or national cemetery or, if the commanding officer deem proper, at the place of death. If the relatives direct that the remains be not shipped home and they are interred at the expense of the Government, subsequent disinterment or shipment of the remains at the request of the relatives will not be made at Government expense.

If the remains are interred in a military post or national cemetery, or at the place of death, the expenses incident to the interment will be limited to \$75, to be paid from the appropriation "Disposition of remains of officers, soldiers, civilian employees, and so forth" (designated by the Treasury Department as "Bringing home remains of officers, soldiers, and civil employees"), and will be restricted to the cost of the casket, hire of a hearse, and the reasonable and necessary expenses of preparing the remains for interment.

If the remains are to be shipped, the expenses, exclusive of the cost of transportation, will be limited to \$75 and restricted to the cost of the casket, shipping case, and the reasonable and necessary expenses of preparing the remains for shipment. In either case, any transportation involved will be paid from the appropriation hereinbefore mentioned.

When it is impracticable to ship the remains at the time of death, or if it is impossible to communicate with the relatives before interment, the remains may be subsequently disinterred and shipped home at Government expense at the request of the relatives. In such cases the cost of the disinterment and preparation of the remains for shipment will not exceed \$75, except by authority of the Secretary of War, and, including transportation, will be paid from the before-mentioned appropriation.

Transportation may be issued for one attendant to accompany the remains shipped, provided the cost to the Government of shipping the remains by express is not thereby exceeded.

The officer under whose direction the disposition of the remains is made will forward a full report thereof to The Adjutant General of the Army.

Where practicable, contract will be made with an undertaker or other competent person for services in the preparation of remains for interment or shipment during a fiscal year, as contemplated for other purposes in paragraph 551, but no such contract will be made with any undertaker or other person whom the post surgeon considers not competent. A written report of the disposition of the remains, with an itemized statement of the cost of embalming, coffin, or casket, hire of hearse, and transportation, will be forwarded by the quartermaster without delay directly to the Chief of the Quartermaster Corps.

When death occurs at the hospital, the surgeon will promptly notify the embalmer employed under contract, if such services are required, and will see that the remains are prepared properly and in accordance with sanitary regulations. If there should be no contract embalmer, the duty of employing an undertaker will devolve upon the quartermaster; but no undertaker will be employed whom the surgeon considers not competent. The responsibility of the surgeon for the proper care and preparation of the remains will not cease until they are removed by the quartermaster for interment or shipment.

ARTICLE XIV.

VETERINARIANS, CAVALRY AND FIELD ARTILLERY.

88. Veterinarians are appointed by the Secretary of War, subject to competitive examinations as to eligibility, capacity, and fitness. The scope and conditions of such examinations will be announced in orders from time to time by the War Department.

89. A veterinarian receives the pay of a second lieutenant, mounted, and is entitled to the same allowances in kind, of quarters, fuel, and light.

90. It shall be the duty of the veterinarian to visit at least daily all sick or injured animals at his station, and to recommend such treatment as he may deem proper. He will have access to the stables at all times. Upon request he will attend such authorized private horses of mounted officers as may need his services.

91. The veterinarian will instruct company horseshoers and company farriers in the proper care of the horse. In this he will give especial importance to the anatomy and pathology of the foot, showing the nature and uses of all its parts, illustrating the subject by dissections and specimens. He will also teach the principles and practice of horseshoeing. For the purpose indicated he will make

such visits of instruction to companies of the regiment not at his station as may be deemed necessary by the regimental commander.

92. Wherever four or more troops of cavalry or three or more batteries of field artillery are stationed, a suitable building may be set apart as a veterinary hospital.

ARTICLE XV.

POST AND GENERAL NONCOMMISSIONED STAFF.

POST NONCOMMISSIONED STAFF.

93. The post noncommissioned staff consists of ordnance sergeants and of quartermaster sergeants, Quartermaster Corps. They are appointed by the Secretary of War, after due examination, as follows: Ordnance sergeants from sergeants of the line who have served at least eight years in the Army, including four years as noncommissioned officers, and who are less than 45 years of age; quartermaster sergeants, Quartermaster Corps, from sergeants of the line who have served five years in the Army, including three years as noncommissioned officers.

94. An application for appointment to the post noncommissioned staff must be in the handwriting of the applicant and will state briefly the length and nature of his military service, and for what time and in what organizations he has served as a private and as a noncommissioned officer. The immediate commanding officer will indorse thereon a statement as to the character, intelligence, and fitness of the applicant. The application so indorsed will be submitted to the regimental or coast defense commander or other proper commanding officer, who will forward the same, with his remarks as to the merits of the applicant, directly to The Adjutant General of the Army.

95. While the law contemplates in these appointments the better preservation of public property at the several posts, there is also a further consideration—that of offering a reward to faithful and well-tried enlisted men eligible for appointment, thus giving encouragement to deserving soldiers to hope for substantial promotion. Commanding officers can not be too particular in investigating and reporting upon the character and qualifications of applicants.

96. Regulations for the examination of applicants for appointment as post noncommissioned staff officers will be published from time to time in orders by the War Department.

97. A post noncommissioned staff officer will assist the officer of his department, and will not be detailed upon any service not pertaining to his proper position, unless the necessities of the service require such detail, in which case the post commander will note the fact, with reasons therefor, on the sergeant's personal report.

98. A post noncommissioned staff officer at any ungarrisoned post or station will be responsible for the property of his own department or corps, and for such other property as may be intrusted to him for safe-keeping. For all public property committed to his charge he will account to the heads of the staff departments or corps concerned, and if the means at his disposal are insufficient for its preservation he will report the facts.

99. The military control of post noncommissioned staff officers serving at posts not occupied by troops is vested in the commander of the territorial department in which they are serving. All matters relating to them as soldiers subject to military command, as distinguished from the administrative duties

imposed upon them by regulations and orders, will, except in cases of reenlistment, be determined at department headquarters, where their descriptive lists will be kept. When they are discharged a copy of the descriptive list, upon which will be noted the fact of discharge, with the date, place, and cause, and the character given on the discharge certificate, will be forwarded to The Adjutant General of the Army.

100. Each post noncommissioned staff officer will make a personal report on December 31 of each year. The officer under whose orders these noncommissioned officers are serving will indorse upon each separate report his opinion of the manner in which the noncommissioned officer has performed his duties, and the commanding officer will forward the report directly to The Adjutant General of the Army. In addition to the annual personal report, each post noncommissioned staff officer changing station under proper orders will report upon arrival at his new station the date on which he left his former station and the date on which he reported for duty at his new station, such report to be forwarded by his commanding officer directly to The Adjutant General of the Army. Similar report will be made upon return from any detached duty, furlough, or other absence.

101. A post noncommissioned staff officer may be reenlisted, provided he shall have conducted himself properly and performed his duties in a satisfactory manner. If, however, his commanding officer should not deem the reenlistment to be for the best interest of the service, he will communicate his reasons to The Adjutant General of the Army in time to receive the decision of the War Department before the soldier's discharge. If serving at an ungarrisoned post, application for reenlistment will be made by the soldier to The Adjutant General of the Army through department headquarters, and the reenlistment papers in such cases will immediately be forwarded through the same channel. A post noncommissioned staff officer will be furnished with a warrant signed by the chief of the proper staff corps or department. The warrant will remain in force as long as the soldier is continuously in the service, i. e., if he reenlists the day following that of discharge. Every such reenlistment will be noted on the back of the warrant by the officer who reenlists the soldier, as follows: Reenlisted (date); warrant continued.

102. Post noncommissioned staff officers, though liable to discharge for inefficiency or misconduct, will not be reduced.

GENERAL NONCOMMISSIONED STAFF.

103. The general noncommissioned staff consists of noncommissioned officers of the Quartermaster Corps, except quartermaster sergeants, and of the Signal Corps, Hospital Corps, and Ordnance Department, except ordnance sergeants. They are appointed, promoted, reduced, and their warrants signed as follows:

In the Quartermaster Corps, as prescribed in paragraph 1009.

In the Hospital Corps, as prescribed in Article LXXIV.

In the Ordnance Department, by the Chief of Ordnance.

In the Signal Corps, by the Chief Signal Officer as prescribed in paragraph 1557.

Their warrants may be continued in force upon discharge and reenlistment, if reenlistment be made on the day following that of discharge; each reenlistment and continuance will be noted on the warrant by the company or detachment commander.

ARTICLE XVI.**DETACHED SOLDIERS: DESCRIPTIVE LISTS.**

104. When an enlisted man is detached from his company, a descriptive list will be prepared and forwarded to his new commanding officer. On the descriptive list will be shown the pay due the soldier, the condition of his clothing allowance, and all information necessary to the settlement of his accounts with the Government. When it can be avoided, the descriptive list will not be intrusted to the soldier, but to an officer or noncommissioned officer under whose charge he may be, or it may be forwarded by mail. The date of the last vaccination of the soldier and its result and the fact and date of completion of administration of the typhoid prophylactic will be noted on the descriptive list. Articles of ordnance equipment in possession of a detached soldier will be transferred as prescribed in paragraph 1535.

105. All matters relating to the pay, clothing allowance, subsistence, discharge, reenlistment, death, and desertion of enlisted men detailed for duty with the Organized Militia under section 20 of the act of Congress approved January 21, 1903, as amended by the act of Congress approved May 27, 1908, will be administered and determined at the headquarters of the department in which such enlisted men may be serving. The descriptive lists of these men will be kept at department headquarters.

Each enlisted man on detached service with the Organized Militia of any State, Territory, or the District of Columbia, will render a personal report, to be forwarded by him directly, to The Adjutant General of the Army on the last day of each bimonthly muster period. In addition to this bimonthly personal report made to The Adjutant General of the Army he will report quarterly, on September 30, December 31, March 31, and June 30, to the Chief of the Division of Militia Affairs, War Department, Washington, D. C., through the senior inspector-instructor on duty with the State and of the same arm or corps as that with which the enlisted man rendering the report is detailed, the details of all drills and instruction given by him during the last quarter to the Organized Militia of the State in which he is serving, and as to other work, if any, performed by him during that period by direction or at the request of the State authorities.

All official communications for the War Department from enlisted men on duty with the Organized Militia, other than the bimonthly personal report and the quarterly report of work done, prescribed in this paragraph, will be addressed to The Adjutant General of the Army and will be forwarded through department headquarters.

ARTICLE XVII.**FURLOUGHS TO SOLDIERS.**

106. Furloughs in the prescribed form for periods of three months may be granted to enlisted men by post commanders, and for periods of one month by commanding officers of general hospitals, general depots of supply, mine planters, or by regimental commanders if the companies to which the men belong are under their control. Brigade and district commanders may grant furloughs for periods of three months to enlisted men under their immediate control. A furlough will not be granted to a soldier about to be discharged, nor shall the number of enlisted men furloughed from any command in the field, or at posts, exceed 5 per cent of the enlisted strength present therewith.

The granting of furloughs to enlisted men of a mobilized separate brigade, division, or higher command will be subject to such regulations as the commander of the forces may prescribe. When troops are in the field for active operations the granting of furloughs is governed by the eleventh article of war.

107. The commander of a territorial department may grant furloughs to enlisted men for three months, or he may extend to such period furloughs already granted. The chief of a War Department bureau may grant furloughs for not to exceed three months to enlisted men of his corps or department serving under the exclusive control of himself or of his subordinates, or he may extend to that period furloughs already granted to such enlisted men. A furlough for a longer period than three months will be granted by the War Department only under most unusual and urgent circumstances. Permission to delay may be granted to enlisted men traveling under orders as authorized for furloughs. The conditions under which furloughs to soldiers on reenlistment are authorized will be announced from time to time in orders.

108. The commanding officer of a field army, or of a separate command in the field, may suspend the granting of furloughs in any or all organizations within his command whenever, in his opinion, circumstances render it necessary, or advisable, or for the best interests of the service.

109. An enlisted man on furlough will not leave the United States to go beyond the sea unless the furlough includes permission to do so. The limits prescribed will be stated in the furlough, and if exceeded it may be revoked and the soldier arrested. A company commander in forwarding an application for furlough will state previous absences on furlough that are of record in the company. The authority under which a furlough is granted (whether under Army Regulations or in pursuance of the orders of a superior) will be cited on the face of the furlough by the officer granting it.

110. When an enlisted man who is absent on furlough or absent without leave from his station and is without means to return thereto reports at a station that is under the control of a department commander, such department commander is authorized to furnish the necessary transportation and subsistence for the return of the soldier to his proper station after satisfying himself that the soldier can be intrusted therewith, or in the case of absence without leave, to return him under guard if necessary. In the case of an enlisted man reporting under similar circumstances at a place excepted by regulations from the control of a department commander, a request for orders concerning the disposal of such enlisted man will be addressed by the commanding officer of such an excepted place directly to The Adjutant General of the Army, by whom the necessary orders will be issued.

The company commander will charge the cost of such transportation and subsistence against the soldier's pay on the next pay roll, in accordance with paragraphs 1111 and 1236. In case of a soldier absent on furlough, the date on which he reports at the station will be entered on the furlough.

111. Furloughs granted to enlisted men serving in Porto Rico, Hawaii, Guam, the Philippine Islands, Alaska, or at any station beyond the continental limits of the United States, for the purpose of returning thereto, will take effect on the dates they reach the United States, which will be indorsed on the furloughs by the transport quartermaster if travel is by United States transport; otherwise the certificate of the captain, purser, or other proper officer of commercial steamer upon which journey is made, as to date of arrival in home port will be indorsed thereon. The furloughs will direct the soldier to report for duty at the close of the last day thereof at the military post nearest the particular home port from which transports or commercial steamers usually sail for the islands or stations above referred to, and the commanding officers of these posts will assign such enlisted men to organizations under their command for the purpose of subsistence during the time they are detained at their posts, and they will be returned to their proper stations by the first available transport, or

commercial steamer if there are no United States transports sailing to destination. Commanding officers will cause notation to be made on the furloughs showing the dates when the men report at their posts and at the proper time will issue the necessary orders directing them to rejoin their stations, reciting therein the date of their arrival in the United States, date of reporting at post, and whether or not commutation of rations has been paid. A copy of the order will be furnished to the soldier and to the commanding officer concerned. The quartermaster of the transport, or proper officer of commercial steamer on which these enlisted men return, will indorse on such orders the dates during which they were subsisted aboard the transport or commercial steamer. The order will be retained by the enlisted man, who will deliver it to his commanding officer as evidence of his authority to be absent from his post during the time required for travel in rejoining the same.

112. When the station of an enlisted man is changed while he is on furlough, he will, on joining his new station, be entitled to travel allowances for the excess of distance from the place of receipt of the order to the new station over the distance to his old station. A soldier who has returned to the station from which furloughed, his company having changed station during his absence, is entitled to transportation at the expense of the Government from the old to the new station of his company. Charges for transportation furnished to enlisted men on furlough, in pursuance of paragraph 110, will be adjusted in accordance with the requirements of this regulation.

113. Soldiers on furlough will not take with them their arms or accouterments, and no payments will be made to them without authority from the War Department.

ARTICLE XVIII.

TRANSFER OF ENLISTED MEN.

114. Transfers of enlisted men will be made for cogent reasons only and will be effected as follows:

1. When not involving change of station—

- a. Within a regiment, by the regimental commander.
- b. Within a detached battalion serving at such a distance from regimental headquarters that more than 15 days are required for exchange of correspondence by mail, by the battalion commander.
- c. Within a coast defense command, by the coast defense commander.

2. In cases involving change of station, transfers will be made by the regimental commander, the battalion commander, under the circumstances stated in the preceding section, or the coast defense commander, with the approval of the authority competent to direct the necessary travel.

3. From one organization of the line of the Army to another serving—

- a. Within any post commanded by a general officer, by the post commander.
- b. Within any territorial department, by the department commander.
- c. Within any tactical division, by the division commander.

4. From the line of the Army to the Hospital Corps, as prescribed in the article relating to the Medical Department.

5. From one staff corps or department to another and from staff corps or departments to the line of the Army within any territorial department, by the department commander, or within any division, by the division commander, provided the enlisted strength of any staff corps or department will at no time exceed that authorized by existing orders or regulations. Only such men will be

transferred as are, after careful inquiry, deemed suitable for service in the staff corps or department to which transfer is contemplated. Such transfers will not be authorized when they would deplete the staff corps or department involved to such an extent as to interfere with the efficient discharge of its duties.

6. In all other cases, by the War Department.

115. A transfer will take effect on the date of the receipt of the order at the post where the soldier is serving, and a descriptive list showing that date will be forwarded to the commanding officer of the company or detachment to which the soldier is transferred. The actual date of transfer will be stated on the roll upon which the soldier is first paid after transfer.

ARTICLE XIX.

DESERTERS.

116. When a soldier deserts, his immediate commanding officer will at once ascertain whether any public property has been lost in consequence thereof, and, if so, will proceed as in the case of property lost or destroyed, and the value of the articles lost will be charged against the deserter on the next pay rolls of his company.

A copy of the approved report of the surveying officer will accompany the return to which the property pertains.

117. The company or detachment commander will turn over the clothing abandoned by a deserter to the quartermaster, with a certificate showing its condition and the name of the deserter to whom it belonged. The quartermaster will transfer to such depot of the Quartermaster Corps as may be designated all outer garments of distinctive uniform clothing. In no case will the money or proceeds of the sale of effects of a deserter be turned over to his relatives, nor any payment made therefrom by an officer on any account whatsoever. All other personal effects of a deserter will be disposed of as in the case of unclaimed effects of deceased soldiers—i. e., they will be sold by a council of administration and the proceeds of the sale deposited with a quartermaster.

The quartermaster's receipt for the money deposited as above should clearly specify the nature of the deposit—i. e., whether for the proceeds of sale of effects or whether for the undrawn pay of a soldier who has deserted—and the officer responsible should furnish the quartermaster with the necessary information. Money or other valuables found upon an apprehended deserter are his personal property and will not be turned over to a quartermaster.

118. Whenever a desertion occurs at a post, the commanding officer will cause a number of descriptive lists of the deserter to be prepared on the special form prescribed, copies of which will be sent at once to such marshals, sheriffs, and police officers as the commanding officer may deem proper; also to the officer in charge of any recruiting station at or near the place where the deserter was accepted for enlistment, who will distribute them to the best advantage among civil officers in that vicinity authorized by existing law to summarily arrest deserters from the Army.

119. A post commander will promptly notify The Adjutant General of the Army, directly, of every desertion from his command, giving the full name, company, and regiment of the deserter, with dates of enlistment and desertion.

120. When a soldier deserts from or when a deserter is received at a post other than the station of his company or detachment, the commanding officer of the post will report the fact to the commanding officer of the company or

detachment, with date and place of desertion, apprehension, or surrender, and such additional data as he may possess requisite to the preparation of charges. If, however, a deserter whose company or detachment is stationed in Alaska or beyond the continental limits of the United States is received at a station within the United States, a similar report will also be made to the War Department.

121. A reward of \$50 will be paid to any civil officer or civilian for the apprehension and delivery, to the proper military authorities at a military post, of a deserter from the military service, except a deserter from the Philippine Scouts, for whose apprehension and delivery a reward of \$20 will be paid. A reward of \$50 will also be paid for the apprehension and delivery, to the proper military authorities at a military post, of an escaped military prisoner. No reward will be paid in the case of a deserter or of an escaped military prisoner who is serving in the Army, Navy, or Marine Corps, or in the case of a deserter who, subsequently to his desertion, has been dishonorably discharged from any other enlistment in the Army, or who can claim exemption from punishment under the one hundred and third article of war. The reward will be paid by the Quartermaster Corps and will be in full satisfaction of all expenses for arresting, keeping, and delivering the deserter or escaped military prisoner. The quartermaster making the payment will report that fact to the commanding officer of the organization to which the deserter belongs or to the commanding officer of the military post or prison from which the prisoner escaped.

122. When enlisted men are sent in pursuit of a deserter, the expenses necessarily incurred will be paid whether he be apprehended or not, and will be reported as in payment of rewards. Should a written order be issued for this duty and a transportation request be furnished the party in pursuit, the name, rank, company, and regiment of the deserter will be stated in the order and also noted on the request.

123. A reward will not be paid by a recruiting officer for the delivery of a deserter at a recruiting station, except upon express authority from The Adjutant General of the Army. In the event of the surrender or of the delivery of a deserter to a recruiting officer the latter will at once telegraph to The Adjutant General of the Army, stating whether the deserter is physically fit for service and requesting instructions relative to the disposition to be made of him and the payment of the reward.

124. When a report is received of the apprehension or surrender of a deserter at a post other than the station of his company, his company commander will immediately forward his descriptive list, military record, and statement of accounts, and the names of the witnesses and a brief statement of the evidence expected from each, together with a complete set of charges against the deserter, to the officer who makes the report. In cases reported to the War Department under the provisions of paragraph 120, the descriptive list will be furnished by The Adjutant General of the Army, and the charges will then be preferred at the post where the prisoner is held.

125. When a deserter surrenders or is delivered at a military post, the commanding officer will cause immediate inquiry to be made of him in regard to the dates of his enlistment and desertion, and if these indicate that trial is barred by law, and the deserter claims to have been within the limits of the United States during two years subsequent to the date of the expiration of the term for which he was enlisted; the commanding officer will telegraph to The Adjutant General of the Army for verification of the service claimed by the deserter. When it is determined that trial is barred by law the commanding

officer will require the deserter to file an affidavit asserting his claim, will immediately set him at liberty with instructions to apply by letter to The Adjutant General of the Army for a "deserter's release," and will then report his action directly to The Adjutant General of the Army, forwarding with the report the affidavit of the deserter.

126. The commanding officer will cause an enlisted man who has been apprehended or has surrendered as a deserter, and whose trial for desertion is not barred by the statute of limitation, to be examined by a medical officer at the post where he is received, and will forward a report of this examination to department headquarters with the charges for desertion. If the examination shows that the man is fit for service, the department commander will bring him to trial, or otherwise dispose of the case, as the interests of the Government may dictate, but no deserter will be sent before trial beyond the limits of the department in which he is returned to military control without authority for sending him beyond such limits having first been obtained from the War Department.

127. Rewards or expenses paid for apprehending a deserter, and the expenses incurred in transporting him from point of apprehension, delivery, or surrender to the station of his company or detachment, or to the place of his trial, including the cost of transportation of the guard, will be set against his pay upon conviction of desertion by a court-martial, or upon his restoration to duty without trial. A soldier convicted by a court-martial of absence without leave will be charged with the expenses incurred in transporting him to the station of his company or detachment, or to the place of his trial, including the cost of transportation of the guard. The transportation and subsistence of witnesses will not be charged against a deserter.

128. If a soldier be brought to trial under a charge of desertion and acquitted, or convicted of absence without leave only, any amount paid as a reward for his arrest will not be stopped against his pay unless, in case of conviction of absence without leave, the sentence of the court shall so direct. The sentence in such case should direct the charge to take the form of a stoppage, not a forfeiture, thus allowing the amounts to be credited as a reimbursement.

129. Deserters will be brought to trial with the least practicable delay. While awaiting trial they will receive no pay, nor will they be permitted to sign pay rolls, and will be required to wear the clothes worn at the time of arrest, unless it should be imperative to issue other clothing, when, as far as practicable, only deserters' or other unserviceable clothing will be issued.

130. A soldier in desertion or absent without leave who surrenders or is apprehended before his term of enlistment has expired is entitled to pay and allowances from the date of his return to military control. If he is subsequently restored to a duty status, he will serve for such period as will, with the time he may have served prior to his desertion or absence without leave, amount to the full term for which he enlisted; but the time during which he may have been in confinement awaiting trial or serving sentence imposed by a court-martial for said offenses, or if he enlists while in desertion, the term served under such unlawful enlistment will not count as making good any of the time lost. If a soldier's term of enlistment expires while he is in confinement awaiting trial or serving sentence, his pay and allowances will cease from the date of the expiration of his term of enlistment and will not again accrue until he shall have been restored to a duty status. A soldier in desertion or absent without leave whose term of enlistment has expired prior to his return to military control is not entitled to pay and allowances until his restoration to a duty status.

131. A deserter will not be restored to duty without trial except by authority competent to order his trial; such restoration, being ordered only in case the desertion is admitted, does not remove the charge of desertion or relieve the soldier from any of the forfeitures attached to that offense; he must make good the time lost by desertion, refund the reward and expenses paid for apprehension and delivery, and forfeit pay while absent. The same authority is competent to set aside a charge of desertion as having been erroneously made, and his order to this effect operates to remove the charge of desertion and all stoppages and forfeitures arising therefrom.

132. An enlisted man who absents himself from his post or company without authority will forfeit all pay and allowances accruing during such absence, and unless serving an enlistment entered upon prior to May 11, 1908, will be required to make good the time lost by such absence. If serving an enlistment entered upon prior to May 11, 1908, he can not be required, by sentence of court-martial or otherwise, to make good the time lost, except as provided in the forty-eighth article of war; but the period of absence will not be regarded as service in the computation of continuous-service pay under the laws existing prior to the act of Congress approved May 11, 1908, or for retirement. No man will be reported a deserter until after the expiration of 10 days (should he remain away that length of time) unless the company commander has reason to believe that the absentee does not intend to return; but commanding officers will take steps to apprehend soldiers absent without leave as soon as the fact of that absence is reported. Should the soldier not return, or not be apprehended, within the time named, his desertion will date from the commencement of the unauthorized absence. An absence without leave of less than one day will not be noted upon the muster rolls.

133. A soldier not charged with crime, discovered to be a deserter from the Navy or Marine Corps, will be dropped from the rolls of the Army upon receipt of authority from the War Department. In such cases a report with descriptive list will be forwarded to The Adjutant General of the Army by the proper commanding officer, who will hold the man in confinement without pay, awaiting instructions regarding his disposition. Deserters, stragglers, and others absent without proper authority, from the Navy or Marine Corps, will not be received at any military post or station, and no expense whatever to the United States will be incurred in their behalf by the military authorities.

ARTICLE XX.

RETIREMENT OF ENLISTED MEN.

134. When an enlisted man of the Army shall have served as such for 30 years, either in the Army, Navy, or Marine Corps, or in all, he may apply to The Adjutant General of the Army for retirement, the application to be forwarded directly by the post commander. Upon the approval of the application an order will be issued from the War Department transferring him to the retired list and directing that transportation in kind to his home and commutation of subsistence during necessary travel be given to him.

Service as a commissioned officer of the United States Volunteers, organized in 1898 and 1899, or of the Porto Rico Provisional Regiment of Infantry, or of the Philippine Scouts, will count for the purpose of retirement as an enlisted man as though rendered as such, and length of war service with the Army in the field, or with the Navy or Marine Corps in active service (either as volunteer or regular) during the War of the Rebellion and actual service in China,

Cuba, the Philippine Islands, the Island of Guam, Alaska, or Panama, or prior to April 23, 1904, in Porto Rico, will, for men enlisting prior to August 24, 1912, be doubled in computing the 30 years' service necessary to entitle an enlisted man to be retired.

The actual service in any of the places named above will be considered as beginning on the date of a soldier's arrival at the first port of call, and as ending on the date of his departure from the last port of call therein, the respective dates to be entered on the muster roll of the organization to which the soldier belongs.

An enlisted man traveling on a commercial vessel to or from any of these places will be instructed to request the master of the vessel, or, in his absence, the purser, to indorse on his travel order the date of arrival at the first port of call, or the date of departure from the last port of call. If the soldier neglects to obtain such indorsement the period to be counted double will begin with the date of his arrival at his station and will end with the date of his departure from his station.

The time during which a soldier may be on furlough while in any of the places named herein will not be counted double in computing his service for retirement.

135. Upon receipt of the order for retirement, the soldier's immediate commanding officer will furnish him with a final statement, closing his accounts of pay, deposits, and all allowances other than those of travel, as of the date of the receipt of the order; he will forward to The Adjutant General of the Army a descriptive list (in duplicate), noting thereon the fact that a final statement has been given, the reenlistment or the continuous-service pay per month for which the soldier was last mustered, and his post-office address for the next 30 days. The descriptive list will bear the soldier's signature, or, if he can not write, a statement to that effect. The final statement and descriptive list must state the date to which subsistence has been furnished, also whether subsistence while traveling home has been furnished, and, if so, for what dates. A discharge certificate will not be given, but the soldier will be dropped from the rolls of his command with appropriate explanatory remarks. The Quartermaster Corps will be notified and furnished with the soldier's signature, as in case of discharge.

136. On the last day of every calendar month each retired enlisted man will report his post-office address to The Adjutant General of the Army. Blank forms for personal reports and official penalty envelopes will be furnished to retired enlisted men on application to The Adjutant General of the Army.

137. The authorized pay and allowances of retired enlisted men will be paid to them monthly by the Quartermaster Corps. Their pay will be three-fourths of the monthly pay allowed by law for the grade held by them when retired. In addition to the monthly pay they are entitled to \$9.50 per month for commutation of clothing and rations and \$6.25 per month in lieu of quarters, fuel, and light. Service on the retired list does not entitle enlisted men to any further increase of pay for length of service beyond what accrued at date of retirement.

138. All retired enlisted men, except those residing in the Philippine Islands and Hawaii Territory, will be paid by the Depot Quartermaster, Washington, D. C., to whom all descriptive lists will be transmitted by The Adjutant General of the Army. The descriptive lists of retired enlisted men residing in the Philippine Islands and Hawaii Territory will be transmitted by the Depot Quartermaster, Washington, D. C., to the Department Quartermaster, Philippine Department, and the Depot Quartermaster, Honolulu, H. T., respectively.

ARTICLE XXI.

DISCHARGES. CERTIFICATES OF DISABILITY.

DISCHARGES AND FINAL STATEMENTS.

139. An enlisted man will not be discharged before the expiration of his term of service except:

1. By order of the President or of the Secretary of War.
2. By sentence of a general court-martial or military commission.
3. By direction of the commander of a territorial department or mobilized division, by purchase, under rules governing such discharge.
4. By direction of the commander of a territorial department, without honor, when conditions justify such discharge, and on certificate of disability.
5. In compliance with an order of one of the United States courts, or a justice or a judge thereof, on a writ of habeas corpus.

140. When an enlisted man is discharged, his company commander will furnish him with a final statement, in duplicate, or a full statement in writing of the reasons why such final statement is not furnished. A final statement will not be furnished to a soldier who has forfeited all pay and allowances and has no deposits due him. If he has deposits, a final statement will be issued, containing a full statement of the soldier's accounts at the date of his discharge, in order that the quartermaster may determine whether there is any balance of stoppages which should be collected from the amount due for deposits. When the discharge is made on certificate of disability the ascertained disability, as recited in the certificate, must be given in the final statement as the reason or cause for discharge.

141. When a soldier is held in service to make good time absent without leave under paragraph 132, his final statement will contain notation to that effect, and will also set forth the specific dates of the unauthorized absence or absences. The quartermaster will make deduction of pay for only such unauthorized absence as is shown to have occurred since the date to which the soldier was last paid as given in the final statement, unless the final statement contains specific notation that deduction should also be made for unauthorized absences occurring prior to such date.

Any overpayments resulting from the failure of an officer to make proper entry of unauthorized absence in stating the account of an enlisted man for pay for the period during which the absence occurred, either on pay rolls or final statement, will be charged against such officer.

142. Whenever an enlisted man is discharged from the Army prior to the expiration of his term of service, the actual cause of discharge will be stated in the order directing the same and noted on the final statement. Officers signing final statements will be careful to see that these notations are made in all cases, as the cause of discharge determines the soldier's right to travel allowances, and the mere quotation of the number and date of the order upon which discharge is based is insufficient as a guide to proper payment.

143. When an enlisted man is discharged by expiration of service, his discharge will take effect on the last day thereof—i. e., if enlisted on the second day of the month his term will expire on the first day of the same month in the last year of his term of enlistment.

When a soldier immediately reenlists after discharge, the reenlistment will be completed on and bear the date of the day following that of discharge. His pay will then be continuous.

144. Rules governing discharge by purchase and by reason of dependent parent will be published from time to time by the War Department.

145. An enlisted man, a resident of the United States, who is discharged while serving in Alaska or outside of the continental limits of the United States, though under circumstances not entitling him to travel allowances, will, if practicable, be brought to the United States on a United States transport at the expense of the Government. Transportation will be furnished at the convenience of the Government and, in the case of men discharged by way of punishment for offenses or because of confinement by civil authorities, the privilege will be forfeited unless it is made use of at the first opportunity.

146. Transcripts from records of civil courts need not accompany applications for discharge of enlisted men sentenced to imprisonment by such courts. The official statement of the company commander to that effect is sufficient.

147. A soldier, on his discharge from the service, will be given a certificate of discharge signed by a field officer of his regiment or corps, or by the commanding officer when no field officer is present. When more than one field officer of the regiment or corps is present, the commanding officer may designate the particular field officer to perform this duty, and in any case the commanding officer may require the discharge to be submitted to him before delivery to the soldier.

148. The character given on a discharge will be signed by the company or detachment commander, and great care will be taken that no injustice is done the soldier. If the soldier's service has been honest and faithful, he will be entitled to such character as will warrant his reenlistment—that is, to character at least "good." Where the company commander deems the service not honest and faithful, he shall, if practicable, so notify the soldier at least 30 days prior to discharge, and shall at the same time notify the commanding officer, who will in every such case convene a board of officers, three if practicable, to determine whether the soldier's service has been honest and faithful. The soldier will in every case be given a hearing before the board.

If the company commander is the commanding officer, he will report the facts to the next higher commander, who will convene the board. The finding of the board, when approved by the convening authority, shall be final. Discharge without honor on account of "service not honest and faithful" will be given only on the approved finding of a board of officers as herein prescribed.

When an honorable discharge is given following the action of the board, the fact will be noted on the discharge and on the muster rolls.

The proceedings of boards convened under this paragraph, showing all the facts pertinent to the inquiry, will be forwarded by the reviewing authority directly to The Adjutant General of the Army.

149. When in the opinion of the company commander the circumstances warrant it, notation will be made under remarks, on back of discharge certificate, that the soldier is fitted for a commission in the United States Volunteers, giving his special qualifications.

150. Blank forms for discharge and final statements will be furnished by the Adjutant General's Department, and will be retained in the personal custody of company commanders. Discharge certificates will be used in the discharge of enlisted men and for no other purpose, and will be of three classes: For honorable discharge, for discharge without honor, and for dishonorable discharge. They will be used as follows:

1. The blank for honorable discharge, when the soldier's service has been honest and faithful, in which case he would be entitled to character at least "good." Where the soldier's conduct has been such as to warrant his re-

enlistment, his service has been honest and faithful and he is entitled to character at least "good."

2. The blank for discharge without honor, when a soldier is discharged—

- a. Without trial, on account of fraudulent enlistment.
- b. Without trial, on account of having become disqualified for service, physically or in character, through his own misconduct.
- c. On account of imprisonment under sentence of a civil court.
- d. Where the service has not been honest and faithful; that is, where the service does not warrant his reenlistment.
- e. When discharge without honor is specially ordered by the Secretary of War for any other reason.

3. The blank for dishonorable discharge, for dishonorable discharge by sentence of a court-martial or military commission.

151. Discharge certificates will not be made in duplicate. Upon satisfactory proof of the loss or destruction of a discharge certificate, without the fault of the person entitled to it, the War Department may issue to such person a certificate of service, showing date of enlistment in and discharge from the Army and character given on discharge certificate. An application for certificate in lieu of lost or destroyed discharge certificate will be forwarded by the applicant's immediate commanding officer directly to The Adjutant General of the Army. Discharge certificates must not be forwarded to the War Department in correspondence unless called for.

152. The discharge of a soldier takes effect on the date of notice to him of such discharge, either actual, by delivery of the discharge certificate, or constructive, as where such delivery can not be made owing to his absence for his own convenience or through his own fault, in which case the receipt, at the soldier's proper station, of the order directing his discharge will be deemed sufficient notice. In the latter case the date of the receipt of the order and the reason why actual notice thereof was not given to the soldier will be entered upon the muster roll which shows the separation of the soldier from the service, and will be indorsed upon the discharge certificate should one have been prepared. The date of discharge on the final statement must be the same as that on the discharge certificate.

153. Upon the discharge of a soldier his commanding officer will place on his discharge certificate above the line for "Previous service" a notation showing, in the following form, the enlistment period in which the soldier is serving:

Serving in ——— enlistment period at date of discharge.

Upon the reenlistment of a soldier the recruiting officer will note on the soldier's descriptive and assignment card the enlistment period that begins with such reenlistment.

154. Upon the discharge of a soldier who is absent from his organization, and in whose case a descriptive list was furnished, a partial descriptive list, containing only such data as pertains to his military status or accounts while absent, will be furnished the soldier's organization commander by the proper officer.

155. Notification of discharge will be furnished only in case of an enlisted man discharged at a place at which there is no available officer provided with funds to make payment on final statement. In these cases the officer, who prepares the final statement will, at least one week before the discharge takes effect, send by mail to the quartermaster who is to pay the account a notification of discharge, stating therein in his own handwriting the date of last payment to the soldier, and his credits and debits both in words and figures, and other data essential for proper payment or identification. The officer will re-

quire the soldier to affix his signature to the notification, or if he can not write his name such fact will be stated thereon. Blank forms for this notification will be supplied by The Adjutant General of the Army. The officer issuing the final statement will inform the discharged soldier of the location of the quartermaster to whom he shall apply for payment.

It should be borne in mind that overpayment caused by an erroneous final statement will be charged against the officer who signed the statement.

In cases arising under paragraph 139 the notification, when required, will be sent to the quartermaster as soon as possible after the order for discharge reaches the officer who prepares and signs the final statement, and, in any event, before the discharge certificate and final statement are signed.

156. A dishonorable discharge from the service is a complete expulsion from the Army, and covers all unexpired enlistments.

157. When a soldier is sentenced by court-martial to confinement without dishonorable discharge, for a period extending beyond the expiration of his term of enlistment, he will be discharged, honorably or without honor, on the date of the expiration of the term of enlistment, but will be held to serve out his sentence. If an honorable discharge is given to the soldier, he can be re-enlisted before the expiration of the period of his confinement only upon the remission by competent military authority of the unexecuted portion of his sentence. When, however, a soldier's term of enlistment expires while he is awaiting trial or sentence, he will be discharged honorably, without honor, or dishonorably, according to circumstances, on the date of the receipt of an order publishing the case or otherwise disposing of it, and the discharge certificate will be dated accordingly. The discharge certificate in either case will be delivered to the man on his release from confinement and not until then. On the date of the discharge personal notice thereof will be given to the soldier by an officer, and the fact that such notice was given will be entered on the guard report and the morning report, and will be indorsed upon the discharge certificate.

158. An enlisted man entitled to the travel allowances provided by the act of Congress approved August 24, 1912, whose term of enlistment would expire while he is stationed at a place at which there is no available officer provided with funds to pay commutation of rations or 2 cents per mile, and who has not signified his intention to reenlist immediately, will be sent for discharge, sufficiently in advance of the expiration of his term of enlistment, to a place where there is stationed an officer provided with funds to adjust his travel allowances.

The cost of transportation and subsistence in such cases will be a proper charge against public funds, and the discharge of the enlisted man will be accomplished after he reaches the place where his travel allowances can be paid.

An exception to this rule will be made in the case of a man who, at the time when he would ordinarily be sent for discharge to a place where his travel allowances could be adjusted, makes written statement that he elects to receive 2 cents per mile upon his discharge and that he waives his right to be sent at Government expense to a place where payment can be made of his final statement.

CERTIFICATES OF DISABILITY.

159. When an enlisted man is permanently unfitted for military service because of wounds or disease, he should, if practicable, be discharged on certificate of disability before the expiration of the term of service in which the disability was incurred.

160. When an application for discharge is approved, the post or regimental commander will furnish to the surgeon by whom the certificate was given, or to

the surgeon of the command to which the soldier was attached at the time of his discharge, a letter setting forth the full name and rank of the soldier, the company and regiment to which he belonged, the date of discharge, and the cause thereof as stated in the certificate. The surgeon, having made a true copy of the letter for the completion of his own records, will forward the original to the Surgeon General directly.

161. As disability occurring in the service is usually made the basis of a claim for pension, special care will always be taken to state in the certificate the degree of disability, to describe particularly the disability, wound, or disease, the extent to which it deprives the soldier of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor. If such disability was incurred in the line of duty, and the soldier declined treatment for the relief of such disability where treatment was directed, that fact will be set forth in the certificate for the information of the Bureau of Pensions.

In the examination of certificates of disability for discharge, it is enjoined upon department surgeons or division surgeons of mobilized divisions and others concerned, to observe that there is no conflict between the statements of company commanders, medical and other officers thereon, as to whether the disability was incurred in line of duty or not in line of duty. If any discrepancy exists in this particular, every possible means will be employed to harmonize the statements. Department commanders will use extreme caution in the exercise of the authority, conferred by paragraph 139, to order discharge on certificate of disability, and will require, in all cases, before ordering such discharge, that the soldier shall have been held under observation for a sufficient length of time to determine that the disability is permanent. In addition the soldier will be examined critically by a board of at least two medical officers.

ARTICLE XXII.

DECEASED SOLDIERS.

162. In case of the death of any soldier, it will be the duty of his immediate commander to secure his effects and to prepare the inventory required by the one hundred and twenty-sixth article of war, according to prescribed form, and to notify the nearest relative of the fact of death. Duplicates of the inventory, with a final statement, and a report from the medical officer, if there is one having a knowledge of the facts, if not, from the soldier's immediate commanding officer, as to cause of death, whether or not it was from wounds or disease contracted in line of duty, and whether or not it was from wounds or disease the result of his own misconduct, will be sent to The Adjutant General of the Army. In case the soldier died while on the active list and from wounds or disease not the result of his own misconduct, The Adjutant General of the Army will notify the Chief of the Quartermaster Corps of that fact.

163. Officers charged with the care and custody of the effects of deceased soldiers are required, under the provisions of the one hundred and twenty-seventh article of war, to deliver the same, or the net proceeds thereof, to the legal representatives of the deceased. Should the effects of a deceased soldier not be claimed within a reasonable time, they will be sold by a council of administration under the authority of the post commander, and the proceeds transferred to the deceased soldier's immediate commander, by whom they will be deposited with a quartermaster to the credit of the United States. Duplicate receipts will be taken, one of which will be sent directly to The Adjutant

General of the Army and the other retained with the appropriate records. The quartermaster's receipt for the money deposited as above will clearly specify the nature of the deposit, and the officer responsible will furnish the quartermaster with the necessary information. There is no authority for officers to pay the debts of deceased soldiers. Watches, trinkets, personal papers, and keepsakes will not be sold, but will be labeled with the name, rank, and organization of the owner, and sent directly to The Adjutant General of the Army, to be forwarded to the Auditor for the War Department for the benefit of those legally entitled to them. Clothing effects will not be sent to The Adjutant General of the Army nor to the Auditor for the War Department.

The foregoing provision will also apply, as far as practicable, in the cases of deceased soldiers on the retired list of the Army whose effects may be under the control of the military authorities.

164. In all cases of sale by a council of administration a detailed statement of the proceeds, duly certified by the council and the commanding officer, will accompany the quartermaster's receipt forwarded by the immediate commander to The Adjutant General of the Army. The statement will be indorsed:

Report of the proceeds of the effects of ———, who died at ———, the ——— day of ———.

165. The effects will be delivered, when called for, to the legal representatives of the deceased, and the receipts therefor forwarded to The Adjutant General of the Army. Applications for arrears of pay and proceeds of sale of effects of deceased soldiers should be addressed to the Auditor for the War Department, Washington, D. C.

166. The accounts of deceased soldiers are settled by the Auditor for the War Department, and the following is the order of distribution provided for by the act of Congress approved June 30, 1906 (34 Stat. L., 750):

Where the amount due the decedent's estate is less than five hundred dollars and no demand is presented by a duly appointed legal representative of the estate, the accounting officers may allow the amount found due to the decedent's widow or legal heirs in the following order of precedence: First, to the widow; second, if decedent left no widow, or the widow be dead at time of settlement, then to the children or their issue, per stirpes; third, if no widow or descendants, then to the father and mother in equal parts, provided the father has not abandoned the support of his family, in which case to the mother alone; fourth, if either the father or mother be dead, then to the one surviving; fifth, if there be no widow, child, father, or mother at the date of settlement, then to the brothers and sisters and children of deceased brothers and sisters, per stirpes: *Provided*, That this act shall not be so construed as to prevent payment from the amount due the decedent's estate of funeral expenses, provided a claim therefor is presented by the person or persons who actually paid the same before settlement by the accounting officers.

When the amount due to the decedent's estate exceeds the sum of \$500 legal administration of the estate is necessary.

Officers are advised that, in the cases of single men, it is a safe rule to dispose of the effects as prescribed in paragraph 163 and leave the responsibility of distribution to the Treasury Department.

167. The remains of a deceased enlisted man on the active list may be shipped to the home of the decedent or to a national cemetery for interment. When death occurs in the United States or in Alaska, and early shipment is practicable, the remains will be prepared for shipment and the nearest relative notified by telegraph with request to reply by telegraph, stating whether or not it is desired to have the remains shipped home at Government expense, and if shipment home is desired to designate the destination and the name of the

person to whom the remains are to be consigned; in which case the remains will be transported to the point designated and the consignee notified by telegraph. Should the nearest relative state that it is not desired to have the remains shipped home, or if it is impossible to ascertain the relative's desire within a reasonable time, interment will be made in the nearest military post or national cemetery, or, if the commanding officer deem proper, at the place of death. If the relatives direct that the remains be not shipped home and they are interred at the expense of the Government, subsequent disinterment or shipment of the remains at the request of the relatives will not be made at Government expense.

If the remains are interred in a military post or national cemetery, or at the place of death, the expenses incident to the interment will be limited to \$35, to be paid from the appropriation "Disposition of remains of officers, soldiers, civilian employees, and so forth" (designated by the Treasury Department as "Bringing home remains of officers, soldiers, and civil employees"), and will be restricted to the cost of the casket, hire of a hearse, and the reasonable and necessary expenses of preparing the remains for interment.

If the remains are to be shipped, the expenses, exclusive of the cost of transportation, will be limited to \$50 and restricted to the cost of the casket, shipping case, and the reasonable and necessary expenses of preparing the remains for shipment. In either case, any transportation involved will be paid from the appropriation hereinbefore mentioned.

When it is impracticable to ship the remains at the time of death, or if it is impossible to communicate with the relatives before interment, the remains may be subsequently disinterred and shipped home at Government expense at the request of the relatives. In such cases the cost of the disinterment and preparation of the remains for shipment will not exceed \$50, except by authority of the Secretary of War, and, including transportation, will be paid from the before-mentioned appropriation.

Transportation may be issued for one attendant to accompany the remains shipped, provided the cost to the Government of shipping the remains by express is not thereby exceeded.

The officer under whose direction the disposition of the remains is made will forward a full report thereof to The Adjutant General of the Army.

Where practical, contract will be made with an undertaker or other competent person for services in the preparation of remains for interment or shipment during a fiscal year, as contemplated for other purposes in paragraph 551, but no such contract will be made with any undertaker or other person whom the surgeon considers not competent. A written report of the disposition of the remains, with an itemized statement of the cost of embalming, coffin, or casket, hire of hearse, and transportation, will be forwarded by the quartermaster without delay directly to the Chief of the Quartermaster Corps.

When death occurs at the hospital, the surgeon will promptly notify the embalmer employed under contract, if such services are required, and will see that the remains are prepared properly and in accordance with sanitary regulations. If there should be no contract embalmer, the duty of employing an undertaker will devolve upon the quartermaster; but no undertaker will be employed whom the surgeon considers not competent. The responsibility of the surgeon for the proper care and preparation of the remains will not cease until they are removed by the quartermaster for interment or shipment.

ARTICLE XXIII.

WORKING PARTIES: EXTRA AND SPECIAL DUTY MEN.

168. Troops will not be employed in labors that interfere with their military duties except in cases of necessity.

169. Enlisted men detailed to perform specific services which remove them temporarily from the ordinary duty roster of the organization to which they belong will be reported on extra duty if receiving increased compensation therefor, otherwise on special duty. They will not be placed on extra duty without the sanction of the department commander, except at posts commanded by general officers; they will not be employed on extra duty in time of war, nor in time of peace for labor in camp or garrison which can properly be performed by fatigue parties. Allotments of funds for payment of extra-duty men will be made only with the approval of the Secretary of War, and no greater number of men will be employed on extra duty at any time than can be paid the full legal rates for the time employed from the funds provided. Payments made in violation of the foregoing rules will be charged against the officers who ordered the details. Duty of a military character must be performed without extra compensation.

170. Enlisted men detailed by name on extra duty and employed under competent authority at constant labor for not less than 10 days are entitled in time of peace to receive extra-duty pay at the following rates: For services as mess stewards and cooks at recruit depots, according to paragraph 329; as clerks in the offices of the artillery district engineers and artillery district ordnance officers, at 50 cents a day; as switchboard operators, at 35 cents a day; as guards at military prisons, 35 cents a day; and for all other extra-duty services authorized, 35 cents a day. Enlisted men receiving or who are entitled to the 20 per cent increased pay for foreign service as provided by law are not entitled to extra-duty pay.

171. Except in case of emergency, a noncommissioned officer will not be detailed on extra duty without prior authority for such detail having been obtained from the department commander or the general officer commanding the post, or, in the case of places excepted from the control of department commanders by paragraph 191, from the Secretary of War, upon an application in each case for authority fully setting forth the necessity for the detail and specifying the kind of duty to be performed. The name of the noncommissioned officer to be detailed need not be stated in the application, but the orders detailing noncommissioned officers and other enlisted men for extra duty must in each case specify the men by name. A noncommissioned officer will not be detailed on any duty inconsistent with his rank and position in the military service.

172. Enlisted men of the several staff departments, including members of the post noncommissioned staff, will not be detailed on extra duty without authority from the War Department. They are not entitled to extra-duty pay for services rendered in their respective departments.

173. Company mechanics, artificers, farriers, horseshoers, saddlers, and wagoners will not be detailed on extra duty.

174. Soldiers on extra duty will be paid the extra rates of pay allowed by law for the duty performed, and for the exact number of days employed.

175. Extra and special duty men will attend as many inspections, drills, and other duties as the commanding officer deems practicable, unless specifically excused by higher authority.

176. Extra-duty men will be held to such hours of labor as may be expedient and necessary; but, except in case of urgent public necessity, as in military operations, eight hours will be considered a day's work. For all hours employed beyond that number, the soldier will receive additional compensation—the extra hours being computed as fractions of a day of eight hours' duration.

177. Separate allotments for extra duty and unclassified civil labor in departments will be announced from the War Department at the beginning of each fiscal year. The department commander will determine all matters incident thereto at each post in his department. The expenditures must be within the allotments and limited to the absolutely necessary demands of the service.

ARTICLE XXIV.

SOLDIERS' HOME.

178. An honest and faithful service of 20 years in the Army entitles a soldier to admission to the Soldiers' Home, Washington, D. C.

179. When a soldier, by reason of long service or disability contracted in the line of duty, desires to enter the Soldiers' Home his company commander will so report to The Adjutant General of the Army, giving all the details necessary for a full understanding of the case, including the date of each enlistment, with company and regiment, the report to be forwarded directly by the post commander. If the soldier be physically disabled, the report will be accompanied by certificates of disability. The papers will be referred to the board of commissioners of the home, and if, in its opinion, the soldier is entitled to become an inmate, the necessary authority will be given for his discharge at the place where he is serving. He may then proceed to Washington and report to the board of commissioners for admission to the home.

180. Transportation to the home will not be furnished except by authority of the War Department, on the application of the board of commissioners. The account will be presented by the carrier to the disbursing officer of the Quartermaster Corps that pays such accounts, by whom it will be properly stated and certified. It will then be receipted by the carrier and forwarded by the disbursing officer to the treasurer, United States Soldiers' Home, Washington, D. C., for payment from funds pertaining to the Soldiers' Home.

181. Commanding officers will not order the issue of clothing or subsistence to be repaid from the funds of the home.

ARTICLE XXV.

MEDALS OF HONOR AND CERTIFICATES OF MERIT.

182. Medals of honor authorized by Congress are awarded to officers and enlisted men in the name of the Congress for particular deeds of most distinguished gallantry in action.

1. In order that the medal of honor may be awarded, officers or enlisted men must perform in action deeds of most distinguished personal bravery or self-sacrifice above and beyond the call of duty so conspicuous as clearly to distinguish them for gallantry and intrepidity above their comrades, involving risk of life or the performance of more than ordinarily hazardous service, and the omission of which would not justly subject the person to censure as for shortcoming or failure in the performance of his duty. The recommendations for the medal will be judged by this standard of extraordinary merit, and incontestable proof of the performance of the service will be exacted.

2. For most distinguished gallantry in action a medal of honor can be awarded to a person, regardless of whether he is in the military service or not, provided he was at the time of the gallant act or acts an officer, noncommissioned officer, or private in the Army of the United States.

3. Consideration of cases will be confined to those in which a specific recommendation for the award of a medal of honor was made or shall be made at the time of the action or within one year thereafter. The testimony in support of such recommendation must, when practicable, embrace that of at least two eyewitnesses, and must be in the form of certificates from officers and affidavits from enlisted men and others, describing specifically the act or acts of gallantry performed.

4. Commanding officers will thoroughly investigate all cases of recommendation for medals of honor arising in their commands, and indorse their opinion upon the papers, which will be forwarded to The Adjutant General of the Army, through regular channels.

183. Announcement of the award of a medal of honor to an officer or enlisted man of the Army will be made in orders from the War Department at the time that the award is made. Upon receipt of copies of such an order commanding officers will publish the order at the first formation at which orders are published to their commands.

184. When any enlisted man of the Army shall have distinguished himself in the service, the President may grant a certificate of merit to him, on the recommendation of the commanding officer of the regiment or chief of the corps to which such man belongs.

1. A certificate of merit can be granted only upon condition that the proper recommendation therefor is made while the person to whom the grant of the certificate is recommended is in the military service of the United States.

2. Unless the commanding officer of the regiment or corps, in which the enlisted man was serving at the time he distinguished himself, specifically recommends the award of a certificate of merit to that man, such certificate can not be granted to him upon the recommendation of any superior commander or of any other officer.

3. Consideration of cases will be confined to those in which the specific recommendation referred to in the preceding section was made or shall be made at the time of the act or within one year thereafter.

4. The word "corps" as used in this article is construed to refer to any staff corps or department of the Army, or any body of troops not forming part of a regiment.

185. Recommendations for a certificate of merit must be based upon the statement of an eyewitness, preferably the immediate commander. The act or acts by which the enlisted man distinguished himself must be specifically described, and when the recommendation is made by a commissioned officer who was an eyewitness it must be so stated. When a commissioned officer was not an eyewitness, the testimony, when practicable, of at least two eyewitnesses who so describe themselves must accompany the recommendation. Each case will be submitted separately, and forwarded through the regular channels, with the views or recommendations of each commander indorsed thereon, including the commanding officer of the regiment, or chief of the corps to which the enlisted man belongs.

186. Additional pay at the rate of \$2 a month from the date of the distinguished service is allowed to each enlisted man to whom a certificate of merit is granted.

187. If the soldier be out of the service when the certificate is issued, it will be retained in the office of The Adjutant General of the Army until called for,

when proof of the identity of the applicant will be required. Should he die before receiving his certificate, it will be deposited in the office of the Auditor for the War Department for delivery to those legally entitled to it.

188. Neither a medal of honor nor a certificate of merit will be awarded in any case when the service of the person recommended, subsequent to the time he distinguished himself, has not been honorable.

189. Any person in the military service who comes, except by legal transfer or bequest of the owner, into possession of a medal or badge that is indicative of military service or efficiency and authorized to be worn as a part of the uniform of the Army, shall immediately report the fact of such possession to his commanding officer for report to The Adjutant General of the Army, with a view to its return to the proper owner.

ARTICLE XXVI.

TERRITORIAL DEPARTMENTS.

190. Territorial departments are established and their commanders assigned by direction of the President.

191. The commander of a territorial department commands all the military forces of the Government within its limits, whether of the line or staff, except in so far as exempted from his control by the Secretary of War. The Army War College, the Army Staff College, the Engineer School, the Coast Artillery School, the Army School of the Line, the Army Signal School, the Mounted Service School, the Army Field Engineer School, the Army Field Service and Correspondence School for Medical Officers, the School of Fire for Field Artillery, the School of Musketry, and the Signal Corps Aviation School in all that pertains to the courses of instruction or their separate organization and administration as schools, the United States Military Academy, the Army Medical School at Washington, D. C., the arsenals, the general depots of supply, the general service recruiting stations, general recruit depots, the United States Military Prison and any branch thereof, general hospitals, such permanent fortifications as may be in process of construction, and officers employed on special duty under the Secretary of War are exempted from the control of such commanders; but in the matter of trials by courts-martial and in all other matters respecting the administration of military justice all persons subject to military law stationed within a territorial department remain, notwithstanding the exemptions of this regulation, under the jurisdiction of the department commander, to whom all charges for trial by general court-martial will be forwarded through the usual channels for appropriate action, and who shall have authority to issue the necessary orders required under the practice of courts-martial for the attendance of witnesses, or for the taking of depositions. No order will be issued by the commander of any territorial department in the United States for the travel of an enlisted man beyond the limits of such department, except as provided in the Army Regulations, unless such commander is specially authorized to do so by the Secretary of War.

The commander of any territorial department, unless otherwise directed by the Secretary of War, will give the necessary orders providing for the payment of troops at posts or places within the limits of his department that are excepted from his control by the Secretary of War, and will make or cause to be made at arsenals, depots of the supply departments, general hospitals, general recruiting depots, the United States Military Prison or any branch thereof, or other place, with the exception of the United States Military Academy, at which officers and enlisted men are on duty within the limits of his department,

at least one inspection each year and such other inspections as he may deem necessary or advisable. These inspections will be limited to matters pertaining strictly to discipline, sanitation, shelter, supply, and equipment, and will not extend to matters pertaining strictly to recruiting, the professional administration of hospitals and the technical administration of depots of the supply departments, the details of ordnance or engineering work, prison regulations, or the purely technical features of the administration of these establishments. Reports of these inspections will be forwarded directly to The Adjutant General of the Army for the consideration of the Secretary of War. This regulation shall not be construed as increasing the control of department commanders over such exempted places, except as is necessary for the purposes of these inspections only.

When an emergency demands, all military men and matériel within the geographical limits of their commands come under the supervision of department commanders.

192. Except as otherwise provided for in paragraph 191, quartermasters, officers on duty at general depots of supply, and others indicated in that paragraph, whether reporting by letter to department commanders or not, are subject to their orders for court-martial or other temporary duty, in an emergency only, and such officers, together with those on duty directly connected with the schools mentioned in paragraph 191, shall not be detached without orders from the Secretary of War.

193. In time of peace a department commander is charged, under direction of the War Department, with the duty of preparing for war all the troops and all the military resources of his department, and with the administration of all the military affairs of his department, except as otherwise prescribed by Army Regulations or existing orders. In time of war he is charged, under direction of the War Department, with the duty of recruiting, organizing, equipping, training, and forwarding all reservists, militia, and volunteers called for within his department, and with the administration of the affairs of troops not forming part of the forces in the field or excepted from his control by orders or regulations of the War Department. He will administer his department so as to insure complete continuity of function in peace and war, and the tactical division and other tactical units so as to insure their constant readiness to take the field without material change of administrative machinery.

He will at annual concentrations of his tactical division, or major portions thereof, secure for himself and his division staff as much practice as possible in the actual handling and supply of a division in the field.

He will have charge of such matters pertaining to the instruction, camps of instruction, maneuvers, mobilization, and concentration of the Organized Militia within his department as may be assigned to him by the War Department. From the date on which mobilization of the Organized Militia is ordered all officers of the Regular Army on militia and college duty in a State, Territory, or the District of Columbia affected by the call will be under the immediate orders of the commander of the department in which they are serving, if not already subject to his authority.

He will have immediate charge of the inspections necessary to carry out, for all the Organized Militia belonging within the limits of his department, the provisions of section 3 and section 14 of the militia act approved January 21, 1903; and to assist in this duty all officers of the Army, active and retired, on duty with the Organized Militia within the limits of his department will report to him and will send through him their reports of inspections under said sections 3 and 14. Reports and returns of the Organized Militia which may be

required under the provisions of section 12 of the act of January 21, 1903, will be referred by the War Department to the department commanders for their information, and will be returned to the War Department for file.

He will enter into cordial relations with the military authorities of the States embraced in his department, will ascertain as far as practicable the degree of care exercised by the State authorities in storing and preserving United States property, and will advise them as to the proper methods to be followed in regard thereto.

He will keep himself informed as to the efficiency for field service of the State forces, and in his annual report will express an opinion as to the fitness for field service of the tactical divisions within his department. He will include in his annual report a statement of the duties performed in connection with the Organized Militia.

With a view to determining the degree of preparedness for war service of regular troops in his department and the capacity of officers for the exercise of command appropriate to their rank, he will, so far as practicable, inspect the regular troops of his department once each year during the period of field training, and will make or require to be made such other inspections as he may deem necessary. Upon conclusion of these inspections and at such other times as he may deem advisable, he will report to The Adjutant General of the Army the names of any and all officers belonging to his command who are believed to be incapable, from any cause, of performing the duties of their several grades, either in garrison or in active service in the field. Such reports will be accompanied by the evidence covering each case. He will also report any errors, irregularities, or abuses requiring the action of higher authority. He will exercise general supervision over garrison schools and will coordinate post-graduate work with a view to securing uniformity of instruction and progressive tactical training throughout his command. He will exercise immediate supervision over the training and instruction of units of his command not attached or belonging to brigades.

He will announce annually the seasons for garrison and field training and will allot a portion of each year for the training of the combined arms.

Upon the recommendation of brigade and other subordinate commanders, he will designate the practice season for small-arms target practice; will examine reports of target and service practice of all arms of the service, and will issue the necessary orders for holding small-arms target competitions within his department.

He will report to The Adjutant General of the Army all matters relating to the general welfare of the command, including such changes of stations of troops as he may deem desirable, but will obtain the approval of the War Department before ordering the movement, except that the commanders of the Philippine and Hawaiian Departments originate, direct, or approve military operations within their departments, and may transfer troops from one point to another requiring reinforcements.

Whenever the stations of troops are changed, either permanently or temporarily, in a department within the United States, the department commander will immediately report by telegraph to The Adjutant General of the Army the destination of each organization moved and the names, with arm of service, of officers accompanying it who do not belong thereto.

He will make a similar report when the troops arrive at the new station. If it is necessary to move troops to meet emergencies, such movements and all the circumstances will be reported at the earliest possible moment. Correspondence with the War Department will be through the department com-

mander unless otherwise directed in Army Regulations and War Department orders.

193½. For the information of the Secretary of War in the preparation of his annual report, officers in command of territorial departments and independent commands in the field and chiefs of bureaus of the War Department will submit a report of military operations during the year, fully setting forth the conditions generally in their commands or bureaus. These reports will be as brief and succinct as possible, avoiding duplication and prolixity of statement. Reports of military commanders while reviewing the operations of their subordinate commands will not include copies of such reports. Reports will be limited to the affairs and needs of the particular command. Rosters of staff officers and troops serving in the command and changes of stations of troops are not desired, as information upon these subjects is furnished elsewhere. General recommendations affecting the service as a whole or regarding lines of general policy will not be included in the annual reports, but will be made the subject of special reports.

All annual reports will cover the fiscal year ending June 30 and, as a rule, will terminate on that date. Should military conditions after June 30 require later information supplemental reports will be promptly forwarded to the War Department. All reports, including those required by the act of March 3, 1883, and the act of August 18, 1894, of various boards and commissioners and of the superintendent of the Military Academy, will be prepared as soon after June 30 each year as possible.

All reports will be submitted in manuscript and will not be printed nor distributed until notification is received of the approval of the Secretary of War. When printing is authorized the reports of commanding officers of territorial departments and independent commands in the field will be in the form and measure of general orders. Twenty printed copies will be sent to The Adjutant General of the Army. Reports of subordinate commanders will not be printed.

194. A brigade commander is charged with the duty of preparing for war all troops and all the matériel pertaining to his brigade and with the duty of assisting the department commander in the performance of his functions in connection with the Organized Militia. He will command his brigade and will be responsible for its instruction, tactical efficiency, and preparedness for war service.

He will supervise garrison schools, giving especial attention to the post-graduate course of instruction for officers of his brigade with a view to insuring uniformity of instruction and progressive tactical training throughout his command.

He will visit each post garrisoned by troops of his brigade at least once each year during the period of garrison training, and during such visits will examine into the results obtained in garrison schools and will personally supervise the post-graduate course of instruction; in addition thereto he will personally conduct or supervise such field exercises, war games, terrain exercises, tactical or staff walks or rides, and require the solution of such map problems or the performance of such other duty as may be necessary to determine the amount of progress made and the fitness of officers for the exercise of command appropriate to their rank, theoretical instruction being substituted for practical training only when climatic conditions make outdoor work undesirable. Whenever practicable the brigade will be concentrated during the period of field training with a view to developing in succession, under the personal supervision of the brigade commander, the field efficiency of the company, battalion, regiment,

and brigade. During the period of field training he will make the annual tactical inspection prescribed in paragraph 887.

Upon the conclusion of this inspection, and at such other times as he may deem advisable, he will report by name to The Adjutant General of the Army any and all officers who are believed to be incapable, from any cause, of performing the duties of their several grades, either in garrison or actual service in the field. Such reports will be accompanied by the evidence covering each case. From time to time he will report any errors, irregularities, abuses, or offenses requiring the action of higher authority, and will at all times take the necessary corrective action when efficiency is found below a proper standard.

During his visits to posts herein prescribed the brigade commander will be accompanied by one staff officer; in the field he will be accompanied by his entire staff.

He will exercise general supervision over the target practice of the troops of his brigade, and will witness combat firing, field firing, and proficiency tests whenever practicable.

He will be regarded as an intermediate commander under paragraph 783 in all matters pertaining to target practice, the appointment, promotion, assignment, transfer, detail, leave of absence, resignation, dismissal, retirement, efficiency, and discipline of officers, the instruction and tactical efficiency of his brigade, and in such other matters as are necessary for his information or require his action or control, but his headquarters will not be made an office of record, and administrative work will not be permitted to interfere with his duties as a tactical commander.

He will perform such other duties as may be assigned him by superior authority.

The commander of a district in the Philippine Islands and the commander of a coast artillery district in the United States stand in the same general relation toward their command and toward higher authority as does a brigade commander, and have the functions and duties herein prescribed for brigade commanders with such obvious modifications as the special nature of their respective commands makes necessary.

In order to carry out the duties imposed upon brigade commanders and coast artillery district commanders by this paragraph, these commanders are authorized to issue the necessary orders for themselves for such journeys as are needed for the inspection and instruction of their respective brigades, districts, or portions thereof. The orders covering this travel may include not more than one staff officer, or aide-de-camp, who may accompany the brigade or district commander during these inspections.

The authority to issue travel orders conferred upon a brigade commander by this paragraph will not apply when the brigade is serving as a component part of a mobilized division. In such a case the necessary travel orders will be issued by the division commander.

195. Department, division, and brigade commanders are expected to determine controversies arising within the limits of their jurisdiction and decide questions referred to them on appeal.

196. In the event of the death or disability of the permanent commander of a territorial department, or his temporary absence from the limits of his command, the senior line officer present and on duty therein will exercise the command of the department, unless otherwise ordered, until relieved by proper authority. Although a department commander may continue to discharge the more important functions of his command while absent from territorial limits, his exercise of command and his absence therefrom require

sanction of higher authority. If intending to leave his headquarters for an absence within his department, he will report to the next higher commander his intention, his address during his absence, and the proposed duration thereof.

197. In time of peace a territorial department commander's staff will consist of his authorized personal aids, an officer in charge of militia affairs, and one officer from each of the following corps and departments: General Staff Corps, Adjutant General's Department, Inspector General's Department, Judge Advocate General's Department, Quartermaster Corps, Medical Department, Corps of Engineers, Ordnance Department, and Signal Corps, and such additional staff officers as may be assigned by the War Department, including a medical officer, who shall be the sanitary inspector of the department.

To permit the department commander to perform satisfactorily the territorial and tactical functions imposed upon him by paragraph 193, his staff will be organized into two sections, as follows:

The territorial department staff: Consisting of those officers whose functions pertain to the department as a territorial command.

The division staff: Consisting of those officers whose functions pertain to the division as a tactical unit and who accompany the division wherever it may go.

The division staff officers will be required to assume no money or property accountability except that which may pertain to the division.

The duties prescribed for the inspector of small-arms practice will be performed by an aid or other officer of the department commander's staff.

198. The staff of a general officer commanding a brigade, district, or post will consist of the authorized personal aids and an adjutant. The coast artillery district staff consists of the adjutant (personnel officer) and the matériel officer, and of the authorized personal aids when the district is commanded by a general officer.

199. The official designation of the senior officers of the corps and department on the staff of department commanders will be as follows:

Of the General Staff Corps, chief of staff; of the Adjutant General's Department, department adjutant; of the Inspector General's Department, department inspector; of the Judge Advocate General's Department, department judge advocate; of the Quartermaster Corps, department quartermaster; of the Medical Department, department surgeon; of the Engineer Corps, department engineer; of the Ordnance Department, department ordnance officer; of the Signal Corps, department signal officer.

200. Funds for contingent expenses at department headquarters are allotted by the Secretary of War and placed to the credit of the department adjutants. The amount allotted will be apportioned by the department commander to the officers of the staff corps serving at his headquarters as the interests of the service dictate, and the department adjutant will make purchases and expenditures as those officers request, subject to the written approval of the department commander. Articles that are expendable in the supply departments will be transferred by the department adjutant to the staff officers concerned and expended by the latter without any further accounting, being continued in use until consumed or worn out. Articles that are not expendable in the supply departments will be carried on the return of the department adjutant, the staff officers receiving such articles to give therefor memorandum receipts only. On June 30 of each year the department adjutant will make return for such property to The Adjutant General of the Army, to whose satisfaction expenditures, losses, etc., will be explained.

ARTICLE XXVII.

MILITARY POSTS AND RESERVATIONS.

POSTS.

201. Permanent military posts within the States composing the Union and the Territories contiguous thereto, including Alaska, will only be established with the express authority of Congress. Posts in the insular possessions of the United States will be established under the direction of the Secretary of War. All military posts will be named by the Secretary of War.

202. Permanent posts will be styled "forts," and points occupied temporarily by troops "camps."

203. The commander of a post is charged with the duty of preparing for war all the troops and all the matériel pertaining to the tactical unit to which he belongs. He will command the post and will administer all the military affairs thereof. He is responsible for the safety, defense, and discipline of the post, but for the instruction, tactical efficiency, and preparedness for war service of the troops pertaining only to the tactical unit to which he belongs. When troops of different brigades are serving at the same post he will see that the approved programs prescribed by proper authority in accordance with instruction orders of the War Department are faithfully complied with, and will see that commanders of units not pertaining to his tactical command are given every possible facility for preparing their commands for service. Should such programs involve conflicting requirements which can not be adjusted at the post, he will refer the matter through military channels to the department commander, whose decision will be final.

He will be responsible for the preservation and proper application of public property, for the strict enforcement of laws and regulations, and for the proper condition of quarters and defenses. He will make an inspection of his command on the last day of every month, will satisfy himself by frequent personal examination that the disbursements of all officers in charge of funds are in accordance with law and regulations and their accounts correctly stated, and will make such reports of these inspections and examinations as the department commander may direct.

General officers commanding posts will leave the details of administration to subordinate commanders as far as practicable. Thus the visits prescribed in paragraph 204 to be made by the post commander, and the action prescribed for the commanding officer in case of deserters in Article XIX, may be delegated to regimental or detached battalion commanders; regimental commanders should appoint summary courts for the trial of cases arising in their respective regiments; under paragraph 711 regimental and separate battalion commanders should appoint surveying officers for cases arising in their respective commands. A general officer commanding a post may authorize regimental or separate battalion commanders to approve requisitions for clothing, for allowances the amounts of which are fixed, and for such amounts of stationery as the post commander may prescribe. All military personnel and employees within the limits of a post, doing duty pertaining wholly to that post, will be under the direct command of the post commander.

Within the meaning and purpose of this paragraph a coast defense command is to be regarded as a military post. If it should be impracticable for the coast defense commander to complete the monthly inspection of his command on the last day of the month, the inspection will be completed as soon thereafter as possible.

204. The post commander and surgeon will make frequent visits during the month to the hospital, guardhouse, mess hall, mess rooms, and other buildings and rooms used by enlisted men.

205. An orderly observance of the Sabbath by the officers and men in the military service is enjoined. Military duty and labor on Sunday will be reduced to the measure of strict necessity.

206. The staff of a post commander will consist of such staff officers as are on duty at the post, and such line officers as may be required for staff duties. Their official designations will be as follows: Adjutant, quartermaster, surgeon, engineer officer, ordnance officer, and signal officer. The official address of the senior medical officer at a post will be—

THE SURGEON,
FORT ——— ———,

and in like manner the official addresses of the other staff officers of a post will be, respectively: The Adjutant, The Quartermaster, The Engineer Officer, The Ordnance Officer, and The Signal Officer, Fort ——— ———.

207. Expenditures of labor, money, or material upon posts will be strictly limited to the amounts allowed by law and regulations.

208. When practicable, temporary buildings for the use of the Army will be erected by its enlisted force, and necessary repairs of public buildings at garrisoned posts not appropriated for or specially authorized will be made by the troops.

209. Post commanders are authorized to assist mail contractors with Government transportation, provided it can be spared without detriment to the service, when, through accident or unavoidable casualty, they are deprived of the means necessary to fulfill their contracts. Such assistance must cease as soon as the contractor can, by exercise of proper diligence, resupply himself with transportation. Receipts for the property loaned will be taken, which, in the event of its loss or damage, will be forwarded, with a report of facts, to The Adjutant General of the Army, that the amount involved may be collected from the contractor through the Post-Office Department.

210. At posts supplied with ordnance and with ammunition for the purpose, a morning and evening gun will be fired daily at reveille and retreat.

POST RECORDS.

211. The following-named books of record, reports, and papers will be kept at each post: A correspondence book, a consolidated morning report and a guard report, furnished by the Adjutant General's Department; a post exchange council book, furnished by the post exchange. A document file, copies of all returns and reports rendered (if not contained in document file), all orders received, in fine, all official papers that relate to post administration will be filed and preserved as a part of the post records. The records of post noncommissioned staff officers and of other enlisted men at posts not belonging to organizations serving thereat will be kept as provided for companies. The records will not be removed from the post except on its discontinuance. Commanding officers will see that the records are accurately kept and are properly transferred to their successors.

RESERVATIONS.

212. Department commanders will supervise all military reservations within the limits of their commands, and, if necessary, will use force to remove trespassers. No license or permission to any civilian to use or occupy any part

of a reservation will be given, except by the Secretary of War, unless he be in the employ of the Government, or in the family or service of persons there employed.

213. Military posts and the buildings and grounds pertaining thereto will be kept in a clean and attractive condition. Reasonable adornment and beautification of the grounds in the neighborhood of public buildings is to be sought, but troops are not to be employed for such purposes to such an extent as to interfere with their training and instruction.

Live trees in the vicinity of the inhabited parts of a military reservation will not be cut down, except on the recommendation of a board of officers consisting of the three officers on duty at the post next in rank to the commander, or of as many as are available if less than three, and when such recommendation is approved by the post and department commanders.

214. Military posts temporarily evacuated by troops, and lands reserved for military use, will be under charge of the Quartermaster Corps. Permanent works of defense, however, and the lands appurtenant thereto, are under the supervision of the Engineer Department.

ARTICLE XXVIII.

If requiring repair, application to have it placed in a serviceable condition should be made to the Chief of the Quartermaster Corps. Where only part of a regiment or of a battalion of engineers participated in a battle the name and date of such battle, followed by the letter or numerical designation of the unit or units of the regiment or battalion so engaged, may also be engraved on a silver band pertaining to such regiment or battalion.

ARTICLE XXIX.

REGIMENTS AND BATTALIONS.

245. In the cavalry, field artillery, and infantry arms the regiment is the administrative unit. The headquarters of the regiment are at the station of the permanent regimental commander; in his absence the command of the regiment devolves upon the senior officer on duty with it wherever he may be stationed. The regiment is composed of two or more battalions which, in turn, are composed of two or more companies. The battalion, in a regiment, is not an administrative unit and has no separate records; it is purely a tactical unit conveniently organized for instruction or maneuver, and particularly for combat, either as an integral part of the regiment to which it belongs or separated from it. It is appropriately commanded by a field officer, normally a major, regularly assigned in orders. In the absence of its regular commander the command devolves upon the senior officer of the battalion on duty with it, unless a field officer has been assigned as contemplated in paragraph 247. Whenever incomplete battalions of the same or different regiments are serving together, the commanding officer may designate provisional battalions, and similarly, in the case of incomplete regiments, he may designate provisional regiments. The regulations relating to regiments apply to battalions not organized into regiments unless otherwise specially provided.

A battalion commander is responsible for the instruction, tactical efficiency, and preparedness for war service of the troops of his battalion under his immediate command.

246. A regimental commander and coast-defense commander are responsible for the instruction, tactical efficiency, and preparedness for war service of the troops under his immediate command. They will encourage among their officers harmonious relations and a friendly spirit of emulation in the performance of

duty. Their timely interference to prevent disputes, their advice to the inexperienced, and immediate censure of any conduct liable to produce dissension in the command or to reflect discredit upon it, are of great importance in securing and maintaining its efficiency. In such efforts they will receive the loyal support of their subordinates.

247. Field officers of the mobile Army are assigned by the department commander to stations or commands where their services are most required, and are there assigned to appropriate duties by the commanding officer, preferably with troops of the units to which they belong. A lieutenant colonel may be appropriately assigned to the command of any part of a regiment larger than a battalion, or to the command of a battalion in the absence of its major.

248. The regimental staff officers are appointed from the captains, and consist of the adjutant, the quartermaster, and the commissary, and they will be so designated, respectively. They are appointed by the regimental commander, who will at once report his action to The Adjutant General of the Army. The battalion staff officers consist of the adjutant and the quartermaster and commissary, and will be designated as the battalion (or squadron) adjutant and the battalion (or squadron) quartermaster and commissary, respectively. In the cavalry and infantry arms the battalion adjutant will be appointed from the first lieutenants and the battalion quartermaster and commissary from the second lieutenants. In the engineer and field artillery arms, battalion adjutants are appointed from the captains, battalion quartermasters and commissaries from the lieutenants. Except in the battalions of engineers they are appointed by the regimental commander after consultation with the battalion commander. When a battalion is detached and serving at such a distance from regimental headquarters that more than 15 days are required for exchange of correspondence by mail, the battalion staff officers are appointed by the battalion commander, who will immediately notify the regimental commander and The Adjutant General of the Army. In the battalions of engineers they are appointed by the battalion commanders. Appointments of staff officers will not be antedated and will take effect on the day on which actually made. A regimental staff officer will be entitled to the pay pertaining to his appointment from the date on which he reports for duty at regimental headquarters, a battalion staff officer from the date on which he reports for duty at the station of a company of his battalion, whether such company be stationed at the post of the battalion commander or not. This date will be noted on the post return for the month in which the officer reports, and on his pay voucher for the same month.

249. The tour of duty of a staff officer of a regiment, coast defense command, or battalion not forming part of a regiment, is limited to four years, and having completed a tour, an officer will not be eligible for a second tour until he shall have served two years as a company officer. The tour of duty of a staff officer of a battalion forming part of a regiment is limited to two years, and having completed a tour, an officer will not be eligible for a second tour until he shall have served two years as a company officer.

250. All staff appointments in a regiment are restricted to the officers on duty with it and who are not serving at a school of instruction. Should the regimental commander desire to appoint an absent officer to the regimental staff he may apply for orders for the absent officer to join, but the officer must join before the appointment can be made.

251. The adjutant, under the direction of the commanding officer, will have charge of the various rosters of service; he will make, publish, and verify all details, keep the records of the regiment, and perform such military duties

with troops as are required by regulations. Through him the commanding officer communicates with the officers and men of his command.

252. The adjutant should be courteous to and on friendly terms with the officers of the command he represents, and will avoid all discussions of the orders or military conduct of his superiors. He should inform himself upon all points of military usage and etiquette, and on proper occasions aid with his advice and experience the subalterns of the regiment, especially those just entering the service. He will endeavor at all times to exert the influence belonging to his station in sustaining the reputation, discipline, and harmony of the command.

253. The adjutant, quartermaster, and commissary, under the regimental commander, are responsible for the discipline and efficiency of the noncommissioned staff and band and for the proper supply of the regiment in the field.

254. Regimental, battalion, and squadron quartermasters and commissaries and regimental and battalion quartermaster and commissary sergeants will be available for duty as assistants and will be required to assist the officers of the Quartermaster Corps at the various posts and stations. They shall not be called upon to receipt for money or property which does not pertain to their respective regiments, battalions, or squadrons, nor shall they be separated from the organizations to which they belong.

They will be available at all times for field service and such other exercises with their organizations as the regimental commander may deem necessary.

Questions arising as to the number of assistants necessary will be decided by department commanders, who will see that the number so detailed is kept at the lowest point consistent with an efficient performance of these duties, due attention being given to the avoidance of assigning to officers duties which can be properly performed by civilian employees.

255. Regimental and battalion staff officers may be assigned to duty with a company or to any staff duty which their regimental commander may impose, subject to the provisions of paragraph 254.

256. The regimental noncommissioned staff officers consist of the sergeant major, the quartermaster sergeant, commissary sergeant, and two color sergeants, and are appointed by the regimental commander. The battalion noncommissioned staff officers are the battalion sergeants major, and in engineer and field artillery troops, battalion quartermaster sergeants. They are appointed by the regimental commander after consultation with the battalion commander. When a battalion is detached from regimental headquarters the battalion noncommissioned staff officers are appointed temporarily by the battalion commander, who will immediately notify the regimental commander, and such temporary appointment will be in full force and effect from the date it is made and will continue in full force and effect from that date if it be approved by the regimental commander. If the regimental commander disapproves the appointment, then the increased rank and pay will cease upon receipt by the battalion commander of notice of such disapproval. Each noncommissioned staff officer will be furnished with a warrant signed by the regimental commander and countersigned by the regimental adjutant. The appointment takes effect on the day upon which it is made and the warrant may be continued in force upon discharge and reenlistment, if reenlistment be made on the day following that of discharge; each reenlistment and continuance will be noted on the warrant by the adjutant. Any noncommissioned staff officer may be reduced to the ranks by the sentence of a court-martial, or by order of the commander having final authority to appoint such noncommissioned officer. Noncommissioned staff officers will preferably be selected from the noncommis-

sioned officers of the regiment who are most distinguished for efficiency, gallantry, and soldierly bearing.

257. The public property pertaining to the headquarters of the regiment will be marked "H. Q.," with arm and number of regiment. Haversacks, canteens, and similar articles of equipment in possession of the noncommissioned staff and band will be marked as follows: Cavalry equipments, crossed sabers, with number of the regiment above and "N. C. S." or "Band" below the intersection; field artillery equipments, crossed field guns, with the number of the regiment above and "N. C. S." or "Band" below the intersection; infantry equipments, crossed rifles, with the number of the regiment above and "N. C. S." or "Band" below the intersection; coast artillery corps equipments, crossed cannons, with "N. C. S." or "Band" below the intersection, and in the latter case the number of the band below the intersection and above the word "Band"; and equipments of the special corps of the Army, according to their respective devices. The design will be stenciled in black, the letters and numbers in full-faced characters. The design will be placed above the letters "U. S." on equipments and the soldier's number in characters 1 inch high below the letters "U. S."

258. The following-named books of record, reports, and papers will be kept in each regiment: A correspondence book and a morning report of the field, staff, and band, furnished by the Adjutant General's Department; a regimental fund book (ordinary blank book without special ruling), furnished by the Quartermaster Corps; a document file, a file of the regimental orders, all orders, circulars, and instructions from higher authority, copies of the monthly returns, muster rolls of the field, staff, and band, and other regimental returns and reports.

Of the books, reports, and papers herein referred to, the correspondence book, the document file, the muster rolls, the regimental monthly returns and all other returns of the personnel of the regiment, the general orders and circulars of the War Department, and regimental general orders will be permanently preserved. Division and department orders, except extracts of special orders, will, when the regiment is relieved from duty in the division or department, be disposed of under instructions of the division or department commander. All other books, reports, and papers will be kept five years, reckoned from the close of the period of their use in case of books and reports and from their dates in case of papers, when they will be destroyed under the direction of the regimental commander.

259. All orders and circulars from the War Department, or from the headquarters of an army, field army, division, brigade, or territorial department in which the regiment may be serving, will be filed in book form, and general orders and circulars indexed as soon as received.

BANDS.

260. The noncommissioned officers of regimental bands will be appointed by the regimental commanders, upon the recommendation of regimental adjutants, under the same conditions prescribed in paragraph 256 for the noncommissioned staff of the regiment. The noncommissioned officers of the Engineer band will be appointed by the commanding officer of the battalion with which the band is serving. The noncommissioned officers of the Coast Artillery Corps bands will be appointed by coast defense commanders.

261. When a regiment occupies several stations the band will be kept at headquarters, provided one or more companies be serving there. The field

musicians of companies will not be separated therefrom. The Coast Artillery Corps and Engineer bands will be assigned to stations by the War Department upon the recommendation of the chiefs of Coast Artillery and Engineers, respectively. Army bands, or members thereof, are prohibited by law from receiving remuneration for furnishing music outside the limits of military posts when the furnishing of such music places them in competition with local civilian musicians.

262. Musical instruments mentioned in paragraph 1179, extra parts therefor, and equipments for bands, including the issue quarterly of one-half ream of music writing paper, upright, 14 staves, size of paper $10\frac{1}{2}$ by $13\frac{1}{2}$ inches, and one-half ream of music writing paper, oblong, 16 staves, size of paper $13\frac{1}{2}$ by $10\frac{1}{2}$ inches, will be furnished by the Quartermaster Corps. Musical instruments other than those above referred to may be purchased from available regimental funds. The quartermaster will be accountable for band instruments furnished by the Quartermaster Corps; the adjutant for those purchased from the regimental funds.

263. Regimental commanders will notify The Adjutant General of the Army direct when field or band musicians are required.

264. Commanding officers will require bands to play national and patriotic airs on appropriate occasions. The playing of "The Star-Spangled Banner" as a part of a medley is prohibited.

ARTICLE XXX.

TROOPS, BATTERIES, AND COMPANIES.

265. The details of captains on detached service away from their arm of the service will be limited, as far as practicable, to those required by law.

266. The commanding officer of a company is responsible for the instruction, tactical efficiency, and preparedness for war service of his company; for its appearance and discipline; for the care and preservation of its equipment; and for the proper performance of duties connected with its subsistence, pay, clothing, accounts, reports, and returns.

267. In the absence of its captain, the command of a company devolves upon the subaltern next in rank who is serving with it, unless otherwise specially directed.

268. In the absence of all the officers of a company, the post commander will assign an officer, preferably of the same regiment, to its command. If there be no officer available, the fact will be reported to the department commander.

269. Captains will require their lieutenants to assist in the performance of all company duties, including the keeping of records and the preparation of the necessary reports and returns.

270. Noncommissioned officers will be carefully selected and instructed, and always supported by company commanders in the proper performance of their duties. They will not be detailed for any duty nor permitted to engage in any occupation inconsistent with their rank and position. Officers will be cautious in reproofing them in the presence or hearing of private soldiers.

271. Company noncommissioned officers are appointed by regimental commanders, or temporarily appointed by battalion commanders, under the conditions stated in paragraph 256, on the recommendation of their company commanders; but in no case will any company organization have an excess of noncommissioned officers above that allowed by law. The noncommissioned officers

of Coast Artillery Corps companies, upon the recommendation of the company commanders, will be appointed by coast defense commanders.

272. To test the capacity of privates for the duties of noncommissioned officers company commanders may appoint lance corporals, who will be obeyed and respected as corporals, but no company shall have more than one lance corporal at a time, unless there are noncommissioned officers absent by authority, during which absences there may be one for each absentee.

273. The captain will select the first sergeant, quartermaster sergeant, and stable sergeant from the sergeants of his company, and may return them to the grade of sergeant without reference to higher authority.

274. Each noncommissioned officer will be furnished with a certificate or warrant of his rank, signed by the regimental commander and countersigned by the regimental adjutant; but a separate warrant as first sergeant, quartermaster sergeant, or stable sergeant will not be given. A warrant issued to a noncommissioned officer is his personal property. Warrants need not be renewed in cases of reenlistment in the same company, if reenlistment is made the day following the day of discharge, but may remain in force until vacated by promotion or reduction, each reenlistment and continuance to be noted on the warrant by the company commander. The warrants for noncommissioned officers of the Coast Artillery Corps companies will be signed by the coast defense commander and countersigned by the coast defense adjutant.

275. Appointments of company noncommissioned officers and acting cooks of the Hospital Corps will take effect on the day of appointment by the authorized commander, and of first sergeants, quartermaster sergeants, stable sergeants, chief mechanics, cooks, artificers, farriers, horseshoers, mechanics, saddlers, wagoners, musicians, trumpeters, and first-class privates on the day of appointment by the company commander; but in case of vacancy in a company absent from regimental and battalion headquarters a company commander may make a temporary appointment of a noncommissioned officer, which will carry rank and pay from the date of such appointment. Information of the appointment will be promptly sent to the regimental commander, and if he disapproves it the increased rank and pay will cease upon receipt by the company commander of such disapproval.

276. A noncommissioned officer may be reduced to the ranks by sentence of a court-martial, or, on the recommendation of the company commander, by the order of the commander having final authority to appoint such noncommissioned officer, but a noncommissioned officer will not be reduced because of absence on account of sickness or injury contracted in the line of duty. If reduced to the ranks by sentence of court-martial at a post not the headquarters of his regiment, the company commander will forward a transcript of the order to the regimental commander. The transfer of a noncommissioned officer from one organization to another carries with it reduction to the ranks unless otherwise specified in the order by authority competent to issue a new warrant.

277. When a noncommissioned officer, while in arrest or confinement, is reduced by sentence of a court-martial, the date of the order publishing the sentence is the date of reduction. In all other cases reduction takes effect on the date of receipt of the order at the soldier's station.

The desertion of a noncommissioned officer vacates his position from the date of his unauthorized absence.

278. Chief mechanics, cooks, farriers, horseshoers, mechanics, artificers, saddlers, wagoners, musicians, trumpeters, and first-class privates are enlisted as privates, and after joining their companies are appointed by their respective company commanders. For inefficiency or misconduct they are subject to reduction by the same authority.

279. A soldier may, when necessary, be relieved from ordinary military duty to make, repair, or alter uniforms. The post exchange council will fix the rates to be charged, which will not exceed the cost of doing such work at the clothing depot, and company commanders will cause to be deducted from the pay of enlisted men and turned over to the proper person the amount properly due therefor. The provisions of this paragraph will be construed to apply to civilian tailors, who conform to prices fixed by post exchange council, as well as to enlisted men detailed for that duty by proper authority.

280. The following-named books of record, reports, and papers will be kept in each company: A correspondence book, a sick report, a morning report, and, in companies supplied with public animals, a file of descriptive cards of public animals, all to be furnished by the Adjutant General's Department; also a company council book, a record of individual property responsibility of enlisted men, and a record of punishments awarded by the company commander under the provisions of paragraph 953, to be furnished by the Quartermaster Corps.

There will also be kept, on blanks supplied by the Adjutant General's Department, a complete record, description, and accounts of all men who belong to or who have belonged to the company. A record of vaccinations will be kept on these blanks.

There will also be kept a document file, orders and instructions received from higher authority, and retained copies of the various rolls, reports, and returns required by regulations and orders.

Where copies of orders affecting the company are not supplied, the orders will be copied, if practicable, attested by the adjutant, and placed on the order file.

281. There will also be kept in each company or detachment retained copies of all returns of property pertaining to the company and full information respecting all quartermaster and all other supplies held on memorandum receipt, showing list of articles, date of receipt, from whom received, and the name of the officer who signed the memorandum receipt therefor; also an account of all articles turned in, expended, stolen, lost, or destroyed; and the company or detachment commander will have a settlement with the staff officers concerned quarterly and when relinquishing his command.

Of the books, reports, and papers referred to in this and in the preceding paragraph, the correspondence book, the document file, the records of enlisted men as kept in descriptive and deposit books or on loose leaves, the muster rolls, the monthly returns, and all other returns of the personnel, and the general orders and circulars of the War Department will be permanently preserved. Division and department orders, except extracts of special orders, will be disposed of under instructions of the division or department commander when the company is relieved from duty in the division or department.

The other books, reports, and papers will be kept five years, reckoned from the close of the period of their use in case of books and reports and from their dates in case of papers, when they will be destroyed under direction of the commanding officer.

The disposition of retained papers relating to an officer's accountability for public property is vested in the accountable officer.

282. A duty roster will be kept in each company on blank forms furnished by the Adjutant General's Department; used blank forms will be held one year and will then be destroyed.

INTERIOR ECONOMY OF COMPANIES.

283. Company, band, and detachment commanders will make a complete inspection of their organizations under arms every Saturday. They will also

make a daily inspection of the men's quarters and kitchens, giving particular attention to cleanliness and the proper preparation of food, and noting whether all lamps in use have been cleaned, filled, and made ready for lighting, before dark. No one will be excused from Saturday inspection except the guard and the sick in hospital. Cavalry and field artillery will habitually be inspected mounted.

284. The company commander will cause the enlisted men of the company to be numbered and divided into squads, each under the charge of a noncommissioned officer. As far as practicable the men of each squad will be quartered together.

285. In quarters the name of each soldier will be attached to his bunk, arms will be kept in racks, and accouterments and sabers will be hung up by the belts.

286. Strict attention will be paid by company commanders to the cleanliness of the men and to the police of barracks or tents. The men will be required to bathe frequently. In garrison, and whenever practicable in the field, they will be required to wash their hands thoroughly after going to the latrines and before each meal, in order to prevent the transmission of typhoid fever and other diseases by germs taken into the mouth with food from unclean hands. The hair will be kept short and the beard neatly trimmed. Soiled clothing will be kept in the barrack bag.

287. A thorough police of barracks will precede the Saturday inspection. The chiefs of squads will see that bunks and bedding are overhauled, floors, tables, and benches scoured, arms and accouterments cleaned, and all leather articles polished.

288. Chiefs of squads will be held responsible for the cleanliness of their men. They will see that those who are to go on duty put their arms, accouterments, and clothing in the best order, and that such as have passes leave the post in proper dress.

289. Soldiers will wear uniform in camp and garrison. When on fatigue they will wear suitable fatigue dress.

290. Company commanders will see that all public property in the possession of enlisted men is kept in good order, and that missing or damaged articles are duly accounted for.

291. Company commanders are responsible for text books and other official publications issued for the use of their companies.

292. Enlisted men will not take their arms apart except by permission of a commissioned officer under proper supervision, and only in the manner prescribed in the descriptive pamphlet of the arm issued by the Ordnance Department. The polishing of blued or browned parts of small arms, rebluing or rebrowning, putting any portion of an arm in a fire, or removing a receiver from a barrel, is prohibited. The mutilation of any part by filing or otherwise, and attempts to beautify or change the finish, are prohibited. Pieces will be unloaded before being taken to quarters or tents, and as soon as the men using them are relieved from duty, unless otherwise ordered. The use of tompons in small arms is forbidden. The prohibition in this paragraph of attempts to beautify or change the finish of arms in the hands of enlisted men is not construed as forbidding the application of raw linseed oil to the wood parts of the arms. This oil is considered necessary for the preservation of the wood, and it may be used for such polishing as can be given by rubbing in one or more coats when necessary. The use of raw linseed oil only will be allowed for redressing, and the application for such purpose of any kind of wax or varnish, including heelball, is strictly prohibited.

293. It is forbidden to use any dressing or polishing material on the leather accouterments or equipments of the soldier, the horse equipments for cavalry, or the artillery harness, except the preparations supplied by the Ordnance Department for that purpose.

294. Equipments will be fitted to the men under the direction of an officer; all other changes are prohibited.

295. Articles of public property issued to a company for its exclusive use will be marked, when practicable, with the number or letter of the company and number and arm of the regiment. Such articles issued to an enlisted man (arms and clothing excepted) will be marked, when practicable, with the number of the man, letter or number of the company, and number of the regiment. Haversacks, canteens, and similar articles of equipment will be uniformly marked on the outside as follows: Cavalry equipments, crossed sabers, with the number of the regiment above and the letter of the troop below the intersection; field artillery equipments, crossed field guns, with the number of the regiment above and the letter of the battery below the intersection; infantry equipments, crossed rifles, with the number of the regiment above and the letter of the company below the intersection; coast artillery corps equipments, crossed cannons, with the number of the company below the intersection of the cannons; and equipments of the special corps of the Army, according to their respective devices. The design will be stenciled in black, the letters and numbers in full-faced characters. The design will be placed above the letters "U. S." on equipments, and the soldier's number in characters 1 inch high below the letters "U. S." Articles will not be marked with the number of the man in the Hospital Corps and Signal Corps, except the articles issued to men assigned to field companies of the Signal Corps.

MESSING AND COOKING.

296. In camp or barracks where companies are not joined in a general mess the company commander will supervise the cooking and messing of his men. He will see that his company is provided with at least two copies of the Manual for Army Cooks, and that suitable men in sufficient numbers are fully instructed in managing and cooking the ration in the field; also that necessary utensils and implements in serviceable condition, for cooking both in garrison and field, are always on hand, together with the field mess furniture for each man. At a post where all the companies are joined in a general mess the post commander will see that the instruction above mentioned is given. At such a post a company commander will confine his supervision of the mess of his company to observation and to notifying the officer in charge in writing of anything requiring remedy. Should this officer fail to apply proper remedy, report may then be made to the post commander. A department commander will see that each company of his command has the necessary field practice each year. The use in garrison of field ranges or utensils pertaining thereto is forbidden.

297. Kitchens will be placed under the immediate charge of noncommissioned officers, who will be held responsible for their condition and for the proper use of rations. No one will be allowed to visit or remain in the kitchen except those who go there on duty, or are employed therein. The greatest care will be observed in cleaning and scouring cooking utensils.

298. Special regulations for soldiers' fare can not be made to suit each locality and circumstance. Personal care and judgment on the part of company officers are relied on to prevent waste or misuse. By due economy the ration allowance will provide sufficient variety of diet.

299. The Manual for Army Cooks contains comprehensive instructions in cooking, which will be observed as far as practicable.

300. The food of prisoners will be sent to their places of confinement when practicable, but post commanders may arrange to send prisoners, under proper guard, to their messes.

301. Kitchen and table ware and mess furniture will be supplied by the Quartermaster Corps. Allowances will be announced in orders. Post commanders will enforce rigid economy in regard to such property. Articles broken, lost, or damaged will be charged to individuals at fault. Such proportions of company allowances of fuel, illuminating supplies, brooms, and scrubbing brushes as may be necessary for the service of a general mess will be allotted by the post commander.

302. In the field the mess furniture of a soldier will be limited to one tin cup, knife, fork, and spoon, and such device for individual cooking as may be furnished by the Ordnance Department.

ARTICLE XXXI.

THE COAST ARTILLERY CORPS.

THE CHIEF OF COAST ARTILLERY.

303. 1. It shall be the duty of the Chief of Coast Artillery to keep the Chief of Staff advised at all times of the efficiency of the personnel and matériel of the coast artillery, and he shall, as circumstances require, make such recommendations in reference thereto as shall in his judgment tend to promote efficiency.

2. He shall from time to time, and as frequently as conditions require, confer directly with the chiefs of bureaus of the War Department and advise them of all matters relating to coast artillery matériel or personnel that pertain to their respective branches of the service, which the experience and observation of the coast artillery arm of the service show to be of practical importance. In like manner he may correspond directly with the commandant of the Coast Artillery School, and with the president of the Coast Artillery Board, on coast artillery questions of a purely technical character which do not involve matters of command, discipline, or administration, and do not relate to the status or interests of individuals.

3. He shall make recommendations as to the instruction of coast artillery officers and men, and as to examinations for appointment and transfer of officers to the coast artillery arm and for promotion therein, and shall recommend such examinations and such courses and methods of instruction in the Coast Artillery School and elsewhere as he shall deem requisite to secure a thoroughly trained and educated force; to this end he is authorized to issue directly to coast artillery officers bulletins and circulars of information on current coast artillery matters of a purely technical character which do not involve matters of command, discipline, or administration, and do not relate to the status or interests of individuals.

4. He is charged generally with the recommending of officers of coast artillery for special duty and assignment to coast artillery organizations and stations.

5. He shall be a member of the Board of Ordnance and Fortification and is by law a member of the General Staff Corps.

6. The office of the Chief of Coast Artillery will form a part of the office of the Chief of Staff and will not be an office of record except of correspondence authorized by section 2 of this paragraph. All other records pertaining to the performance of the duties of the Chief of Coast Artillery will be kept in the office of The Adjutant General of the Army, to whom all communications from the Coast Artillery Corps intended for the War Department, except such communications as may be addressed directly to the Chief of Coast Artillery under section 2 of this paragraph, shall be addressed as required by paragraph 782.

7. Nothing in these regulations shall be deemed to relieve the department and coast artillery district commanders of the duties of inspection and command, or of the responsibility for the condition and efficiency of the matériel and personnel of the coast artillery in the several departments and districts.

THE COAST DEFENSE COMMAND.

304. The coast defense command, as an administrative unit, consists of one or more forts with their accompanying mine fields and land defenses. Coast defense commands are established, their limits defined, and their headquarters designated in orders from the War Department.

The command of coast defenses devolves upon the senior Coast Artillery Corps officer therein, who is responsible for its efficiency to department commanders and subject to their authority, and has control within the limits of the command of all matters relating to coast artillery instruction, drill, practice, and the procurement of coast artillery supplies and accessories. He will prescribe the hours of drill and instruction throughout the command.

The commanding officer of coast defenses may, with the sanction of the department commander, continue to exercise the more important functions of his command when temporarily absent therefrom on artillery duty within the department.

305. All correspondence and reports relating to the Coast Artillery Corps personnel or matériel will pass through coast defense command headquarters.

306. The commander of coast defenses should continually labor for the instruction and efficiency of his command. He should encourage among his officers harmonious relations and a friendly spirit of emulation in the performance of duty. His timely interference to prevent disputes, his advice to the inexperienced, and immediate censure of any conduct liable to produce dissension in his command, or to reflect discredit upon it, are of great importance in securing and maintaining its efficiency. In such efforts he will receive the loyal support of his subordinates.

307. The coast defense command staff consists of the coast defense adjutant, coast defense quartermaster, coast defense ordnance officer, and the coast defense artillery engineer. They are appointed from the officers serving in the command by the coast defense commander, who will confine his selection to the allowance published from time to time in orders from the War Department. Should the officers selected be assigned to companies, application will be made for their transfer to the unassigned list. The names of the officers selected and any change in the officers on these duties will be promptly reported to The Adjutant General of the Army.

308. The coast defense adjutant is, under the coast defense commander, responsible for the discipline and efficiency of the Coast Artillery Corps non-commissioned staff and band assigned to coast defense headquarters.

Master electricians, engineers, electrician sergeants, first class, electrician sergeants, second class, master gunners, and firemen are under the supervision of the artillery engineer of the coast defense command or post to which they are assigned.

A coast defense command staff officer may be attached to a company for duty or assigned to any staff duty by the coast defense commander.

309. The coast defense command records consist of an order file, a correspondence book and document file, all orders, circulars, and instructions from higher authority, and all returns and reports concerning the command or affecting its personnel.

NONCOMMISSIONED STAFF OFFICERS.

310. The Coast Artillery Corps noncommissioned staff officers consist of sergeants major, senior grade; master electricians; engineers; electrician sergeants, first class; electrician sergeants, second class; master gunners; sergeants major, junior grade, and firemen. They are appointed upon the recommendation of the Chief of Coast Artillery after due examination under rules announced from time to time by the War Department. They will be furnished with warrants signed by the Chief of Coast Artillery. The appointment takes effect on the day upon which it is made and the warrant may be continued in force upon discharge and reenlistment if reenlistment be made on the day following that of discharge; each reenlistment and continuance will be noted on the warrant by the coast defense commander and The Adjutant General of the Army will be informed of the fact. Master electricians, engineers, electrician sergeants, first class, electrician sergeants, second class, and master gunners, though liable to discharge for inefficiency or misconduct, will not be reduced. Any other Coast Artillery Corps noncommissioned staff officer may be reduced to the ranks by the sentence of a court-martial or upon the recommendation of the coast defense commander, approved by the Secretary of War.

Each noncommissioned staff officer of the Coast Artillery Corps, changing station under proper orders, upon arrival at his new station will report to The Adjutant General of the Army the date on which he left his former station and the date on which he reported for duty at his new station, such report to be forwarded directly by the coast defense commander. Similar report will be made both upon departure for and return from any detached duty, furlough, or other absence, except that when detached duty or other absence of a temporary character is directed by a coast defense commander, and involves duty within his command, the report will not be made. The report of departure on furlough will state the length thereof and the authority under which it is granted.

When a noncommissioned staff officer of the Coast Artillery Corps is discharged or reduced the officer under whose command he is serving will notify The Adjutant General of the Army as early as practicable of the date, place, and cause of discharge or reduction; in case of discharge the report will state whether or not the soldier reenlisted on the day following that of discharge.

311. A Coast Artillery Corps noncommissioned staff officer will not be detailed upon any service not pertaining to his proper position unless the necessities of the service require such detail, in which case the commanding officer making the detail will report the fact, with reasons therefor, on the noncommissioned staff officer's personal report.

The appropriate duties of Coast Artillery Corps noncommissioned staff officers are announced from time to time in orders.

312. A Coast Artillery Corps noncommissioned staff officer may be reenlisted provided he shall have conducted himself properly and performed his duties in a satisfactory manner. If, however, his commanding officer should not deem the reenlistment to be for the best interests of the service, he will communicate his reasons to The Adjutant General of the Army in time to receive the decision of the War Department before the soldier is discharged.

COAST ARTILLERY PRACTICE.

313. The details of the methods of conducting technical instruction, target practice, and competitions of the Coast Artillery Corps will be prescribed in orders and instructions from the War Department.

314. The allowance of ammunition for the instruction and practice of the coast artillery will be determined each year and announced in general orders from the War Department.

315. Targets and target material for coast artillery practice will be provided by the Ordnance Department. The Quartermaster Corps will furnish all necessary assistance in placing, removing, and storing targets.

ARTICLE XXXII.

COUNCILS OF ADMINISTRATION.

316. Post exchange, company, and mess councils of administration are assembled to audit the exchange, company, and mess funds, respectively, to ascertain and examine the sources from which and methods by which they have accrued, and to recommend expenditures therefrom. The post exchange officer and company commanders are, respectively, the custodians of the exchange and company funds.

317. On the last day of each quarter, and when necessary, the general mess council will be convened by the post commander. The post exchange and company councils will meet at the end of each month and when necessary. The mess, exchange, and company councils will also meet at the call of their presidents. The post exchange council will consist of the officer in charge of the exchange and the commanding officer of each organization participating in the exchange. It may delegate to an executive committee of its own members the performance of such portion of the duties prescribed for the council as the council may decide. The company council will consist of all officers present for duty with the company, and the mess council of the commanders of the several companies participating in the general mess. The council to audit the hospital fund will consist of the three senior officers on duty at the hospital, or as many as are available if less than three. A formal order convening the company or post exchange council is not necessary.

318. The junior member of each council will record its proceedings in an appropriate book, to include a written certificate of the responsible officer that the funds are on deposit in a reputable banking institution named in the certificate, or a statement that they have been exhibited to the council, which proceedings will be signed by the president and recorder. The post or other commander will require the proceedings to be kept as this regulation prescribes and will decide disagreements in those of company councils. Those of the exchange and mess councils will be submitted to the post or other commander, who will sign his approval or objection in the council book. Should the post or other commander disapprove the proceedings, and the council, after reconsideration, adhere to its conclusions, a copy of the proceedings will be sent by the commanding officer to the department commander, whose decision thereon will be final. The final orders in each case will be entered in the council book.

319. The post exchange council will fix laundry charges and prices charged by tradesmen for making and repairing uniforms of enlisted men.

320. The commanding officer who approves the appropriations of a council, and in the matter of the company fund the company commander, will be held responsible for all expenditures not made in accordance with regulations.

321. In case of loss of regimental, exchange, company, or mess funds, the circumstances will be carefully investigated and reported by a board of three officers, with recommendation as to responsibility, for the decision of the department commander.

ARTICLE XXXIII.**REGIMENTAL, COMPANY, AND MESS FUNDS.****GENERAL PROVISIONS.**

322. The purchase from regimental, company, or mess funds of any article which can be obtained on requisition from a supply department is forbidden, except that, with the approval of the post commander, such articles may be purchased if necessity exists for their immediate use and they are not on hand for issue at the post.

323. No projects by which money will accrue will be entered upon under color of military control without specific authority from the War Department.

324. Under no circumstances will regimental, company, mess, hospital, post exchange, or band funds be taken away from the post where the organization to which they pertain is stationed, except as may be necessary to pay indebtedness or for deposit in a bank.

Should the officer who is custodian of any of these funds be absent from the post, on leave or otherwise, for any period beyond three and less than 10 days, he will leave the funds with the officer acting in his place, taking memorandum receipt therefor. If an officer is to be absent for more than 10 days he will regularly transfer the funds of which he is custodian to his successor.

Company, post exchange, and other funds referred to in paragraph 316 will, if deposited in a bank, be placed under their official designation, as, for example, "Company Fund, Company B, Twenty-first Infantry," and not to the credit of the officer who is custodian.

REGIMENTAL FUND.

325. This fund consists of the gross amounts received on account of the band, from post exchange profits, voluntary contributions, amounts retained for regimental use from proceeds of private engagements of the band, from sale of articles purchased, or from any other source. The adjutant will be the treasurer of the fund, and will disburse it under the direction of the regimental commander for the promotion of the efficiency of the band and for such objects as facilitate the transaction of regimental business. A record of all receipts and expenditures and a complete list of property purchased will be kept in the regimental fund book.

326. In Coast Artillery Corps commands to which bands are assigned the corresponding fund will be designated "The band fund," and will in all particulars be governed by the same rules as regimental funds, except that all funds, property, and records pertaining to this fund are transferred with the bands. The senior Coast Artillery Corps officer of the command and his adjutant perform the duties prescribed for regimental commander and adjutant, respectively, in case of regimental funds. This fund will be kept distinct from the company fund of the band, authorized by paragraph 327.

COMPANY AND MESS FUNDS.

327. The company fund, which will consist of the gross amounts of money received from all sources, is received by the company commander and, with the concurrence of the company council, is disbursed by him solely for the benefit of the company. The fund of the hospital, or of a detachment or band having a separate mess, is regarded as a company fund. Moneys accruing to the fund of a detachment of the Hospital Corps, together with the proceeds from the ration and savings account of the sick in hospital, and the commutation of

rations paid to the surgeon conformably to paragraph 1212, belong to the hospital fund.

The establishment of company tailor shops, barber shops, and of company billiard and pool tables, and, subject to the approval of the post exchange council, of company shoe repair shops and company laundries from which revenues may be derived, is authorized. The post exchange council will fix the rates of salaries to be allowed attendants for company-owned equipment of these functions, and the rates of percentages to accrue to the company fund for the collection of soldiers' accounts due to individuals for privately-owned equipment of these functions. All funds accruing therefrom will be accounted for as part of the company fund.

328. The company commander will keep an account of the company fund and also a complete list of property, with cost thereof, purchased from said fund. The company fund account will be inspected by the post, regimental, battalion, or squadron commander at least once each quarter.

329. Extra compensation may be paid to enlisted men from company or general mess funds as follows: From a company fund, 25 cents a day to the head cook, 25 cents a day to one private detailed on special duty as assistant cook for a company whose authorized strength is fixed at 100 or more enlisted men and only two cooks authorized by law, and 25 cents a day to one private detailed as cook for a machine-gun platoon or regimental detachment; from a general mess fund, not exceeding \$2 a day, or from the general mess fund of a recruit depot, not exceeding \$3 a day, to be apportioned by the mess council among the cooks and other necessary regular attendants. Of this \$2 (or \$3 at recruit depots) the mess council may allot to the mess steward (who may be a noncommissioned officer) a per diem of 50 cents, and in addition thereto a share of the remaining \$1.50 (or \$2.50 at recruit depots). One cook of a company and such of the regular attendants of a general mess as the commanding officer may designate will be inspected and mustered in the kitchen or mess hall. Cooks may be excused from the ordinary post duties and from target practice, but the attendants may be excused from the ordinary post duties only.

In case the mess stewards and cooks at recruit depots are graduates of the schools for bakers and cooks, extra-duty pay will be paid to them by the Quartermaster Corps at the following rates, approved by the Secretary of War. To mess stewards, \$1 a day, and to cooks, 50 cents a day, and they will receive no further extra compensation.

330. An officer appointed by the post commander will, under his direction, conduct the general mess affairs, make necessary purchases, and have charge of the mess fund. Quarterly and when relieved he will submit to the mess council a statement of all business dealings and money transactions, with proper vouchers. Upon the call of the mess council he will furnish information regarding the condition and management of the mess. A company on taking the field or withdrawing from a general mess will be entitled to a just share of the fund thereof, to be determined by the mess council, approved by the post commander.

ARTICLE XXXIV.

LIBRARIES, READING ROOMS, POST LAUNDRIES.

331. At each permanent post suitable rooms will be set apart for use as library, reading room, chapel, and school. The Chief of the Quartermaster Corps will procure and forward to post libraries such newspapers and periodicals, and to post schools such schoolbooks, stationery, and school material for the use of enlisted men as are authorized by the Secretary of War. Newspapers

and periodicals will not be taken from the library; schoolbooks will not be taken from the schoolroom except for the proper use of those attending the post school. These books and periodicals are intended especially for the use of enlisted men. Books for post chapel services are not furnished by the Government. The library and reading rooms may be used by officers in such manner as not to interfere with their use by enlisted men. The post commander will detail an officer as post librarian, who will have charge of the post library.

332. On December 31 of every year each officer in charge of a post or regimental library will render to The Adjutant General of the Army a return of all books on hand in or pertaining thereto, the return to be forwarded directly by the post or regimental commander. Such books as are required by regulations to be accounted for on property returns shall not be included in the library returns. Post and regimental commanders will examine the returns and certify thereon that the books in the library are accounted for as required by orders and regulations.

333. Department adjutants will, on December 31 of each year, render to The Adjutant General of the Army returns of all library books on hand in their charge. These returns will be in addition to the property returns required to be made by them under paragraph 200. The necessary blank forms for returns of books will be furnished by The Adjutant General of the Army, and the returns will be made in accordance with the directions printed upon the blanks.

334. When library books are damaged or lost, the fact will be reported to the commanding officer by the librarian, and the person responsible for the loss or damage will be required to replace the book by a new copy, or to pay its value in money to the librarian to enable him to procure one.

335. Valuable books pertaining to a post library which have become unserviceable by fair wear and tear will, when practicable, be repaired, and the cost of repair will be a proper charge against the funds of the post exchange.

336. Books received from the War Department will be promptly acknowledged and, together with all library books received from other sources, will be taken up on the return.

337. Inspectors general will, at the annual inspection of posts, examine the methods adopted for the care and preservation of the library, condemn and destroy such books as may be unserviceable and worthless, and note action in their reports of the inspections of the posts.

338. The necessary orders for the disposition of the books on hand when a post is abandoned or discontinued will be given by the War Department.

339. At any post where building material can be obtained without expense to the Government, and it is desired to erect buildings by labor of the troops for use as post exchanges, gymnasiums, bowling alleys, and other places of amusement, the post commander is authorized to use the necessary teams and such tools, window sash, doors, and other material as may be on hand and can be spared.

340. The Quartermaster Corps is authorized to transport gymnastic and athletic appliances, purchased with regimental or company funds, for the use of troops, from the nearest market to the post or station of the troops. In all cases of necessary removal the articles supplied for use in bakeries, libraries, reading rooms, schools, and gymnasiums will also be transported by the Quartermaster Corps.

341. Post laundries are established and maintained under special regulations by the War Department.

The amount of indebtedness of a soldier to a post laundry contracted in accordance with such regulations will be noted on the pay rolls for the current month and will be deducted, if practicable, from his pay by the quartermaster

making the payment and turned over to the officer in charge of the laundry, who will duly receipt to the quartermaster and the soldier for the amount so received. Where the soldier is detached the amount due the laundry will be noted on the detachment pay roll or descriptive list, and will be deducted by the quartermaster at the next payment and forwarded to the officer in charge of the laundry in which the indebtedness was incurred. In case of the discharge of a soldier the amount of any such indebtedness will be noted on the final statement and will be similarly deducted from payment made thereon and transmitted to the officer in charge of the laundry.

ARTICLE XXXV.

POST GARDENS.

342. Commanding officers of posts at or near which suitable public lands are available will set aside for post gardens such ground as may be necessary for the production of vegetables for the command, and will cause it to be cultivated by the garrison; or if the commanding officer so elects, he may apportion it among the organizations for cultivation by them.

343. Seeds for post gardens may be procured from post exchange funds, or from company funds.

344. Department commanders will give such instructions as may be necessary for carrying these regulations into effect and for the proper distribution of products of gardens among those entitled to them. Surplus products may be sold and the proceeds divided among the company funds of the garrison according to strength of companies.

ARTICLE XXXVI.

POST EXCHANGES.

345. Post exchanges are established and maintained under special regulations issued by the War Department.

The amount of indebtedness of a soldier to a post exchange contracted in accordance with such regulations will be noted on the pay roll for the next succeeding month and be deducted, if practicable, from his pay by the quartermaster making the payment and turned over to the post exchange officer, who will duly receipt to the quartermaster and the soldier for the amount so received. In case of discharge of a soldier the amount of any such indebtedness will be noted on the final statement, and in like manner be deducted from payment made thereon.

346. The sale of, or dealing in, beer, wine, or any intoxicating liquors by any person in any post exchange or canteen or Army transport, or upon any premises used for military purposes by the United States, is prohibited. Commanding officers will carry the provisions of this paragraph into full force and effect, and will be held strictly responsible that no exceptions or evasions are permitted within their respective jurisdictions.

ARTICLE XXXVII.

VISITS TO LAKE AND SEACOAST DEFENSES.

347. Commanding officers of posts at which are located lake or coast defenses are charged with the responsibility of preventing, as far as practicable, visitors from obtaining information relative to such defenses which would probably be communicated to a foreign power, and to this end may prescribe and enforce appropriate regulations governing visitors to their posts.

American citizens whose loyalty to their Government is unquestioned may be permitted to visit such portions of the defenses as the commanding officer deems proper.

348. The taking of photographic or other views of permanent works of defense will not be permitted. Neither written nor pictorial descriptions of these works will be made for publication without the authority of the Secretary of War, nor will any information be given concerning them which is not contained in the printed reports and documents of the War Department.

ARTICLE XXXVIII.

FIELD ARTILLERY, MACHINE GUN, AND SMALL-ARMS PRACTICE.

349. Small-arms practice will be conducted and reports thereof made in accordance with the authorized firing manual and orders from the War Department.

350. The aggregate allowance of small-arms ammunition for any company will be expended at such times during the year as the department commander may direct, or, in the absence of specific directions, as the post and company commanders may determine. When not used in target practice, small-arms ammunition may, in the discretion of the post and company commanders, be expended in hunting.

351. In all classes of authorized target practice the Ordnance Department will provide the requisite targets, streamers, and flags. The quartermaster will set up the targets, prepare the range, and construct shelters for the markers. Flour for making paste for use in target practice will be issued by the quartermaster.

352. The details of the methods of conducting the technical instruction and target practice of field artillery troops and the target practice of troops charged with the service of machine guns will be announced in orders and instructions from the War Department.

353. The allowance of ammunition for small-arms practice, for the instruction of the field artillery, and for target practice with machine guns will be fixed in orders from the War Department.

354. Where hunting for large game is practicable the men will be encouraged to hunt, and for this purpose company commanders may permit their men to purchase cartridges, if the supply warrants it, such sales to be accounted for on the returns of ordnance.

ARTICLE XXXIX.

ROSTER, DETACHMENTS, AND DAILY SERVICE.

THE ROSTER.

355. A roster is a list of officers or men for duty, with a record of the duty performed by each. Generally details for duty are so made that the one longest off is the first for detail. Details so made are said to be made by roster.

356. All details for service in garrison and in the field, except the authorized special and extra duty details, will be by roster; but officers or enlisted men when detailed must serve whether a roster be kept or not.

357. The duties performed by roster are of two classes. The first comprises (1) outposts; (2) interior guards, including stable guards; (3) detachments to protect laborers on military works; (4) armed working parties on such works. Soldiers march armed and, if necessary, fully equipped on all duties of this

class. The second class comprises all other duties and fatigue, in or out of the garrison or camp. The rosters are distinct for each class.

358. Lieutenant colonels and majors are on one roster, and may be detailed when the importance of the duty requires it. In the field their roster is kept at division and brigade headquarters. Captains form one roster, and are exempt from ordinary fatigue duties. Lieutenants form one roster, but when conditions make it advisable captains and lieutenants may be placed on one roster, or one or more of the senior lieutenants may be placed on the captains' roster. Sergeants, corporals, musicians, and privates form distinct rosters.

359. Unless otherwise ordered by the commanding officer, officers, noncommissioned officers, and privates take duties of the first class in the order stated in paragraph 357, viz, the first for detail takes the outposts, the next the interior guards, and so on. In those of the second class the senior officer takes the largest party. The party first for detail takes the service out of camp.

360. In making details by roster, an officer or enlisted man is each day charged with the number of days that he has remained present and available since the beginning of his last tour. Departures from this rule may be authorized by the commanding officer whenever a strict application would allow improper advantage or work hardship.

361. When an officer has been detailed and is not present or available at the hour of marching, the next after him takes the duty. When an outpost has passed the chain of sentinels, or an interior guard has reached its post, the officer whose tour it was can not take it unless so ordered by the commanding officer.

362. Duties of the first class are credited on the roster when the guards or detachments have passed the chain of sentinels or an interior guard has reached its post; other duties, when the parties have entered upon their performance.

363. An officer or enlisted man on duty of the first class, or who is next for detail for such duty, is available, when relieved, for duty of the second class that has fallen to him during that time. Except in emergencies, no duty will be required of the old officer of the day or the old guard until four hours after they have been relieved.

364. Detachments of the Signal Corps shall be exempt from detail for any other duty, except when in the judgment of the commanding officer the importance of the duty will not permit exemption.

DETACHMENTS.

365. As far as the exigencies of the service will permit, detachments for all service will be formed by taking battalions, companies, platoons, or other subdivisions in turn, according to the roster.

366. Officers or enlisted men detailed for detached service while on other duty will be relieved from that duty, if practicable, in time to march with the detachment.

367. When a detachment is to be formed from the different organizations of a command, the adjutant or adjutant general forms its contingent, verifies the details, and sends it to the place of assembly, or turns it over to the detachment commander.

368. When detachments meet, the command is regulated while they serve together as if they formed one command, but the senior officer can not prevent the commander of any detachment from moving when he thinks proper to execute the orders he has received.

369. On the return of a detachment its commander reports to the headquarters from which he received his orders.

DAILY SERVICE.

370. There will be daily at least two roll calls, viz, at reveille and retreat. Commanding officers may also order roll calls in special cases at such times as they deem necessary. The roll will be called on the company parade by the first sergeant, superintended by a commissioned officer. If companies are quartered together or in contiguous barracks, one officer may superintend the roll call of two or more of them, provided he can do so efficiently, commanding officers regulating the practice in this regard. Ordinarily there will not be any formation for roll call at tattoo, but the prescribed signal will be sounded, and fifteen minutes thereafter lights in squad rooms will be extinguished and all noises and loud talking will cease. Call to quarters will be sounded at 10.45 p. m., and taps at 11. At taps all lights not authorized by the commanding officer will be extinguished. Reveille roll call in garrison will not ordinarily take place earlier than 5.30 a. m. in summer, or 6.30 a. m. in winter. On Sundays and holidays the time may be fixed one hour later.

371. Mess call in garrison will be sounded daily as follows: For breakfast, thirty minutes after reveille roll call; for dinner, not earlier than 12 m. nor later than 12.15 p. m.; for supper, not earlier than 5 nor later than 6.30 p. m. Meals for enlisted men will be served promptly at the hours appointed, and the duties of the post, as far as compatible with the requirements of the service, will be so arranged that all the men may be present. The men will be allowed at least twenty minutes for breakfast and supper and thirty minutes for dinner.

372. Except at the ceremony of parade, the result of a roll call will be reported after the companies have been dismissed to the officer superintending the call, who will report the result to the commanding officer.

373. In camp and garrison the commanding officer fixes the hours for reports, issues, and roll calls, and for the performance of stated duties and fatigues. In garrison, retreat will be not later than sunset. The signals will be sounded by the field musicians in accordance with authorized drill regulations.

374. After breakfast, and after stable duty in the mounted service, the tents or quarters and adjacent ground will be policed by the men of the companies and the guardhouse or guard tent by the prisoners, or by members of the guard if there be no prisoners.

ARTICLE XL.

HONORS, COURTESIES, AND CEREMONIES.

HONORS.

375. The President and the Vice President will be received with regimental standards or colors dropping, officers and troops saluting, and the bands playing "The Star Spangled Banner," or, in the absence of a band, the field music or bugles sounding "to the color." Officers of the following grades of rank will be received with regimental standards or colors dropping, officers and troops saluting, and the bands and field music playing, as follows: The General, the General's March; the Lieutenant General, trumpets sounding 3 flourishes or drums beating 3 ruffles; a major general, 2 flourishes or 2 ruffles; a brigadier general, 1 flourish or 1 ruffle.

376. To the members of the Cabinet, the Chief Justice, the President pro tempore of the Senate, the Speaker of the House of Representatives, American or foreign ambassadors, and governors within their respective States and Terr-

tories the same honors are paid as to the General, except that a foreign ambassador will be received with the national air of his country, and that the number of guns fired as personal salutes will be as prescribed in paragraph 400; to the Assistant Secretary of War and to American or foreign envoys or ministers the same honors as to the Lieutenant General; to officers of the Navy the honors due to their relative rank; to officers of marines and volunteers, and militia when in the service of the United States, the honors due to like grades in the regular service; to officers of a foreign service the honors due to their rank.

377. The national or regimental color or standard, uncased, passing a guard or other armed body will be saluted, the field music sounding "to the color" or "to the standard." Officers or enlisted men passing the uncased color will render the prescribed salute; with no arms in hand, the salute will be the hand salute, using the right hand, the headdress not to be removed.

378. Whenever "The Star Spangled Banner" is played at a military station, or at any place where persons belonging to the military service are present in their official capacity or present unofficially but in uniform, all officers and enlisted men present will stand at attention, facing toward the music, retaining that position until the last note of the air, and then salute. With no arms in hand the salute will be the hand salute. The same respect will be observed toward the national air of any other country, when it is played as a compliment to official representatives of such country. When played under the circumstances contemplated by this paragraph, "The Star Spangled Banner" will be played through without repetition of any part that is not required to be repeated to make the air complete.

379. No honors are paid by troops when on the march or in trenches, except that they may be called to attention, and no salute is rendered when marching in double time or at the trot or gallop.

380. The commanding officer is saluted by all commissioned officers in command of troops or detachments. Troops under arms will salute as prescribed in drill regulations.

381. When making or receiving official reports all officers will salute, if covered; if uncovered, they stand at attention. When under arms, the salute is made with the sword or saber, if drawn, otherwise with the hand. On meeting, all officers salute when covered; when uncovered, they exchange the courtesies observed between gentlemen. Military courtesy requires the junior to salute first, but when the salute is introductory to a report made at a military ceremony or formation to the representative of a common superior—as, for example, to the adjutant, officer of the day, etc.—the officer making the report, whatever his rank, will salute first; the officer to whom the report is made will acknowledge, by saluting, if covered, or verbally, if uncovered, that he has received and understood the report.

382. Uncovering is not a form of the prescribed salute, and the hand salute is executed only when covered.

383. When an enlisted man with no arms in hand passes an officer he salutes with the right hand. Officers are saluted whether in uniform or not.

384. An enlisted man, armed with the saber and out of ranks, salutes all officers with the saber if drawn; otherwise he salutes with the hand. If on foot and armed with a rifle or carbine, he makes the rifle or carbine salute. A mounted soldier dismounts before addressing an officer not mounted.

385. A noncommissioned officer or private in command of a detachment without arms salutes all officers with the hand, but if the detachment be on foot and armed with the rifle or carbine, he makes the rifle or carbine salute, and if armed with a saber he salutes with it.

386. An enlisted man, if seated, rises on the approach of an officer, faces toward him, and, if covered, salutes; if uncovered, he stands at attention. Standing, he faces an officer for the same purpose. If the parties remain in the same place or on the same ground, such compliments need not be repeated. Soldiers actually at work do not cease work to salute an officer unless addressed by him.

387. Before addressing an officer, an enlisted man makes the prescribed salute with the weapon with which he is armed, or, if unarmed and covered, with the right hand. He also makes the same salute after receiving a reply. If uncovered, he stands at attention without saluting.

388. Indoors, except as provided in paragraph 392, an unarmed enlisted man uncovers and stands at attention upon the approach of an officer. If armed, he salutes as heretofore prescribed.

389. When an officer enters a room where there are soldiers, the word "Attention" is given by some one who perceives him, when all rise and remain standing in the position of a soldier until the officer leaves the room. Soldiers at meals do not rise.

390. Soldiers at all times and in all situations pay the same compliments to officers of the Army, Navy, Marine Corps, and volunteers, and to officers of the Organized Militia in uniform as to officers of their own regiment, corps, or arm of service.

391. Officers will at all times acknowledge the courtesies of enlisted men by returning, in the manner prescribed, the salutes given. When several officers in company are saluted, all return it.

392. On all occasions outdoors, and also in public places, such as stores, theaters, railway and steamboat stations, and the like, the salute to any person whatever by officers and enlisted men in uniform, with no arms in hand, whether on or off duty, shall be the hand salute, the right hand being used, the headdress not to be removed.

SALUTES WITH CANNON.

393. Salutes with cannon will be fired under charge of commissioned officers, who shall be present at the firing and direct it.

Guns using metallic-case ammunition will be used whenever practicable; in their absence other breech-loading guns should preferably be used. Muzzle-loaders will be used only when breechloaders are not available. When using muzzle-loading guns a sufficient number should be employed, if practicable, to avoid the necessity of firing the same gun a second time.

For muzzle-loading guns, or breechloaders using cartridge bags, the bags will be made of silk, measuring in length at least one and one-half times their diameter, and care will be taken that the sponges are not worn and that they thoroughly fill the chamber or bore of the gun, and when the same gun is fired more than once, that the intervals between the discharges are sufficient to allow the chamber or bore to be thoroughly sponged and chamber of breechloaders examined. Unless all of these conditions be fulfilled salutes will not be fired with these classes of guns.

The minimum number of pieces with which salutes may be fired is 1 for rapid-fire and field guns using metallic-case ammunition, 2 for breechloaders using cartridge bags, 4 for siege, and 6 for seacoast guns. When practicable, rapid-fire guns will be used for saluting purposes.

394. The rapidity with which pieces are discharged during a salute depends upon their caliber. Subject to the restrictions of the preceding paragraph,

guns of 4-inch caliber or less should have intervals of 5 seconds between discharges; guns of over 4-inch caliber, 10 seconds.

When a single field gun is used to fire a salute the interval between discharges should be 10 seconds.

395. When muzzle-loading guns are used, the pieces for a salute should, if possible, be of the same or equivalent caliber. If the number of guns in the saluting battery admits of it, the entire number required and two or three over should be loaded and made ready previous to commencing the salute; the detachments are then dispensed with, and a single cannoneer at each piece discharges it at the proper time. When the number of pieces is insufficient for the entire salute, as many as possible should be used so as to avoid frequent reloadings.

The pieces are numbered from right to left—1, 2, 3, and so on—and each detachment or the cannoneer, as the case may be, is made clearly to understand the number of the piece.

At the proper moment the officer in charge commands: "Number 1, fire!" and observing the proper interval, "Number 2, fire!" and so on to the left piece, when he returns to the first and repeats the same commands until the entire number required for the salute is discharged. In order to preserve regularity in the fires he will not concern himself with the running number, but will have a capable person to keep count and notify him when the required number of discharges is made. In giving the command "Fire!" he looks toward the piece to be fired, and gives it in such a pronounced manner, accompanied by a signal with his sword, as to be unmistakable. The cannoneer discharging a piece when its number is called casts his eye to the officer and, observing the signal as well as the command, fires the piece promptly. Should a piece misfire, the officer immediately commands the next to fire and allows the piece that has missed to remain undischarged until its proper turn comes again. Immediately after each piece is discharged it is reloaded and made ready if there is probability of its being fired again.

When troops are drawn up for the reception of a dignitary, and it is practicable to have a battery of field guns on the ground, a salute from it should form part of the ceremony; otherwise guns in position are used. When field guns are used, it is most appropriate to fire the salute at the place of review, and at the time just previous to the review when the personage arrives on the ground.

396. Salvos are simultaneous discharges from several cannon; they correspond to volleys of musketry and are fired by way of salute only over the graves of officers at the time of burial. The order designating a funeral escort prescribes whether the fire shall be three volleys of musketry or three salvos of artillery.

397. Salutes will not be fired between sunset and sunrise, and not on Sunday unless required by international courtesy. As a general rule, salutes will be fired between 8 a. m. and sunset. The national flag will always be displayed at the time of firing a salute.

NATIONAL SALUTES.

398. The national salute is 21 guns. It is also the salute to a national flag.

The salute to the Union, commemorative of the Declaration of Independence and consisting of 1 gun for each State, is fired at noon on July 4 at every post provided with suitable artillery.

399. It is the custom of foreign ships of war, on entering a harbor or passing near a fortification, to display at the main the flag of the country in whose

waters they are, and to salute it. It is the rule, however, in our own and foreign navies to fire salutes only between 8 a. m. and sunset. On the completion of the salute to the flag, a salute of the same number of guns will be promptly returned by the designated saluting station. United States vessels return salutes to the flag in United States waters only when there is no fort or battery designated to do so. United States vessels do not salute United States forts or posts, and the converse.

Saluting stations for the purpose of returning the salutes of foreign men-of-war in the ports and territorial waters of the United States will be designated in orders from time to time by the War Department.

The salute to the flag is the only salute that is returned, and this is invariably done as soon as possible. The time intervening should never exceed 24 hours. The failure to return such salutes is regarded as a discourtesy or lack of friendship justifying the other party in asking an explanation.

Notice of an intention to salute the flag is sometimes given by the vessel direct to the fort, but as giving notice involves delay, vessels generally salute without it. Surveying vessels, storeships, and transports do not salute. If notice of intention to salute the flag be received by a fort not the saluting station, such fort immediately notifies the saluting station and informs the vessel of the fact.

PERSONAL SALUTES.

400. The President, both on his arrival at and departure from a military post, or when in its vicinity, receives a salute of 21 guns. No other personal salute is fired in his presence.

The sovereign or chief magistrate of a foreign country receives the salute prescribed for the President; and members of a royal family receive the salute due their sovereign. No salute to a personage of lesser degree shall be fired in their official presence.

An ex-President of the United States receives a salute of 21 guns.

The Vice President receives a salute of 19 guns.

When officials other than those named visit military posts, they receive salutes as follows:

	Guns.
Ambassadors, members of the Cabinet, and the president pro tempore of the Senate -----	19
The Chief Justice, the Speaker of the House of Representatives, a committee of Congress officially visiting a military post, governors within their respective States or Territories, or a governor general, and the civil governor of the Philippine Islands -----	17
The Assistant Secretary of War or the Assistant Secretary of the Navy, when officially visiting a military post; the vice governor of the Philippine Islands, and American or foreign envoys or ministers -----	15
Ministers resident accredited to the United States -----	13
Chargés d'affaires -----	11
Consuls general accredited to the United States -----	11
The General -----	17
The Lieutenant General -----	15
Major general -----	13
Brigadier general -----	11

The term "governor general" shall be taken to mean an administrative officer under whom officers with the title of governor are acting.

401. As a rule, a personal salute is to be fired when the personage entitled to it enters a post.

When several persons, each of whom is entitled to a salute, arrive together at a post, the highest in rank or position is alone saluted. If they arrive successively, each is saluted in turn.

An officer assigned to duty according to his brevet rank is entitled to the salute prescribed for the grade to which he is assigned.

A retired general officer making an official visit is saluted according to his rank.

An officer, whether civil, military, or naval, holding two or more positions, either of which entitles him to a salute, receives only the salute due to the highest grade. In no event is the same person to be saluted in more than one capacity.

Personal salutes at the same place and in compliment to the same person, whether civil, diplomatic, military, or naval, are never to be fired oftener than once a year, unless such person shall have been in the meantime advanced in rank.

402. Officers of the Navy are saluted according to their relative rank; officers of marines and of the volunteer forces or militia in the service of the United States, and officers of foreign services, are saluted according to rank.

403. When a civil functionary entitled to a salute arrives at a military post, the commanding officer meets or calls upon him as soon as practicable, and will tender him a review if the garrison consists of not less than four companies. When a general officer visits a post within his command, the troops will be paraded for review, unless he directs otherwise. When a salute is to be given an officer junior to another present at a post, the senior will be notified to that effect by the commanding officer.

404. In addition to the foregoing, occasions of a public nature frequently arise when salutes are both desirable and proper. Orders will be given in such cases.

405. The flag of a military post will not be dipped by way of salute or compliment.

VISITS AND COURTESIES.

406. Officers arriving at the headquarters of a military command, or at a military post, will call upon the commander thereof as soon as practicable and register their names. If the visiting officer be senior to the commander, the former may send a card, in which case it becomes the duty of the commander to make the first call.

407. The interchange of official compliments and visits between foreign military and naval officers and the authorities of a military post is international in character and opens the way to official and social courtesies among the officers. In cases of vessels of war, foreign or otherwise, recently arrived, it is the duty of the post commander to send a suitable officer to offer civilities and assistance. This is called the "boarding visit," and it is expected that this civility will be returned. Within 24 hours thereafter, weather permitting, the officer in chief command of the ship or ships should visit the officer in command of the post or station, should the latter be his equal or superior in grade. This visit will be returned within 24 hours. Should the naval officer in command be superior in grade to the officer commanding the post or station the first visit will be paid by the latter.

408. The interchange of visits between governors general, governors, and other officers administering insular governments and officers of the Army and Navy is governed by the following rules, which have received the approval of the Secretaries of War and the Navy:

All naval officers in command shall make the first visit upon the governor general, whatever the latter's military grade. Officers of the Army holding

commands under a governor general or acting as governors of provinces, departments, or cities, shall make the first visit upon a naval commander in chief, if the latter is of equal or superior grade, as shall also civilian governors of provinces, departments, or cities.

If not a commander in chief, the first visit shall be made by the senior naval officer upon officers of the Army holding command under a governor general, or acting as governors of provinces, departments, or cities, if the latter are equal or superior in grade, and upon civilian governors of provinces, departments, or cities.

Should the governor general be a civilian, and therefore not holding direct military command, the naval commander in chief shall make the first visit, both upon the governor and the army officer in chief command of troops in the island or group of islands, if he is of equal or superior grade.

Visits should be exchanged under the above rules between a naval commander in chief or senior naval officer: (1) With the governor; (2) the governor of a province, department, or city; (3) the army officer in chief command at a place where there is a civil governor.

Should the governor general, or any other officer administering the government of an island, find that from indisposition or pressure of important business he is unable to pay or return these visits in person, he will depute his aid-de-camp or some other officer to do so. In like manner, should a naval commander in chief, from indisposition or pressing occupation, be precluded from paying or returning these visits, he will depute an officer not below the rank of flag lieutenant to do so. In each case the officer failing to pay the required visit in person will report the circumstances, and assign the reasons which led to the omission, to the department under which he is acting.

409. For the purpose of developing efficiency in intercommunication between signal stations of the Army and the Navy, both on ship and ashore, commanding officers of seacoast fortifications will at all times encourage the interchange of messages and signals between signal stations at their posts and ships of the Navy or naval stations, making use of radio telegraphy and visual signaling.

Whenever, upon entering a harbor of the United States, vessels of the Navy come within signal distance of the outer group of fortifications and open communication with them, suitable acknowledgment will be made by the Army stations. As far as practicable, the name of the fort, the name and rank of the commanding officer, and such other information as may be of interest will be communicated.

A similar appropriate exchange of signals will be made when a naval vessel leaves a harbor, the initiative being taken by the Navy.

Commanding officers of forts provided with radio equipment will issue the necessary orders requiring their stations to cooperate with and communicate with all naval radio stations in their vicinity, both on shipboard and ashore.

410. When a military commander officially visits a vessel of war, he will give notice in advance of his intention to do so. He is received at the gangway by the commander of the vessel and is accompanied there by the same officer when leaving. The officer who is sent with the customary offer of civilities is met at the gangway of a vessel of war by the officer of the deck, and is presented by the latter to the commander of the vessel.

411. A vessel of war is approached and boarded by commissioned officers by the starboard side and gangway. In entering a boat, the junior goes first and other officers follow in order of rank; in leaving a boat, the senior goes first. The latter acknowledges the salutes which are given at the gangway of a naval vessel.

412. Naval vessels fire personal salutes to officers entitled to them when the boats containing them have cleared the ship. It is an acknowledgment of the salute by the officer saluted for his boat to lie on her oars from the first until the last gun and for him to uncover; at the conclusion, to give way. Personal salutes are not returned by military posts.

413. In case of vessels of war of foreign powers at peace with the United States lying in our ports or harbors and celebrating their national festivities, the commander of each fort, battery, or military post may participate in the celebration by firing salutes, parading commands, etc. In such a case the flag of the United States will be hoisted and lowered simultaneously with that of the ship on board of which the celebration occurs.

414. When boats are rowing in the same direction, an inferior is not to pass a superior in grade unless he is on urgent duty, or authorized by the superior.

When boats are pursuing opposite directions, the rule of the road to prevent fouling is that both shall "put their helms to port," i. e., to pass to the right, circumstances permitting.

When boats are approaching the same landing or vessel, an inferior is always to give way to a superior in rank.

Boats about leaving a ship's side or landing are to give way in ample time to others approaching.

It is not proper to land over another boat without permission, and only when it can not be avoided is permission to be asked.

415. A vessel of war on which the President of the United States is traveling displays the President's flag at the main. In case of foreign sovereigns, vessels display the royal standard of the sovereign in like manner.

ESCORTS OF HONOR.

416. Escorts of honor may be composed of any or of all arms, according to the circumstances. They are detailed for the purpose of receiving and escorting personages of high rank, civil or military, when they arrive and depart. The troops for this purpose will be selected for their soldierly appearance and superior discipline, and are formed and maneuvered as prescribed in the authorized drill regulations. The post commander in each case will detail an officer to attend the personage escorted, and to bear communications from him to the commander of the escort.

FUNERAL HONORS.

417. On the receipt at any post or camp of official notice of the death of the President of the United States, the commanding officer will, on the following day, cause a gun to be fired every half hour, beginning at sunrise and ending at sunset. When posts are in sight or within 6 miles of each other the firing will take place only at the post commanded by the senior officer.

418. The orders announcing the death of a Secretary of War, Assistant Secretary of War, or a general officer on the active or retired list, or other person entitled to a salute of cannon, will specify the number of guns to be fired at half-hour intervals, commencing at 8 o'clock a. m. on the day after the receipt of the order, and the posts at which they shall be fired. During the firing the flag will be displayed at halfstaff.

419. When the funeral of an officer who was entitled to a salute takes place at or near a military post, minute guns will be fired while the remains are being borne to the place of interment, but the number of guns will not exceed that to which the officer was entitled as a salute. After the remains are deposited in the grave a salute corresponding to the rank of the deceased will be fired, in addition to three salvos of artillery or three volleys of musketry.

420. If the remains of a flag officer of the Navy or a general officer are brought ashore in the vicinity of a military post, the flag will be displayed at halfstaff and minute guns will be fired as the procession moves. The number of guns will be that to which the officer was entitled as a salute.

421. During the funeral at or near a military post of a civil functionary, who was entitled to a salute, the flag is displayed at halfstaff and minute guns are fired. The number of guns will be that to which the functionary was entitled as a salute.

422. On the death of an officer at a military post the flag is displayed at halfstaff and so remains, between reveille and retreat, until the last salvo or volley is fired over the grave; or if the remains are not interred at the post, until they are removed therefrom.

423. During the funeral of an enlisted man at a military post the flag is displayed at halfstaff. It is hoisted to the top after the final volley or gun is fired, or after the remains are taken from the post. The same honors are paid on the occasion of the funeral of a retired enlisted man.

424. All military posts in sight of each other display their flags at halfstaff upon the occasion of one doing so. The same rule is observed toward all vessels of war.

425. When the flag is displayed at halfstaff it is lowered to that position from the top of the staff. It is afterwards hoisted to the top before it is finally lowered.

426. The funeral escort of the Secretary of War or General of the Army will consist of a regiment of infantry, a squadron of cavalry, and a battalion of field artillery; of the Assistant Secretary of War or the Lieutenant General, a regiment of infantry, a squadron of cavalry, and a battery of field artillery; of a major general, a regiment of infantry, two troops of cavalry, and a battery of field artillery; of a brigadier general, a regiment of infantry, a troop of cavalry, and a platoon of field artillery; of a colonel, a regiment; a lieutenant colonel or major, a battalion or squadron; a captain, one company; a subaltern, a platoon. The funeral escort of a general officer, or of any other officer either on the active or retired list, when the funeral occurs at any other place than a military post or camp, will be ordered by the War Department, and will be composed of such bodies of troops, not exceeding the number prescribed in this paragraph, as the interests of the service will permit. But in all cases where the funeral ceremonies take place at or in the immediate vicinity of a military post, or where the remains are conveyed through a military post en route to the place of burial, the above regulation relative to escort will be complied with so far as the strength of the garrison will allow. The flag will be at halfstaff while the remains are at or in the immediate vicinity of the post, and the department or post commander will give the necessary orders.

427. The funeral escort of an officer will be commanded by an officer of the same grade; if none such be present, by one of the next lower grade available. The ceremony is prescribed in the drill regulations.

428. The funeral escort of a noncommissioned staff officer will consist of 16 men, commanded by a sergeant; of a sergeant, of 14 men, commanded by a sergeant; of a corporal, of 12 men, commanded by a corporal; of a private, of 8 men, commanded by a corporal; of an enlisted man of field artillery, one section.

429. Six pallbearers will be selected, as far as practicable, from the grade of the deceased.

430. Officers and enlisted men attending military funerals wear uniform and side arms and in the funeral procession follow the mourners in order of rank, seniors in front. The funeral of an officer is attended by such officers of the post or organization in the field as other duties will permit. The funeral of a non-

commissioned officer is attended by the noncommissioned officers and privates of the regiment, or such part of it as may be present and can be spared from other duties; that of a private by the noncommissioned officers and privates of his company.

431. The badge of military mourning shall consist of a straight band of black crape or plain black cloth, 5 inches wide, worn around the left arm above the elbow; also, when the sword is worn, a knot of black crape on the hilt; but no badge of military mourning shall be worn with the uniform except at funerals or for occasions prescribed by the War Department.

432. As family mourning, officers may wear the arm band prescribed in paragraph 431.

433. The drums of a funeral escort will be covered with black crape or thin black serge, furnished by the quartermaster.

434. The colors of a regiment will not be placed in mourning or draped, except when ordered from the War Department. Two streamers of crape 7 feet long and about 12 inches wide attached to the ferrule below the spearhead will be used for the purpose.

CEREMONIES.

435. All ceremonies will be conducted as prescribed in the authorized drill regulations.

436. There will be daily one parade, morning or evening, as the commanding officer may direct, which will not be dispensed with except on urgent occasions. All officers and men will be present unless specially excused or on duty incompatible with such attendance.

437. At every military post or station the flag will be hoisted at the sounding of the first note of the reveille, or of the first note of the march, if a march be played before the reveille. The flag will be lowered at the sounding of the last note of the retreat, and while the flag is being lowered the band will play "The Star Spangled Banner," or, if there be no band present, the field music will sound "to the color." When "to the color" is sounded by the field music while the flag is being lowered the same respect will be observed as when "The Star Spangled Banner" is played by the band, and in either case officers and enlisted men out of ranks will face toward the flag, stand at attention, and render the prescribed salute at the last note of the music. The national flag will be displayed at a seacoast or lake fort at the beginning of and during an action in which the fort may be engaged, whether by day or by night.

438. Troops will be mustered for pay on the last day of each month unless otherwise ordered by the War Department. When the commanding officer can not muster all the troops he will designate other officers to assist.

439. Each stated muster will, when practicable, be preceded by a minute and careful inspection. If the command consists of more than one company, the inspection will be preceded by a review. If the day for muster falls on Sunday, such review and inspection will be omitted.

440. On Memorial Day, May 30, at all Army posts and stations, the national flag will be displayed at halfstaff from sunrise till midday, and immediately before noon the band, or field music, will play some appropriate air, and the national salute of 21 guns will be fired at 12 m. at all posts and stations provided with artillery. At the conclusion of this memorial tribute, at noon, the flag will be hoisted to the top of the staff and will remain there until sunset. When hoisted to the top of the staff, the flag will be saluted by playing one or more appropriate patriotic airs. In this way fitting testimonial of respect for the heroic dead and honor to their patriotic devotion will be appropriately rendered.

ARTICLE XLI.**GUARDS.**

441. The authorized Manual of Guard Duty is the guide in all matters relating to duties of guards not contained in these regulations.

442. Quartermaster's supplies and ordnance and ordnance stores required for strictly post or police purposes, or for use by the post or camp guard, will be supplied by the quartermaster and ordnance officer, respectively, on request from the officer of the day, approved by the commanding officer, and will be continued on the returns of the quartermaster or ordnance officer, as the case may require.

443. Articles so obtained will be duly entered under the direction of the officer who receives them on a list of "articles in charge." They will be carried on the list and verified daily under the direction of the officer of the day. When no longer fit for use they will be submitted, as the case may require, by the quartermaster or ordnance officer for inspection and, if condemned, disposed of as ordered.

ARTICLE XLII.**ROUTE MAPS AND JOURNALS OF MARCH.**

444. The commanding officer of every body of troops ordered to march will detail a competent person, preferably a mounted commissioned officer, as topographer, whose special duty will be to prepare and preserve the field notes, sketches, and maps necessary for a complete record of the route traversed and adjacent points of military interest. The topographer will be relieved of such of his routine duties as interfere with this work. He will be furnished with such official maps and descriptive notes of the proposed route as may be available. Should these be adequate, the field work will be confined to marking thereon the route followed and adding such notes as may be required to complete the record. Where no maps are available or those furnished are inadequate, field maps to standard scales will be prepared. When necessary, selected enlisted men, preferably mounted, will be detailed to assist the topographer. The work will be done under the supervision of the commanding officer. For facility in reading, military maps are made according to a uniform system of scales and contour intervals, as follows:

1. One inch to 1 mile, vertical interval, 60 feet.
2. Three inches to 1 mile, vertical interval, 20 feet.
3. Six inches to 1 mile, vertical interval, 10 feet.
4. Twelve inches to 1 mile, vertical interval, 5 feet.

In general these scales and contour intervals are used as follows:

1. For route maps of extended marches, or of marches of large commands using several roads.
2. For ordinary route sketches and extended positions.
3. For position and outpost sketches.
4. For maps used in the war game, discussion of operations at maneuvers and in siege operations.

445. Field notes and maps of the route traversed each day will be completed the same day. In time of peace the original field notes and maps covering the entire march will ultimately be transmitted to the department engineer of the department in which it terminates for file and for use in the compilation of

new or the correction of existing military maps. In campaign these records will be disposed of as prescribed in Field Service Regulations.

446. Journals of march will be kept by the adjutant of the command or by an officer detailed for that purpose. The journal will contain an historical record of the march, facts as to equipment, clothing, supply, shelter, roads, weather, health of troops, and incidents of any kind that may have value. Journals of march pertaining to provisional commands will be forwarded to the headquarters of the department in which the march terminates for file; those of permanent organizations will be retained at the headquarters of the organizations to which they pertain. In campaign, journals of march are incorporated in or replaced by war diaries, as provided in Field Service Regulations.

447. Commanding officers will see that the organizations under their command are at all times fully supplied with the engineer reconnaissance equipment prescribed in orders of the War Department, that the equipment is in good order and repair, and that selected officers and enlisted men are instructed in its use.

448. Notebooks, blanks, and reconnaissance instruments are supplied by the Engineer Department as a part of the authorized equipment of companies, regiments, and other organizations. When such books or blanks can not be obtained, substitutes will be prepared conforming to the standard forms. General instructions for the use and preservation of instruments, the character of the observations to be made, and the methods of recording them will be found in the Engineer Field Manual or as notes printed in the record books or on the blanks supplied.

ARTICLE XLIII.

MILITARY EDUCATION.

449. The military educational system of the United States comprises:

1. The Military Academy at West Point for the education of cadets.
2. Post schools for the instruction of enlisted men.
3. At each military post a garrison school for the instruction of officers in subjects pertaining to the performance of their ordinary duties.
4. Service schools—
 - a.* The Army War College, Washington, D. C.
 - b.* The Army Staff College, Fort Leavenworth, Kans.
 - c.* The Coast Artillery School, Fort Monroe, Va.
 - d.* The Engineer School, Washington Barracks, D. C.
 - e.* The Mounted Service School, Fort Riley, Kans.
 - f.* The Army Medical School, Washington, D. C.
 - g.* The Army Signal School, Fort Leavenworth, Kans.
 - h.* The Army School of the Line, Fort Leavenworth, Kans.

 - j.* The School for Bakers and Cooks, Presidio of San Francisco, Cal.
 - k.* The Army Field Engineer School, Fort Leavenworth, Kans.
 - l.* The Army Field Service and Correspondence School for Medical Officers, Fort Leavenworth, Kans.
 - m.* The School of Fire for Field Artillery, Fort Sill, Okla.
 - n.* The School of Musketry, Fort Sill, Okla.
 - o.* The Signal Corps Aviation School, San Diego, Cal.
5. The military department of civil institutions at which officers of the Army are detailed under the provisions of law.

The detail of officers at these institutions is announced and the regulations governing the courses of instruction therein are issued in orders from the War Department.

ARTICLE XLIV.

THE ORGANIZED MILITIA.

450. The President's authority over the Organized Militia is derived from the Constitution and from the legislation of Congress in furtherance of its provisions, and he can call forth the militia in those cases which are specifically provided for by law. The Organized Militia then becomes national in character and the President its Commander in Chief.

The President is the exclusive judge of the existence of the emergency justifying the ordering out of the militia, and the measures necessary for giving effect to the order are executive acts which the Secretary of War may perform as the representative of the President.

451. The militia, when called into the actual service of the United States, is entitled to the same pay and allowances as are or may be provided by law for the Regular Army, and pay and allowances commence from the day on which the militia appears at the place of company rendezvous, but this provision can not be construed to authorize any species of expenditure previous to arriving at such places of rendezvous which is not provided by existing law to be paid after arrival at such places of rendezvous.

452. The home station of a militia organization will be known as its company rendezvous. The places of assembly for the Organized Militia of a State, Territory, or the District of Columbia designated by the governor of the State or Territory or by the commanding general of the District of Columbia Militia will be known as mobilization camps. A mobilization camp need not necessarily be under canvas.

Those places which are selected by the War Department, when war is imminent or has been declared, for the assembly of troops for joint operations or for embarkation will be known as concentration camps.

The officer of the Organized Militia of any State, Territory, or the District of Columbia who is authorized by existing law and regulations to disburse Federal funds will be known as the local United States disbursing officer.

453. Whenever any organization that is called forth is below the minimum prescribed by the President, it shall be immediately recruited to at least that standard before leaving its company rendezvous. No organization will be accepted into the service of the United States which, in the number of its officers or enlisted men, is below the minimum or above the maximum fixed by law or by the order governing the call.

454. Department commanders, under general directions from the War Department, will have charge of all matters pertaining to the mobilization of the Organized Militia within their territorial departments. They will order forward troops from mobilization camps to concentration camps as directed by the War Department. From the date on which mobilization of the Organized Militia is ordered all officers of the Regular Army on militia and college duty in a State, Territory, or the District of Columbia affected by the call will be under the orders of the commander of the territorial department in which they are serving.

455. From the day on which any portion of the Organized Militia ordered into the actual service of the United States appears at the place of company rendezvous it will be transported, subsisted, and supplied under the following plan:

1. (a) Governors of States and Territories and the commanding general of the District of Columbia Militia are required at all times to keep on hand, either at the various company armories or in suitable storehouses, a sufficient

supply of arms, uniforms, and equipment to completely equip for the field the minimum number of men prescribed by the President for each organization, so that on being called into the service any organization will be completely equipped from the stores on hand in the State, Territory, or the District of Columbia without calling on the War Department for assistance.

(b) Whenever an order or proclamation is issued calling the Organized Militia or any part thereof into the service of the United States the War Department will inform each governor concerned or the commanding general of the District of Columbia Militia of the maximum strength to which organizations will be recruited and the Federal supply departments concerned will ship at once to the senior mustering officers at the proper State mobilization camps, without requisition, sufficient arms, equipment, and clothing to enable the organizations so called forth to be fully armed and equipped at the war strength ordered.

2. (a) The militia authorities of the several States and Territories and of the District of Columbia will be responsible for rationing their Organized Militia from the time the organizations report at their respective company rendezvous up to the time they arrive at the concentration camp. For this purpose Federal funds will be placed to the credit of each local United States disbursing officer by the department quartermaster of the proper territorial department of the Regular Army as soon as the call for the Organized Militia is made.

The Chief of the Division of Militia Affairs will at all times keep the commander of each territorial department of the Regular Army informed of the names and addresses of the local United States disbursing officers of the Organized Militia within his department authorized to disburse Federal funds.

(b) An expenditure of 75 cents per ration is authorized for each day of actual service previous to the arrival of the Organized Militia, or any part thereof, at the State mobilization camps. The local United States disbursing officer will furnish the necessary funds. Settlement therefor will be made on Form No. 26, Division of Militia Affairs, accompanied by consolidated ration returns approved by the adjutant general of the State or Territory or of the District of Columbia Militia.

(c) The militia authorities of the several States and Territories and of the District of Columbia will purchase with United States funds five days' garrison rations, together with such of the authorized allowances of soap, candles, matches, toilet paper, and ice as may be required for the number of troops to be mobilized, and will be prepared to issue the same to troops upon their arrival at the mobilization camps. During the period the camp is occupied by troops, purchases of garrison rations will be made for short periods, anticipating as nearly as possible the needs of the troops up to the dates of their departure for concentration camps. The purchases of these supplies will be made in the same manner as similar purchases are made from United States funds at the annual militia encampments, and covered by a voucher drawn on Form No. 26, Division of Militia Affairs, which will show the receipt of the supplies by some proper accounting officer, payment therefor being made from the "Appropriation for the subsistence of the Army for the fiscal year 19—" by the local United States disbursing officer. All supplies so purchased will be taken up on the return of the proper quartermaster at the mobilization camp, copies of bills of sale or shipping invoices being filed as authority for this action. Issues will be made on ration returns (Form No. 223, Quartermaster Corps), submitted by regiments or other independent organizations in the manner prescribed in the Manual for the Subsistence Department. When leaving the State mobilization camp for the concentration camp, organizations will take with them any rations they may have on hand.

(d) The militia authorities of the several States and Territories and of the District of Columbia will make timely purchases, with United States funds, of sufficient travel rations to supply all troops en route to the concentration camps.

(e) The authorized travel ration may be issued to organizations and detachments en route from the mobilization camps to the concentration camp. The purchase of this ration will be covered by a voucher drawn on Form No. 26, Division of Militia Affairs, which will show the receipt of the supplies by some proper accounting officer, payment therefor being made from the "Appropriation for the subsistence of the Army for the fiscal year 19—" by the local United States disbursing officer. All supplies so purchased will be taken up on the return of the proper quartermaster at the mobilization camp, copies of bills of sale or shipping invoices being filed as authority for this action. Issues will be made on ration returns (Form No. 223, Quartermaster Corps), submitted by regiments or other independent organizations in the manner prescribed in the Manual for the Subsistence Department, United States Army. Sufficient allowances will be made in the orders directing the issue of this ration to provide for delays incident to movements of troop trains.

(f) Upon arrival at concentration camps, rations are issued by United States Army quartermasters on presentation of ration returns (Form No. 223, Quartermaster Corps).

(g) In those cases where the State mobilization camp is at a garrisoned post of the Regular Army the responsibility of the militia authorities of the particular State, Territory, or of the District of Columbia will cease upon the arrival of their militia at such mobilization camps.

3. Before troops are sent to mobilization camps they should be carefully examined to detect the presence of infectious or contagious diseases, especially typhoid fever, measles, and mumps. Such examinations should preferably be made by a military medical officer, but in the absence of such an officer the services of the local health authorities should be sought.

4. The militia authorities of the several States, Territories, and the District of Columbia are responsible for transporting their militia to mobilization camps. The same general methods will be employed as in transporting organizations to summer camps for instruction.

The department quartermaster of the proper territorial department of the Regular Army will furnish local United States disbursing officers with whatever funds may be necessary. The quartermaster general of each State or Territory or of the District of Columbia Militia or an officer designated by the governor of the State or Territory or by the commanding general of the District of Columbia Militia will arrange a practical schedule for assembling the militia, together with all the necessary impedimenta, at the mobilization camp. These schedules will be revised each year and thus kept up to date.

5. Ammunition will be supplied under orders of the War Department upon arrival at concentration camps.

6. All serviceable military property in the hands of the Organized Militia which may be needed for camps or field service, including all wheel transportation, will be brought to the mobilization camps.

456. 1. When any portion of the Organized Militia is called into the service of the United States the proper militia authorities of the State, Territory, or the District of Columbia will arrange for the purchase of necessary fuel and forage in not to exceed authorized allowances and for the shoeing of the authorized animals pertaining to the militia called forth. Any wheel transportation that may be needed temporarily at company rendezvous or mobilization camps which can not be supplied from the equipment of the organizations will be hired.

Vouchers for these local purchases will be paid by the local United States disbursing officer in the manner prescribed for paying such vouchers incident to summer camps of instruction. The department quartermaster of the proper territorial department of the Regular Army will furnish local United States disbursing officers with the necessary funds.

As soon as practicable after the establishment of a mobilization camp a quartermaster belonging to the State or Territorial administrative staff will be mustered and appointed camp quartermaster. He will perform his duties as required by regulations and orders governing quartermasters of the Regular Army.

2. (a) Mounted officers, mounted organizations, or members of such organizations owning suitable animals may take the same with them into the service of the United States provided the owners in each case have a certificate from a regular officer fully describing the animal and certifying to its soundness and suitability for military purposes. The owner, if an enlisted man, must agree to sell the animal at the average contract price for the year. Such certificates will be made in duplicate, using Form No. 277, Adjutant General's Office, modified so as to meet requirements. One copy will be filed with the senior inspector-instructor on duty in the State, Territory, or the District of Columbia and one given the owner. They will be good for one year. When mustered out of the service of the United States the owner may purchase the horse thus sold to the United States at the price paid by the Government for the animal. Horses taken by mounted officers into the service of the United States will be subject to all provisions prescribed in Army Regulations for mounts for officers of the Regular Army.

(b) Officers of the Regular Army, when inspecting an organization under section 14 of the militia law, are authorized, when so requested, to inspect animals pertaining to said organization and to give certificates when the conditions found warrant such action.

457. (a) The militia authorities of the several States and Territories and the commanding general of the District of Columbia Militia will keep the proper department commander advised of the location of their mobilization camps. Department commanders will keep themselves informed of the facilities of the mobilization camps within their departments and, where deficiencies in equipment of the same exist, they will have plans prepared to make good all such deficiencies in the event mobilization is ordered. The execution of these plans will be accomplished, where practicable, through the agency of the State or Territorial authorities as directed by the proper department commander. If in any case the site selected is not well adapted for the purpose, the department commander will so report.

(b) The mobile troops of the Organized Militia called into the service of the United States will be mustered in at these designated places of mobilization by officers of the Army detailed for this purpose by the War Department. Every officer and enlisted man of the militia who shall duly be called forth shall be mustered for service without further medical examination previous to such muster, except in the cases of those States and Territories or the District of Columbia which have not adopted the standard of medical examination prescribed for the Regular Army, in which cases both officers and enlisted men shall be examined as follows before they are mustered into the United States service: They will be stripped of all clothing and then minutely examined, in the presence of the mustering officer, by a medical officer (from the Regular Army when practicable) detailed for that purpose to ascertain whether they have the physical qualifications necessary for the military service, reference being had to the length and character of the service for which they are called out. In the case of militia mustered in from those States and Territories or the

District of Columbia which have adopted the standard of medical examination prescribed for the Regular Army, as soon as practicable after such muster in a physical examination shall be made of all officers and enlisted men by a medical officer of the Army detailed for the purpose, who shall note all cases of defect and cause the same to be entered in the case of each individual on the report of his physical examination, stating in each case whether the defect so noted existed prior to the muster in of the soldier.

(c) Organizations belonging to the Coast Artillery Reserves may be sent directly from the company rendezvous to the coast defense command to which they may be assigned, and there mustered by an officer of the regular garrison, as the interests of the United States may require.

458. It shall be the duty of every officer designated to muster into the service of the United States any of the militia of the several States or Territories or of the District of Columbia, to see that the muster rolls contain all information that might in any way affect pay, or which it might be necessary to consider in the settlement of claims for pensions. Blank forms, with models and detailed instructions, will be forwarded to mustering officers by the War Department.

459. The muster of the Organized Militia into the service of the United States and its muster out will be conducted strictly in accordance with detailed regulations therefor prescribed by the Secretary of War.

460. As soon as a regiment or other separate organization has been mustered into the service of the United States the mustering officer or his assistant, acting with a representative of the governor of the State or Territory or the commanding general of the District of Columbia Militia, will inventory and inspect all property belonging to the United States taken by such troops into the Federal service.

The governor, or his representative at the mobilization camp, or the commanding general of the District of Columbia Militia, will invoice all such United States property to the proper officer of the regiment or separate unit of organization less than a regiment as follows:

1. All clothing, camp and garrison equipage, subsistence stores, and quartermaster's supplies to the quartermaster.

2. All property belonging to the medical department to the senior medical officer.

3. All property pertaining to the Corps of Engineers, the Ordnance Department, and the Signal Corps to an accounting officer detailed by the regimental or other commander of a separate organization from his staff.

4. Property pertaining to each department will be invoiced separately. The invoices and receipts will show the condition of the property as good, poor, or unserviceable. All property receipted for as good will be accepted at full value; all property receipted for as poor will be accepted at half value; and all property receipted for as unserviceable will be accepted as having no value. The several officers hereinbefore specified will use the invoices received from the governor or his representative as vouchers for taking up such property on their returns and they will furnish the usual receipts for the property received.

5. No clothing will be charged to enlisted men except that which may subsequently be supplied directly from time to time by the United States after muster in.

6. Questions arising as to the serviceability of United States property will be submitted to the senior mustering officer, whose decisions will be final.

7. Any State or Territorial property of a standard pattern and quality needed for the equipment of the troops should be brought into the service of the United States as herein provided for United States property.

461. At the termination of the period for which the President called the militia forces into the service of the United States they shall be mustered out by an officer of the United States detailed for the purpose at such rendezvous favorable to all interests concerned, as may be directed by the War Department. A thorough physical examination of all officers and enlisted men of the militia will be made immediately prior to their discharge or their muster out. The mustering officer will be provided by the War Department with blanks and detailed instructions.

462. In the event the militia is called forth during the winter and it is impracticable to order troops into the mobilization camps of some of the Northern States organizations may be mobilized in their armories, or a mobilization camp for such States may be designated in a warm climate beyond their boundaries, the organizations being forwarded thereto directly from the State armories. Under these exceptional conditions the mobilization camp of a particular State may even be at one of the concentration camps established by the United States.

463. In the event of mobilization of the Organized Militia or of any part thereof, all inquiries or requests from subordinates prior to muster into the service of the United States will be addressed through proper channels to the adjutant general of the State or Territory or the District of Columbia Militia.

These adjutants general will address all necessary requisitions for property, equipment, and funds and all inquiries in reference to the mobilization to the department adjutant of the proper territorial department of the Regular Army.

An insane soldier will not be discharged from the service except by order of the Secretary of War.

The blank forms for the medical certificate required by the Department of the Interior will be furnished by The Adjutant General of the Army.

467. An insane soldier ordered by the War Department to be sent to the Government Hospital for the Insane will be escorted by a noncommissioned

468. On the departure of the patient from his station the commanding officer will give such orders to the person in charge as will provide for transportation of the necessary attendants to the institution and returning to their posts, also subsistence during their absence. 470. To obtain the release of a patient when cured or his delivery to the care of friends, application must be made to The Adjutant General of the Army, accompanied by the recommendation of the superintendent of the hospital.

ARTICLE XLVI.

INDIANS.

INDIAN COUNTRY.

471. If any commanding officer of a military post has reason to suspect or is informed that any white person or Indian is about to introduce or has introduced any spirituous liquor or wine into the Indian country in violation of law, he may cause the boats, stores, packages, wagons, sleds, and places of deposit of such person to be searched; and if such liquor is found therein, the same, together with the boats, teams, wagons, and sleds used in conveying the same, and also the goods, packages, and peltries of such person, shall be seized and delivered to the proper officer, and shall be proceeded against by libel in the proper court. It shall, moreover, be the duty of any person in the service of the United States, or of any Indian, to take and destroy any ardent spirits or wine found in the Indian country, except such as may be introduced therein by the War Department. In all cases arising under sections 2139 and 2140, Revised Statutes, Indians shall be competent witnesses. It shall be a sufficient defense to any charge of introducing or attempting to introduce ardent spirits, ale, beer, wine, or intoxicating liquors into the Indian country that the acts charged were done under authority, in writing, from the War Department or any officer duly authorized thereunto by the War Department.

472. The Indian country within the meaning of the foregoing paragraph may be defined, in general, as the Indian reservations, or districts occupied by Indian tribes and to which the Indian title has not been extinguished; or sections of country over which the operation of the Indian trade and intercourse laws has been retained by Indian treaty stipulations. Should any case arise which, in *the opinion of the department commander*, does not appear to be embraced

within these definitions, he will report it to the Secretary of War, in order that the question whether the location is Indian country may be authoritatively determined.

473. When lands are secured to the Indians by treaty against occupation by the whites, the military commanders will keep intruders off the same by military force, if necessary, until such time as the Indian title is extinguished or the lands are opened by Congress for settlement.

474. When questions arise as to the ownership of animals in possession of Indians, the commanding officer of the nearest military post is authorized and directed to act in conjunction with the agent in charge of said Indians in the investigation and determination of ownership.

475. The introduction into the Indian country for the purpose of sale to, or exchange with, Indians of any breech-loading firearms and of any special ammunition adapted to them, and the sale and exchange to Indians in the Indian country of any such arms or ammunition is prohibited. The introduction into the country or district occupied by any tribe of hostile Indians, for the purpose of sale or exchange to them, of arms or ammunition of any description, and the sale or exchange thereof to or with such Indians is prohibited; and all such arms or ammunition introduced by traders or other persons, and which are liable in any manner to be received by such hostile Indians, shall be deemed contraband of war, to be seized by any officer and confiscated.

476. Supplies, stores, and property of any kind procured out of Army appropriations will not be transferred, in any way or under any circumstances, for the use of Indians except under authority first obtained from the Secretary of War. Any officer violating the terms of this regulation will be charged with the money value of the supplies, stores, or property transferred, and in addition be otherwise held accountable according to circumstances.

477. Indians held as prisoners of war are entitled to receive necessary subsistence, clothing, medicines, and medical attendance. There is no authority of law permitting such supplies and attendance to be furnished to Indians under the care and management of the Interior Department. All Indian prisoners will be reported on the post returns under the following form:

Name of tribe.	Number of men.	Number of women.	Number of children above 12 years of age.		Number of children 12 years of age and under.		Date of capture.	Gain.	Loss.	Total.	Total last return.	Remarks.
			Male.	Female.	Male.	Female.						

PURCHASES FROM INDIANS.

478. Purchases of cattle, hay, grain, fuel, or other produce or merchandise which Indians may have for sale and which may be required for the military service may, with the approval of the Secretary of War, be made from Indians in open market, at fair and reasonable prices, but not exceeding the market prices in the localities where such purchases are made.

INDIAN SCOUTS.

479. Indians employed as scouts under the provisions of section 1112, Revised Statutes, and section 1, act of Congress approved February 2, 1901 (31 Stat. L., 748), will be enlisted for periods of seven years and discharged when the necessity for their services shall cease. While in service they will receive the pay and allowances of cavalry soldiers and an additional allowance of 40 cents per day, provided they furnish their own horses and horse equipments; but such additional allowance will cease if they do not keep their horses and equipments in serviceable condition.

480. Department commanders are authorized to appoint the sergeants and corporals for the whole number of enlisted Indian scouts serving in their departments, but such appointments must not exceed the proportion of 1 first sergeant, 5 sergeants, and 4 corporals for 60 enlisted Indian scouts.

481. The number of Indian scouts allowed to military departments will be announced from time to time in orders from the War Department.

482. The enlistment and reenlistment of Indian scouts will be made under the direction of department commanders. The appointment or mustering of farriers or horseshoers on the rolls of Indian scouts is illegal.

483. In all cases of enlistment of Indians the full Indian name, and also the English interpretation of the same, will be inserted in the enlistment papers and in all subsequent returns and reports concerning them

SEC. 3. Every contract, combination in form of trust or otherwise, or conspiracy, in restraint of trade or commerce in any Territory of the United States or of the District of Columbia, or in restraint of trade or commerce between any such Territory and another, or between any such Territory or Territories and any State or States or the

District of Columbia, or with foreign nations, or between the District of Columbia and any State or States or foreign nations, is hereby declared illegal. Every person who shall make any such contract or engage in any such combination or conspiracy, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be punished by fine not exceeding five thousand dollars, or by imprisonment not exceeding one year, or by both said punishments, in the discretion of the court.

SEC. 18. *Be it further enacted*, That the Southern Pacific Railroad, a company incorporated under the laws of the State of California, is hereby authorized to connect with the said Atlantic and Pacific Railroad, formed under this act, at such point, near the boundary line of the State of California, as they shall deem most suitable for a railroad line to San Francisco, and shall have a uniform gauge and rate of freight or fare with said road; and in consideration thereof, to aid in its construction, shall have similar grants of land, subject to all the conditions and limitations herein provided, and shall be required to construct its road on the like regulations, as to time and manner, with the Atlantic and Pacific Railroad herein provided for.

SEC. 5316. It shall be unlawful to take any vessel or cargo detained under the preceding section [section 5315] from the custody of the proper officers of the customs, unless by process of some court of the United States; and in case of any attempt otherwise to take such vessel or cargo by any force, or combination, or assemblage of persons, too great to be overcome by the officers of the customs, the President, or such person as he shall have empowered for that purpose, may employ such part of the Army or Navy or militia of the United States, or such force of citizen volunteers as may be necessary, to prevent the removal of such vessel or cargo, and to protect the officers of the customs in retaining the custody thereof.

GUANO ISLANDS.

SEC. 5577. The President is authorized, at his discretion, to employ the land and naval forces of the United States to protect the rights of the discoverer [of a guano island] or of his widow, heir, executor, administrator, or assigns.

HAWAII.

SEC. 67. That the governor shall be responsible for the faithful execution of the laws of the United States and of the Territory of Hawaii within the said Territory, and

whenever it becomes necessary he may call upon the commanders of the military and naval forces of the United States in the Territory of Hawaii, or summon the posse comitatus, or call out the militia of the Territory to prevent or suppress lawless violence, invasion, insurrection, or rebellion in said Territory, and he may, in case of rebellion or invasion, or imminent danger thereof, when the public safety requires it, suspend the privilege of the writ of habeas corpus, or place the Territory, or any part thereof, under martial law until communication can be had with the President and his decision thereon made known. *Act of April 30, 1900 (31 Stat. L., 153).*

ALASKA.

SEC. 29. An act entitled "An act to define and punish crimes in the District of Alaska, and to provide a code of criminal procedure for the District," approved March third, eighteen hundred and ninety-nine, be, and is, amended, by adding to section three hundred and sixty-three thereof the following: "*Provided, [That] section fifteen of an act entitled 'An act making appropriations for the support of the Army for the fiscal year ending June thirtieth, eighteen hundred and seventy-nine, and for other purposes,' approved June eighteenth, eighteen hundred and seventy-eight, shall not be construed to apply to the District of Alaska.*" *Act of June 6, 1900 (31 Stat. L., 330).*

Section 15 of the act of June 18, 1878 (20 Stat. L., 152), above referred to, reads as follows:

"From and after the passage of this act it shall not be lawful to employ any part of the Army of the United States, as a posse comitatus, or otherwise, for the purpose of executing the laws, except in such cases and under such circumstances as such employment of said force may be expressly authorized by the Constitution or by act of Congress; and no money appropriated by this act shall be used to pay any of the expenses incurred in the employment of any troops in violation of this section."

486. Officers of the Army will not permit troops under their command to be used to aid the civil authorities as a posse comitatus, or in execution of the laws, except as provided in the foregoing paragraph.

487. If time will admit, applications for the use of troops for such purposes must be forwarded, with statements of all material facts, for the consideration and action of the President; but in case of sudden and unexpected invasion, insurrection, or riot, endangering the public property of the United States, or in case of attempted or threatened robbery or interruption of the United States mails, or other equivalent emergency so imminent as to render it dangerous to await instructions requested through the speediest means of communication, an officer of the Army may take such action before the receipt of instructions as the circumstances of the case and the law under which he is acting may justify, and will promptly report his action and the circumstances requiring it to The Adjutant General of the Army, by telegraph, if possible, for the information of the President.

488. In the enforcement of the laws troops are employed as a part of the military power of the United States and act under the orders of the President as Commander in Chief. They can not be directed to act under the orders of any civil officer. The commanding officers of troops so employed are directly responsible to their military superiors. Any unlawful or unauthorized act on their part would not be excusable on the ground of an order or request received by them from a marshal or any other civil officer.

489. Troops called into action against a mob forcibly resisting or obstructing the execution of the laws of the United States or attempting to destroy property belonging to or under the protection of the United States are governed by the general regulations of the Army and apply military tactics in respect to the manner in which they shall act to accomplish the desired end. It is purely a tactical question in what manner they shall use the weapons with which they are armed—whether by fire of musketry and artillery or by the use of the

bayonet and saber, or by both, and at what stage of the operations each or either mode of attack shall be employed. This tactical question will be decided by the immediate commander of the troops, according to his judgment of the situation. The fire of troops should be withheld until timely warning has been given to the innocent who may be mingled with the mob. Troops must never fire into a crowd unless ordered by their commanding officer, except that single selected sharpshooters may shoot down individual rioters who have fired upon or thrown missiles at the troops. As a general rule the bayonet alone should be used against mixed crowds in the first stages of a revolt. But as soon as sufficient warning has been given to enable the innocent to separate themselves from the guilty, the action of the troops should be governed solely by the tactical considerations involved in the duty they are ordered to perform. They should make their blows so effective as to promptly suppress all resistance to lawful authority, and should stop the destruction of life the moment lawless resistance has ceased. Punishment belongs, not to the troops, but to the courts of justice.

ARTICLE XLVIII.

CEMETERIES.

NATIONAL CEMETERIES.

490. National cemeteries, and the records pertaining thereto, are under the charge of the Chief of the Quartermaster Corps. All correspondence between his office and the officers of his department in charge thereof, and the civil engineers and agents especially employed in connection therewith will be direct, and the monthly reports of superintendents will be forwarded directly to him.

BATTLE-GROUND CEMETERIES.

491. In order to secure, as far as possible, the decent interment of those who fall in battle and to establish beyond doubt their identity should it become desirable subsequently to disinter the remains for removal to a national or post cemetery, or for shipment home, it is the duty of commanding generals to set apart a suitable spot near every battlefield, and to cause the remains of the killed to be interred therein and, when practicable, to cause to be placed in the coffin or grave a glass bottle, corked and sealed, containing a slip of paper on which shall be written the name of the decedent, giving the cause and date of death and burial, and in the case of an officer or enlisted man, his rank, company, regiment, or corps, and bearing the signature of the surgeon or officer in charge of the interment. It is the duty of the commanding officer to cause to be made a sketch as accurate as the means at hand will permit of the burying places of those falling in battle.

492. Where conditions make it possible, the company commander will be held responsible that every grave of the men of his company who die or are killed on the field is carefully marked with a headboard, or with such other marker as may be authorized for use on the field or in the insular possessions, giving the name, rank, and organization of the decedent. He will report, through the proper military channels, the date and cause of death, which reports will include a sketch showing the location of the grave, and how marked, in such manner as will enable the same to be readily found by a disinterring corps. When a soldier or civilian employee dies in hospital, the surgeon will be held responsible for similar action and report.

POST CEMETERIES.

493. The commanding officer of every post situated on public lands of the United States will see that a suitable portion of such land is, when practicable, set apart and properly maintained for the burial of deceased officers and soldiers and their families, and of Government employees.

494. Post cemeteries will be suitably inclosed with a wall or fence of the best material available, and will be maintained by the labor of the garrison. Materials for the construction and repair of fences and headboards will be furnished by the Quartermaster Corps.

495. At each grave will be placed a headboard, plainly marked with a number and with the name, company, regiment, and date of death of the decedent, the number to correspond to the number in the record of interments. Headboards will be of well-seasoned wood, painted with three coats of white paint, 4 feet long, 10 inches wide, 1½ inches thick, and stand 2 feet out of the ground; the inscriptions in black letters 1 inch long.

496. Walks will be 4 feet wide, neatly rounded, and properly drained and graveled when the material is at hand. When practicable, good grass sod should cover the rest of the ground, including the graves, and native trees and shrubs will be preserved or planted for ornament and shade.

497. A record of interments will be kept by the quartermaster, which will be turned over by him, when relieved, to his successor, or transmitted to the Chief of the Quartermaster Corps if the post be discontinued.

498. A report containing the names of persons buried during the calendar year, giving in each case number and locality of grave, date of death and burial, and in case of an officer or enlisted man, his rank, company, and regiment or corps, will be forwarded to the Chief of the Quartermaster Corps.

ARTICLE XLIX.

ADVERTISING AND PRINTING.

NEWSPAPER ADVERTISING.

No advertisement, notice, or proposal for any Executive Department of the Government, or for any bureau thereof, or for any office therewith connected, shall be published in any newspaper whatever, except in pursuance of a written authority for such publication from the head of such Department; and no bill for any such advertising, or publication, shall be paid, unless there be presented, with such bill, a copy of such written authority.—*Sec. 3828, Revised Statutes.*

499. No official advertisement will be published in any newspaper except under prior written authority, special or general, from the Secretary of War. Special authority authorizes the publication of a given advertisement a specified number of times in a designated newspaper or newspapers. General authority authorizes the publication, during a fiscal year, in designated newspapers, of such advertisements for proposals as may be required by the duties of officers engaged in making frequent purchases or contracts. All authorities to advertise will be granted to the office, not to the officer. In making application for authority to advertise, officers will specify the newspapers in which it is deemed advantageous to advertise. Due economy both as to the number of newspapers and as to the number of insertions will be observed by all officers, whether advertising under special or general authority, no greater number being used in any case than may be necessary to give proper and sufficient public notice.

500. Requests for authority to advertise will be made upon the prescribed blank forms, except that in case of great emergency, the nature of which will be stated, authority to advertise may be requested by telegraph.

501. When necessary to readvertise, owing to rejection of proposals received in accordance with a special authority to advertise, the approval of the Secretary of War must be obtained, as in the first instance; the approval of the original authority to advertise does not confer authority to readvertise.

502. Ordinarily advertisements will be given six insertions in daily, or four in weekly, papers. When more than 10 days are to intervene between the date of the first publication and the date of opening, those in daily newspapers inviting proposals will at once be given four consecutive insertions, and immediately before the date of opening two consecutive insertions. In case of emergency, advertisements may be given one or more insertions, as time and circumstances permit.

503. Advertisements in newspapers announcing sales of property or inviting proposals for furnishing labor or supplies will, as a rule, allow 30 days to intervene between date of first publication and date of sale or opening of bids. If necessity require, a shorter period may be allowed, but no period of less than 10 days will be designated except in case of emergency. The officer who is accountable for property which is to be advertised for sale, or who is authorized to invite proposals for furnishing labor or supplies, is the one upon whom devolves the duty of determining whether an emergency exists warranting the designation of a period less than 10 days for the publication of the advertisement. No officer will authorize the publication of an advertisement beyond the morning of the day on which the sale or opening of bids is to occur, and no payments will be made for continuing such publication beyond the period authorized.

504. Officers will observe conciseness in wording advertisements, and the matter, including the heading and the name and title of the signing officer, must be set up close in one paragraph, without dash or blank lines, leading or display, and in type no larger than that ordinarily used in advertisements. At offices and depots where proposals are frequently invited it is not necessary to publish in each case the conditions usually imposed upon bidders and contractors; a statement that they will be furnished on application will suffice. The following is a sample of advertisement set up in accordance with these requirements:

PROPOSALS FOR FIRE HOSE.—Office of Building for State, War, and Navy Departments, Washington, D. C., Nov. 5, 1887.—Sealed proposals for furnishing and delivering unlined Linen Hose, Coupling, and Pipes, for west and center wings of building for State, War, and Navy Departments, in this city, will be received here until 12 m., Nov. 7, 1887, and then opened. Information furnished on application. Envelopes containing proposals should be indorsed "Proposals for Fire Hose," and addressed THOS. LINCOLN CASEY, Col., Engrs.

Advertisements for quartermaster's supplies will conform to the requirements of section 3716, Revised Statutes.

505. Newspapers officially designated for publishing War Department and Army advertisements are required to forward to the Assistant and Chief Clerk of the War Department sworn statements of the commercial rates charged by them to individuals, with their usual discounts, and of any changes made in the same, except that in cases originating in the jurisdiction of a department commander such sworn statements will be forwarded to the department commander concerned. These statements will give the size of type used in the advertisements and show whether the charges are made by the inch, line, square, or folio, the rate for the first and subsequent insertions, and if by the square or folio, the number of lines or words constituting a square or folio. Fractional parts of an inch, square, or folio will be paid for at proportionate rates. Line rates

are preferred, as they offer fewer opportunities for mistakes and misunderstandings in the settlement of bills.

506. Vouchers covering bills for advertising in newspapers must, prior to payment, be submitted to the Assistant and Chief Clerk of the War Department, except that in cases originating in the jurisdiction of a department commander they will be submitted to the department commander for his approval before payment. They will be prepared upon the prescribed forms and forwarded in accordance with the instructions printed thereon.

507. Accounts presented to officers for advertisements which they did not order, but which are shown to have been ordered by the Secretary of War to be published in the newspaper presenting the accounts for payment, will be prepared upon the official forms and transmitted to the Assistant and Chief Clerk of the War Department in the same manner as other accounts for advertising, except that in cases originating in the jurisdiction of a department commander such accounts will be forwarded to the department commander concerned. The following form of certificate will be used in such cases:

I certify that the annexed advertisement was cut from the newspaper named in the above account, and that it was inserted in that newspaper for the period stated.

Claims of publishers of official newspapers for advertisements copied from other papers without authority from the Secretary of War will not be paid.

508. In the event of an officer's death or removal, the outstanding bills for advertisements pertaining to his office will be prepared, certified, and forwarded by his successor, who is authorized to vary the form to correspond to the facts. Officers changing stations will leave with their successors complete records relative to unsettled accounts for advertising.

509. The heads of bureaus of the War Department and department commanders will furnish officers charged with the publication of advertisements the necessary blanks for compliance with these regulations.

JOB PRINTING.

510. The printing required at the several department, brigade, and district headquarters will be executed under contract, 30 days' notice, when practicable, being given of the opening of proposals. Bids will be invited and contracts made in accordance with the form of proposal and circular of instructions furnished by the Chief of the Quartermaster Corps. The period of the contract will not extend beyond the end of the fiscal year in which made, and the contract will be submitted to the department commander concerned for approval.

511. Vouchers covering bills for printing for department, brigade, and district headquarters and for printing done in foreign countries near the Philippine Islands will, prior to payment, be submitted for approval to the department commander concerned. They will be made out on the prescribed forms and forwarded in accordance with instructions printed thereon.

512. Printed letter and note heads for department, brigade, and district headquarters will contain the designation of the headquarters; the office to which the correspondence pertains; post-office address; blank date; on left margin the words "From," "To," and "Subject"; margin marks; and in the upper left corner a brief request for reference to the file number in making reply. Those for posts, regiments, and schools of instruction will contain the designation of the post, regiment, or school; post-office address; blank date; on left margin the words "From," "To," and "Subject"; margin marks; and in the upper left corner a brief request for reference to the file number in making reply. Names of officers or other persons, telephone numbers, or any other printing

except such as described above, will not be printed on letter or note heads for use in any branch of the military service without prior authority therefor in writing from the Secretary of War.

513. Necessary printing not covered by contracts will, as far as practicable, be secured after competition, or under written proposal and acceptance, awards being made to the lowest responsible bidders. These agreements and all vouchers covering the service will, prior to payment, be submitted to the Assistant and Chief Clerk of the War Department, except that in cases originating in the jurisdiction of a department commander they will be forwarded to the department commander concerned for approval.

514. Officers, as a rule, will obtain all blank forms, blank books, etc., by requisition upon the heads of the proper staff departments. Department commanders will furnish to officers in their jurisdiction, charged with the securing of job printing, the necessary blanks for compliance with these regulations.

ARTICLE L.

PURCHASE OF SUPPLIES AND ENGAGEMENT OF SERVICES.

GENERAL PROVISIONS.

515. No contract or purchase on behalf of the United States will be made unless it is authorized by law, or is made under an appropriation adequate to its fulfilment, except for clothing, subsistence, forage, fuel, quarters, transportation, or medical and hospital supplies, which, however, will not exceed the necessities of the current year. No officer of the United States will accept voluntary service for the Government or employ personal service in excess of that authorized by law, except in case of sudden emergency involving loss of human life or the destruction of property.

516. The labor of troops or Government employees, or Government means of transportation, will not be used to enable contractors to fulfill contracts, except in cases of manifest necessity, and then only on the written authority of the proper commander. Full deduction will be made for Government services when rendered.

517. Articles of foreign production or manufacture for the service of the United States will not be purchased abroad for importation without special authority from the Secretary of War.

518. Articles of domestic production or manufacture will be preferred to those of foreign origin, cost and quality being equal.

519. Supplies and services not personal, required for the use of the Army, will be procured where they can be purchased the cheapest, quality and cost of transportation and the interests of the Government considered. Except as indicated in paragraph 551, and in the special regulations of the several staff departments, they will be procured only after public notice inviting proposals for the same.

Whoever works personally as a servant of the Government renders personal service under the meaning of section 3709 of the Revised Statutes. Personal services may be either skilled or unskilled; may be rendered pursuant to informal agreement or contract, by individuals or firms, or their agents; but all consideration of material is excluded.

520. An officer charged with the duty of making a contract or purchase is responsible under the laws and regulations for his action. Permission or orders to make a contract or purchase without inviting competition will not justify the procedure, and will not be given.

521. Officers or agents in the military service will not purchase supplies for the Government from any other person in the military service, nor contract with any such person to furnish supplies or service to the Government, except military publications and maps approved by the War Department for the official use of the Army and the Organized Militia, nor make any Government purchase or contract in which such person shall be admitted to share or receive benefit.

ADVERTISING FOR PROPOSALS.

522. In cases of large purchases a period of 30 or more days should intervene between date of first publication and of opening proposals. In small purchases from 7 to 30 days should intervene, and when the public exigency (constituting an emergency) does not permit 7 days to intervene, the period should be for as many days as the circumstances will permit. The existence of such emergency is to be determined by the officer upon whom the duty of making the purchase devolves. Advertising for proposals by newspapers, in according with Article XLIX, will be adopted when time permits, and the quantity or value of the purchase, or character of the services, in the opinion of the purchasing officer, will justify the expense. In such cases paragraph 503 governs as to the number of days to intervene between the first publication and the date of opening proposals. When notice of less than 30 days is given, advertising by circulars (sent to principal dealers in the localities where the supplies or services are desired, and posted in public places) is permissible. A purchasing officer may advertise by newspapers and circulars at the same time.

523. When advertisements or specifications thereunder do not announce fixed standards for articles required, they should be so worded as to permit bids to be considered item by item and awards to be made for the most suitable articles of each kind offered.

524. Whenever it is intended to require that guaranties or certified checks shall accompany proposals, that fact, the amount in which the guarantors are to justify, or, if certified checks are substituted for the guaranties, the amount required and the periods to be allowed after the award for the execution of contract papers and bonds will be stated in the advertisement or specifications.

525. Advertisements inviting proposals will ordinarily be issued by the officer who is to make the contract or purchase; in special cases, if competent authority so direct, they may be issued by any other officer.

526. A copy of each advertisement and specification will be promptly forwarded by the officer issuing it directly to the proper bureau of the War Department, together with all information required for a complete understanding of the necessity for the proposed contract or purchase, and in case of notice by circular there will be indorsed on it the names of persons to whom sent, and if issued for a period of less than seven days the reason why a longer period was not allowed will be stated. The forwarding of these notices at time of issuing may be dispensed with at the discretion of the chief of bureau to which the proposed contract or purchase pertains.

PROPOSALS.

527. Information in regard to supplies or services for which proposals have been invited will be furnished, on application, to all persons desiring it, but no person belonging to, or employed in, the military service will render assistance in the preparation of proposals.

528. Bidders for supplies will be informed of the kind, quantity, and quality of articles required, the place, time, and rate of delivery, and conditions of payment. They will be furnished with such specifications as have been adopted,

and will be permitted to examine the standard samples at the places where deposited.

529. Bidders for labor will be informed of the nature and extent of the services required, where they are to be performed, and the time allowed for performance. They will be furnished with or allowed to examine plans and specifications of all works upon which they desire to bid, and in general will be furnished with any information needed to enable them to act understandingly.

530. No person will be informed, directly or indirectly, of the name of anyone intending to bid or not to bid, or to whom information in respect to proposals has been given.

531. Proposals should be prepared in duplicate, or in triplicate if required, in strict accordance with the requirements of the advertisement or specifications. They should make specific reference to the advertisement and to any plans or specifications which may have been furnished. Each proposal should give the place of residence and post-office address of the bidder, with county, State, or Territory, and should be signed by the bidder with his usual signature in full.

532. A proposal by a person who affixes to his signature the word "president," "secretary," "agent," or other designation, without disclosing his principal, is the proposal of the individual. Proposals by a corporation should be signed with the name of the corporation, followed by the signature of the president, secretary, or other person authorized to bind it in the matter, who should file evidence of his authority to do so. Proposals by a firm should be signed with the firm name by one of the members of the firm. If the signature to a proposal is that of an officer, attorney, or agent of the corporation, or of an attorney or agent of a firm or individual, and his authority to act on behalf of his principal is not a matter of general notoriety in the locality where the proposals are opened, the officer who opens such proposals should, before considering the same, satisfy himself that the signer is vested with sufficient authority to represent his principal in the transaction.

533. In proposals numbers and prices will be written in words as well as expressed in figures; but when a great variety of articles, such as stationery, hardware, etc., is required, quantities and prices may, if the amounts involved are inconsiderable and the forms of proposals so indicate, be expressed in figures only. It will be sufficient, if specifications are referred to and are declared to form part of the proposal.

534. Erasures or interlineations should be explained by the bidder, in the proposal, over his signature.

535. Guaranties, signed by two responsible parties, or by a qualified surety company, will be required to accompany proposals whenever, in the opinion of the officer authorized to make the contract, they are necessary to protect the public interest, and when so required, no proposal unaccompanied by a guaranty, made in manner and form as directed in the advertisement or specifications, will be considered. At the option of bidders certified checks for the amount of the guaranty required may be received in place of the written guaranty. These checks will be kept in a secure place, and will be returned to bidders by the purchasing officer when no longer required to protect the interests of the Government.

536. The guaranty will be in duplicate, or in triplicate if required, and will be made out and executed with the necessary justification, in accordance with blank forms furnished by chiefs of bureaus. The certificate of sufficiency of guarantors will be executed in the manner prescribed in paragraph 578.

537. Proposals, with their guaranties, will be securely sealed in suitable envelopes indorsed and addressed as required by the advertisement, and must be in the possession of the officer addressed before the hour appointed for the opening. No responsibility will attach to an officer for the premature opening of any proposal not so indorsed as to clearly show its character.

538. When an advertisement calls for proposals to furnish labor or supplies at more than one place, a separate proposal will be made for performance at each place, but all may be submitted in the same envelope.

539. Proposals received prior to the time of opening will be securely kept. The officer whose duty it is to open them will decide when that time has arrived. No proposal received thereafter will be considered, except that when a proposal arrives by mail after the time fixed for the opening, but before the award is made, and it is clearly shown that the nonarrival on time was due solely to delay in the mails for which the bidder was not responsible, such proposal will be received and considered.

540. Before the time for opening any bidder may, without prejudice, withdraw from competition by giving written notice of his decision to the officer holding his bid, and when his bid is reached at the opening it will be returned to him or his authorized agent unread.

541. Proposals will be opened and read aloud at the time and place appointed for the opening (bidders having the right to be present), and each proposal will then and there be numbered and entered on an abstract, the articles being entered, after the reading of all proposals, and with the least practicable delay, in the order in which they are to appear on the returns. Articles to be procured by contract will be abstracted separately from those to be procured on written acceptance. If the number of proposals is large, those relating to specific articles or classes of articles may be entered on separate abstracts. The number of each proposal, with the quantities and prices of articles offered and dates of delivery, will appear in the proper columns, and a copy of the advertisement or notice under which the proposals are received, with a copy of the specifications, if any, will be attached to the upper left-hand corner of the abstract. When two or more sheets are used for the abstract, they will be properly fastened together and paged on the upper right-hand corner.

542. Proposals will be separately folded and numbered as vouchers to the abstract. They will not be fastened together nor to contracts, except to the copy required to be sent to the Returns Office of the Department of the Interior.

543. When proposals are received at a post, unless by an officer authorized to make the award, as in cases involving small expenditures, they and the abstract will be forwarded to department headquarters, with the recommendations of the receiving officer and the post commander as to the person to whom the award should be made. When a purchasing officer, acting under the direct supervision of a chief of bureau, has invited and received proposals, he will make the award and execute the necessary papers, unless otherwise directed by the chief of bureau.

AWARD.

544. When proposals for supplies for the general service of a department are received at its headquarters, the chief officer of that branch of the staff to which they pertain will submit them to the department commander, and, under his supervision, will make the award and execute the necessary papers unless under existing orders, the action of higher authority is necessary.

545. Except in rare cases, when the United States elects to exercise the right to reject proposals, awards will be made to the lowest responsible bidder,

provided that his bid is reasonable and that it is in the interest of the Government to accept it.

546. Slight failures on the part of a bidder to comply strictly with the terms of an advertisement should not necessarily lead to the rejection of his bid, but the interests of the Government will be fully considered in making the award.

547. When no guaranty is required, bidders must, if called upon by the awarding officer, furnish satisfactory evidence, before the award is made, of their ability to carry their proposals into effect.

548. The accepted quantity and price will be noted on the abstract of proposals in the column of "Remarks," opposite the name of the bidder. If a bid is rejected and one at a higher price accepted, the reason for the rejection will be written in the column of remarks. When contracts are made, the fact will be stated in the abstract.

ABSTRACTS OF PROPOSALS.

549. Abstracts and duplicate numbers of proposals will be forwarded to the proper bureaus of the War Department when specially directed by the heads of such bureaus or required by the regulations thereof.

FORMS OF AGREEMENT.

550. A purchase of supplies or engagement of services will be made:

1. By contract, "reduced to writing and signed by the contracting parties with their names at the end thereof." Agreements of this character only are termed "contracts" in these regulations. This method will, subject to such exceptions as may be authorized by regulations of particular staff departments, be used when delivery or performance does not immediately follow an award or bargain.

2. By written proposal and written acceptance. This method may be resorted to when delivery or performance immediately follows award or bargain or when specifically authorized by the regulations of the staff department concerned.

3. By oral agreement. This method may be used under circumstances indicated in paragraph 551, if delivery or performance immediately follow the agreement.

551. An open-market purchase of supplies or engagement of services is one made without advertising, and is authorized in the following cases:

1. In an emergency, as when the public exigencies require immediate delivery or performance and there is no time to advertise by newspapers, posters, or circulars.

2. When it is impracticable to secure competition.

3. When proposals have been invited and none have been received.

4. When proposals are above the market price or otherwise unreasonable.

5. When exceptional articles of subsistence stores are purchased.

6. When the aggregate amount of supplies or services to be procured is less than \$500, as authorized by the act of Congress approved June 12, 1906.

552. Before making a purchase in open market the officer will inform himself concerning prevailing prices by inquiry among principal dealers in his locality.

553. Open purchases for the military service on or near an Indian reservation will be made as far as practicable from the Indians, under the conditions set forth in paragraph 478, when fair and reasonable rates, not exceeding the market prices in the locality, can be obtained.

554. Every open-market procurement of supplies or services not personal, from appropriations other than those for rivers and harbors and fortifications under the Engineer Department, exceeding \$100 in amount will be reported on the prescribed blank form, in accordance with instructions thereon, to the proper chief of bureau, who will submit such reports to the Secretary of War.

CONTRACTS.

555. Contracts will be made on forms furnished by the chiefs of bureaus, in cases where such forms are applicable, and those forms will be modified only to such extent as is necessary. When modifications are made they must be fully explained over the signatures of the contracting parties. All conditions of the contract will be stated therein as fully and clearly as possible.

556. Contracts will be made in the name of, and will be signed by, the officer designated by the chief of bureau to which the contracts pertain. They will not be made at posts unless ordered by superior authority, and they will not be so ordered unless the stores or services required, of proper quality or kind, can be procured as cheaply there as elsewhere.

557. At territorial department headquarters contracts may be made by the department quartermaster for purchasing fuel, forage, fresh meat, ice, fresh vegetables, and other subsistence stores designated by proper authority and for the engagement of Class I nonpersonal services, such as telephones, water, gas, electric current, shoeing animals, rentals, furnishing towels, laundering, wagon transportation, drayage, hauling, ferry service, stevedoring, scavenger service, removing ashes and waste, disposal of garbage and sewage, and printing as per paragraph 510, and also for repairs of means of transportation, after authority for the contracts has been granted by the War Department, subject to the approval of the commanding general of the territorial department. The contracts will be submitted by the department quartermaster to the commanding general of the department for approval, accompanied by the abstract required by paragraph 541, when bids have been invited, and the commanding general will, before approval, subject them to careful scrutiny and exercise the intervening authority conferred by paragraph 751. For the Philippine and Hawaiian Departments the same method of approval is extended so as to apply to all contracts made by the Quartermaster Corps in the Philippine Islands and Hawaii Territory for supplies and for services other than personal, designated by proper authority for the Army in those departments. This approval by commanding generals of departments is subject to the proviso that the annual apportionments made to territorial departments for these services will not be exceeded.

558. Purchasing officers of the several staff corps and departments, who are under the direct supervision of the chiefs of their respective bureaus, are authorized to make contracts for the purchase of supplies and for rendering services other than personal, without the approval of the chief of bureau, in such specific cases as may be designated by the chief of bureau.

559. When a contract is entered into with a partnership, the individual names of the partners should be given in the body of the instrument, with the recitation that they are partners composing a firm, which should be named. The contract may be signed in the name of the partnership by one of the partners, who will append his own signature as one of the firm.

A contract with a partnership doing business in the Philippine Islands through a local representative or agent may be executed in the name of the firm by such local representative or agent, in which case the contracting officer will file with the contract a properly certified copy of the power of attorney

showing the authority of such representative or agent, or will certify on the contract that he has satisfied himself of the signer's authority to bind the firm and has waived the requirement as to furnishing evidence of such authority.

560. A contract of a corporation should have the name of the corporation written in the body of the instrument, as one of the parties thereto, and should be signed by the officer or person who has been authorized to contract in its behalf, who should sign the corporate name and his own. The contracting officer will, in all cases, satisfy himself that the signer has authority to bind the corporation, and will either require from him satisfactory evidence thereof, and file the same with the contract, or will certify on the contract that he has satisfied himself of the signer's authority and has waived this requirement. If evidence be filed with the contract, it should consist of extracts from the articles of incorporation, the by-laws, or the minutes of the board of directors, duly certified by the custodian of such records under the corporate seal (if there be one), showing the signer to be properly vested with authority to bind the corporation.

561. All contracts will be executed in triplicate. One number is for the Auditor for the War Department, one for the head of the bureau to which the contract pertains, and one for the contractor. Two copies will be made, one for the contracting officer, and the other for the Returns Office of the Department of the Interior.

562. The three numbers of the contract will be forwarded to the head of the proper bureau for examination and for approval, if such approval is required. Should any illegality be discovered, it will be submitted to the Secretary of War.

563. The copy of the contract for the Returns Office of the Department of the Interior will be transmitted directly thereto by the officer who signs the contract, as soon as possible after the contract has been made and approved, and within 30 days after approval, together with one original of all bids, offers, and proposals made by persons to obtain the contract, and by a copy of the advertisement; all of which will be fastened together with a ribbon and seal, and numbered in regular order, with the affidavit of the contracting officer appended in the following form:

I do solemnly swear that the copy of contract hereto annexed is an exact copy of a contract made by me personally with _____; that I made the same fairly, without any benefit or advantage to myself, or allowing any such benefit or advantage corruptly to the said _____ or any other person; and that the papers accompanying include all those relating to the said contract, as required by the statute in such case made and provided. _____

[SEAL.]

Subscribed and duly sworn to before me this — day of _____, 19—.

When the copy of contract for the Returns Office can not be forwarded within the period of 30 days, as required by the statute, the contracting officer should transmit the same, with an explanation of the causes of delay, directly to the chief of bureau or other officer who approved said contract. This copy will then be forwarded by such officer to the Returns Office, with a notation of his views as to whether or not the reasons set forth for the delay by the contracting officer are satisfactory.

564. The number of the contract for the Auditor for the War Department will be sent to him by the head of the bureau to which the contract pertains, and in case of a purchase made by an officer of the Quartermaster Corps after public notice of seven days or more, this number must be accompanied by a copy of the advertisement, a certificate of the contracting officer as to the time

and manner of its publication, and his certificate that the award was made to the lowest responsible bidder for the best and most suitable article.

565. All papers relating to or affecting the performance of any contract will finally be transmitted to the bureau of the War Department to which the contract pertains, except as provided in paragraph 705.

MARKING SUPPLIES BY CONTRACTORS.

566. Contractors furnishing supplies will mark and distinguish them with their names and with such other designations as shall be directed by the purchasing officer.

ARTICLE LI.

BONDS OF DISBURSING OFFICERS, BIDDERS, AND CONTRACTORS.

567. Disbursing officers of the Quartermaster Corps, before entering upon the duties of their respective offices, will give bonds as required by law. Chiefs of bureaus will see that such bonds are examined as to sufficiency of sureties at least once in two years, and renewed once in four years, or more frequently if necessary.

568. Sureties to bonds given by disbursing officers will be bound jointly and severally for the whole amount expressed therein, and must satisfy the Secretary of War that they are worth, jointly, double such amount, each surety making affidavit that he is worth that sum over and above his debts and liabilities, and stating in the affidavit his place of residence.

569. Bonds for the faithful performance of contracts for supplies or service will be required when the consideration is \$5,000 or more and the contract can not be fully performed within 60 days from its date.

Bonds may be exacted or, in the discretion of the chiefs of bureaus concerned, waived in all other cases, except that bonds required under paragraph 572 will not be waived.

The amount of penalty in a contractor's bond will be fixed by the contracting officer, and will not be less than one-tenth nor more than the full amount of the consideration of the contract; except that the penalty of bonds required under the provisions of paragraph 572 will not be less than 50 per cent of the consideration of the contract.

570. When bonds for the faithful performance of contracts are exacted they will be made and executed with the necessary justification and certification of sufficiency of sureties, in accordance with the instructions printed on the blank forms of contractors' bonds furnished by the chiefs of bureaus. Such bonds must be executed by the contractor as principal and by a surety company or by at least two sufficient and responsible persons, who must be citizens of the United States, as sureties. Each must affix his signature and seal, and each signature must be attested by at least one witness. When practicable there will be a separate witness to each signature. Sureties to bonds executed in any foreign country, or in the Philippine Islands, Porto Rico, or Hawaii, for the performance of contracts entered into in those places, need not be citizens of the United States.

571. Contractors' bonds will be executed in duplicate, one to accompany the number of the contract which is sent to the Auditor for the War Department, and the other forwarded to the head of the bureau to which the contract pertains.

572. When a contract is entered into for the construction of any public building, or the prosecution and completion of any public work, or for repairs on any public building or public work, the contractor or contractors will be

required, before entering upon performance of the same, to include in the bond given for the faithful performance of the contract the further obligation that he or they will promptly make payments to all persons who supply him or them with labor or materials for the prosecution of the work provided for in such contract. If no suit should be brought by the United States within six months from the completion and final settlement of said contract, then the person or persons supplying the contractor or contractors with labor or materials will be furnished with a copy of the contract and bond upon his or their application to the War Department, accompanied by an affidavit that the labor or materials have been supplied by him or them and have not been paid for by the contractor or contractors.

573. A company duly incorporated under the laws of the United States, or of any State, and legally authorized to guarantee bonds, may be accepted as surety, subject to the limitations prescribed in paragraphs 575, 576, and 577. Lists of such surety companies as have conformed to the requirements of law and these regulations will be furnished by the chiefs of staff bureaus concerned to disbursing and contracting officers, who will apply directly to the chiefs of their respective bureaus for the necessary copies. A firm, as such, will not be accepted as surety, nor a partner for a copartner or firm of which he is a member. Stockholders who are not officers of a corporation may be accepted as sureties for such corporation.

574. When the principal of the bond is a corporation, a copy of the record of the selection of the officers executing the bond in its behalf, and a copy of the by-law or other record of the proceedings of the governing body of the corporation, showing their authority to execute the same, will be attached to the bond; these copies to be certified by the custodian of such records, under the seal of the corporation, to be correct copies.

575. Before a corporation will be accepted as surety it must obtain authority in writing from the Secretary of the Treasury to do business under the act of August 13, 1894, as amended by the act of March 23, 1910, and before it will be accepted as surety on the bond of a principal residing in a State or Territory other than the one in which incorporated it must comply with the requirements of section 2 of said amended act as to the appointment, etc., of an agent on whom process may be served. The certificate of the Treasury Department will be accepted as to the qualification of surety companies in both respects.

576. Where a corporation is surety on a bond, there must be attached to the bond or filed in the War Department proper evidence of the authority of the person or persons executing the bond in its behalf. The required evidence is a copy of the record of their selection or appointment in the character assumed, together with a copy of the by-laws or other record covering their authority; these copies to be duly certified by the custodian of such records, under the corporate seal, to be correct copies. Where the authority is conferred by a resolution which names the person or persons vested therewith, no other evidence is required; but the copy of the record of the resolution must include a copy of the record of its adoption.

577. 1. No surety company shall be accepted under the provisions of the act of Congress approved August 13, 1894, as sole surety on any recognizance, stipulation, bond, or undertaking under the War Department for an amount greater than 10 per cent of its paid-up capital and surplus.

2. No such company shall be accepted as surety on any recognizance, stipulation, bond, or undertaking under the War Department which shall execute any such obligation, on behalf of any individual, firm, association, or corporation, for an amount greater than 10 per cent of its paid-up capital and surplus, unless

such company shall be secured as to such excess to the satisfaction of the Secretary of War, by reinsurance, or by deposit with such company in pledge or conveyance to it in trust, for its security or indemnity, of property equal in value to such excess; or, if such bond is executed in behalf or on account of a fiduciary holding property in a trust capacity, the liability thereon in excess of 10 per cent of the paid-up capital and surplus shall be secured by such deposit or other disposition of a suitable and sufficient portion of the estate so held that no sale, mortgage, pledge, or other disposition can be made thereof without such company's approval: *Provided further*, That such portion of any such bond which shall have been reinsured by said company in another surety, trust, or guaranty company or companies, authorized to do business under the act of Congress of August 13, 1894, shall be deducted from the penal sum of such bond in determining the limitation of risk prescribed herein, if the same is within the 10 per cent limit of said reinsuring company or companies.

3. Two or more companies may be accepted as sureties upon any recognizance, stipulation, bond, or undertaking under the War Department, the penalty of which does not exceed 10 per cent of their aggregate paid-up capital and surplus, but in all cases the sureties must, where the law requires it, execute such obligation jointly and severally.

4. The amount of paid-up capital and surplus of such companies shall be determined by the quarterly financial statements filed with the Secretary of the Treasury pursuant to section 4 of the act hereinbefore referred to, after copies of such statements have been filed in the War Department.

5. If the amount of said capital and surplus shall at any time during the intervals between the dates of the rendition of such statements, as required by law, become less than the amount determined in the statement last filed, then every such company shall file, within 10 days after such diminution of its capital and surplus, a condensed statement, sworn to by one of its principal officers at the home office, showing the nature and extent of such diminution, and the amount of such capital and surplus remaining shall be the basis for risks until the rendition of the next quarterly statement.

6. Every such company shall file in the War Department, during the months of January, April, July, and October of each year, a report giving an itemized statement of all recognizances, stipulations, bonds, or undertakings which such company shall have executed during the previous three months in excess of 10 per cent of its paid-up capital and surplus, showing the character and penalty of such obligations, the nature and amount of indemnity, collateral, or reinsurance thereon, and such other information in regard thereto as may be required.

7. Any violation of the provisions of this order or failure on the part of any company to comply promptly with its requirements will be considered ground for refusing thereafter to accept such company as surety upon any recognizance, stipulation, bond, or undertaking under the War Department, and for recommending to the Secretary of the Treasury that the authority of such company to do business under the act hereinbefore referred to be revoked.

578. The sureties, if individuals, must jointly justify in double the amount of the penalty. The affidavit of justification must be taken before a person authorized by the laws of the United States, State, Territory, or District to administer oaths. Justification will be followed by the certificate of a judge or clerk of a United States court, a United States district attorney, a United States commissioner, or a judge or clerk of a State court of record, with the seal of said court attached, that the sureties are known to him, and that, to the best of his knowledge and belief, each is worth, over and above all debts and liabilities, the sum stated in his affidavit of justification. If found necessary,

separate certificates may be furnished as to each surety. The affidavits of justification of sureties to contractors' bonds executed in any foreign country, or in the Philippine Islands, Porto Rico, or Hawaii, may be taken before a notary or any other officer having a seal and who by the laws of the place is authorized to administer such oaths, the official seal of the notary or other officer to be affixed. The certification of sufficiency of such sureties may be made by a United States consul, if any, by a notary, or by the judge or clerk of any court in such place having a seal, the official seal of the officer or court to be affixed. The regular blank forms of bonds when used as above will be modified accordingly and the changes will be fully explained over the signatures and seals of all parties to the bond.

579. A guarantor, or the guarantors, to a bidder's guaranty may be accepted as surety, or sureties, to the bond of the same person as contractor, provided such guarantor or guarantors are able to justify as required for the bond.

580. The principal and surety must sign and seal the bond. The corporate seal of the corporation must be affixed to the bond by some person duly authorized, who must also affix the name of the corporation to it, followed by his own signature and official designation written after the word "by." The names and places of business of the principal and surety must be written in the body of the bond.

581. In case of financial embarrassment, failure, or other disqualifying cause on the part of the surety to a bond, the Secretary of War will require the bond to be renewed to his satisfaction, upon notification to the principal. Official bonds may not be renewed at the will of the principal or surety, but only by direction of the Secretary, and the substitution of one corporate company for another as surety on a bond will not be permitted except by direction of the Secretary, or after the bond has run for a period of four years, when a renewal thereof is required by law.

ARTICLE LII.

MONEY ACCOUNTABILITY.

PUBLIC MONEYS.

582. The use of moneys for purposes other than those for which appropriated, liquidation of liabilities of one fiscal year by use of moneys appropriated for another, and expenditures in a fiscal year of any sum in excess of appropriations for that year, or involving the Government in any contract for future payment of money in excess of appropriations, except as authorized by paragraph 515, are prohibited.

583. Chiefs of bureaus will see that funds in the hands of a disbursing officer are limited to his requirements for a brief period.

DISBURSING OFFICERS.

584. When an officer disburses money in different capacities, his deposits and accounts will be kept distinct, according to the bureaus to which they pertain.

585. Disbursing officers will not pay an account until it is due. In cases of contracts for the performance of service or delivery of articles, payment will not exceed the value of services rendered or articles actually delivered.

586. Public money, subject to disbursement, coming into the hands of an officer from any source will be promptly placed by him to his credit with the Treasurer of the United States, or else transferred to a disbursing officer of

that branch of the public service to which the money pertains. Exceptions to this rule are allowed in the cases and to the extent authorized by paragraph 587, and in cases where an officer, when stationed on the extreme frontier or at a place far remote from depositaries, has been specially authorized by the Secretary of War to keep at his own risk such money as may be intrusted to him for disbursement. Money in hand, subject to disbursement, may be disbursed at once without being placed in depositaries if a payment is due.

587. Recruiting officers and officers doing quartermaster duty at posts or independent stations are authorized to keep on hand, at their own risk, moneys pertaining to the appropriation "Subsistence of the Army" in such restricted amounts as may be necessary for facilitating payments of small amounts to public creditors.

When it becomes necessary to draw a check for obtaining subsistence funds to be kept in personal possession, the officer will draw it in his own favor and enter under the heading thereon, "Object for which drawn," or "On account of," the following: "To hold funds in personal possession under A. R. 587." Such checks will not be stated to be for "payments under \$20."

588. A disbursing officer who ceases to act as such will inform the Secretary of the Treasury at once what checks drawn against the public funds to his credit, if any, are still outstanding and unpaid. He will also comply with the requirements of paragraphs 630 and 902.

589. The accounts of a bonded disbursing officer must be kept separately under each bond except when the second bond is cumulative, in which case the accounts will be stated under both bonds. When a new bond is given the officer will close his accounts under the former bond and will deposit to the credit of the Treasurer of the United States, or transfer to a bonded officer of the same department who is authorized by law to handle the same class of funds, any unexpended balance before an advance is made under the new bond, in order that the liability of the sureties on the respective bonds may be definitely fixed. In all cases where a transfer is made to a bonded officer there must be an actual transfer of funds and not a mere paper transaction. The date of the bond of a disbursing officer is the date on which it is approved by the Secretary of War, and such date is to appear on all requisitions for funds issued under such bond and also on the account current on which such funds are accounted for.

590. All amounts of money held at the end of each fiscal year by the Treasurer, an assistant treasurer, or a designated depositary, credited to a disbursing officer whose account has remained unchanged, either by deposit or payment, for the space of three years, shall be covered into the Treasury, to be placed to the credit of such officer, if it be found that he is entitled to the credit.

591. No officer disbursing money for the military service, or directing the disbursement thereof, shall be concerned individually, directly or indirectly, in the purchase or sale of any article intended for, used by, or pertaining to the department of the public service in which he is engaged.

592. No officer or clerk of a disbursing officer shall be interested in the purchase of any soldier's certificate of pay due, or any other claim against the United States.

593. If any disbursing officer shall bet at cards or any game of hazard, his commanding officer will suspend his functions, require him to turn over all public funds in his keeping, and will immediately report the case to the proper bureau of the War Department. He will also report the case to the department commander, who will at once convene a court-martial for the trial of the officer.

594. Every disbursing officer, in opening his first account and before issuing any checks, will furnish the depositary on whom the checks are to be drawn with his official signature, duly verified by some officer whose signature is known to the depositary.

595. For every Treasury draft received by a depositary to be placed to the official credit of a disbursing officer, and for every deposit of funds made by the officer to his official credit, subject to payment of his checks, a receipt, numbered in serial order, and giving the place and date of issue, will be furnished him by the depositary, setting forth the character of the funds, i. e., whether coin or currency. If the credit is made by a disbursing officer's check transferring funds, the essential items of the check will be enumerated, and if by a Treasury draft, the warrant number. The title of the officer will be expressed, and the title of the account will also show for what branch of the public service it is kept. The receipt, called "a disbursing officer's receipt," will be retained by the officer in whose favor it is made.

596. An officer is not authorized to insure public money or property, and he will not be allowed credit for any expense paid for the collection of money on checks, except as provided in paragraph 1100 for military attachés serving abroad.

TRANSFERS.

597. Public funds will, as a rule, be transferred as follows: The officer making the transfer will draw his check directing the depositary to place a stated amount to the official credit of the officer named on the check. The check will be sent to the depositary and not to the officer in whose favor it is drawn. If it is necessary that the officer to whom the funds are transferred shall receive them without delay, the transferring officer may draw his check and transmit it directly to the payee. In either case an invoice will be sent to the receiving officer, but no receipt will be given by him except for cash transfers.

598. Funds will not be transferred from one appropriation for the use of another by borrowing or otherwise, except as authorized by law.

CHECKS.

599. A disbursing officer may draw his check in favor of himself (1) to make payments of amounts not exceeding \$20; (2) to make payments at a distance from a depositary; or (3) to make payments of fixed salaries due at a certain period. In the first and last named cases the check will be drawn not more than two days before the payments become due. In all other cases the checks will be drawn only in favor of the persons, firms, or corporations, by name, to whom the payments are to be made.

600. On the face of each check that he draws a disbursing officer will state his address, the object of the expenditure, the number or other necessary description of the voucher, and, in case of payment to an officer, enlisted man, or civilian employee, the period for which the payment is made. Such statements will be brief, but clear, as, for instance, "pay," "pay roll," or "payment of troops," adding the post or station; "purchase of subsistence," or of other supplies, naming them; "on contract for construction," mentioning the fortification or other public work for which the payment is made; "payments under \$20." Payment is refused on all checks where regulations are not complied with, and report of the fact is made to the Treasury Department. In writing checks on the protective surface-tinted blanks furnished by the Treasury De-

partment the ordinary typewriter with plain type, or rubber stamps, may be used. Only typewriter record ribbons, writing black or blue, the ink of which must be heavy and of the most permanent nature, or stamp pads inked with a permanent black ink, shall be used for the purpose, so as to secure clear, well-linked impressions which can not be easily erased without removing the protective surface-tinting at the same time. The data on the check stub or register of checks issued will be the same as on the check to which it relates.

601. Officers serving in and disbursing funds pertaining to more than one staff department, and officers assigned to duty in any of the staff departments, in issuing checks, will confine the designation of their official capacity to their rank and the particular staff department on account of which the checks are drawn.

602. Whenever an original check of a disbursing officer is lost, stolen, or destroyed, the owner will file with the disbursing officer an affidavit explaining the loss and an indemnity bond prescribed by the Treasury Department. Upon these papers a duplicate check may be issued after the expiration of six months and within three years from the date of issue of the original, and such duplicate check, with the affidavit and bond, will be forwarded to the Secretary of the Treasury for approval; provided that when the amount does not exceed \$50 the duplicate check may be issued at any time after the expiration of 30 days and within three years from the date of the original. In case the disbursing officer who issued the original check is no longer in the service, the notice and proof of loss and the indemnity bond will be sent to the Secretary of the Treasury, and it becomes the duty of the proper accounting officer, under section 3647, Revised Statutes, to state an account in favor of the owner of the lost check and to charge the amount thereof to the account of the disbursing officer. Instructions for the execution and use of the affidavit and bond accompany the blank form furnished by the Treasury Department.

603. In case of death, resignation, or removal from active service of a disbursing officer, checks previously drawn by him will be paid from the funds to his credit, unless such checks were drawn more than four months before their presentation, or reasons exist for suspecting fraud. A check previously drawn by him and not presented for payment within four months of its date will not be paid until its correctness shall have been attested by the Comptroller of the Treasury or by his chief clerk.

604. A check drawn by a disbursing officer still in active service, presented before it shall have been issued three full fiscal years, will be paid in the usual manner by the office or bank on which it is drawn, and from funds to the credit of the drawer.

605. Upon receipt of the statement of his disbursing account for the month of June of each year, from the office or bank in which his funds are kept, each disbursing officer will immediately make a return to the Secretary of the Treasury, through the chief of his bureau, of all checks drawn by him which have been outstanding and unpaid for three full fiscal years on June 30 of that year, stating the number of each check, its date and amount; in whose favor, on what office or bank, and for what purpose drawn; the number of the voucher in payment of which it was drawn, and, if known, the address of the payee, and he will inclose in the return all checks described therein that may be in his possession.

606. At the close of each fiscal year all amounts remaining to the credit of a disbursing officer, represented by checks or drafts drawn upon the Treasurer, an assistant treasurer, or any designated depositary, three or more years prior thereto, will be covered into the Treasury and there stand to the credit of the payees in an appropriation account denominated "outstanding liabilities."

607. A check which has been issued for a period longer than three full fiscal years will be paid only by the settlement of an account in the Treasury Department. For this purpose an officer who receives such a check will transmit it, through the proper channels, to the Secretary of the Treasury. If a check is lost, proof of ownership and loss and a bond of indemnity will be furnished.

OFFICIAL CHECK BOOKS.

608. Official check books are issued by the Treasurer of the United States directly to disbursing officers who have public money on deposit with him. Rules for issue, transfer, etc., of these check books accompany each book. In making payments only official checks will be used.

609. Every disbursing officer or agent shall retain with his official records the stubs or register of checks issued by him. Should a disbursing officer or agent make an erasure or alteration on any of his checks, however slight, he shall certify to the correctness of such erasure or alteration on the upper margin of such check.

The greatest care will be exercised in the custody of blank checks. They will be kept under lock and key when not in use. No disbursing officer will issue a check on the Treasurer of the United States until after he shall have ascertained from said Treasurer his individual numerical symbol, which shall be printed, stamped, or written in the lower right-hand corner of each check.

610. Spoiled or canceled official checks shall be sent quarterly by each disbursing officer directly to the Auditor for the War Department. A record of the dates of both cancellation and transmission will be entered on the stub.

CERTIFICATES OF DEPOSIT.

611. Public moneys are transferred to the General Treasury by being deposited to the "credit of the Treasurer of the United States," either at the Treasurer's office, or at the office of one of the assistant treasurers, or at one of the designated depositories. All "miscellaneous receipts on account of proceeds of Government property" (paragraph 618) must be deposited; also, when required by chiefs of bureaus to which the funds pertain, the public moneys in the possession of or to the credit of disbursing officers or others. For each deposit made a "certificate of deposit" in duplicate will be given, showing the full name, rank, regiment, or corps of the depositor, and to what appropriation or fund the amount belongs, the depositor giving the necessary information when making the deposit.

612. The "originals" of all certificates of deposit are required by law to be forwarded by the depositories directly to the Secretary of the Treasury; the "duplicates" will be filed by the depositing officers with their retained papers. Immediately upon making a deposit to the credit of the Treasurer of the United States the depositing officer will notify the proper chief of bureau of the fact, stating the name of the depository, the amount, the appropriation to which the money pertains, when known, and whether the amount arose from proceeds of sales, or is a repayment of an unexpended balance, or a refundment on account of an error in the accounts or returns. The number of the certificate of deposit will also be stated if known, but the report will not be delayed for the purpose of obtaining such number. If the deposit is on account of the indebtedness of any person other than the depositing officer, the source from which the money was derived and the object of the payment will be distinctly stated and reference made to the vouchers, if any, to which the deposit pertains.

613. A disbursing officer of one staff department making stoppages on account of the funds or property of another staff department will, in the absence of special instructions to the contrary, deposit the funds so received, and not leave them to be transferred upon the settlement of his accounts at the Treasury.

614. Nothing in paragraphs 612, 613, and 615 will be construed to affect the existing system of depositing collections by quartermasters of the Army. Whenever an officer refunds money to the Government by payment to an Army quartermaster, duplicate descriptive receipts will be issued by the latter for the amount refunded.

The quartermaster, with the least practicable delay, will forward, without letter of transmittal, the original receipt directly to the Chief of the Quartermaster Corps and furnish the officer with the duplicate.

615. When a disbursing officer of the Army receives any moneys of the United States as the proceeds of sales, as miscellaneous receipts, or funds of like character, not available for disbursement, he will deposit, without delay, such funds to his official credit with an authorized depository or, if more convenient, to the credit of the Treasurer of the United States, at the nearest authorized depository. In the former case, at the close of the month in which such funds are received the total will be made the subject of one check issued by him in favor of the depository, and marked "for deposit to the credit of the Treasurer of the United States."

The disbursing officer will indorse on the back of the check issued for this purpose the title of the appropriations and the amount that pertains to each into which the several sums embraced in the deposit should be covered into the Treasury.

The number, date, name, location of the depository, and amount of the certificate of deposit will be noted on the account current upon which the depositor desires to be credited with the money deposited.

616. Certificates of deposit must be recorded in the proper bureaus of the War Department. The "originals," upon their receipt at the Treasury, are immediately forwarded to the Secretary of War, who refers them to the proper bureaus to which the deposits pertain for verification and designation of the appropriation.

PROCEEDS OF SALES.

617. Moneys received from authorized sales of property (except property, other than river and harbor, mentioned in paragraphs 679 and 680 and subsistence stores) will be deposited to the credit of the Treasurer of the United States, and respectively revert to the appropriations out of which originally expended. But the moneys arising from the authorized dispositions of serviceable ordnance and medical and hospital property and the sales of useless ordnance material are expended under conditions prescribed by law. Proceeds of sales of subsistence stores are immediately available for the purchase of fresh stores.

618. The proceeds of sales of all public property the disposition of which is not provided for by paragraph 617, after the expenses of sale have been deducted, will be deposited to the credit of the Treasurer of the United States as "Miscellaneous receipts on account of proceeds of Government property," for which certificates of deposit will issue, showing the name, rank, regiment, or corps of the depositor, the nature of the deposit, the kind of property, and the bureau to which it pertained.

619. The transfer of public property other than subsistence stores is not regarded as a sale. Vouchers for property so transferred will be sent through the chief of the bureau concerned to the proper accounting officer of the Treas-

ury Department for settlement, as prescribed in paragraph 671. If credit is received therefor the money may be used to replace the property transferred.

APPROPRIATIONS.

620. The fiscal year ends on June 30. The quarters of the fiscal year are as follows: First quarter, July 1 to September 30; second, October 1 to December 31; third, January 1 to March 31; fourth, April 1 to June 30.

621. Chiefs of bureaus, in notifying officers of remittances, will inform them of the amount remitted under each head of appropriation, giving the designation by fiscal years when necessary.

622. All accounts of a disbursing officer shall be rendered and stated in one consolidated account for each bureau under which he is disbursing, without regard to the number of appropriations or headings involved.

623. Money received and disbursed under the appropriation for contingent expenses of the Army will be accounted for by officers authorized to disburse it, on special accounts current, in which funds belonging to other appropriations will not be entered.

624. When an article purchased is not named in the appropriation act, the purpose for which it is intended determines the appropriation from which payment is made.

625. All public funds on hand at the close of a fiscal year, except those required to pay outstanding liabilities incurred during such year (a schedule of which will, if possible, accompany the last account current for the year), and except balances in cash in the hands of disbursing officers of the Quartermaster Corps in the Philippine Islands, Alaska, and in other places outside of the continental limits of the United States, who are located at points remote from depositaries, and appropriations not limited to any fiscal year or years, will be deposited to the credit of the Treasurer of the United States and the disbursing officer's account closed by a credit for such deposit. In case of funds in cash in the hands of disbursing officers of said corps who come within the foregoing exception, said officers will, at the close of business on the 30th day of June each year, or as soon thereafter as possible, inform the department quartermaster of the department in which they are serving, or, if not under the jurisdiction of a department quartermaster, inform the Chief of the Quartermaster Corps directly of the amount of cash in their hands in excess of what is needed to pay outstanding liabilities, and that they will credit and charge themselves on their accounts current for June and July, respectively, with such amount as transferred from the old to the new fiscal year appropriations. Upon receipt of this information in each case the department quartermaster will make a debit entry on his account current for the amount under the former fiscal year and a corresponding credit entry under the latter fiscal year for the purpose of adjusting the disbursing officer's fiscal year appropriation account, thus accomplishing the same result as if an actual transfer of funds had taken place. The Chief of the Quartermaster Corps will arrange to have similar action taken in each case reported to him directly. Where an account is closed in the manner above described, the balance in cash in the officer's hands should be counted, wherever practicable, by three disinterested persons and their certificates as to its correctness should accompany the account current.

626. An account current, accompanied by abstracts and vouchers, will be forwarded to the chief of the bureau to which it pertains, and a memorandum copy thereof retained by the officer. A disbursing officer who for any reason (e. g., separate bonds, etc.) is required to render separate accounts will keep separate and distinct accounts of his funds in the Government depositaries and

will unmistakably designate such several depositary accounts on his vouchers, requisitions, deposits, and accounts current. The balances acknowledged by a disbursing officer and his analyses thereof must actually represent the state of his business at the close of the last day for which the account is rendered. He will so arrange his business that he may, when called upon to do so, close his accounts and analyze his acknowledged balances. All transactions coming within the time covered by the account will be reported therein. No payments or collections not actually made, and not in the hands of the officer during the period of the account, will be included therein. An officer disbursing in part by cash and drawing official checks to obtain cash to make payments will render with his account current a subsidiary cash account, the balance of which will agree or be reconciled with his cash as shown by his analysis of balance with his account current.

627. Disbursing officers who render accounts which eventually pass to the Treasury Department for settlement are required to prepare their accounts, with abstracts and vouchers complete, and deposit them in the post office, addressed to the chief of the bureau of the War Department to which they pertain, on or before the 10th day of each month. Irregularities in the mail service or want of blank forms will not excuse a failure to comply with this paragraph. When vouchers are not sent with the account to which they belong, but are subsequently rendered, suitable explanations will be made.

628. Original vouchers will, if possible, accompany the accounts; copies will not be accepted unless duly certified and accompanied by satisfactory evidence of the loss or destruction of the originals, or that their retention is indispensable to the performance of duty by an officer.

629. With the accounts will be forwarded all orders of commanding officers and all other papers upon which the officer accountable relies to relieve himself from responsibility.

630. When an officer is relieved from duty in a staff department at any station he will certify outstanding debts, if any, to his successor, and transmit a list of the same to the head of the proper bureau. Unless otherwise ordered, he will turn over to his successor the public money, property, books, and papers pertaining to the service from which he is relieved. He will also comply with the requirements of paragraphs 588 and 902.

MONEY VOUCHERS.

631. A voucher will not be made in duplicate or in triplicate unless the instructions on the proper blank require it, in which case the original only will be certified.

632. The correctness of the facts stated on a voucher and the justness of the account must be certified by an officer, except when some other mode of authenticating the same is authorized in these regulations.

633. Every voucher in support of a payment for supplies or for services, except as provided in paragraph 634, will be made out in favor of the creditor, giving his address, and will show (if for supplies furnished) the date of the purchase (or the order number), the quantity and price of each article, and the amount, or (if for services) the character of the services, the date or dates on which they were rendered, and the amount. When a purchase is made as a result of a written proposal and a written acceptance, the voucher (if there be only one) will be accompanied by a copy of the public notice, the accepted bid, and a copy of the letter accepting the bid, and will contain a certificate showing that the procurement of the articles or

service was made in the manner indicated thereon; if two or more vouchers are made, the papers required will be filed with the first voucher paid and reference thereto made on the other vouchers. A voucher for service rendered by the day or month will show the character of the service, the inclusive dates thereof, the time for which payment is made, the rate of pay, and the amount. The certificate of a creditor to a voucher for supplies furnished or for services rendered will contain the words "I certify that the above bill is correct and just and that payment therefor has not been received."

634. Vouchers for supplies or for services other than by the day or month submitted in support of payments for all work carried on under the War Department or any bureau thereof may, if desired, be accompanied by the original bills submitted by the creditor and dated and signed by him or by his authorized representative, and vouchers with such bills attached will be made out in favor of the creditor, giving his address, and stating the account in general terms, with the aggregate amount only extended, and the words "as per bill hereto attached," or words of like import added, except that such original bills need not be attached to vouchers in the following cases, viz: Where under a contract quantities delivered or amounts due are determined by a duly authorized inspector, and his certificate as to the facts is filed with the voucher to which it pertains; where a bill of lading or transportation request accompanies a voucher for transportation services performed under public tariffs; where a voucher is for telegraphic services at rates fixed by the Postmaster General; when the account is small and the creditor does not submit a bill. The certificate of a creditor to a voucher for supplies furnished or services rendered will contain the words "I certify that the foregoing account is correct and just and that payment therefor has not been received."

When desirable, the creditor may place the foregoing certificate upon the original bill and, when so placed, the certificate upon the voucher need not be signed, provided that the bill be attached to and made a part of the voucher before the same is signed by the disbursing officer.

635. Money amounts will be expressed in terms of dollars and cents. When a fraction of a cent less than one-half occurs in the footing of a voucher it will be disregarded. If the fraction be one-half or greater it will be reckoned as a cent.

If the agreement calls for foreign currency, the account shall be stated in that currency. The total amount will be reduced to its equivalent in United States currency at the current rate of exchange at the date of payment. The amount in United States currency having been determined, checks may be drawn therefor by disbursing officers to their own orders in United States currency and by them exchanged at local fiscal agencies of the United States where possible, or at local banks, for the necessary amount in the currency or exchange required to pay the creditor in the money originally agreed upon where the creditor declines to accept check payable in currency of the United States.

The vouchers for accounts will be made to show the debt as actually incurred in the coin in which payment is made and the reduction from this coin to United States currency, the rate of exchange being stated on the voucher and the amounts stated on abstracts and account current in United States currency.

636. A voucher for purchases and services not personal will show thereon the mode of purchase or engagement, using the form of notations on the standard prescribed forms.

637. The giving or taking of a receipt for public money in blank or in advance of actual payment, or the signing of a check for public money in blank, is prohibited.

638. A voucher for funds disbursed will be made out in full before being certified by a public creditor. If paid with check no receipt will be required, but if paid with cash one receipt will be obtained.

639. An invoice of funds transferred will show the place and date of transfer, the name and title of the officer to whom transferred, the character of funds, and the amount transferred under each head of appropriation.

If the transfer is of cash, a receipt will be obtained and filed with the account current. If the transfer is for the correction of errors, whether arising upon the settlement of accounts or otherwise, the facts will be noted in detail on the invoice.

640. A voucher for a payment made or an invoice for money transferred will have noted thereon the number, date, and amount of checks given and the depository on which drawn. If payment or transfer is made with currency, wholly or in part, the facts will be stated and a receipt given for the currency.

641. Vouchers must be stated in the name of the corporation, company, firm, or person rendering the service or furnishing the articles for which payment is made.

642. Payment with currency will not be made to the holder of a power of attorney or to a holder of an instrument operating as a transfer or an assignment.

If payment with currency is made to an incorporated or to an unincorporated company, the money will be delivered to and the voucher certified and receipted by a duly authorized officer or agent of the company; the certificate and receipt to be signed with the company name, followed by the autograph signature of the officer, with his title, or of the agent, to whom the money was delivered, and the receipted voucher will be accompanied by evidence showing his authority. This evidence will consist of extracts from the articles of incorporation or association, the by-laws, or the minutes of the board of directors, duly certified by the custodian of such records (under the company seal, if there be one), showing that the signer is properly vested with authority to receive and receipt for money due to the company.

If payment of currency is made to an individual or to a copartnership doing business under a company title, the certificate and receipt will be signed with the company name, followed by the autograph signature of the individual proprietor or of one of the members of the firm with the words "proprietor" or "one of the proprietors" affixed thereto.

If payment with currency is made to a copartnership doing business as such, the certificate and receipt will be signed with the firm's usual signature by one of the members of the firm, who will be required to affix his own signature as "one of the firm."

If payment with currency is made to an individual creditor, the certificate and receipt will be signed by him in person.

643. If payment is made with check to the order of any company (incorporated or unincorporated), or firm or individual by name, and the fact that the check has been so drawn is stated on the voucher, giving its number, date, amount, and United States depository on which drawn, the certificate to the voucher may be signed by an officer, attorney, or agent of the company, or by an attorney or agent of the firm or individual, stating the capacity in which he signs, without filing with the voucher evidence of his authority to sign. The disbursing officer in all such cases will deliver the check to such person only as he is satisfied is authorized by the principal to certify to the voucher and receive the check.

644. Receipts for small sums paid with currency to a corporation, such as a railroad, telegraph, turnpike, transfer, express, steamboat, hotel, newspaper, or

ice company, for an occasional service rendered may be signed and the vouchers certified by the local agent in charge of the business of the company at the place where the service is rendered or where it begins or terminates, and the certificate of the officer who made the payment that the person to whom payment was thus made was then the local agent of the company in charge of its business at the place designated will be sufficient evidence of the agent's authority to certify to the vouchers and to receipt for the money paid.

645. When an account is presented by an individual who is not known to the disbursing officer, the latter will require him to be identified.

646. The form of the signature to the certificate, and to the receipt when required, and the name of the person or business firm as entered at the head of an account must be literally alike.

647. When a signature is not written by the hand of the party it must be witnessed by a disinterested party, a commissioned officer when practicable.

648. In final statements, receipts for money, and papers of like character, money amounts will, in all cases, be written out in full and also expressed by figures in parentheses. This requirement does not apply to pay rolls of military organizations, pay rolls of other descriptions, nor to lists of deposits on final statements.

649. Fees of civil officers for administering oaths in matters of military administration (where the services of department judge advocates, or judge advocates of courts-martial, or trial officers of summary courts were not obtainable) will be paid from the appropriation applicable to the subject matter of the oaths, and in case there be no appropriation applicable thereto the fees will be paid by the Quartermaster Corps.

650. Disbursing officers will not issue vouchers for unpaid accounts as due-bills against the United States, but a certified statement of personal services and of wages due may be given to a discharged employee who for want of funds was not paid at time of discharge.

651. When applicable, the following rules for the computation of time in payment for services will be observed:

1. For any full calendar month's service, at a stipulated monthly rate of compensation, payment will be made at such stipulated rate without regard to the number of days in that month.

2. When service commences on an intermediate day of the month, 30 days will be assumed as the length of the month, whatever be the number of days therein.

3. When the service terminates on an intermediate day of the month, the actual number of days during which service was rendered in that calendar month will be allowed.

4. When the service embraces two or more months or parts of months but one fraction will be made, thus: From September 21 to November 25, inclusive, will be calculated—September 21 to October 20, inclusive, one month; from October 21 to November 20, inclusive, one month; from November 21 to 25, inclusive, five days, making the time allowed two months and five days.

5. When two fractions of months occur and both are less than a whole month, as from August 21 to September 10, the time will be determined thus: August 21 to 30, inclusive (ignoring the 31st), 10 days; from September 1 to 10, inclusive, 10 days; making the time allowed 20 days.

6. Service commencing in February will be calculated as though the month contained 30 days, thus: From February 21 to 28 (or 29), inclusive, 10 days. When the service commences on the 28th day of that month, 3 days will be allowed, and if on the 29th, 2 days.

7. If service commences on the 31st day of any month, payment will not be made for that day.

8. For commutation of subsistence and for services of persons employed at a per diem rate, payment will be made for the actual number of days.

9. When services are rendered from one given date to another, the account will state clearly whether both dates are included.

10. In computing the wages of persons employed at a per diem allowance the day on which service begins and the day on which it ends will be allowed in the computation.

11. Unauthorized absence on the 31st day of a month results in the loss of one day's pay.

652. Disbursing officers, except those serving in the Philippine Islands, will not settle with heirs, executors, or administrators except by authority of the proper bureau of the War Department, and upon accounts that have been duly audited and certified by the proper accounting officers of the Treasury.

In the Philippine Islands disbursing officers may settle directly with executors or administrators upon accounts accruing in those islands, which are accompanied by the duly attested copies of the decrees appointing said executors or administrators, in conformity with the civil laws of the archipelago governing such matters. The settlement thus made by any disbursing officer is, however, subject to review by the accounting officers of the Treasury when his accounts shall come before them for adjustment.

PECUNIARY RESPONSIBILITY OF OFFICERS.

653. An officer will have credit for an expenditure of money made in obedience to the order of his commanding officer. Every order issued by any military authority which may cause an expenditure of money in a staff department will be given in writing. One copy thereof will be forwarded by the officer receiving it to the head of his department, and the other will be filed by the disbursing officer with his voucher for the disbursement. If the expenditure be disallowed, it will be charged to the officer who ordered it.

654. If a payment made on the certificate of an officer as to the facts is afterwards disallowed for error of fact in the certificate, it will pass to the credit of the disbursing officer and be charged to the officer who gave the certificate; but the disbursing officer can not protect himself in an erroneous payment made without due care by charging lack of care against the officer who gave the certificate.

ADMINISTRATIVE EXAMINATION OF MONEY ACCOUNTS.

655. The chief of a bureau to which accounts pertain will cause each account current, with its accompanying papers, to be examined and transmitted to the Treasury Department, with his decision indorsed thereon, within 60 days from the date on which such account was received at his office. He will bring to the notice of the Secretary of War all matters of account that require or merit it. When a suspension or disallowance is made, the bureau will notify the officer that he may have an opportunity to submit explanations or take an appeal to the Secretary of War.

656. In case of discovered error or disallowance in an account upon its examination by the proper authority, the officer responsible will, upon notification thereof, unless able to furnish evidence to correct or remove the same, make the proper correction in his next account current, and refer therein to the particular voucher in which the error occurred or the disallowance was made.

ARTICLE LIII.

PUBLIC PROPERTY ACCOUNTABILITY AND RESPONSIBILITY.

GENERAL PROVISIONS.

657. Accountability and responsibility devolve upon any person to whom public property is intrusted and who is required to make returns therefor. Responsibility without accountability devolves upon one to whom such property is intrusted, but who is not required to make returns therefor. An accountable officer is relieved from responsibility for property for which he holds a proper memorandum receipt. A responsible officer is not relieved from responsibility for public property for which he has given memorandum receipt until he has returned the property to the accountable officer or has secured memorandum receipt from a successor, or until he has otherwise been relieved by the operation of regulations or orders.

658. The officer in permanent or temporary command of a post or station is responsible for the security of all public property of the command, whether in use or in store, and, although for purposes of periodical accountability to the War Department it may all have been officially receipted for by subordinate officers, the commanding officer is nevertheless responsible and pecuniarily liable with them for the strict observance of the regulations in regard to its preservation, use, and issue. He will take care that all storehouses are properly guarded, that only reliable agents are employed, and only trustworthy enlisted men are detailed for duty in them or in connection with property.

659. If an officer in charge of the public property of a command (not properly pertaining to a company or detachment) is, by order, leave of absence, or any other cause separated from it, the commanding officer, or an officer designated by him, will receipt and account for it.

660. If it becomes necessary to remove all officers from the charge of public property, the commanding officer will take measures to secure it and report the circumstances to the proper authority.

661. A company or detachment commander is responsible for all public property pertaining to his company or detachment, and will not transfer his accountability therefor to a successor during periods of absence of less than a month unless so ordered by competent authority; when such absence exceeds a month, the question of responsibility is settled by the proper authority.

662. The officer in temporary or permanent command of a company or detachment is responsible for all public property used by or in possession of the command, whether he receipts for it or not.

663. The property responsibility of a company commander can not be transferred to enlisted men. It is his duty to attend personally to its security, and to superintend issues himself or cause them to be superintended by a commissioned officer.

664. An officer will not when it can be avoided be detailed for duty which will separate him from public property for which he is accountable.

665. A transfer of public property involves a change of possession and accountability. In ordinary cases of transfer the transferring officer will furnish the receiving officer with invoices in duplicate, accurately enumerating the property, and the latter will return duplicate receipts. In cases in which complete transfer of property occurs, instead of exchanging separate invoices and receipts, as above provided, the receiving officer may make direct entry on the final return (both original and duplicate) of his predecessor that all the prop-

erty thereon enumerated as on hand and transferred to successor was received by him. The transferring officer may make similar entry on his final return, stating that all the property therein enumerated as on hand and transferred to successor was actually turned over by him.

666. When an officer to whom stores have been forwarded believes them to have miscarried he will promptly inform the issuing and forwarding officers.

667. If an officer to whom public property has been transferred fails to receipt for it within a reasonable time, the invoicing officer will report the facts to the commanding officer of the former for action. Copies of all papers relating to the transaction will be filed with his returns.

668. Upon the receipt of public property by an officer he will make careful examination to ascertain its quality and condition, but will not break original packages until issues are to be made, unless he has reason to believe the contents defective. Should he discover defect or shortage, he will apply for a survey to determine it and fix the responsibility. Should he consider the property unfit for use, he will submit inventories in duplicate and request the action of an inspector. The same rule will be observed in regard to packages when first opened for issue, and for property damaged or missing while in store.

669. When packages of supplies are opened for the first time, whether because of apparent defect or for issue, the officer responsible or some other commissioned officer will be present and verify the contents by actual weight, count, or measurement, as circumstances may require, and in case of deficiency or damage will make written report of the facts to the post commander. If only the officer responsible be present and make the report, he will secure the sworn statements in writing of one or more civilians or enlisted men regarding the condition of the property when examined. Should a survey be ordered, the post commander will refer to the surveying officer the report made by the examining officer, together with the sworn statements. At arsenals and depots, where there are persons whose special duty it is to receive and issue public stores, the reports herein required may be made by them instead of officers of the Army.

670. The giving or taking of receipts in blank for public property is prohibited.

671. Supplies procured by one bureau will not be furnished to another bureau except on special authority of the Secretary of War, except in the Philippine and Hawaiian Departments, where the authority of the department commanders is sufficient. When restored in kind, the supplies will be delivered at the post from which they were received or at such other post as department commanders or chiefs of bureaus concerned may determine. If the transaction is between two bureaus of the War Department or between a bureau of the War Department and a bureau of another executive department (except in case of subsistence stores, payment for which shall be made in cash by the proper disbursing officer of the bureau, office, or department concerned, or by the employee to whom the sale is made, and in the case of ordnance and ordnance stores when transferred or sold to another bureau of the War Department or to another executive department, payment for which shall be made by the proper disbursing officer of the bureau, office, or department concerned), the transferring officer will prepare itemized bills or invoices, in triplicate, accurately enumerating the supplies transferred, and will present them to the receiving officer, who will acknowledge receipt of the supplies thereon, designate the appropriation and allotment chargeable, and return the original and duplicate to the transferring officer. The transferring officer will indicate thereon the appropriation to be credited, and will forward the papers to the chief of his bureau in Wash-

ington, by whom they will be transmitted, through the chief of the bureau chargeable with the bill, to the proper accounting officer of the Treasury Department for settlement. The different copies of the bills will be plainly marked "Original," "Duplicate," or "Triplicate," and the statement "Settlement to be made on the original only" will appear on the original copy issued.

When the transaction is between two bureaus of the War Department, the prices to be charged will be regulated by the contract or invoice price of the stores. When the transaction is between a bureau of the War Department and a bureau of another executive department, the price to be charged will include the contract or invoice price and the cost of transportation, and in case of subsistence stores for another executive department of the Government or employee thereof 10 per cent additional to cover wastage in transit.

When the transaction covering the transfer or sale of ordnance and ordnance stores is between two bureaus of the War Department, the price to be charged shall be the cost price of the stores, including the cost of inspection. When the transaction is between the Ordnance Department and another executive department of the Government, the price to be charged shall include the cost price of the stores and the costs of inspection and transportation.

672. In no case will means of transportation or other property of any branch of the military service be taken as a part of the outfit of surveying or exploring expeditions for which Congress has made appropriations, without the express authority of the Secretary of War.

673. When it is impracticable for an officer to personally superintend his issues—as may be the case with one charged with disbursements or the care of depots—he should choose with great caution the agent to whom he intrusts the duty.

674. The keys of storerooms or chests will not be intrusted to enlisted men or civilians without great vigilance on the part of the accountable officer and a resort to every reasonable precaution, including frequent personal inspections, to prevent loss or damage.

675. An officer in charge of public property in use or in store will endeavor by timely repairs to keep it in serviceable condition. For this purpose the necessary means will be allowed on requisition, and property in store so repaired will be issued.

676. All movable public property will, if practicable, be conspicuously branded "U. S." before being used.

677. Public property will not be used nor will labor hired for the Government be employed for any private purpose whatsoever, except as authorized in these regulations.

678. Unserviceable property is, with reference to its disposition, divided into classes as follows:

1. Property worn out by fair wear and tear in the service which has no salable value.
2. Property worn out by fair wear and tear in the service which presumably has some salable value.
3. Property which has been rendered unserviceable from causes other than fair wear and tear in the service.

Property of the first class may be submitted to a surveying officer and disposed of as indicated in paragraph 717, or it may be submitted to an inspector without prior action of a surveying officer.

Property of the second class will be submitted to an inspector without prior action of a surveying officer.

Property of the third class will be submitted to a surveying officer, except as *provided in paragraph 1073* in case of public animals, and unless destroyed

under the provisions of paragraph 717 will subsequently be submitted to an inspector. The inventory and inspection reports will be accompanied by the report of the surveying officer.

679. Empty barrels, boxes, crates, and other packages, together with metal turnings, scrap metals, ground bone, and other waste products which accumulate at arsenals, depots, and military posts, which are unsuitable for the public service, will be disposed of in the manner prescribed for property condemned and ordered sold in paragraph 680. At arsenals and depots where such accumulations have considerable money value proposals will be invited for specific lots and quantities, or for the accumulations of definite periods, as the head of the department to which the property pertains may deem best suited to the public interest.

680. Military stores and public property condemned and ordered sold will be disposed of for cash at auction, or to the highest bidder on sealed proposals, on due public notice, and in such market as the public interests may require. The officer making the sale will suspend it when in his opinion better prices can be obtained, except in the case of condemned animals, the disposition of which is provided for in paragraph 1073. The auctioneer's certified detailed account of the sale, and the vouchers for the expenses attending it, will be reported on the proper forms to the chief of the bureau to which the property pertained.

681. Public property which has been condemned, or the issue price of which has been reduced as the result of a survey or inspection, will not be purchased by an officer who was responsible therefor at the time of condemnation or reduction of price, nor by an officer who bore any part in such condemnation or reduction.

PROPERTY DAMAGED, LOST, DESTROYED—REWARDS.

682. Causes of damage to, and of loss and destruction of, military property are classified as follows:

1. Unavoidable causes, being those over which the responsible officers have no control, occurring (a) in the ordinary course of service, or (b) as incident to an active campaign.

2. Avoidable causes, being those due to carelessness, willfulness, or neglect.

683. Officers responsible for public property will be charged for any damage to or loss or destruction of the same, and the money value will be deducted from their monthly pay, unless they show, to the satisfaction of the Secretary of War, by their own affidavits, or by their certificates, supported by one or more affidavits, that the damage, loss, or destruction was occasioned by unavoidable causes and without fault or neglect on their part.

684. The proper officers to administer oaths in the administration of the affairs of the Army (except when otherwise specially provided) are department judge advocates, judge advocates of courts-martial, the trial officers of summary courts, and in the cases of investigations, the officer detailed to conduct the investigation, or the recorder, and if there be none, the presiding officer of any board appointed for such purpose. When none of these are within reach and available, recourse must be had to a notary public or other civil officer competent to administer oaths for general purposes.

685. If an article of public property be lost or damaged by the neglect or fault of any officer or soldier, he shall pay the value thereof, or the cost of repairs, at such rates as may be determined by a survey of the property.

686. The amount charged against an enlisted man on the pay rolls on account of loss or damage of, or repairs to, Government property shall not ex-

ceed the value of the article or cost of repairs; and such charge will only be made on conclusive proof, and never without a survey, if the soldier demand it. He will be informed at the time of signing the pay rolls that his signature will be regarded as an acknowledgment of the justice of the charge.

687. When a deserter carries away public property, or when such property is lost through his desertion, its value will be determined by a survey and charged against him on the next pay rolls, as prescribed in paragraph 116.

688. If articles of public property are embezzled, or lost or damaged through neglect, by a civilian employee, the value or damage as ascertained (and by a survey if necessary) shall be charged to him and set against any pay or money due him.

689. Whenever information is received that animals or other property belonging to the military service of the United States are unlawfully in the possession of any person not in the military service, the quartermaster or other proper officer will promptly cause proceedings to be instituted and diligently prosecuted before the civil authorities for the recovery of the property; and, if the same has been stolen, for the arrest, trial, conviction, and due punishment of the offender and his accomplices.

690. Upon satisfactory information that such United States property, unlawfully in the possession of any parties, is likely to be taken away, concealed, or otherwise disposed of before the necessary proceedings can be had in the civil tribunals for its recovery, the post or detachment commander will at once cause the same to be seized, and will hold it subject to any legal proceedings that may be instituted by other parties. Persons caught in the act of stealing public property will be summarily arrested by the troops and turned over to the civil authorities for trial.

691. When public property has been lost or stolen and the officer responsible therefor has failed to get possession of it by the ordinary means, the post commander may authorize the quartermaster to offer a reward for its recovery, such reward not to exceed one-fifth of the value of the property lost or stolen, and in no case shall it exceed \$50. If the property has been stolen, the reward shall include payment for such information as the claimant possesses in regard to the larceny and recovery of the property as may lead to a conviction of the guilty party.

692. The expenses necessarily incurred by any action under the three preceding paragraphs, with the exception of attorney's fees, will be paid by the Quartermaster Corps, upon proper vouchers approved by the department commander. Officers will promptly report their action to department headquarters.

PROPERTY ACCOUNTABILITY.

693. All public property, whether paid for or not, must be accounted for on the proper returns. All public property unaccounted for when discovered by an accountable officer will be taken up and the usual returns rendered therefor. When discovered by officers not accountable for that class of property, or by enlisted men or civilian employees, they shall report the same as soon as practicable to an officer so accountable, who will take it up and account for it. In the absence of such an accountable officer the senior officer, enlisted man, or civilian employee present will take charge of such property and report it to the commander of the department wherein it may be located with a view to its proper disposition.

694. An officer accountable for the public property of two or more companies will account for that pertaining to each, except quartermaster supplies, on a separate return.

695. Accountability for public property will not be transferred to enlisted men, except to sergeants of the post noncommissioned staff at ungarrisoned posts and sergeants of the Signal Corps or enlisted men acting as such.

696. Vouchers for issues or expenditures of property not authorized by regulations will be accompanied by copies of the orders directing the issues or expenditures.

697. An officer will have credit for an expenditure of property made in obedience to the order of his commanding officer. If the expenditure is disallowed, it will be charged to the officer who ordered it.

698. Public property expended in the military service will be accounted for by the certificate of the accountable officer, and property lost or destroyed will be accounted for by the affidavit of the responsible officer, or by his certificate supported by one or more affidavits. These certificates and affidavits will accompany the return covering the period during which the expenditure occurred or the loss or destruction was discovered; but in exceptional cases, when it is impracticable to submit such certificates and affidavits with the return, these delayed vouchers, together with the reasons for not transmitting the same, will be specified upon the return, and they will be forwarded, as soon as practicable, properly numbered and indorsed, to the proper bureau of the War Department.

699. When an enlisted man has, by a court-martial, been convicted of losing or damaging public property, the officer accountable for the property will send with his property return a certified copy of so much of the court-martial order as refers to the case, giving number, date, and place of issue of the order, and stating on the face of said copy the rolls on which the charges are made.

700. Should an officer or agent of the Government charged with public property fail to render the prescribed returns thereof within a reasonable time, a settlement of his accounts will be made by the proper bureau of the War Department, and the money value of the property with which he is charged will be reported against him for stoppage.

701. All returns of stores or supplies will be rendered as required by regulations or orders. Those of subsistence stores will be forwarded within 10 days after the expiration of the accounting periods and those of other classes of stores and property within 20 days to the chiefs of bureaus to which they pertain. In cases in which complete transfer of property from one officer to another occurs within an accounting period, a return will be forwarded by the officer making the transfer within 20 days after the date of such transfer; but when ordnance property is transferred by a commanding officer of an ordnance establishment, by a coast defense ordnance officer, or by a post ordnance officer, and when submarine mine property is transferred by a coast defense artillery engineer, within an accounting period, the transfer of accountability will be made on the current return, which will be completed and rendered by the officer accountable at the close of the accounting period.

ADMINISTRATIVE EXAMINATION OF PROPERTY RETURNS.

702. As soon as possible after the receipt of a return by the proper chief of bureau, it will be examined in his office, and the officer making the return will be notified of all errors and irregularities found therein and granted three months to correct them. Suspensions or disallowances will not be made on account of slight informalities which do not affect the validity of a voucher, but the officer's attention may be called to them. Whenever the errors have been corrected or compensation has been made for deficient articles, and the action of the bureau chief is sustained or modified by the Secretary of War, the return

will be regarded as settled, and the officer who rendered it will be notified accordingly.

703. If the necessary corrections in the return be not made within the prescribed time, the facts will be reported to the Secretary of War. When it shall have been determined that the money value of the property for which an officer has failed to account shall be refunded to the United States, the proper chief of bureau will forward to the Auditor for the War Department a certificate setting forth the condition of the officer's property return, with the statement that it includes all charges made up to its date and not previously certified, and that he has had a reasonable opportunity to be heard and has not been relieved of responsibility. Such certificate, when received, will raise a charge on the books of the Treasury Department against the officer until refundment shall have been made.

ARTICLE LIV.

LANDS, BUILDINGS, AND IMPROVEMENTS.

704. Land shall not be purchased for the United States except under an act of Congress authorizing the purchase, nor shall public money be expended for the erection of armories, arsenals, forts, fortifications, or permanent buildings of any description thereon, until the written opinion of the Attorney General shall have been obtained announcing the validity of the title thereof in the Government, nor, if the land be within any State, until jurisdiction over it shall have been ceded to the United States by the legislature of the State, or such cession of jurisdiction shall have been expressly waived by Congress.

705. All papers relating to the Washington Aqueduct and public buildings and grounds in the District of Columbia will be filed in the office of the Chief of Engineers. All other deeds and papers pertaining to the title or sale of, and any lease, grant, license, or easement of, upon, or over any military reservation or other lands under the jurisdiction of the War Department will be filed in the office of the Judge Advocate General. When any such papers come into the possession of any bureau they shall within five days thereafter be transferred to the office of the Judge Advocate General.

706. Permanent military buildings will be constructed only under special authority granted by an act of Congress, unless the work or labor connected therewith is performed by troops, and in such case the authority of Congress must first be obtained if the estimated cost of the building or structure exceeds \$20,000.

707. Permanent barracks, quarters, or other buildings, or piers or wharves, will not be erected or constructed except by the order of the Secretary of War, and in accordance with plans approved by him; nor will any material alterations be made in public buildings unless like authority is first obtained; nor will any expenditures exceeding \$500 be made upon any building or grounds at any post, fort, arsenal, or depot without the approval of the Secretary of War and upon detailed estimates submitted to him.

708. A copy of the plat of the lands at each post, fort, arsenal, and depot, furnished from the proper bureau, will be carefully preserved in the office of the commanding officer.

709. Whenever a public building at a military post or station in the United States is destroyed or seriously damaged by fire, storm, or other natural cause, the post or station commander will make immediate report of that fact by telegraph directly to The Adjutant General of the Army, stating the numerical or other designation of the building involved and the date and cause of the destruction or damage, and will make a like report to the department com-

mander if the post or station is under his command. When the destruction or damage occurs at a general depot of supply, a general hospital, or an arsenal or armory, or involves a building owned or leased by the Government and used for military purposes, but not located on a military reservation, the officer in charge, in addition to making the telegraph report hereinbefore prescribed to the head of the staff bureau of the War Department to which any such building may pertain, will make a like report by telegraph directly to The Adjutant General of the Army.

In the Philippine and Hawaiian Departments telegraphic report of the damage or destruction of such buildings will be made to the department commanders, who will cable the report to The Adjutant General of the Army if the case is of more than minor importance.

In addition to the foregoing, the estimated damage and the cost of repairs or reconstruction will be reported upon by a board of officers, to be appointed for the purpose by the post commander when the building is located at a military post, and to be appointed in orders from the office of The Adjutant General of the Army in all other cases, except in the Philippine and Hawaiian Departments, where the board will be appointed by the department commanders. In the event that the destruction or damage is not due to natural causes, the board will make a thorough investigation with a view to fixing the responsibility for such destruction or damage, and will make such recommendation with respect thereto as the case may demand. The report of the board will be forwarded through military channels to The Adjutant General of the Army.

The action contemplated by this paragraph will apply, as far as practicable, in the case of loss or destruction of or damage to an Army transport, Army mine planter, cable ship, or other vessel owned or operated by the War Department.

ARTICLE LV.

SURVEYS OF PROPERTY.

710. Public property which has been damaged, except by fair wear and tear, or is unsuitable for the service, before being submitted to an inspector for condemnation, will be surveyed by a disinterested officer, preferably the summary court officer.

711. The surveying officer will be designated by the commanding officer of the regiment, separate battalion, post, or station. Such officer may, however, be appointed by the commanding officer of a department, field army, division, brigade, or district. If none but the commanding officer and interested officers be present for duty, then the commanding officer will survey the property. When only the responsible or interested officer is present, he will not appoint himself surveying officer, but will furnish the next higher administrative commander his certificate of facts and circumstances, supported by the sworn testimony of witnesses, or by the affidavits of enlisted men or others who are cognizant thereof. Should the case thus presented not be considered satisfactory, or in a case in which only interested officers with opposing interests are present for duty at the post or station, the next higher administrative commander may make the necessary investigation. In cases where the property in question has been previously acted upon, the officer making the investigation will be so informed and the previous reports will be considered.

712. The surveying officer must fully investigate matters submitted to him. He will call for all evidence attainable, and will not limit his inquiries to proofs or statements presented by parties in interest. He will rigidly scrutinize

the evidence, especially in cases of alleged theft or embezzlement, and will not recommend the relief of officers or soldiers from responsibility unless fully satisfied that those charged with the care of property have performed their whole duty in regard to it. He should hear in person or by deposition all persons concerned in the subject matter before him. In no case, however, will his report take the place of the evidence required in paragraph 683.

713. The person responsible for public property to be surveyed will, in all cases, furnish the original certificates and affidavits upon which he relies to be relieved from responsibility, together with the duly attested copies of such certificates and affidavits that are to accompany the report of survey. Whenever loss or destruction of, or damage to, public property, requiring the action of a surveying officer, occurs, such action will be requested by the responsible officer as soon as practicable and in every case within 30 days after discovery of the loss, destruction, or damage, unless exceptional circumstances, which will be explained by the officer's certificates, prevent such action within that period.

714. Any officer of the Army detailed to conduct an investigation, and the recorder, and, if there be none, the presiding officer of any military board appointed for such purpose, shall have authority to administer an oath to any witness attending to testify or depose in the course of such investigation.

715. The surveying officer can not condemn public property. His action is purely advisory. He will ascertain and report facts, submitting opinions and making recommendations upon questions of responsibility which may arise through accident, mistake, or neglect. For example, he investigates and determines questions involving the character, amount, and cause of damage or deficiency which public property may have sustained in transit, store, or use, and which is not the result of ordinary wear and tear of the service, and reports the investigation made, his opinions thereon, and fixes responsibility for such damage or deficiency upon the proper party. He makes inventories of property ordered to be abandoned when the articles have not been enumerated in the orders for abandonment. He recommends the prices at which damaged clothing may be issued and the proportion in which supplies shall be issued in consequence of damage or deterioration that renders them, at the usual rate, unequal to the regulation allowance, fixing in each instance responsibility for actual condition. He verifies the discrepancy between invoices and the actual quantity or description of property transferred from one officer to another, fixes definitely amounts received for which the receiving officer must receipt, and ascertains, as far as possible, where and how the discrepancy has occurred.

716. The report will be prepared in triplicate and will then be submitted to the convening authority for approval or disapproval. Separate reports will be made for each staff department concerned.

717. On the approved recommendation of a surveying officer the following classes of property may be destroyed: (1) Clothing infected with contagious disease; (2) stores that have become so deteriorated as to endanger health or injure other stores, and (3) unserviceable property of no salable value submitted to a surveying officer under the provisions of paragraph 678. The decision of the commanding officer will be final as to whether such property has salable value.

This paragraph will, in its application to ordnance stores under (3), be limited to utterly worthless articles constituting the soldier's personal equipments (not arms), horse equipments, and target materials and supplies, the cost price of which does not exceed \$100 for mounted organizations and \$50 for all other cases. In each case the report will give the dates of receipt of the stores surveyed.

Before ordering the destruction of property or stores under the provisions of this paragraph the commanding officer will personally inspect the same and will be held responsible that the conditions justify the action. In case the invoice value of the stores involved exceeds \$500, the approval of the next higher administrative commander will be obtained before destruction of the property, as provided in paragraph 719. A certificate of the witnessing officer that the property has been destroyed as authorized will be appended to the report.

718. When the value of the property submitted for survey or the loss or damage to be inquired into does not exceed \$500 the report will be considered complete, for submission as a property voucher, upon the approval of the appointing authority, if the interested officer does not request the action of the next higher administrative commander. One copy will then be forwarded to the commanding officer of the post, if a general officer, otherwise to department headquarters, and the others delivered to the officer accountable.

719. Should the appointing authority be the responsible or interested officer, or should the report be disapproved by the appointing authority, or should the report hold the accountable officer responsible, or should the value of the property submitted for survey or the loss or damage to be inquired into exceed \$500, or should the officer pecuniarily interested request it, the report in triplicate will be forwarded to the next higher administrative commander for review, and with his action is complete. But all reports of surveys of property, whatever their nature or the amounts involved, are subject on call to such review of the next higher administrative commander as the merits of the case or the interests of the Government may require. When a next higher administrative commander acts on a report of survey as herein contemplated he will cause such action to be noted on all three copies of the report. One copy will then be filed at department headquarters and the others sent to the accountable officer, except when the latter is held responsible, when one copy only will be sent to him and the remaining copy forwarded directly to the chief of bureau to which the property pertains.

720. The reports of a survey which recommend the relief of officers and enlisted men from responsibility should not be approved unless full and careful investigation and convincing proof to sustain the findings appear.

721. When the approved report of a surveying officer holds a common carrier, or a person not in the military service of the United States, responsible for the loss of or damage to public property or stores, steps will at once be taken to make collection from the party so held responsible. Public property that has been in transit will be carefully checked upon arrival at its destination by the receiving quartermaster with the bill of lading or manifest in order to ascertain whether the carrier has fully carried out all obligations imposed upon him. Should any discrepancy, loss, or damage be found, the receiving quartermaster will at once make application for a surveying officer by whom the facts will be fully investigated (unless the carrier voluntarily assumes liability for the loss) and the money value of the damage or deficiency will be charged to the party responsible therefor, whether it be the invoicing officer or the carrier. The property will be delivered by the receiving quartermaster to the officer to whom it is invoiced or to other proper consignee with a statement of the deficiency or damage and that action by a surveying officer has been requested. Upon approval, the authority that approves the reports of the surveying officer will transmit 1 copy to the receiving quartermaster, 1 copy to the officer to whom the property is invoiced, and 1 copy to department headquarters.

In case the report of the surveying officer finds the invoicing officer responsible, 1 copy of the report will be sent to the invoicing officer instead of

to the receiving quartermaster. In case the responsibility is fixed upon the carrier the receiving quartermaster will note on the bill of lading the deductions which shall be made for such loss or damage by the quartermaster who pays the account, and will attach to the bill of lading 2 copies of the approved report of the surveying officer. The quartermaster who pays the account will make the deduction and refund the amount stopped to the proper department in the following manner, for example: If from an account of \$100 for transportation services there is a deduction of \$25 for ordnance stores lost, the quartermaster will take credit under the head "Transportation of the Army" for \$75 paid to the carrier, and also for \$25 deposited to the credit of the Treasurer of the United States on account of "Replacing ordnance and ordnance stores;" but if the deduction is on account of forage lost by the carrier, he will take credit on his account current, under transportation, for \$25 as carried to "Regular supplies," under which head he will charge himself with that amount. If, in any instance, collection can not be made, that fact, together with reasons therefor, will be reported to the proper chief of bureau.

Should the officer to whom the property is invoiced on receipt of the same discover loss, damage, or discrepancy not noted by the receiving quartermaster, he will at once make application for a surveying officer, notifying the receiving quartermaster of the action.

In the case of shipments to the Philippine Islands via commercial lines, the receiving quartermaster is authorized to accomplish bills of lading on the receipt of stores, noting thereon the value of the stores lost or damaged, as shown by the invoices, plus the cost of transportation, settlement to be made with the carriers with proper deduction to cover the value of the stores and the cost of transportation, final settlement to await the action of a surveying officer, to be called for immediately by the receiving officer.

722. Properly approved reports of surveys of property may be submitted as vouchers to property returns. They are not to be considered as conclusive until accepted by the Secretary of War. Until then they are to be regarded simply as the opinions and recommendations of disinterested officers, to aid in the settlement of questions of accountability between the Government and the individuals concerned. If, on examination in the proper bureau, they exhibit serious errors, or defects either of investigation or of finding, they will not be accepted as sufficient vouchers, and the officer submitting them will be duly notified, that he may have opportunity to make explanations or appeal to the Secretary of War.

723. At posts or stations not under the control of department commanders commanding officers will be governed by these regulations in appointing surveying officers and acting upon their reports, but in cases referred to in paragraph 719 will forward the papers to the chiefs of bureaus to which the property pertains.

724. Whenever a report of a survey recommends a stoppage against an enlisted man and the recommendation is approved, the appointing authority will cause a copy of the report to be furnished to the company commander, who will charge the amount on the next pay rolls of the company.

725. If an inspection of property follows the report of a survey thereon, one copy of the proceedings will accompany the inventory and inspection report which is transmitted for approval, and will afterwards be returned to be used as a voucher to the officer's returns, and another, with the inventory and inspection report, will be filed by the officer with his retained papers.

726. Compensation may be made under the provisions of the act of Congress approved March 3, 1885, for private property of officers or enlisted men lost or destroyed in the military service under any of the following circumstances:

1. Without fault or negligence on the part of the claimant, and on account of some exigency or necessity of the military service.

2. Where the private property so lost or destroyed was shipped on board an unseaworthy vessel by order of an officer authorized to give such order or direct such shipment.

3. Where it appears that the loss or destruction of the private property of the claimant was in consequence of his having given his attention to the saving of the property belonging to the United States which was in danger at the same time and under similar circumstances.

Compensation will not be made for losses sustained in time of war or hostilities with Indians, and claim for compensation must be presented within two years from the occurrence of the loss or destruction. Each claim for compensation will be forwarded, through military channels, to the Auditor for the War Department and will, if possible, be accompanied by the proceedings of a board of officers showing fully the circumstances of the loss. All personal property for the loss or destruction of which payment is claimed must be enumerated and described in the proceedings of the board of officers, but the board will recommend payment for only such articles as in the opinion of the board were reasonable, useful, necessary, and proper for the claimant to have in the public service in the line of duty.

ARTICLE LVI.

CIVILIAN EMPLOYEES.

GENERAL PROVISIONS.

727. In the staff corps and departments the employment of civilians will be regulated by the respective chiefs of bureaus under the direction of the Secretary of War. Those whose services are engaged with the intention or probability of retaining them in the service are considered permanent employees. Their appointment, dismissal, promotion, or reduction will be made, under the supervision of the respective chiefs of bureaus, by the officers employing them, except as controlled by statute or the civil-service rules; but in selections for such employment preference will be given, as far as practicable, to applicants who have served meritoriously as enlisted men in the Army, and the appointments and promotions of all permanent employees, except laborers, teamsters, and others of similar or kindred occupations, will be submitted for the approval or confirmation of the Secretary of War.

728. The clerks and messengers authorized by the act of Congress of August 6, 1894, will be employed and apportioned to the several headquarters and stations by the Secretary of War, and will not be transferred without his authority. All messenger service at the several department headquarters, except for staff officers not assigned to the headquarters staff, and, as far as practicable, all clerical services thereat, will be performed by this class of employees.

729. Department commanders will confine expenditures for civilian employees within the allotments for the purpose made under the direction of the Secretary of War.

730. Civil engineers, clerks, inspectors, storekeepers, packers, watchmen, messengers, teamsters, mechanics, and laborers will, as a rule, be engaged by the month, day, or piece, and paid at the end of each calendar month. They

will be designated upon the rolls in the capacity in which employed and at the rates established. When discharged and not paid, certified statements will be given them.

731. Eight hours shall constitute a day's work for all mechanics, laborers, and workmen employed by the several staff departments. The service of mechanics and laborers employed by contractors in the execution of public works, including the construction of barracks, quarters, or other buildings on military reservations, is also limited and restricted to eight hours in each calendar day, and no officer or contractor shall require or permit any such laborer or mechanic to work more than eight hours in any calendar day except in cases of extraordinary emergency. There are excepted from the operation of this rule: (1) The officers and crews of vessels; (2) teamsters, packers, and other employees belonging to wagon and pack trains when engaged in field service or in the prosecution of military operations; (3) persons employed as cooks and cooks' helpers, overseers of labor of prisoners, and others who, owing to the nature of their employment being peculiar, may be decided by the Secretary of War, upon the facts being reported to him, to be neither laborers nor mechanics within the meaning of the eight-hour law. All exceptions on the ground of extraordinary emergency will be promptly reported to the Secretary of War.

All contracts for the execution of public works, including the erection of buildings for the use of the military establishment, will contain a stipulation restricting the service of mechanics and laborers to eight hours per day, and officers charged with the supervision and execution of such contracts will report all violations of such stipulation to the head of the bureau charged with the prosecution of the work.

TRAVELING EXPENSES.

732. For authorized journeys of civilian employees of any branch of the military service transportation requests will be obtained when practicable, but will be obtained in every case for travel over bond-aided railroads.

733. Reimbursement of actual expenses when traveling under competent orders will be allowed, under the following heads, to civilians in the employ of any branch of the military service, excepting the expert accountant of the Inspector General's Department and those mentioned in paragraph 734, viz:

1. Cost of transportation over the shortest usually traveled route, when it was impracticable to furnish transportation in kind on transportation requests.

2. Cost of transfers to and from railroad stations, not to exceed 50 cents for each transfer.

3. Cost of one lower berth in a sleeping car, seat in a parlor car, or customary stateroom accommodations on boats and steamers when extra charge is made therefor.

4. Cost of meals, including tips, not to exceed \$4.50 a day while en route when meals are not included in the transportation fare paid, and not to exceed \$4.50 a day for meals, tips, and lodgings during necessary delay en route, and when meals are included in the transportation fare paid, tips for meals not to exceed 15 cents each.

5. Cost of meals, and lodgings including baths, tips, and laundry work, not to exceed \$4.50 a day while on duty at places designated in the orders for the performance of temporary duty, but reimbursement of such expenses will be limited to \$1 a day after the first 30 days at any one place, and in time of actual war no such reimbursement of expenses will be made to the civilian employees specified who accompany troops in the field, but in lieu thereof the allowance

of tents prescribed by the War Department and a ration will be furnished such employees.

734. Mechanics, laborers, teamsters, and employees of similar character, traveling under competent orders, will be entitled to such actual and necessary expenses of travel and subsistence as may be authorized by the chief of bureau which pays the accounts. Those entitled to rations under paragraph 1203 will not be allowed commutation therefor, and if it be impracticable for them to carry food, a ration and savings account will not be opened for them for the period during which they are traveling.

Commanding officers of troops in the field may order civilian employees to nearest Army hospital for treatment when adequate medical service is not available at their stations. On recovery such employees should be returned to their stations for duty by the proper commanding officer. In all cases where practicable, orders should be issued based on a medical certificate.

735. None but the authorized items of traveling expenses of civilians will be allowed. A true memorandum of the actual expenses paid from day to day will be kept and the expenses will be fully itemized upon the voucher, which will be properly sworn to by the person rendering it. Receipts for lodging (European plan) or for board and lodging (American plan) must be furnished when practicable to obtain them, showing the dates for which the charge is made and the first and last meal or lodging. Charge for lodging pertains to the day in which the night for which the lodging was procured began. Receipts will not be required for meals except where included with lodging on the American plan, nor for railroad or steamboat fares, hack fares, baggage transfers, car fare, tips, or fees, or similar expenses. For all other expenses receipts will be taken unless it is impracticable to obtain them, when the reason for not obtaining receipts must be explained on the voucher. The usual Pullman berth check or seat check will be a sufficient receipt for sleeping-car or parlor-car accommodations.

736. The allowances hereinbefore provided for the subsistence of civilian employees cease upon the arrival of the employees at the destination mentioned in their orders for travel; they must then subsist on their rations, if entitled to them, or provide for their subsistence out of their regular pay.

737. Pay clerks, Quartermaster Corps, and the expert accountant, Inspector General's Department, will be entitled to mileage at the same rates and under the same conditions as is provided by law for officers of the Army.

738. Actual traveling expenses, as contemplated in the preceding paragraphs, are paid by the following departments, viz:

ORDNANCE DEPARTMENT.—To employees at arsenals and armories (cost of transportation included) from appropriations for the service of the Ordnance Department.

ENGINEER DEPARTMENT.—To employees on public works and fortifications (cost of transportation included) from appropriations made specifically for the work.

QUARTERMASTER CORPS.—To civilians summoned as witnesses before, and authorized civilian reporters of, military courts; to employees of the Quartermaster Corps, and to other employees of the Army not above provided for.

739. When officers of the staff departments change station the transfer of clerks or other employees to the new stations at the expense of the United States is prohibited, except in cases of urgent necessity, for which the sanction of the Secretary of War will be first obtained.

ARTICLE LVII.

STAFF ADMINISTRATION.

740. The supply, payment, and recruitment of the Army, and the direction of the expenditures of the appropriations for its support, are by law intrusted to the Secretary of War. He exercises control through the Chief of Staff and the bureaus of the War Department. He determines where and how particular supplies shall be purchased, delivered, inspected, stored, and distributed.

741. The exercise by the President of his power to call the Organized Militia into the service of the United States, or to raise volunteers, authorizes the chiefs of the supply departments of the Army to equip and supply said forces in the manner authorized by the Army and Field Service Regulations, limited only by available appropriations.

742. When a chief of bureau of the War Department desires to change the station of an officer or enlisted man of his department, or to send him on duty peculiar thereto (except as hereinafter authorized), he will apply to The Adjutant General of the Army for the necessary orders, setting forth the reasons for the change or the purpose of the journeys. Journeys, not involving change of station, to be performed by officers of the Corps of Engineers on duty peculiar to fortification work or to river and harbor or other civil work, may be ordered by the Chief of Engineers when such officers are subject to his immediate orders, and similarly may be approved by him under paragraph 73. District engineer officers may issue orders to their military assistants for journeys to be performed by them on duty peculiar to fortification work or to river and harbor or other civil work within the geographical limits of their respective districts and may approve such travel under paragraph 73.

743. The assignment to stations of officers or enlisted men of the staff departments or of post noncommissioned staff officers, except as provided in the Field Service Regulations, will be made by the War Department or by commanders of territorial departments under the special authority of the War Department. The commander of a department who, in consequence of the movement of troops or other necessity of service, removes an officer from the station to which he has been assigned by the War Department will promptly report the case to The Adjutant General of the Army.

744. When business upon which a board of officers is to be assembled is solely within the sphere of duty of a particular staff department, and the members thereof are to be selected from the same, the chief of such department will call the board if it is to meet at a post or station under his immediate control and is to be composed only of officers serving thereat; otherwise the order appointing it will be issued by direction of the Secretary of War.

745. Copies of all important communications from a bureau of the War Department to a disbursing officer on the staff of a department commander, which concern service in such department, will be sent direct to the department commander.

746. Staff officers assigned to the command of an officer are under his supervision and control in all matters pertaining to or affecting the command and in all other matters which are not specially excepted from such control by the regulations or orders of the War Department.

747. Commanders of departments, in order to avoid unnecessary clerical labor and accumulation of papers, will call upon officers under their orders for only such abstracts or reports, in addition to those required by regulations, as may be needed for proper administration, but will not require regular

reports and returns at stated times without the authority of the War Department.

748. Commanding officers will cause returns, requisitions, and estimates pertaining to their respective commands to be promptly made and forwarded.

749. Officers doing duty as staff officers of military posts and commands will submit their estimates and requisitions for supplies, property, and money to their immediate commanding officers for revision and approval, who will carefully examine estimates and requisitions and satisfy themselves that money or articles asked for are in amount, quantity, and kind actually required for the public service during the period covered.

750. The chief of each branch of the staff of any command will carefully revise the estimates and requisitions for money and supplies for the command in so far as his particular branch is concerned. He will ascertain and recommend the cheapest markets and most economical routes of transportation. Such officers will receive from their commanders timely instructions as to all contemplated movements of troops and as to any probable increase or diminution of the garrison at any particular post, that a proper and economical distribution of supplies may be made.

751. It is the duty of commanding officers to enforce rigid economy in public expenditures and to correct all irregularity and extravagance which they may discover; to see that disbursements are economically made and that public property is protected; to scrutinize carefully all contracts and vouchers for disbursements; and to guard the public interests in every particular.

ARTICLE LVIII.¹

GENERAL STAFF CORPS.

752. The General Staff Corps, created in conformity to the act of Congress approved February 14, 1903, is composed of officers of the grades and number specified in said act, detailed for service in said corps for a period of four years unless sooner relieved, under rules of selection prescribed by the President. Upon being relieved from duty in the General Staff Corps officers return to the branch of the Army in which they hold permanent commissions, and except in case of emergency or in time of war are not eligible to further detail therein until they have served for two years with the branch of the Army in which commissioned. This ineligibility does not apply to any officer who has been relieved prior to the expiration of four years' duty with the corps; but such officer will become ineligible as soon as he shall have completed a total of four years of said duty. While serving in the General Staff Corps officers may be temporarily assigned to duty with any branch of the Army.

753. The law establishes the General Staff Corps as a separate and distinct staff organization, the chief of which has supervision, under superior authority, over all branches of the military service, line and staff, except such as are exempted therefrom by law or regulations, with a view to their coordination and harmonious cooperation in the execution of authorized military policies.

754. The General Staff Corps, under the direction of the Chief of Staff, is charged with the duty of investigating and reporting upon all questions affecting the efficiency of the Army and its state of preparation for military operations, and to this end considers and reports upon all questions relating to

¹ This article is subject to the provisions of the order of the Secretary of War of April 14, 1906.

organization, distribution, equipment, armament, and training of the military forces (regulars, volunteers, and militia), proposed legislative enactments and general and special regulations affecting the Army, transportation, communications, quarters, and supplies; prepares projects for maneuvers; revises estimates for appropriations for the support of the Army and advises as to disbursement of such appropriations; exercises supervision over inspections, military education and instruction, examinations for the appointment and promotion of officers, efficiency records, details and assignments, and all orders and instructions originating in the course of administration in any branch of the service which have relation to the efficiency of the military forces; prepares important orders and correspondence embodying the orders and instructions of the President and Secretary of War to the Army; reviews the reports of examining and retiring boards, and acts upon such other matters as the Secretary of War may determine.

755. The General Staff Corps, under like direction, is further charged with the duty of preparing plans for the national defense and for the mobilization of the military forces (including the assignment to armies, corps, divisions, and other headquarters of the necessary quota of general staff and other staff officers), and incident thereto with the study of possible theaters of war and of strategic questions in general; with the collection of military information of foreign countries and of our own; the preparation of plans of campaign, of reports of campaigns, battles, engagements, and expeditions, and of technical histories of military operations of the United States.

756. To officers of the General Staff Corps are committed the further duties of rendering professional aid and assistance to the Secretary of War and to general officers and other superior commanders and of acting as their agents in informing, and coordinating the action of, all the different officers who are subject under the provisions of law to the supervision of the Chief of Staff. They perform such other military duties not otherwise assigned by law as may from time to time be prescribed by the President. Under the authority here conferred officers of the General Staff Corps are intrusted with the executive duties hereinafter indicated.

757. Officers of the General Staff Corps assigned to duty with commanders of armies, divisions, separate brigades, and territorial departments are collectively denominated the General Staff serving with troops. They serve under the immediate orders of such commanders; those not so assigned perform duty under the immediate direction of the Chief of Staff and constitute the War Department General Staff.

758. The assignment of duties to the General Staff Corps does not involve in any degree the impairment of the initiative and responsibility which special staff corps and departments have in the transaction of current business.

WAR DEPARTMENT GENERAL STAFF.

759. To facilitate the performance of its duties, the War Department General Staff will be arranged in sections, each under the direction of an officer of the General Staff Corps to be designated by the Chief of Staff. Such committees will be designated in the sections from time to time as may be necessary to facilitate the transaction of business in hand.

760. The War Department General Staff in its several sections and committees stands in an advisory relation to the Chief of Staff in the performance of the duties herein devolved upon him. The distribution of duties to the several sections and committees is regulated by the Chief of Staff.

CHIEF OF STAFF.

761. Under the act of February 14, 1903, the command of the Army of the United States rests with the constitutional Commander in Chief, the President. The President will place parts of the Army, and separate armies whenever constituted, under commanders subordinate to his general command; and, in case of exigency seeming to him to require it, he may place the whole Army under a single commander subordinate to him; but in time of peace and under ordinary conditions the administration and control of the Army are effected without any second in command.

The President's command is exercised through the Secretary of War and the Chief of Staff. The Secretary of War is charged with carrying out the policies of the President in military affairs. He directly represents the President and is bound always to act in conformity to the President's instructions. Under the law and the decisions of the Supreme Court his acts are the President's acts and his directions and orders are the President's directions and orders.

The Chief of Staff reports to the Secretary of War, acts as his military adviser, receives from him the directions and orders given in behalf of the President, and gives effect thereto in the manner hereinafter provided. For purposes of administration the office of the Chief of Staff will constitute a supervising military bureau of the War Department.

Exceptions to this ordinary course of administration may, however, be made at any time if the President sees fit to call upon the Chief of Staff to give information or advice, or receive instructions, directly.

Wherever in these regulations action by the President is referred to, the action of the President through the Secretary of War is included; and wherever the action of the Secretary of War is referred to, the Secretary of War is deemed to act as the representative of the President and under his direction.

The Chief of Staff is detailed by the President from officers of the Army at large not below the grade of brigadier general. The successful performance of the duties of the position requires what the title denotes—a relation of absolute confidence and personal accord and sympathy between the Chief of Staff and the President, and necessarily also between the Chief of Staff and the Secretary of War. For this reason, without any reflection whatever upon the officer detailed, the detail will in every case cease, unless sooner terminated, on the day following the expiration of the term of office of the President by whom the detail is made; and if at any time the Chief of Staff considers that he can no longer sustain toward the President and the Secretary of War the relations above described, it will be his duty to apply to be relieved.

The provisions of paragraph 752 regarding the redetail of an officer who has not completed a total of four years' service apply to the Chief of Staff.

762. The Chief of Staff is charged as limited and provided by law with the duty of supervising, under the direction of the Secretary of War, all troops of the line, the Adjutant General's, Inspector General's, Judge Advocate General's, Medical, and Ordnance Departments, the Quartermaster Corps, the Corps of Engineers, and the Signal Corps. He performs such other military duties not otherwise assigned by law as may be assigned to him by the President.

763. The supervisory power vested by statute in the Chief of Staff covers primarily duties pertaining to the command, discipline, training, and recruitment of the Army, military operations, distribution of troops, inspections, armament, fortifications, military education and instruction, and kindred matters, but includes also, in an advisory capacity, such duties connected with fiscal administration and supply as are committed to him by the Secretary of War.

In respect to all duties within the scope of his supervisory power, and more particularly those duties enumerated in this and the following paragraph, he makes and causes to be made inspections to determine defects which may exist in any matter affecting the efficiency of the Army and its state of preparation for war. He keeps the Secretary of War constantly informed of defects discovered, and under his direction issues the necessary instructions for their correction.

764. Supervisory power is conferred upon the Chief of Staff over all matters arising in the execution of acts of Congress and executive regulations made in pursuance thereof relating to the militia. This supervision is especially directed to matters of organization, armament, equipment, discipline, training, and inspections. Proposed legal enactments and regulations affecting the militia and estimates for appropriations for its support are considered by him, and his recommendations submitted to the Secretary of War.

765. The Chief of Staff is charged with the duty of informing the Secretary of War as to the qualifications of officers as determined by their records, with a view to proper selection for special details, assignments, and promotions, including detail to and relief from the General Staff Corps; also of presenting recommendations for the recognition of special or distinguished services.

766. All orders and instructions emanating from the War Department, and all regulations affecting the Army or the status of officers or enlisted men therein, are issued by the Secretary of War through the Chief of Staff, and are communicated to troops and individuals in the military service through The Adjutant General of the Army.

767. The assignment of officers of the General Staff Corps to stations and duties is made upon the recommendation of the Chief of Staff.

768. In case of absence or disability of the Chief of Staff the senior officer of the General Staff present for duty in Washington shall act as such chief unless otherwise specially directed by the Secretary of War.

769. In the performance of the duties hereinbefore enumerated and in representation of superior authority, the Chief of Staff calls for information, makes investigations, issues instructions, and exercises all other functions necessary to secure proper harmony and efficiency of action upon the part of those placed under his supervision.

THE GENERAL STAFF SERVING WITH TROOPS.

770. The general staff of a command consists of general staff officers of such number and grades as may be assigned to it on the recommendation of the Chief of Staff.

771. The senior general staff officer on duty with a command shall, unless otherwise directed by the War Department, be the chief of staff of the command. Ordinarily he will be so assigned by the War Department.

772. The duties of the chief of staff of a command are as prescribed for officers of the General Staff Corps in paragraphs 754 to 757, and in addition he will, under direction of the commander of the troops, perform all duties analogous to those devolved by paragraphs 762 to 769 upon the Chief of Staff of the Army. The other general staff officers serving with troops are employed under the direction of the commanders thereof upon the duties prescribed for officers of the General Staff Corps, and they shall perform such other duties within the scope of general staff employment as may be directed by such commanders. General staff officers will not be assigned to other than general staff duties except by special authority of the War Department.

773. The two general officers authorized for the General Staff Corps are detailed by the President from officers of the Army at large not below the grade of brigadier general. All vacancies that may occur in the General Staff Corps in grades below that of brigadier general will be filled on the recommendation of a board of five general officers of the line, not more than two of whom shall be members of the General Staff Corps, convened by the War Department at such times as may be necessary. The board will be sworn to recommend officers solely on their professional efficiency, and on their probable aptitude and fitness for general staff service, and will select such number of officers of the proper grades to fill existing or expected vacancies, as the War Department may direct.

ARTICLE LIX.

ADJUTANT GENERAL'S DEPARTMENT.

774. The Adjutant General's Department is the department of records, orders, and correspondence of the Army and the militia.

The Adjutant General is charged, under the direction of the Secretary of War, and subject to the supervision of the Chief of Staff in all matters pertaining to the command, discipline, or administration of the existing military establishment, with the duty of recording, authenticating, and communicating to troops and individuals in the military service all orders, instructions, and regulations issued by the Secretary of War through the Chief of Staff; of preparing and distributing commissions; of compiling and issuing the Army Register and the Army List and Directory; of consolidating the general returns of the Army; of arranging and preserving the reports of officers detailed to visit encampments of militia; of preparing the annual returns of the militia required by law to be submitted to Congress; of managing the recruiting service, and of recording and issuing orders from the War Department remitting or mitigating sentences of general prisoners who have been discharged from the military service.

The Adjutant General is vested by law with the charge, under the Secretary of War, "of the military and hospital records of the volunteer armies and the pension and other business of the War Department connected therewith"; and of the publication and distribution of the Official Records of the War of the Rebellion. He also has charge of the historical records and business of the permanent military establishment, including all pension, pay, bounty, and other business pertaining to or based upon the military or medical histories of former officers or enlisted men.

The archives of The Adjutant General's Office include: All military records of the Revolutionary War; the records of all organizations, officers, and enlisted men that have been in the military service of the United States since the Revolutionary War; the records of the movements and operations of troops; the medical and hospital records of the Army; all reports of physical examination of recruits and all identification cards; the records of the Provost Marshal General's Bureau; the records of the Bureau of Refugees, Freedmen, and Abandoned Lands; the Confederate records, including those pertaining to the legislative, executive, and judicial branches of the Confederate government.

Upon the muster out or discharge of volunteers or militia from the service of the United States all the records that pertain to them, and that have not already been filed in The Adjutant General's Office, will be transferred to and filed in that office.

The Adjutant General takes such steps as are necessary to complete or correct the records in his custody, and answers all calls or inquiries that are answerable from those records and that do not require administrative action by other bureaus of the War Department.

ARTICLE LX.

MILITARY CORRESPONDENCE.

775. An official letter should refer to one subject only. Letters of transmittal will be used only when necessary, and when used must refer only to the matter transmitted; none are required with rolls, returns, estimates, requisitions, or periodical reports. Telegrams will be followed by official copies sent by first mail in cases of financial transactions of more than trifling importance and in cases in which chiefs of bureaus of the War Department may deem it necessary themselves to send, or to require officers serving under their immediate control to send to them, such copies.

776. Letters will be written, folded, numbered, briefed, marked, and signed; indorsements will be written, numbered, and signed; and inclosures will be numbered and marked as prescribed in orders from the War Department. Models illustrating the system are furnished from The Adjutant General's Office.

777. The post-office address of an officer's station will be given in his official letters. Indefinite expressions of locality, which do not indicate where the letter was written, will not be used.

778. In order to reduce the possibility of confidential communications falling into the hands of persons other than those for whom they are intended, the sender will inclose them in an inner and an outer cover; the inner cover to be a sealed envelope or wrapper addressed in the usual way, but marked plainly "Confidential" in such manner that the notation may be most readily seen when the outer cover is removed. The package thus prepared will then be inclosed in another sealed envelope or wrapper addressed in the ordinary manner with no notation to indicate the confidential nature of the contents.

The foregoing applies not only to confidential communications entrusted to the mails or to telegraph companies, but also to such communications entrusted to messengers passing between different offices of the same headquarters, including the bureaus and offices of the War Department.

Government telegraph operators will be held responsible that all telegrams are carefully guarded. No received telegram will ever leave an office except in a sealed envelope, properly addressed. All files will be carefully guarded and access thereto will be denied to all parties except those authorized by law to see the same.

779. Official communications will be signed or authenticated with the pen and not by facsimiles, and if written by order, it will be stated by whose order. Signatures will be plainly and legibly written. By virtue of the commission and assignment to duty, the adjutant general or adjutant of any command transacts the business or correspondence of that command over his own signature; but when orders or instructions of any kind are given, the authority by which he gives the order must be stated. In the absence of a commanding general, his chief of staff, or, if there be none, his adjutant general, in signing the communications to be forwarded to higher authority, will add to his signature the words, "In the absence of the ——— commander."

780. An officer will not be designated in orders nor addressed in official communications by any other title than that of his actual rank.

781. Private correspondence from persons in the military service which they may desire to have forwarded through the dispatch agents of the United States will be addressed, under cover, to the War Department.

782. Except as otherwise specially authorized or required by Army Regulations, all official communications from officers and enlisted men of the Army

outside of the War Department intended for the Secretary of War or for any bureau or office of the War Department will be in writing and addressed to The Adjutant General of the Army, who will submit all business, coming to him from the Army, which requires action in the War Department or by the President and which does not come within the jurisdiction of chiefs of bureaus, to the Chief of Staff, to be acted upon by him in conformity to the rules duly prescribed for that purpose by the President or the Secretary of War.

Correspondence of the War Department with the Army will be through or by The Adjutant General of the Army.

783. Communications, whether from a subordinate to a superior, or vice versa, will pass through intermediate commanders. This rule will not be interpreted as including matters in relation to which intermediate commanders can have no knowledge, and over which they are not expected to exercise control. Chiefs of War Department bureaus are intermediate commanders between higher authority and the officers and enlisted men of their respective corps or departments, who are serving under the exclusive control of themselves and their subordinates. Verbal communications will be governed by the same rules as to channels as written communications. When necessity requires communications to be sent through other than the prescribed channel, the necessity therefor will be stated.

Communications from superiors to subordinates will be answered through the same channel as received.

784. Correspondence between an officer of a staff corps or department and the chief of the War Department bureau in which he is serving, which does not involve questions of administrative responsibility within the supervision of commanding officers outside that staff corps or department nor relate to individual interests or status of a military nature requiring the action of authority outside that staff corps or department, and which is concerned exclusively with the business of that staff corps or department, will pass directly. All business emanating from the bureaus of the War Department requiring the action of higher authority will be submitted to the Chief of Staff for his consideration, either orally in person, or in writing through The Adjutant General of the Army. In all cases the action of higher authority thereon will be communicated in writing by The Adjutant General of the Army to those concerned. Matters, however, of a purely civil nature will be submitted by chiefs of bureaus directly to the Secretary of War unless otherwise required by their subject matter.

785. Except as provided in paragraph 783, all communications, reports, and estimates from officers serving at a military post, and communications of every nature addressed to them relating to affairs of the post, will pass through the post commander.

786. Officers who forward communications will indorse thereon their approval or disapproval, with remarks. No communication will be forwarded to the War Department by a department commander or other superior officer for the action of the Secretary of War without some recommendation or expression of opinion.

787. A commander or chief of bureau may communicate with those under his command or direction through a staff or other suitable officer. With all others he will himself make the communication.

788. Unless otherwise expressly authorized by statute, an application for the official opinion of the Judge Advocate General or of an officer of any Executive Department of the Government other than the War Department will be addressed to The Adjutant General of the Army. Abstract questions will not be presented.

789. Unimportant and trivial communications need not be forwarded to The Adjutant General of the Army simply because addressed to him. Department, brigade, and district commanders should decide whether a communication is of sufficient importance to be forwarded.

790. In official correspondence between officers or between officers and officials of other branches of the public service, and especially in matters involving questions of jurisdiction, conflict of authority, or dispute, officers of the Army are reminded that their correspondence should be courteous in tone and free from any expression partaking of a personal nature or calculated to give offense. Whenever questions of such character shall arise between officers and officials of other branches of the public service, and it is found that they can not be reconciled by an interchange of courteous correspondence, the officer of the Army, as the representative of the interests of the War Department in the matter involved, will make a full presentation of the case to the Secretary of War through the proper military channels, in order that the same may be properly considered.

ARTICLE LXI.

ORDERS.

791. The routine orders of commanders of armies, divisions, brigades, regiments, battalions not organized into regiments, posts, departments, and districts are denominated "general (general court-martial or special) orders" of such army, division, etc., according to character, and are numbered in separate series, each beginning with the calendar year or at the time of the establishment of the headquarters. Orders issued by commanders of battalions forming parts of regiments, companies, or small detachments are simply denominated "orders," and are numbered in a single series, beginning with the year. Circulars issued from any headquarters are numbered in a separate series.

The orders of commanders of armies, divisions, brigades, regiments, separate battalions, and companies in the field, relating entirely to tactical or strategical operations incident to a state of war, are denominated "field orders" and are numbered in series.

792. General orders publish matters of importance to the whole command which are of permanent interest or are to be constantly observed, such as hours for roll calls and duties, police regulations and prohibitions, laws and regulations for the Army, and eulogies or censures.

793. Special orders are such as concern individuals or relate to matters that need not be made known to the whole command.

794. General orders and all important special orders must be read and approved, before issue, by the officer whose orders they are.

795. An order will state the source from which it emanates, its number, date, place of issue, and the authority under which issued. It may be put in the form of a letter addressed to the individual concerned through the proper channel.

796. Orders for any body of troops will ordinarily be addressed to its commanding officer, the address naming the office and not the individual. They will be executed by the commander present, who will publish them and distribute copies when necessary.

797. Orders eulogizing the conduct of living officers will not be issued except in cases of gallantry in action or performance of especially hazardous service.

798. In the field, verbal and important written orders are carried by officers. Dispatches for distant corps should be intrusted only to officers to whom their contents may be confided.

799. Mounted enlisted men will be employed to carry important dispatches only in special and urgent cases. The precise hours of departure and the rates at which they are to be conveyed will be written clearly on the covers of all dispatches transmitted by mounted orderlies.

800. Orders to an officer involving travel on duty, as for the inspection or payment of troops, etc., will designate the troops and posts to be visited and the order in which he will visit them.

801. Orders and instructions will be transmitted through intermediate commanders, in order of rank, except when they are of such character that the commanders have no power to modify or suspend them. In such cases the orders or instructions will be sent directly to the officer by whom they are to be executed, copies being furnished to the intermediate commanders.

802. Printed orders are generally distributed directly to posts by the headquarters from which issued. Files of such orders will be kept by each regiment and company and at each military post, and will be turned over by a commander, when relieved, to his successor. If general orders in regular succession are not received within a reasonable time, commanding officers will report missing numbers to the proper headquarters.

803. General orders of the War Department issued from the Office of The Adjutant General of the Army will be distributed by The Adjutant General's Department. The distribution will be made, first, by The Adjutant General of the Army directly, and, second, under the immediate direction of The Adjutant General of the Army, by the department adjutants of the several territorial departments, each department adjutant to make the distribution within his own department.

1. BY THE ADJUTANT GENERAL OF THE ARMY.

(a) To the department adjutants of the several territorial departments, such number of copies as will enable them to make the distribution hereinafter prescribed. (b) To the Chief of Staff and to the chiefs of bureaus and offices of the War Department, for use in the official files and for the personal files of such officers as are on duty in Washington in the War Department General Staff, the bureaus and offices of the department, and the Army War College. (c) To each military attaché, one copy for his personal file.

2. BY THE DEPARTMENT ADJUTANTS OF THE SEVERAL TERRITORIAL DEPARTMENTS.

(a) To the several offices at department, brigade, and district headquarters for the official files thereat. (b) To each regimental, coast defense, and post headquarters for the official files thereat; to each troop, battery, or company organization for its official file; and to each officer, whatever his duty or station, who is under assignment to or is serving within the geographical limits of any territorial department and who is not supplied directly by The Adjutant General of the Army as hereinbefore provided, including every officer absent sick, on leave of absence, or otherwise temporarily absent, for his personal file. (c) To each civil educational institution to which an officer of the Army is detailed, two copies, one of which is for the file of the institution and the other for the personal file of the officer, both copies to be sent directly to the officer, who will deliver one of them to the head of the institution. (d) To the following institutions, depots, stations, and other establishments that may be located within the geographical limits of any territorial department, for official and personal files, to wit, the United States Military Academy, the service schools (except the Army War College), the United States Military Prison or any

branch thereof, general recruit depots, general recruiting stations, general hospitals, arsenals, armories, general depots of supply, and Signal Corps stations. (e) To the Army transports, mine planters, and cable ships serving within the geographical limits of any territorial department, or having home ports therein.

In making the distribution hereinbefore provided for the following rules will govern: An official file or a personal file consists of one copy of each general order of the series. Only one personal file will be allowed in any individual case and the number of official files will be as follows: (1) To department and military district headquarters, such number as may be necessary. (2) To a coast defense or a regimental headquarters, five; to a post, one for the post, one each for the adjutant, quartermaster, surgeon, and ordnance officer, and one for the post artillery engineer at each coast artillery post that is not coast defense command headquarters. (3) To each troop, battery, or company organization, one. (4) To an Army transport, mine planter, or cable ship, one.

The requisite number of copies of orders to supply all authorized official and personal files at a post will be sent to the post commander, who will distribute them in accordance with the provisions of this paragraph.

When a regiment is serving in the field it will be furnished with three copies of each general order, in addition to the number for the official and personal files hereinbefore authorized.

In all cases in which the number of orders to be supplied for official files is not definitely fixed by this paragraph, the number of such files to be maintained and supplied will be determined by special instructions from The Adjutant General's Office.

Chiefs of bureaus and offices of the War Department will not supply copies of War Department orders for the official or personal files of any of their subordinates, except such as are on duty in their respective bureaus and offices in Washington.

The official files of general orders will not be removed from the stations or organizations to which they belong.

Individual officers serving, or under assignment to duty, within the geographical limits of any territorial department, but not reporting to the headquarters thereof, will make application to the department adjutant of such department for their supply of War Department general orders, and will thereafter keep him informed of any change in their respective addresses, such application to show in each case the number of the last general order of the officer's files, in order that his files may be brought to date and kept complete.

Officers failing to receive copies of general orders of the War Department, or desiring to replace copies that have been lost or destroyed, will make application for the desired copies to the officer by whom such orders are ordinarily furnished to them.

SPECIAL ORDERS.

Full copies of special orders will be furnished directly from The Adjutant General's Office to the chiefs of bureaus and offices of the War Department and, for use in the official files, to the headquarters of each department, brigade, and district.

Extracts of special orders will be furnished from the Office of The Adjutant General of the Army directly, or through intermediate commanders, only to those concerned.

When a special order involves travel, the office issuing it will furnish the person concerned with a copy for his personal file and an additional number of copies sufficient to enable him to meet the requirements of regulations.

804. In camp or garrison, orders that affect a command will, as a rule, be read to the troops at the first regular parade after they are received. In the field, when orderly hours can not be observed, they will be sent directly to the troops, or commanders of regiments or corps will be informed when to send to headquarters for them, or during a halt orders will be read to troops, without waiting for the regular parades.

805. Commanding generals of territorial departments will forward to The Adjutant General of the Army, as soon as issued from their headquarters, such number of copies of general orders and circulars and special orders, with indexes thereto, and rosters of troops as may be directed from time to time by the War Department.

Commanding officers of separate brigades will forward to The Adjutant General of the Army two copies of all orders and circulars as soon as issued from their headquarters.

806. The date of any appointment, detail, or removal affecting the pay of staff officers or acting staff officers will be immediately reported by the officer making the same to The Adjutant General of the Army and to the quartermaster of the department or command to which such officers belong.

ARTICLE LXII.

MUSTER ROLLS.

807. At every muster of troops pay rolls will be prepared, signed, and disposed of in accordance with the directions on the blank forms furnished by the Chief of the Quartermaster Corps, and at each bimonthly muster on the last day of February, April, June, August, October, and December muster rolls will be prepared, signed, and disposed of in accordance with the directions on the blank forms furnished by The Adjutant General of the Army.

There will be reported on the field, staff, and band roll the regimental field officers, the chaplain, regimental and battalion staff (commissioned and non-commissioned), and band; on the post artillery corps rolls, the noncommissioned staff (artillery corps bands on separate rolls); on the company rolls, the officers and enlisted men belonging to the company; on the hospital rolls, the medical officers, the hospital corps, and the authorized matrons; on the post noncommissioned staff rolls, the post noncommissioned staff. The last-named rolls will be prepared and signed by the adjutant, who will also keep the accounts and prepare the final statements of the men borne thereon.

808. A soldier on duty or in a hospital at a post or station where his company is not mustered will be mustered on a detachment roll, a separate muster roll being prepared for each regiment or corps. Where two or more of such soldiers are at a post or station their names will be borne on one consolidated pay roll, which will show in a column ruled for that purpose the organization to which each soldier belongs.

809. Companies will be designated on the rolls by letters or numbers, and regiments or corps.

810. Corrections on muster and pay rolls, after muster and before they have been forwarded, will not be made except with the approval of the mustering officer. Retained rolls will not be changed without authority from the War Department. Calculations on the pay roll are made by the quartermaster and copied on the retained roll by the company or detachment commander, who will certify that he witnessed the payment, and will enter thereon the name of the quartermaster.

ARTICLE LXIII.

RETURNS OF TROOPS, RECORDS.

811. Commanders of territorial departments, posts, subposts, field armies, tactical divisions, separate brigades, regiments, companies, detachments, general hospitals, field hospitals, and mine planters will make monthly returns of their respective commands on forms furnished by The Adjutant General of the Army and in accordance with directions printed thereon. Chiefs of staff corps and departments will make similar monthly returns of their corps and departments, and transport quartermasters will make similar monthly returns of officers and enlisted men serving on transports under regular detail in the transport service.

In the case of a subpost the returns will be prepared by the commanding officer of the main post, unless the detachment at the subpost is in command of a commissioned officer, in which event such officer will prepare the returns and forward them through the commanding officer of the main post.

Commanders of brigades and districts will forward each month to department headquarters a statement of any changes occurring during the month in the status of the brigade or district commander and his staff.

812. In addition to the monthly returns required by paragraph 811, commanding officers of regiments, companies, and detachments will make similar returns of their commands to The Adjutant General of the Army and to their immediate commanding officer whenever they leave or join a station, or when they sail from a port of embarkation or arrive at a port of destination.

When leaving station the return to the immediate commanding officer will be accompanied by a report from each organization on the monthly return blank showing alterations since last return only, with record of events to date.

The commanding officer of troops on a transport will, before sailing and on reaching port of destination, make a special return to the department commander and to The Adjutant General of the Army of all casualties and unattached officers and enlisted men passengers on the ship.

813. When a field officer is serving with detached companies of his regiment or corps the commanders thereof will forward their returns through him.

814. Whenever the strength of a separate command is temporarily or permanently increased by the arrival or decreased by the departure of any organization, the commanding officer will immediately report by telegraph to the next higher commander the designation of such organization moved and the names, with arm of the service, of officers accompanying it who do not belong thereto.

BATTLE REPORTS, RETURNS OF EFFECTIVES, CASUALTIES.

815. In campaign two columns will be added to the monthly return in the space reserved for remarks, in which shall be entered the effective strength of the organization. In determining such strength only those who are available for service in the line of battle will be included. Officers or enlisted men who are sick or disabled, on duty in any of the staff or supply departments, or for any cause not available in line of battle, will be excluded.

816. After every battle or engagement with the enemy, written reports thereof will be made by commanders of regiments, separate battalions or squadrons, companies or detachments, and by all commanders of a higher grade, each in what concerns his own command, which reports will be forwarded, through the proper channel, to The Adjutant General of the Army. It shall be the

especial duty of all general staff officers attached to commands in the field to keep careful journals of the operations, from which they will compile reports of said operations for their immediate commanders.

817. Whenever upon marches, guards, or in quarters different corps of the Army happen to join or do duty together, and an officer of the Marine Corps or the militia shall command the whole, such officer shall report his action and the operations of the force under his command, through military channels, to the Secretary of War, as well as to his superiors in his own branch of the service.

818. Immediately after any engagement in which casualties have occurred the commanding officer of each organization that participated therein will submit, by telegraph if possible, to his immediate superior commander a report showing by name each person killed, wounded or otherwise injured, or missing, officers and enlisted men to be reported separately, and wounds and other injuries to be classified, if practicable, as slight or severe. If telegraphic communication can not be had, the report will be sent by the most expeditious means available. The report will be consolidated, if necessary, at the proper headquarters and telegraphed to The Adjutant General of the Army. In addition to the foregoing report, commanding officers of posts, regiments, or separate organizations will prepare and forward by mail a return in triplicate, showing the name, rank, and organization of each person killed, wounded or otherwise injured, or missing, the date and place of the engagement and, in the case of wound or other injury, the location of the wound or the nature of the injury, and whether slight or severe. Whenever necessary commanding officers will call on their senior medical officers for all information that can be supplied in this connection. One copy of the return will be forwarded by the officer making it to his immediate superior commander, 1 copy will be retained for file with the records of the post or organization, and 1 copy will be sent by mail directly to The Adjutant General of the Army.

819. A return of all captured property will be rendered to The Adjutant General of the Army, through intermediate channels, by the immediate commander of the troops making the capture.

RECORDS.

820. All military records must be carefully preserved.

821. All public records, reports, and papers, such as document files, files of general and special orders and circulars, correspondence books, guard reports, morning reports, the records of enlisted men as kept in descriptive and deposit books or on loose leaves, and sick reports, are the property of the United States, and will be required by the War Department in the settlement of claims against the Government and for other official purposes. Whenever posts, districts, territorial divisions, departments, corps, divisions, brigades, regiments, and companies are discontinued, all such records will be carefully labeled, packed, and marked, showing the command to which they pertain, and will be forwarded to The Adjutant General of the Army, who will be promptly advised of the date of shipment and furnished with a schedule of records shipped. Records of discontinued depots of the staff departments will be forwarded directly to the chief of the staff department to which they pertain.

822. The use of colored inks, except as carmine or red ink is used in annotation, ruling, or compliance with specific instructions issued by the War Department on blank forms or otherwise, is prohibited in the records and correspondence of the Army.

823. Sections 128 and 129 of the Federal Penal Code of March 4, 1909, prescribe penalties for the willful and unlawful concealment, removal, mutilation, obliteration, falsification, or destruction of any record, proceeding, map, book, document, paper, or other thing, filed or deposited in any public office.

824. No information will be furnished by any person in the military service which can be made the basis of a claim against the Government, except it be given as the regulations prescribed to the proper officers of the War, Treasury, or Interior Departments, or the Department of Justice. Information concerning sick and wounded officers and enlisted men may be freely conveyed to allay the anxiety of friends. The fact of death may be communicated to relatives, but not circumstances connected therewith which could be made use of in prosecuting claims against the Government. If any person in the military service has knowledge of facts pertaining to the service of an individual who is an applicant for a pension, he may, upon request, if not pecuniarily interested, furnish a certificate or affidavit setting forth his knowledge, but such certificate or affidavit will be furnished only to The Adjutant General of the Army to be forwarded to the proper officer of the Interior Department. Record evidence will be furnished by the War Department only.

ARTICLE LXIV.

PERSONAL AND EFFICIENCY REPORTS.

825. When any officer arrives at Washington, D. C., or at the headquarters of a territorial department, he will report at the office of The Adjutant General of the Army, or of the department adjutant, and will register his name and address, and the authority for his presence there.

826. 1. An officer detached from his regiment or corps for duty will report immediately upon arrival at his new station to The Adjutant General of the Army and to the chief of his corps or to his regimental commander the time of departure from former station, of arrival at new station with a reference to the authority for the change, and his post-office address. As soon as practicable thereafter he will report the nature of his duties. Thereafter any such officer not carried on any regular return as present for duty will report to The Adjutant General of the Army and to the chief of his corps or to his regimental commander any material change in his duties and any change of address immediately after such change in his official status; and any such officer who may incur any sickness or injury will make report of that fact as soon as practicable, giving the nature and cause of such sickness or injury.

2. Any general officer not carried on any regular return as present for duty will make to The Adjutant General of the Army the reports required by section 1 of this paragraph.

827. 1. An officer of a staff corps or department, or an officer serving therein by detail, will make report to the head of the corps or department on the last day of every month, giving his address, a statement of the duties on which he has been employed during the month, the date of his assignment thereto, and the authority by which so assigned.

2. An officer on the retired list assigned to duty by War Department orders will make a like report to The Adjutant General of the Army as soon as practicable after such assignment; thereafter any such officer, if not carried on any regular return as present for duty, will report to The Adjutant General of the Army any material change in his duties and any change of address immediately after such change in his official status. An officer on the retired list not assigned to duty by War Department orders, unless specially exempted, will

report his address to The Adjutant General of the Army on the last day of every month and will also report promptly any change of address.

828. Regimental field officers not serving at the headquarters of their regiments will make monthly reports to their regimental commanders. These reports will embrace everything essential to a correct record of their services and of the services of the battalion staff and noncommissioned staff officers serving under them.

829. 1. Efficiency reports are intended to cover, as far as practicable, the whole of the calendar year to which they refer, and will be prepared by reporting officers as named below and forwarded, subject to the exception stated in section 4 of this paragraph, on December 31 of each year to The Adjutant General of the Army through intermediate commanders, who will indorse thereon such remarks as may be proper in each case:

(a) By the commanding officer of each territorial department, tactical division, brigade, or district, respecting each officer of his staff; by each department commander respecting each post commander not reported on by a subordinate commander; and by each brigade or district commander respecting each regimental or coast defense commander under his command.

(b) By the chief of each staff department or corps and each staff bureau respecting each officer of his department, corps, or bureau not otherwise reported on.

(c) By the department surgeon of a territorial department respecting each officer of the Medical Department serving in the department and by the head of each other staff department or corps at the headquarters of a territorial department respecting each officer attached to his office or serving under his immediate direction.

The report of the department surgeon concerning officers of the Medical Department not attached to his office or serving under his immediate direction will be made in the form of an indorsement on the efficiency reports of such officers.

(d) By each officer of the Corps of Engineers serving as division engineer respecting each officer in charge of an engineering district within his division, and by each district officer respecting each officer on duty under his orders.

(e) By each coast defense commander respecting each post commander in his command who is an officer of the Coast Artillery Corps and each coast defense staff officer.

(f) By each post commander respecting each officer of his command not otherwise reported on at the post.

(g) By each surgeon of a post respecting any officer of the Medical Department serving under his direction.

(h) By each company commander respecting each subaltern officer on duty with the company.

(i) By each regimental commander respecting each field and staff officer and each company commander of the regiment serving at regimental headquarters.

(j) By the Superintendent of the Military Academy, the commandant of each service school, the commandant of the military prison and of any branch thereof, and the commanding officer of a general recruit depot respecting each officer serving under them, respectively, not otherwise reported on.

(k) By the commanding officer of each arsenal, armory, and general depot of supply respecting each officer on duty thereat.

(l) By the recruiting officer on duty at each general recruiting station respecting each officer serving under his supervision.

(*m*) By the commanding general, Philippine Department, respecting officers on duty with the various branches of the civil government in the Philippine Islands.

2. Whenever an officer is permanently relieved from duty at a post or station, or is detailed on temporary duty elsewhere, the probable period of which duty may extend beyond December 31 of that year, the reporting officer will make the required entries on the efficiency report blank and, after signing the certificate attached thereto, will forward the report through intermediate commanders to the officer upon whom the duty devolves of continuing or completing the report.

3. Whenever a reporting officer is permanently relieved from duty, or is temporarily relieved for a period that will probably extend beyond December 31 of that year, he will make the required entries on the efficiency report blank and turn it over to the officer upon whom the duty devolves of continuing or completing the report.

4. On December 31 of each year the report of each officer of cavalry, field artillery, and infantry, assigned to a regiment but not serving at the same station with the regimental commander, will be referred directly to the regimental commander by the officer making the final entries on the efficiency report, for the information of the regimental commander and for such remark as he may desire to make. The report will then be returned directly to the officer from whom it was received, to be forwarded through military channels.

830. Each officer who makes the annual inspection of the military department of any civil institution of learning will, immediately after the inspection, forward to The Adjutant General of the Army an efficiency report respecting each army officer on duty at the institution.

831. The Inspector General will forward to the Secretary of War extracts of all inspection reports containing specially favorable or unfavorable mention of any officer. Extracts respecting officers of the line and chaplains will be sent through The Adjutant General of the Army, and those respecting officers of the staff corps or departments through the respective chiefs of bureaus. Copies of unfavorable reports will be sent by chiefs of bureaus to officers reported upon, for their remarks, and these, when received, will be filed with the original extracts.

832. In preparing efficiency reports, reporting officers will exercise the greatest care to set forth all facts concerning each officer and his record which may aid the department in forming a true estimate of standing, ability, and special fitness for any military duties.

833. Chiefs of staff corps and departments will note the correctness of the reports received and will add any data known to them which will contribute to the completeness of the record in each case. All efficiency reports will be transmitted to the Secretary of War as soon as practicable after their receipt, verification, and completion.

ARTICLE LXV.

PENALTY ENVELOPES.

834. Official communications and other mailable matter relating exclusively to the public business, will be transmitted through the mails free of postage, if covered by the "Penalty envelope." Where an officer writes to a private party on official business he may inclose with his letter an official penalty envelope, properly addressed to himself, to cover the reply.

835. Information which is intended to be used in the performance of official duty only is official information, while that which is intended to be used for the

furtherance of private interest, ends, or business in any way whatever, though called for by a public officer, is private information. The official envelope may be used to give or obtain the former, but not the latter.

836. Envelopes for official mail matter for the War Department will have "War Department," the designation of bureau or office, and "Official Business," printed in three or four lines, as may be required, in the upper left corner, and in the upper right corner the following: "Penalty for private use, \$300." Envelopes for the use of the headquarters of a territorial department, for a post, station, armory, arsenal, depot, or school of instruction, will be of the same form, with the proper substitution for the designation of the bureau or office, and with the address when necessary. Envelopes required for the transmission of printed matter may also have printed thereon "Printed matter." Other printing or ruling on such envelopes at public expense is prohibited unless printed at the Government Printing Office. For the official business of officers not embraced in the foregoing classes, and officers on the retired list, the heading "War Department," "Official Business," will be placed across the left end of the envelope, with the officer's official signature written immediately below it, and with the penalty clause in the upper right corner.

837. Packages of public property partaking of the characteristics of 4th class mail matter, weighing not more than 11 pounds and not greater in size than 72 inches in length and girth combined, may be sent through the mails under cover of the penalty envelope. Within the first and second parcel post zones the weight may be 20 pounds or less. Penalty envelopes with return address may be furnished to any person from whom official information is desired, but will not be furnished to merchants or other dealers to cover the transmission of public property, or the return of official vouchers.

838. The use of freight or express lines for transmitting official letters or packages that can be sent by mail is forbidden.

839. The penalty envelope will not be used for foreign correspondence.

ARTICLE LXVI.

THE RECRUITING SERVICE.

840. Recruiting for the Army will be conducted by—

1. An officer for each regiment, post, or detachment, detailed by the proper commanding officer to enlist for the regiment, post, or detachment, or, when authorized by the department commander, for any troops in the department, or, when authorized by the War Department, for any organization in the Army.

2. An officer detached from any organization by its commander, with the approval of the War Department, to make enlistments for that organization and, when authorized by the War Department, for any organization in the Army.

3. Officers detailed on recruiting service by the War Department. The regular details will be ordinarily for three years.

841. General recruiting stations are places at which applicants for enlistment are examined and from which, if found to be qualified for service, they are forwarded to recruiting depots for final examination and enlistment.

Recruiting depots are of two classes, viz, general recruit depots and recruit depot posts. General recruit depots are depots at which applicants for enlistment are finally examined, enlisted, and retained for instruction, and from which recruits are distributed to the Army. Recruit depot posts are the designated military posts to which are sent, from general recruiting stations, for final examination, enlistment, and distribution to the Army, such applicants for enlistment as are not sent to general recruit depots.

In all matters of police and discipline recruits at recruit depot posts are under the command of the post and department commanders, but in all other matters, including discharges for disability, they are directly under the orders of the War Department. All records pertaining to recruit administration at recruit depots and depot posts will be so kept that a change may, without interference, be made at any time in the post personnel.

842. Recruits at general depots will be organized for instruction into recruit companies as may be directed by the War Department, the instruction being given by officers detailed and noncommissioned officers appointed for that purpose. Commanding officers of all recruit depots and depot posts will forward directly to The Adjutant General of the Army trimonthly reports of recruits.

843. All enlisted men prior to their assignment to general recruiting duty will be transferred to the general service, infantry. The recruiting officer in charge of each general recruiting station, having first satisfied himself of the soldiers' fitness for the positions, will announce in orders from his station, and muster from the date of such announcement, one member of his recruiting party as sergeant and one as corporal. Such orders will be entered in the records of the recruiting station and a copy of each order will be forwarded to The Adjutant General of the Army; a copy will also be furnished to each soldier concerned.

844. Members of recruiting parties announced and mustered as sergeants or corporals will not be reduced while performing such duty without the approval of The Adjutant General of the Army. Their appointments as sergeants or corporals will, however, terminate whenever they are relieved from recruiting duty, or when the stations at which they are serving are discontinued, unless they shall be assigned to other recruiting stations at which there are vacancies in their respective grades. The recruiting officer will in every case announce in orders the date of the termination of an appointment as sergeant or corporal and furnish copies of each order, as indicated in paragraph 843.

845. All assignments of enlisted men to the general recruiting service will be as privates, the question of their promotion as sergeants or corporals being for determination after their fitness and capacity shall have been demonstrated. Individual applications for transfers to the general recruiting service will be forwarded, whenever practicable, through the proper commanding officers, who will indorse thereon their recommendations, based upon service and merit, and also a statement of the soldier's fitness for recruiting duty, especially as regards clerical ability and knowledge of Army papers. The transfers will be made from time to time, as the interests of the service require, in orders from the War Department.

846. Any male citizen of the United States or person who has legally declared his intention to become a citizen, if above the age of 21 and under the age of 35 years, able-bodied, free from disease, of good character and temperate habits, may be enlisted or accepted for enlistment under the restrictions contained in this article. In regard to age or citizenship this regulation shall not apply to soldiers who have served honestly and faithfully a previous enlistment in the Army.

847. Recruiting officers at general recruiting stations will not make enlistments or reenlistments, except reenlistments of members of their recruiting parties, but will examine applicants physically, mentally, and morally to determine their fitness for service and will forward such applicants as they deem qualified to designated recruit depots or depot posts for final examination and enlistment if found qualified. Recruiting officers at general recruiting stations may reenlist members of their recruiting parties, to be continued on duty with those

parties, without sending the men to recruiting depots for examination, provided that the reenlistments are made within 10 days after discharge and the men are found qualified for service on examination by the recruiting officers. In such cases the recruiting officers will complete the enlistment papers, the forms for the physical examination of recruits, and the descriptive and assignment cards and forward them directly to The Adjutant General of the Army.

With the exceptions indicated in paragraph 859, the date on which the enlistment or reenlistment of any man is actually completed, by administering the oath, is the date of that enlistment and must invariably be shown on the enlistment paper, above the signature of the officer who administers the oath and thereby enlists the man.

848. Applicants for original enlistment and men who apply to reenter the Army after an interval of more than three months from date of discharge will be required to furnish evidence of good character. To determine an applicant's fitness and aptitude for the service and to give him an opportunity to secure testimonials of character he may, after having signified his intention to enlist and passed the required examination, be retained and provided for not to exceed six days before being accepted or rejected. At recruiting stations at which no medical officer or recruiting officer is on duty an examination by the senior noncommissioned officer on duty at the station will be sufficient to determine whether the applicant may be retained for the period named, but such examination will not take the place of that to be made by the recruiting officer under paragraph 847.

849. The enlistment or acceptance with a view to enlistment of persons of any of the following classes is prohibited: Insane or intoxicated persons; deserters from the naval service of the United States; persons who have been convicted of felony or who have been imprisoned under sentence of a court in a reformatory, jail, or penitentiary; persons under 18 years of age; for original enlistment, persons over 35 years of age; for first enlistment in time of peace, any person (except an Indian) who is not a citizen of the United States or Porto Rico, or who has not made legal declaration of his intention to become a citizen of the United States, or who can not speak, read, and write the English language; and, except as provided in paragraph 861, former soldiers whose service during the last preceding term of enlistment has not been honest and faithful and deserters from the military service of the United States.

850. Recruiting officers will be very particular to ascertain the true age of every applicant for enlistment. If any doubt exists as to the applicant's statement regarding his age, his oath will not be taken as conclusive evidence of the fact, and if he can not furnish competent proof to support his statement, he will be rejected. Minors between the ages of 18 and 21 years may be enlisted or accepted with a view to enlistment with the written consent of the father, only surviving parent, or legally appointed guardian to the minor's enlistment. When a minor presents himself for enlistment or acceptance under the provisions of this paragraph, his parents or guardian, should he have any, will be found and informed of the application; should he be without parents or guardian, the recruiting officer must reject him unless the applicant shall procure the legal appointment of a guardian and obtain his written consent.

851. Recruiting officers will be held to a rigid accountability for accepting and forwarding men who may be found unfitted for the service, and officers who enlist such applicants will be held to a like accountability. If a man after having been enlisted at a military post, or accepted at a general recruiting station and forwarded to a depot or depot post for enlistment, be discharged or rejected, and it appear that the enlistment or acceptance was carelessly made or in violation of these regulations, the expenses incurred in consequence of the

enlistment or acceptance of the man may be stopped against the pay of the officer responsible.

852. The enlistment or reenlistment of married men for the line of the Army is to be discouraged, and will be permitted only for some good reason in the public interest, the efficiency of the service to be the first consideration. Applications for such enlistments or reenlistments will be finally determined by the regimental commander, or other proper commanding officer if there be no regimental organization.

853. After the nature of the service and terms of enlistment have been fully explained to the applicant, and before the enlistment blanks are filled, the officer will read to him and offer for his signature the following declaration, which will be contained in the enlistment paper:

I, _____, desiring to —enlist in the Army of the United States for the term of seven years, do declare that I have neither wife nor child; that I am of the legal age to enlist, and believe myself to be physically qualified to perform the duties of an able-bodied soldier; and I do further declare that I am of good habits and character in all respects and have never been discharged from the United States service (Army or Navy) or any other service on account of disability or through sentence of either a civil or military court, nor discharged from any service, civil or military, except with good character, and for the reasons given by me to the recruiting officer prior to this enlistment. [Here add, in case of an applicant for first enlistment: And that I am, or have made legal declaration of my intention to become, a citizen of the United States.]

Given at _____, this _____ day of _____, 191—.

Witness:

_____.

If the applicant be a minor, his parents or guardian must give consent in writing in the following terms:

I, _____, do certify that I am the _____ of _____; that the said _____ is _____ years of age; and I do hereby freely give my consent to his enlisting as a soldier in the Army of the United States for the period of seven years.

Given at _____, this _____ day of _____, 191—.

Witness:

_____.

This consent will appear on the enlistment paper.

854. Recruiting officers will not allow any man to be enticed into the service by false representations, but will, in person, explain to every man before he signs the enlistment paper the nature of the service, the length of the term, the amount of pay, clothing, rations, and other allowances to which a soldier is entitled by law.

855. The following form of enlistment contract, duly sworn to, will be signed by each recruit on enlistment:

STATE OF _____,
City, town, or military post _____ } ss:

I, _____, born in _____, in the State of _____, aged _____ years and _____ months, and by occupation a _____, do hereby acknowledge to have voluntarily —enlisted this _____ day of _____, 191—, as a soldier in the Army of the United States of America, for the period of seven years in active service and in the Army Reserve for the periods and under the conditions prescribed by law, unless sooner discharged by proper authority; and do also agree to accept from the United States such bounty, pay, rations, and clothing as are or may be established by law. And I do solemnly swear (or affirm) that I will bear true faith and allegiance to the United States of America; that I will serve them honestly and faithfully against all their enemies whomsoever; and that I will obey the orders of the President of the United States, and the orders of the officers appointed over me, according to the Rules and Articles of War.

[SEAL.]

Subscribed and duly sworn to before me this _____ day of _____, A. D. 191—.

Recruiting Officer.

This oath may be administered by any commissioned officer of the Army.

856. Such of the Articles of War as relate specially to the duties and rights of enlisted men and the penalties for military crimes will be plainly read and, so far as necessary, explained to each applicant for enlistment just before administering to him the oath of enlistment. Within six days thereafter the Articles of War will be read to the recruit.

857. Enlistment papers and recruiting returns will be made on printed forms furnished by The Adjutant General of the Army, and will be executed and disposed of in accordance with directions thereon.

858. The real name of the recruit will be ascertained, correctly spelled, and written in the same way wherever it occurs, and the Christian name will not be abbreviated.

859. An enlistment will not be antedated so as to allow a soldier additional pay for reenlistment who applies after the period of three months from date of discharge has expired, nor does an application for reenlistment, made within three months, entitle the soldier to such increase. The benefit granted by law to soldiers who reenlist within three months from date of discharge can be obtained only by actual reenlistment before the expiration of the three months' limit. Where, however, the reenlistment of a soldier, who has applied in person within the period of three months to a proper recruiting officer for reenlistment, is delayed beyond the period of three months, through no fault of the soldier, but for the convenience of the Government, the date of the soldier's reenlistment as shown on the enlistment paper will be that of his application for enlistment.

860. An officer who enlists or reenlists a man who has been discharged from the Army will immediately give notice of the fact to the commanding officer of the company from which the man was last discharged, stating, if practicable, designation of the organization to which he has been assigned. On receiving this notice the commander of the company from which the man was discharged will enter the fact of enlistment or reenlistment on the soldier's record. Should it appear that deception has been practiced he will report the case to The Adjutant General of the Army. The recruiting officer will enter the fact of enlistment or reenlistment, with date and place, upon the certificate of discharge from former enlistment, which the soldier should have in his possession.

861. Application to reenter the Army from persons of any of the following classes will not be granted without special authority from the Secretary of War:

1. Former soldiers who have been discharged before expiration of term of service, excepting those discharged by purchase or for the convenience of the Government.

2. Former soldiers who have been discharged with character other than good, or its full equivalent.

3. Former soldiers over 40 years of age who were last discharged as privates and have failed to reenlist within three months thereafter. In such cases the applications must show that the enlistments will be for the interests of the service.

4. Former soldiers who can not pass the required examination in all respects. Applications of this nature should show that any existing defects will not prevent the performance by the applicant of full military duty.

5. Former soldiers who deserted the military service of the United States in time of peace and former soldiers whose service during the last preceding term of enlistment was not honest and faithful. Authority to enlist persons of either of these two classes will be granted only in view of the good conduct of the applicant subsequent to his desertion or last preceding service, as provided for

in section 1998, Revised Statutes, as amended by the act of Congress approved August 22, 1912.

862. An applicant will be subjected to the required examination before application is made for special authority for his enlistment or reenlistment. The result of the examination will be stated in the application. Commanding officers forwarding applications from men of their commands for permission to reenlist for some other organization will report in each case whether the applicant is married or single, what character will be given him on discharge, and whether or not he can pass the required examination.

863. Enlisted men of good character and faithful service who, at the expiration of their terms, are undergoing treatment for injuries incurred or disease contracted in the line of duty, may be reenlisted if they so elect, and if the disability prove to be permanent, they will subsequently be discharged on certificates of disability. An enlisted man not under treatment, but who has contracted in the line of duty infirmities that may raise a question of physical eligibility to reenlistment, but not such as to prevent his performing the duties of a soldier, may be reenlisted by authority of the War Department on application made through the surgeon and proper military channel in time to receive a decision before the date of discharge.

MEDICAL EXAMINATION.

864. The physical examination of applicants for enlistment will be conducted in accordance with the authorized rules for the examination of recruits.

865. An applicant for enlistment at a garrisoned post, camp, or arsenal, where there is no medical officer or contract surgeon, will be physically examined before enlistment by the civilian physician employed by the Medical Department, who will immediately vaccinate the man if he is accepted.

866. As soon as a recruit joins any organization, depot, post, or station he will be examined by the surgeon to ascertain whether vaccination is required. In all cases where there is not unmistakable evidence of successful vaccination within a reasonable period the operation will be performed immediately. Vaccine virus is supplied by the Surgeon General.

867. Upon the arrival at a recruiting depot of an accepted applicant for enlistment he will be examined and enlisted or rejected with the least practicable delay.

If in the opinion of the surgeon or the commanding officer the disqualification in the case of any rejected applicant is of such a character that it should have been discovered by the recruiting officer who accepted and forwarded the applicant to the depot, the commanding officer will convene a board of three officers, one of whom shall be a medical officer if such officer is available, to examine into the case and report whether the disqualification existed prior to acceptance, when, where, and by whom the applicant was accepted, and whether in the opinion of the board the disqualification should have been discovered by the recruiting officer. If the board is of the opinion that the recruiting officer was at fault in accepting and forwarding the applicant, it will, before making its report, communicate with him and give him an opportunity to be heard in the case, but if he fails to respond with reasonable promptness, the board will proceed with the case and render its report without further delay. In those cases in which the board finds that the recruiting officer was at fault the record of the proceedings of the board, together with the report of the surgeon and the original form for examining a recruit, will be forwarded directly to The Adjutant General of the Army with the recommendation of the commanding

officer; but if the board finds that the recruiting officer was not at fault, it will so advise him, and no further action will be taken. If in the opinion of both the surgeon and the commanding officer the disqualification is not of such a character that it should have been discovered by the recruiting officer at the time of acceptance of the applicant, the case will not be referred to a board of officers. All military posts to which applicants for enlistment may be sent from general recruiting stations without previous medical examination will be regarded as depots within the meaning of this regulation.

Accepted applicants for enlistment who are found unfit for service on final examination at recruiting depots will be regarded as remaining under military observation until they have been returned to the recruiting stations at which they were accepted, or until they should have arrived at those stations after having been forwarded for them.

868. Every detachment of recruits ordered from a recruiting depot to any organization or post will, immediately preceding its departure, be critically inspected by the post commander and the senior medical officer present, and any sick or otherwise disabled will be held at depot. A recruit deemed unfit for continuance in the service will not be sent to an organization, but the necessary action will be taken by the commanding officer of the depot or depot post with a view to the discharge of the recruit on a surgeon's certificate of disability or otherwise as the case may require.

869. Before recruits are forwarded from a depot to organizations the post commander will cause the character of each recruit to be entered upon the descriptive and assignment card; also the date and result of last vaccination. Officers in charge of detachments, if called upon, will exhibit the entries relative to vaccination to authorized inspectors of State boards of health.

870. Upon arrival at a post each recruit who has not undergone examination by a medical officer, contract surgeon, or civilian physician will be examined, and defects will be recorded by the medical officer, with his opinion as to whether they existed prior to enlistment. A certificate of disability will be submitted if the recruit is disqualified for the service.

871. A monthly report of the medical examination of applicants for enlistment will be made for each garrisoned post or recruiting depot. This report will contain a record of all applicants examined during the preceding month and will be forwarded, not later than the sixth day of every month, to The Adjutant General of the Army, who will furnish blanks for the purpose. Where an applicant fails for any cause to complete his enlistment a notation to that effect will be made in the column for remarks. A copy of the report will be retained at the post or depot for which it is made.

RECRUITS SENT TO ORGANIZATIONS.

872. Recruits will be assigned to regiments and other organizations by The Adjutant General of the Army, under the direction of the Secretary of War, from recruit depots and depot posts. Recruits designated for assignment will be borne on the rolls and returns of the depots and depot posts until the date of departure therefrom, when the assignment will take effect. Prior to that date they will not be taken up on the rolls of companies, regiments, or other organizations.

Correspondence between officers or enlisted men of the general recruiting service and other officers or enlisted men of the Army with a view to furnishing or obtaining recruits for particular organizations, either by the acceptance of applicants at general recruiting stations or by the assignment of recruits from recruit depots or depot posts, is prohibited.

873. When recruits are sent to any organization, a descriptive and assignment card for each man will be given to the officer or noncommissioned officer assigned to conduct them, or if no officer or noncommissioned officer be so assigned the cards will be sent to the proper commanding officer by the first mail after the departure of the men.

874. When recruits are sent to organizations from depots or posts, the descriptive and assignment cards will be made by the adjutant; when applicants for enlistment are forwarded from recruiting stations to depots or depot posts, the cards will be made by the recruiting officer.

875. An officer intrusted with the command of recruits ordered to regiments or other organizations will, on arriving at destination, forward the following papers:

1. To The Adjutant General of the Army, a report of date of arrival at the post, the strength and condition of the party when turned over to the commanding officer, and all circumstances worthy of remark which occurred on the journey.

2. To the commanding officer of the post or organization, the descriptive and assignment cards furnished him with the recruits, properly completed by noting in the column for remarks time and place of death, desertion, or other casualty that may have occurred.

876. The descriptive and assignment card of every recruit sent to a regiment or other organization, with remarks showing final disposition of the recruit, and number of regiment and letter or number of company to which he has been assigned, will be forwarded to The Adjutant General of the Army by the officer who makes the assignment.

877. Soldiers enlisted by special authority for particular organizations will be sent to their proper stations without delay. An applicant will be subjected to the required examination before application is made for special authority for his enlistment.

ARTICLE LXVII.

INSPECTOR GENERAL'S DEPARTMENT.

GENERAL PROVISIONS.

878. The sphere of inquiry of the Inspector General's Department includes every branch of military affairs except when specially limited in these regulations or in orders. Inspectors general and acting inspectors general will exercise a comprehensive and general observation within the command to which they may be respectively assigned over all that pertains to the efficiency of the Army, the condition and state of supplies of all kinds, of arms and equipments, of the expenditure of public property and moneys, and the condition of accounts of all disbursing officers of every branch of the service, of the conduct, discipline, and efficiency of officers and troops, and report with strict impartiality in regard to all irregularities that may be discovered. From time to time they will make such suggestions as may appear to them practicable for the correction of any defect that may come under their observation.

879. Inspectors general or acting inspectors general assigned to a military command are under the immediate direction of its commanding general; when not so assigned, they are under the orders of the War Department. They will make the tactical, garrison, and such special inspections as the commanding general may direct within the limits of his command, and will each be allowed the necessary clerks and one messenger, who will be assigned by the Secretary of War.

880. Inspectors general and acting inspectors general will report by letter on arriving at their stations to the Inspector General of the Army. Thereafter they will furnish to him copies of all orders and written instructions received for tours of inspection or for investigations, giving the nature of the duty they are going to perform, the probable time they will be at each place to be visited during their tour, and the probable date they will return to their stations.

At the close of each fiscal year the inspector general assigned to a military command will submit to its commanding general a report covering the operations of the Inspector General's Department within the command during the preceding year, together with such recommendations for the improvement of the service as he may deem fit, and will forward a copy thereof, through military channels, to The Adjutant General of the Army, who will transmit it to the Inspector General of the Army.

881. Inspectors general or acting inspectors general will make known their orders or instructions to commanding and other officers whose troops and affairs they are directed to inspect, and these officers will see that every facility and assistance, including clerical aid, if requested, is afforded. When making inspections within the territorial limits of the command of an officer subordinate to the officer ordering the inspections, they will, prior to the inspections, furnish to the subordinate commander a copy of their orders and an itinerary of their route in so far as they relate to the inspection of parts of his command.

882. An inspector general or acting inspector general will not give orders unless specially authorized to do so, and then only in the name of the superior giving such authority. He will report with strict impartiality all irregularities. He should refrain from informal conversation or comment upon subjects under investigation.

883. An inspector general or acting inspector general will exercise the greatest care that he does no injustice to organizations or individuals. When investigating accusations prejudicial to the character of an officer, he will make known to the officer their nature, and give him an opportunity to make his own statement in writing, which will be appended to the report. Copies or extracts from an inspection report reflecting upon or commending the character or efficiency of an officer may be furnished him by the commander to whom the report is submitted.

884. An inspector general or acting inspector general detailed to investigate alleged attempts to defraud the Government, or any irregularity or misconduct of any officer or agent of the United States, has authority to administer oaths to witnesses.

SPECIAL DUTIES.

885. Inspectors general will, from time to time, designate the articles which, in their opinion, should be procured and kept for sale by the Quartermaster Corps to officers and enlisted men while in garrison or permanent camps and while in temporary camps or on active campaign. These recommendations will be submitted to the Secretary of War for his action.

CLASSIFICATION OF INSPECTIONS.

886. Inspections are classified as follows:

1. Annual tactical inspections of troops of the mobile army.
2. Annual garrison inspections.
3. Special and miscellaneous inspections.

Inspections of the coast artillery troops will include the annual garrison inspection, the inspection to be made by the coast artillery district commander as prescribed in the Regulations for the Instruction and Target Practice of Coast Artillery Troops, and such other inspections as may be directed.

ANNUAL TACTICAL INSPECTIONS.

887. The annual tactical inspections by department and brigade commanders prescribed in paragraphs 193 and 194 and the annual tactical inspections herein prescribed by officers of the Inspector General's Department will take place at the same time and place, during the period of field training, and, when practicable, while troops are assembled for instruction or for maneuvers. The object of these inspections is to determine the preparedness of organizations for war service and the capacity of officers for the exercise, in the field, of command appropriate to their rank. With this object constantly in view the character of the inspection may be varied at the discretion of the officer conducting the same, and any exercise may be required which may be necessary to arrive at definite conclusions and to justify positive recommendations, but tactical inspections will ordinarily embrace the following subjects:

1. Fitness and sufficiency of uniform and equipment of organizations for field service.
2. Camping, camp economy, observance of proper camp sanitation, and care of the sick.
3. Physical condition of officers and men and the use of prophylactic treatment for the prevention of diseases.
4. Marching capacity of organizations, as indicated by the rate of march, the observance of correct principles of marching, the distance covered, the resulting physical condition of men and animals, and the number, if any, disabled as a result of marching, during the entire period of the inspection.
5. Care of the feet of men; the supply and fit of footwear; the care of backs, necks, and feet of animals; proper bitting of animals and fitting of saddles and harness; and care of matériel.
6. The preparation and service of food.
7. The efficiency of the service of supply.
8. The transmission of information (Field Service Regulations).
9. Drill Regulations; combat exercises appropriate to the size of the command.
10. Field fortification, including the reconnaissance, selection, and occupation of defensive positions, the actual construction of appropriate entrenchments, when practicable, and the rendition of reports, including the necessary sketches based on standard publications and service manuals treating of the subject of field fortification.
11. The annual proficiency test for infantry and cavalry, and a field-firing test for field artillery. The proficiency test for infantry and cavalry will be, where practicable, that required by the Small Arms Firing Regulations. For the field artillery an additional allowance of ammunition of 36 rounds per battery is authorized; if it is not practicable to hold the test at the place of this particular inspection, it will be held at the place where service practice is held and as a part of the tactical inspection.
12. Tactics: Terrain exercises; the service of information (Field Service Regulations); field exercises appropriate to the size of the command acting alone or as a part of a larger force, based on Field Service Regulations, standard publications on tactics, and the combat principles of the drill regulations of the various arms of the service.

13. The annual physical examination and riding or walking test to be conducted at this time if practicable.

Whenever practicable the tactical inspection shall include a progressive field exercise extending over a period of several days and terminating in an action of all three arms combined.

In all cases requiring the promulgation of field orders the responsible commanding officer will, personally and without assistance, write or dictate his orders, of which a copy will be submitted at the time to the inspector. The use of books or other sources of information will not be permitted in preparing the orders or instructions required.

Every effort will be made by department and brigade commanders, and by the Inspector General of the Army, to insure the inspection of troops by inspectors general or acting inspectors general of the arm to be inspected. When no such inspector general or acting inspector general is available the department or brigade commander will be accompanied by an officer of the arm to be inspected.

The program of inspection and the problems required in connection therewith will be prepared under the direction of the department or brigade commander.

The inspector will prepare the report of the inspection and will forward the same to the Adjutant General of the Army through the brigade and department commanders, who will indorse their views thereon. The Adjutant General will transmit the report to the Inspector General of the Army. The report will set forth the designations of the organizations, the strength present and absent and how absentees are accounted for, and the results of the inspection, dealing only with important defects and deficiencies, and will include recommendations with a view to corrective action which can not be taken by the officers conducting the inspection. All minor irregularities will be corrected at once by the proper authority. The inspector, brigade and department commanders will report by name any and all officers whose organizations are not properly prepared for war service, who have not exhibited proper capacity for the exercise in the field of command appropriate to their rank, or who are believed to be incapable, from any cause, of performing the duties of their several grades either in garrison or actual service in the field. Such reports will be accompanied by the evidence covering the case. Officers will be furnished a copy of any unfavorable reference to their work or command and will be given an opportunity to submit a statement in writing, which will be appended to the report, with the comments thereon of superior authority.

ANNUAL GARRISON INSPECTION.

888. The annual garrison inspection will be conducted by officers of the Inspector General's Department during the period of garrison training. When practicable the inspector will belong to the arm to be inspected. The object of these inspections is to determine the state of discipline and efficiency attained in garrison training and the degree of efficiency and economy exercised in garrison administration.

889. All garrisons and posts shall be inspected at least once in each fiscal year by the inspector of the department or by his assistants. Ungarrisoned posts will be inspected at such times as the department commander may direct, ordinarily once in two years.

Inspections of garrisons and posts will embrace the following subjects:

1. Officers present, those absent on detached duty or otherwise, and those permanently incapacitated for any duty from any cause; whether the number of enlisted men in ranks at inspection corresponds to returns, how absentees are

accounted for, and how many appear under arms at inspection; the number of men in the band, and if any are not musicians.

4. Whether officers are efficient, including a report as to any intemperance or immorality, and mentioning any officer or soldier who has distinguished himself or shown special efficiency in any department of study or duty.

5. The manner in which chaplains perform their duties.

6. The efficiency of administrative and staff officers, the correctness of their accounts; whether payments and issues are made in accordance with law and regulations; whether surplus supplies are taken up on returns and deficiencies accounted for.

7. Proficiency of troops in drill in the use of the bayonet as a fighting weapon, and the use of the saber in mounted and dismounted exercises and in mounted and dismounted fencing; proficiency in riding of officers of the staff corps and mounted officers of infantry; proficiency of officers and men of mounted organizations in jumping hurdles, ditches, fences, and other obstacles, simulating those ordinarily found in cross-country riding; discipline and appearance of troops; state of arms, equipments, and accouterments of all kinds, and their fitness for field service; economy exercised by organization commanders in care and preservation of arms and equipment of all kinds; the character of recruits received, sources from which obtained, dates of arrival, and number received for each consignment; sufficiency, uniformity, and fit of clothing; the sufficiency of shoes for fitting and equipping enlisted men and the suitability of the place provided by the quartermaster for fitting purposes; failures of organization commanders to secure proper shoes for their commands or proper facilities for fitting and the causes for same; whether the schools for enlisted men are held as prescribed and properly conducted; nature and amount of drills, target practice, and gymnastic exercises; the amount of guard duty required and whether it is deemed excessive; efficiency in signaling; regularity of payment of troops, their health, and whether the sick are properly cared for; the number and percentage of desertions from each organization during the 12 months preceding the inspection and, if abnormal, special inquiry as to the cause therefor will be made and the result briefly reported.

8. Police and sanitation of the post; cleanliness, state of repair, and sanitary condition of all buildings; the number, character, and cost of buildings constructed since last annual inspection; economy exercised in care and preservation of public property.

9. Whether there are suitable rooms for use, respectively, as a library, reading room, chapel, and school; sufficient quantities of newspapers and periodicals, schoolbooks, stationery, and school material for the use of enlisted men; whether the newspapers, periodicals, and schoolbooks are solely used by enlisted men; whether the library rooms are used at all by officers, and, if so, whether it

interferes with their use by enlisted men; the attendance and progress of pupils and the system of instruction. See also paragraph 337.

10. System of messing; sufficiency, variety, and preparation of food.

11. Whether labor of the supply departments is performed by troops or civilians; if by the latter, their number, cost attending and reasons for their employment, and kind of labor performed by them.

12. Means of transportation, its condition and fitness for field service; training, grooming, shoeing, suitability, veterinary treatment and condition of public animals, and number unserviceable; also the suitability for military purposes of horses owned by officers.

13. Condition of all public property, and whether used for private purposes; whether buildings and property are properly secured against fire, theft, and damage.

14. Whether sales of subsistence stores are made to enlisted men according to regulations; whether there are damaged stores, and, if so, in what quantities and how damage was caused.

15. Water supply, facilities for laundry work, bathing and swimming; system and condition of sewerage and drainage, and means of extinguishing fire.

16. Management and success of post exchange, and whether properly supplied and conducted according to regulations; extent, necessity for, and kind of gardens, success attending, and number of men employed therein.

17. Management and application of the regimental, company, mess, and post exchange funds, and whether the provisions of Article XXXIII are complied with.

18. Whether regimental, post, and company books, papers, and files, and those of the post staff departments, including chaplain's records, are properly kept, and the prescribed rolls and returns are properly prepared and promptly forwarded.

19. Condition of post cemetery and its records.

20. Efficiency of Hospital Corps in ambulance and litter-bearer's drill, and methods of rendering first aid to the wounded.

890. Inspectors while inspecting a command will call upon post, coast defense, regimental, battalion, and company commanders and the surgeon for a report by name of any officer under their immediate command who is incapacitated for service, either mentally, morally, or physically. When any officer is so reported the inspector will thoroughly investigate the case and submit his conclusions thereon to the officer ordering the inspection.

891. The written reports of inspectors will set forth a correct return of the troops, the number present at and absent from the station and the absentees from inspection, and whether irregularities, etc., reported at last inspection, have been remedied, after which will follow a statement of the results of the inspection, dealing only with defects, deficiencies, irregularities, recommendations, and commendations whereof the various items will be paragraphed and stated separately. These items will be grouped under the department within whose sphere the responsibility for the conditions stated falls, viz: Commanding officer, Quartermaster Corps, Corps of Engineers, etc. Brief statement will be made of the various drills and exercises held for the inspector and the report concluded with an exposition of the conclusions arrived at as to the state of discipline and efficiency attained in garrison training and the degree of efficiency and economy exercised in garrison administration.

892. On completion of an inspection of a garrison, post, or other command of troops, the inspector will furnish its commanding officer a written statement of all irregularities and deficiencies observed, which will be kept on file for the

information of commanding officers and inspectors. The commanding officer, as soon as practicable, will submit to the next higher commander a copy of this statement, with a report showing what remedies he has applied or will apply to correct each of the irregularities or defects found, and will recommend the proper action with regard to those that he has not power or authority to remedy. These reports and statements will be promptly forwarded, through military channels, to The Adjutant General of the Army, by whom they will be transmitted to the Inspector General.

At arsenals, depots, and stations not under the supervision of department commanders inspectors will furnish like statements, and commanding officers will forward copies thereof, with their replies, to The Adjutant General for file with the inspection reports to which they pertain.

SPECIAL AND MISCELLANEOUS INSPECTIONS.

893. Special inspections and investigations within the limits of a command (territorial or tactical) may be made under orders of the commander thereof; but in all cases involving travel his selection of officers to perform such duty shall be restricted to inspectors general, acting inspectors general, or officers of the General Staff Corps on duty as such, at his headquarters under War Department assignment.

894. The annual inspection of the Soldiers' Home in the District of Columbia will be made by the Inspector General of the Army, in person, as required by law; and that of the National Home for Disabled Volunteer Soldiers, its records, disbursements, management, discipline, and condition, will be made by an officer of the Inspector General's Department under the provisions of the act of Congress approved August 18, 1894, who will report in writing, through the Inspector General of the Army, to the Secretary of War, the results of such inspection.

895. All armories, arsenals, depots, general hospitals, general recruiting stations, the proving ground at Sandy Hook, N. J., and the military prisoners in the United States penitentiary at Leavenworth, Kans., will be inspected annually and all national cemeteries once in two years. These inspections and the inspections of accounts of officers disbursing funds under the Secretary of War, and such special inspections of posts and commands, as may be deemed advisable, will be directed by the Secretary of War to be made by officers recommended by the Inspector General of the Army, with a view to their special fitness for the work enjoined.

896. Inspections of the military departments and business methods of the Military Academy and of the service schools will be made annually by the Inspector General or officers recommended by him under specific instructions of the War Department.

897. The inspection of disbursements and money accounts of disbursing officers required by act of April 20, 1874, will be made by officers of the Inspector General's Department or by others detailed for that purpose, and, as far as practicable, at irregular intervals, but no officer so detailed shall be in any way connected with the corps or staff department making the disbursement. The frequency of these inspections will be regulated by the Secretary of War.

898. Just prior to the departure of an army transport from a terminal port, and immediately upon its arrival at such port, it will be minutely inspected by an officer of the Inspector General's Department, or, if no officer of that department is available, by an officer previously designated for the performance of this duty. In making this inspection all irregularities and deficiencies found by the inspector or mentioned in the report of the commanding officer of the troops,

required by paragraph 232, Army Transport Service Regulations, will be investigated.

899. The Inspector General of the Army will keep the inspectors of the several military departments informed, through the proper channels, of such inspections of accounts of disbursing officers and of places not under the immediate command of the department commander as the Secretary of War desires shall be made by them. Department commanders in issuing orders for inspections involving travel will consider the most advantageous and economical plan.

REPORTS.

900. Reports of prescribed inspections of troops, stations, and accounts of disbursing officers under the authority of the department commanders will be forwarded, through military channels, to The Adjutant General of the Army and transmitted to the Inspector General of the Army. In case irregularities, deficiencies, or misconduct are reported, a commander in forwarding a report will state what remedies he has applied or will apply to correct them, adding any recommendations that he may desire to make. All other reports of inspectors will be forwarded directly to the Inspector General of the Army, except when otherwise specially directed, and all inspection reports not confidential will be filed in his office. The Inspector General will submit to the Chief of Staff all reports that contain matters requiring correction.

DISBURSEMENTS AND ACCOUNTS.

901. Inspectors general and acting inspectors general will inquire as to the necessity, economy, and propriety of all disbursements, their strict conformity to the law appropriating the money, and whether the disbursing officers comply with the law in keeping their accounts and making their deposits. A statement of receipts and expenditures and of the distribution of funds, with lists of outstanding checks, on forms furnished by the Inspector General of the Army, will be submitted by the disbursing officer to the inspector, who should immediately transmit the lists of outstanding checks to the several depositaries. Upon return from a depositary balances will be verified and noted on the inspection report, which will then be forwarded to the Inspector General, with a copy of each list of outstanding checks and the indorsements thereon. The original lists will be retained by the inspector to be used at the next inspection of the officer's accounts and then sent to the Inspector General.

902. When an officer ceases to act as a disbursing officer, or for any reason closes his accounts, he will prepare a closing statement of his money accounts from date of last inspection to and including the closing of his accounts, with a separate list of outstanding checks. If he is under the command of a department commander, or his accounts are assigned for inspection to the department inspector, he will forward the statement and list of checks to department headquarters, through military channels, for the usual action. If disbursing under the direction of the Secretary of War without such assignment, he will forward his papers directly to The Adjutant General of the Army, who will transmit them to the Inspector General of the Army. He will also comply with the requirements of paragraphs 588 and 630.

PROPERTY FOR CONDEMNATION.

903. Except as provided in paragraph 717, inspections having in view the condemnation of property will be made by inspectors general or acting inspectors general; but in cases of emergency, such as when a station is aban-

done or when troops change station, such inspections may be made by officers specially designated by the commander of a department, or the commander of a division, or army in the field, or higher authority.

904. Officers will prepare and sign in duplicate, on blank forms furnished by the Inspector General of the Army, inventories of public property requiring inspection, and present them, with the property, to the Inspector General or Acting Inspector General at the time of his visit. In the case of rapidly deteriorating subsistence stores or of unserviceable public animals, or of pressing emergency, such inventories will be prepared whenever necessary, and one copy will be forwarded to the commander having authority to appoint an inspector. Public animals will be inventoried singly, with a brief description of color, sex, age, and distinguishing marks. Public buildings which have become unserviceable and can not be kept in repair at reasonable cost, or which occupy ground required for new buildings or other improvements, will be entered upon a separate inventory and brought before an inspector for his action.

905. For inspection the property will be arranged in the order of enumeration in the inventory, every article will be examined by the inspector, and the officer responsible will accompany him and be prepared to give all necessary information in regard to it.

906. Inspectors will examine all property presented for condemnation. When all property presented has been destroyed, the two copies of the inventory and inspection report will be delivered by the inspecting officer to the accountable officer. In cases in which the inspector recommends the sale of any property, or its transfer to depots, he will forward both copies of the inventory and inspection report to department or division headquarters, and if the inspector's action is approved by the department or division commander, both copies will be returned to the accountable officer; and, in similar cases, when the accountable officer is not serving under the department or division commander and all the property has been destroyed, both copies of the inventory and inspection report will be forwarded to the accountable officer, or if sale or transfer of the property is recommended, the inspecting officer will forward both copies of the inventory and inspection report to the Inspector General of the Army, who will forward them to the Chief of Staff through the chief of the bureau concerned; both copies will be returned to the accountable officer.

907. Inspectors will exercise great care in examining property submitted to them for condemnation and in making recommendations regarding its disposition. Articles "to be continued in service" are such as are still serviceable. Those "to be dropped" from the returns are such as can not be sold at the post and are not worth cost of transportation to an arsenal or depot for repair. If worthless, they must be so far destroyed as to prevent any possibility of future presentation. Such articles as can not be destroyed will, when practicable, be marked "I. C." (inspected—condemned), or will be broken up and the serviceable parts retained. Condemned animals will be branded "I. C." on the neck under the mane. Should the inspector's recommendation be disapproved in regard to articles marked "I. C." the marks will be canceled and a certificate of the fact given to the responsible officer. Suitable brands and stencils will be kept for use of inspectors at posts and depots. Articles "to be sold at post" are such as are of no further public use or not worth cost of transportation to a depot. Those "to be turned in to depot" are such as can not be repaired at the post and are worth cost of transportation. Small arms found to be unfit for service and hand arms and personal and horse equipments ordered turned in to depot will first be turned in to the post ordnance officer, who will, when sufficient stores have accumulated to make an economical shipment, send them to an arsenal designated by the Chief of Ordnance. Property will not be turned

in to depots without authority from the head of the staff department to which the property pertains, except in the Philippine and Hawaiian Departments, where such authority may be given by the commanding generals of those departments. The authority herein referred to, of heads of staff departments, will usually be given in general terms in the form of approved memoranda indicating the most advantageous method of disposing of various classes of unserviceable property, which memoranda will serve as guides to department and higher commanders and inspectors. When property ordered "to be turned in to depot" on the recommendation of an inspector is found, upon receipt at the depot, to be in such condition that it can not be made suitable for issue, it may be destroyed or broken up under such instructions as may be given by the head of the department concerned, or by the commanding generals, Philippine and Hawaiian Departments, so far as pertains to property turned in to depots at Manila, Philippine Islands, and depots in Hawaii Territory.

908. Public property in use will not be reported as unserviceable nor condemned by an inspector merely because worn or shabby in appearance when really strong and serviceable.

909. Great care will be taken to prevent property once condemned and ordered dropped from the returns from being again presented for inspection. When public property is presented to an inspector for condemnation, the officer responsible will certify on the inventory that the property has not been previously condemned.

910. Inspectors will, when practicable, cause the destruction, in their presence, of all property found to be worthless and which is without money value at or near the place of inspection, except small arms, and will state in their reports that "the articles recommended to be destroyed have no money value at or near the post." The action of an inspector on property of this character will be final, and his report will be a valid voucher for the responsible officer. Inspectors will be held responsible for their action in this particular. When property thus condemned is not destroyed in the presence of the inspector or a disinterested officer representing the inspector, the responsible officer will certify to the fact of subsequent destruction in his presence.

911. An inspection report on damaged clothing will set forth the amount of damage to each article; also a list of such articles as are fit to issue to prisoners, or, at reduced prices, to enlisted men willing to receive them.

912. Department commanders may give orders, on the reports of authorized inspectors, to make such disposition of condemned property as the case may require, except public buildings, for which the order of the Secretary of War is required. If the property be of considerable value and there be good reason to suppose that it can be more advantageously applied or disposed of elsewhere than within the command, the report will be forwarded for the action of the War Department.

913. The following-mentioned property will not be presented for the action of an inspector without the authority of the Secretary of War:

1. Cannon and their carriages, machine and automatic guns with their carriages and mounts, but not including spare parts, accessories, implements, and equipments required in their maintenance and operation; also ammunition for cannon.

2. Electrical and mechanical installations and appliances furnished to the Coast Artillery Corps by the Engineer Department, the Signal Corps, or the Torpedo Depot, and forming part of the permanent seacoast defenses, including submarine mine cable, but not including supplies such as wiring, tools, clamps, and battery fluid, fragile articles like battery cells or jars and carboys, or spare

parts and accessories not essential to the operation of the installation, such as battery syringes and hydrometers.

All of the copies of the inventory and inspection report on such property will be forwarded by the department commander directly to the chief of the bureau concerned for the final action of the Secretary of War.

914. Orders for the final disposition of condemned property will be indorsed by the proper authority on the inspection reports, each copy being made complete in itself. Both copies will be forwarded, through military channels, to the accountable officer, who will forward one with his accounts and file the other with his retained papers.

ARTICLE LXVIII.

JUDGE ADVOCATE GENERAL'S DEPARTMENT.

915. The Judge Advocate General is the custodian of the records of all general courts-martial, courts of inquiry, and military commissions, and of all papers relating to the title of lands under the control of the War Department, except the Washington Aqueduct and the public buildings and grounds in the District of Columbia. The officers of this department render opinions upon legal questions when called upon by proper authority.

916. The judge advocate of each department, or the officer acting as such, will, as soon as practicable after June 30 of each year, render to the Judge Advocate General a report for the year terminating on that date, giving the number and character of cases tried by courts-martial in the department during the period, with his recommendations and remarks touching the administration of military justice. This report will also contain such data and information as may from time to time be directed by the Judge Advocate General.

917. The original proceedings of all general courts-martial, courts of inquiry, and military commissions, with the decisions and orders of the reviewing authorities made thereon, and the proceedings of all general courts-martial, courts of inquiry, and military commissions which require the confirmation of the President, but which have not been appointed by him, will be forwarded, after having been finally acted upon by the appointing authority or his successor in command, directly to the Judge Advocate General. One copy of the order promulgating the action of the court and a copy of every subsequent order affecting the case will be forwarded to the Judge Advocate General with the record of each case. When more than one case is embraced in a single order, a sufficient number of copies will be forwarded to enable one to be filed with each record. The proceedings of all courts and military commissions appointed by the President will be sent directly to the Secretary of War.

918. Judge advocates and acting judge advocates will forward to the Judge Advocate General, on June 30 each year, with the reports prescribed in paragraph 916, lists of the law books for which they are responsible.

919. Applications of officers, enlisted men, and military prisoners for copies of proceedings of general courts-martial, to be furnished them under the one hundred and fourteenth article of war, will, when received by post or other commanders, be forwarded directly to the Judge Advocate General.

920. Communications relating to proceedings of military courts on file in the Judge Advocate General's Department will be addressed and forwarded directly by department commanders to the Judge Advocate General. In routine matters, the Judge Advocate General and judge advocates may correspond with each other directly,

921. The reports which the Judge Advocate General of the Army may render upon cases received by him, and which require the action of the President, will be transmitted to The Adjutant General of the Army for record and for submission to the Chief of Staff for the consideration of the Secretary of War and the President. After final action is had by superior authority in such cases, all the papers will be returned to The Adjutant General of the Army, who, before publishing the action taken, will refer the papers to the Judge Advocate General of the Army for further scrutiny.

ARTICLE LXIX.

ARREST AND CONFINEMENT.

922. Only commanding officers have power to place officers in arrest, except as provided in the twenty-fourth article of war. An arrest may be ordered by the commanding officer, in person or through a staff officer, orally or in writing.

923. An officer arrested will repair at once to his tent or quarters, and there remain until more extended limits have been granted by the commanding officer. Close confinement will not be enforced except in cases of a serious nature.

924. Officers will not be placed in arrest for light offenses. For these the censure of the commanding officer will generally answer the purpose of discipline. Whenever a commanding officer places an officer in arrest without preferring charges, he will make a written report of his action to the brigade or coast artillery district commander, stating the cause. The brigade or coast artillery district commander, if he thinks the occasion requires, will call on the officer arrested for any explanation he may desire to make, and take such other action within his authority as he may think necessary, forwarding the papers, with his recommendation, to the department commander, who will, in case a trial is not deemed advisable, forward the papers to The Adjutant General of the Army for file with the officer's record, or for further action. In the case of officers belonging to organizations not attached or belonging to a brigade or coast artillery district, the report will be sent directly to the department commander.

925. In ordinary cases where inconvenience to the service would result from it, a medical officer will not be placed in arrest until the court-martial for his trial convenes.

926. An officer in arrest will not wear a sword nor visit officially his commanding or other superior officer, unless directed to do so. His applications and requests of every nature will be made in writing.

927. On the march, field officers and noncommissioned staff officers in arrest will follow in the rear of their respective regiments, and company officers and noncommissioned officers in arrest in rear of their respective companies, unless otherwise specially directed.

928. Enlisted men against whom charges have been preferred will be designated as "awaiting trial;" enlisted men who have been tried will, prior to the promulgation of the result, be designated as "awaiting result of trial;" enlisted men serving sentences of confinement, not involving dishonorable discharge, will be designated as "garrison prisoners." Persons sentenced to dismissal or dishonorable discharge and to terms of confinement at military posts or elsewhere will be designated as "general prisoners."

929. Noncommissioned officers will not be confined at the guardhouse in company with privates, except in aggravated cases or where escape is feared, but will be placed in arrest in their barracks or quarters.

930. Except as provided in the twenty-fourth article of war, or when restraint is necessary, no soldier will be confined without the order of an officer, who shall previously inquire into his offense.

931. The arrest or confinement of an enlisted man will be reported, as soon as practicable, to his company or detachment commander by the officer authorizing the arrest or confinement.

932. Prisoners awaiting trial by, or undergoing sentence of, general court-martial and those confined for serious offenses will be kept apart, when practicable, from those confined by sentence of an inferior court, or for minor offenses. Enlisted men awaiting trial or awaiting result of trial will not be sent to work with garrison prisoners or general prisoners if it can be avoided, and, in the discretion of the commanding officer, may be required to attend drills, or may be sent to work under charge of a sentinel, during the usual working hours. General prisoners will not be confined with other prisoners except in cases of necessity.

933. Soldiers against whom charges may be preferred for trial by summary court will not be confined in the guardhouse, but will be placed in arrest in quarters, before and during trial and while awaiting sentence, except when in particular cases restraint may be necessary.

934. If there are any prisoners with no record of charges against them, the old officer of the day will report that fact to the commanding officer, who will give the necessary instructions.

935. Prisoners will not be placed in irons except pursuant to sentence of a court-martial, or in the extraordinary case of a prisoner who, in the judgment of the commanding officer, is a desperate or dangerous character, in which case report of action and the circumstances will be immediately made to the department commander. A prisoner may be shackled or handcuffed while being transported from one post to another, or from a post to a penitentiary when, in the judgment of the officer in charge, the escape of the prisoner can not otherwise be prevented.

936. Special rules and regulations will be promulgated by the Secretary of War to govern the enforcement of discipline, the methods of guarding, and the treatment of general prisoners confined at posts; also the measure of labor to be imposed and the character of clothing and diet to be furnished them.

937. The commanding officer at posts where general prisoners are confined will forward, on the last day of every month, directly to The Adjutant General of the Army and to the department commander, a return of general prisoners. Blank forms for this return will be furnished by the Adjutant General's Department. General prisoners will be reported under the following headings: (a) General prisoners under sentence for purely military offenses alone. (b) General prisoners under sentence for statutory or common-law crimes or misdemeanors either alone or in connection with purely military offenses.

938. Prisoners will be forwarded from places of trial to places at which they are sentenced to serve confinement only on orders of department commanders or higher authority. The strength of guards to accompany them will be limited to the necessities of safe delivery. Orders detailing guards in charge of military prisoners will provide for the return journey of the guard and for commutation of rations, when such commutation is necessary. The commanding officer of a post from which a prisoner is transferred will send, under seal, to the commanding officer of the post or prison to which the prisoner is transferred, the following papers in his case, viz: Descriptive list, orders promulgating and modifying sentences, statement of conduct while under sentence to date of transfer, and a list of clothing in possession of the prisoner when forwarded. In

the case of a general prisoner the commanding officer will send the discharge papers of the prisoner, together with all the other papers hereinbefore described, except the descriptive list; in lieu of that list the commanding officer will send a certified copy of the prisoner's record as recorded on the form furnished by the Adjutant General's Department for keeping such records.

939. All serviceable clothing and blankets which are the property of a prisoner will accompany him to the post designated for his confinement, and will be fully itemized on the clothing list mentioned in the preceding paragraph. The guard in charge of the prisoner during transfer will be furnished with a duplicate of this list and will be held responsible for the delivery, with the prisoner, of all articles itemized therein.

940. The personal effects of military prisoners who have escaped from confinement, except such as possess some special value as keepsakes, may be disposed of by sale as in the case of effects of deceased soldiers, and the proceeds thereof, together with any money left by the prisoner in the hands of the company commander, be turned over to a quartermaster, who should account for the same in the manner provided for quartermasters' collections. The officer will take the quartermaster's receipt for the amount paid him and forward the same to the Auditor for the War Department.

941. No general prisoner will be released from confinement except on an order communicated by the commanding officer, who, before giving such order, will verify the date of expiration of the prisoner's sentence by examining all orders fixing or modifying his term of confinement.

942. General prisoners, other than those confined in penitentiaries, will be allowed in abatement of their terms of confinement when serving sentences of over three months, and not over 12 months, five days for each complete period of 25 days during the whole of which their conduct has been good; but the abatement of five days so authorized shall not have the effect in any case of reducing the confinement below three months. On sentences exceeding one year they will be allowed the foregoing abatement for the first year of the sentence including abatement, and thereafter 10 days for each complete period of 20 days during the whole of which their conduct has been good. Abatements thus authorized may be forfeited, wholly or in part, by subsequent misconduct, such forfeiture to be determined by the commanding officer of the post where the prisoner is confined. A general prisoner serving sentence in a penitentiary will be allowed the abatement authorized for convicts in that penitentiary.

Garrison prisoners will be allowed in abatement of their terms of confinement when serving sentences of one month five days for good conduct. On sentences exceeding one month they will be allowed the foregoing abatement for the first month of the sentence, and thereafter 10 days for each complete period of 20 days during the whole of which their conduct has been good. Abatements thus authorized may be forfeited, wholly or in part, by subsequent misconduct, such forfeiture to be determined by the commanding officer of the post where the prisoner is confined.

In order to secure uniformity in computing abatement of terms of confinement the following method of computation will be used:

A general prisoner or garrison prisoner will be credited at the beginning of his confinement with all the good-conduct time that can be earned in his case during the entire period of his sentence. All months will be assumed to consist of 30 days. When forfeitures of good-conduct time are imposed, they will be deducted from the amount of the prisoner's credit, but care will be taken not to impose or deduct a forfeiture in excess of the amount of good-conduct time that has actually been earned at date of forfeiture.

943. After a garrison prisoner has served one-half of his sentence he may, if his enlistment has not expired, submit to the commander of the post where the sentence is being executed a request to be put on probation for the remainder of the term of confinement adjudged, and upon the request being granted the soldier will be restored to duty upon condition that if his conduct is not good while on probation he will be required to serve the remainder of his sentence.

After a general prisoner who is serving sentence at a post has served one-half of his sentence he may submit to the commanding officer of the post an application to be placed upon parole during working hours for the remainder of the term of confinement. Such application will contain a pledge on the part of the applicant to comply with all general conditions under which general prisoners may be paroled, and also with any special requirements that may from time to time be made of him. Upon receipt of such an application the post commander may, in the exercise of his discretion, parole the prisoner during working hours for work in the Quartermaster Corps, upon condition that if the prisoner's conduct is not good the parole status will be forfeited. The granting of the qualified parole here authorized does not constitute a release of the prisoner from military custody or control, but merely authorizes a relaxation of the strict rule which would otherwise require the presence of a guard whenever the prisoner is outside of the guardhouse.

In determining what constitutes one-half of a sentence the calculation will be based upon the prisoner's term without deduction for good conduct.

The authorized abatement for good conduct will continue to accrue during the good conduct of a garrison prisoner on probation or of a general prisoner on parole.

944. The power to remit or mitigate punishment imposed by a court-martial, vested in the authority who appointed the court or the corresponding authority under whose jurisdiction the sentence is being executed, extends only to unexecuted portions of a sentence. If the punishment be one imposed by a general court-martial, it may be remitted or mitigated only by an officer competent to order a general court-martial and under whose jurisdiction the sentence is being executed. The fact that a soldier has been dishonorably discharged through his sentence does not affect this power. An application for clemency in case of a prisoner sentenced to confinement in a penitentiary, or in the United States Military Prison or any branch thereof, will be forwarded to The Adjutant General of the Army for the action of the Secretary of War and the President. A military prisoner sentenced to confinement in a penitentiary, or in the United States Military Prison or any branch thereof, will, so far as concerns the exercise of clemency, be considered to have passed beyond the jurisdiction of a department commander from the date of the approval of his sentence, without regard to the fact of his being temporarily retained within the command of the department commander pending transfer to a penitentiary, or the United States Military Prison or any branch thereof. The power to commute sentences imposed by military tribunals, not being vested in military commanders, can be exercised by the President only.

ARTICLE LXX.

COURTS-MARTIAL.

945. The order appointing a general or special court-martial will name its members in order of rank, and they will sit according to rank. Authorities competent to appoint a general court-martial will endeavor to obtain the maximum number of members for the trials of officers and for important trials of enlisted

men. The decision of the appointing authority as to the number of members of a general or a special court-martial is conclusive.

946. The place of holding a court is designated by the authority appointing it. Courts will be assembled at posts or stations where trial or examination will be attended with the least expense. A member stationed at the place where it sits is liable to duty with his command during adjournment from day to day. Courts will, as far as practicable, hold their sessions so as to interfere least with ordinary routine duties.

947. A president of the court will not be announced. The officer highest in rank present will act as president.

948. A court-martial has no power to punish its members; but for disorderly conduct a member is liable as for other offenses against military discipline. Improper words used by him should be taken down in writing, and any disorderly conduct reported to the appointing authority.

949. When a court sits in closed session, the judge advocate will withdraw, and when legal advice or assistance is required it will be obtained in open court.

SUBPOENAS TO WITNESSES.

950. The judge advocate will summon the necessary witnesses for the trial, but will not summon witnesses at the expense of the Government without the order of the court, unless satisfied that their testimony is material and necessary. A subpoena may be served by any person.

951. An officer or enlisted man who receives a summons to attend as a witness before any military court, board, civil court, or other tribunal competent to issue subpoenas, which is sitting beyond the limits of the department where he is serving, will, before starting to obey the summons, forward it, through the proper channel, to his department commander, that necessary orders or authority to obey a civil process may be given. In urgent cases, or when the public interest would be liable to suffer by delay, a post commander may authorize immediate departure, reporting his action and the reasons thereof to the department commander.

WRITS OF ATTACHMENT.

952. Judge advocates of military courts, in issuing process under section 1202, Revised Statutes, to compel the attendance, as witnesses, of persons not in the military service in the State, Territory, or District in which the court sits, will formally direct the same to an officer designated by the department commander to execute it. The nearest military commander will furnish the necessary military force for the execution of the process, if force be required.

CHARGES AND SPECIFICATIONS.

953. Commanding officers are not required to bring every dereliction of duty before a court for trial, but will endeavor to prevent their recurrence by admonitions, withholding of privileges, and taking such steps as may be necessary to enforce their orders. Company commanders are authorized, subject to the control of the commanding officer of the post, to dispose of cases of derelictions of duty in their commands which would be within the jurisdiction of summary courts-martial, by requiring extra tours of fatigue, unless the soldier concerned demands a trial. This right to demand a trial must be made known to him.

954. When charges are preferred against an enlisted man for trial other than by summary court, the charges, accompanied by the statement of service properly filled out, the proper evidence of previous convictions, if any, and a brief statement of the evidence expected from each witness, together with a statement of any other available evidence in the case, will be submitted to the

officer exercising special court-martial jurisdiction over the command to which the accused belongs. If this officer deems trial by general court-martial expedient, the charges, accompanied by the prescribed papers, will be forwarded to the authority competent to appoint a general court-martial for the trial. If the officer to whom the charges are submitted decides that trial should be had by special or summary court-martial, he will take action accordingly.

955. Before forwarding charges they will be carefully investigated by the commanding officer, or an officer designated by him, other than the officer preferring the charges, and in forwarding the charges the name of the officer making the investigation will be noted in the commanding officer's indorsement. The commanding officer will state in his indorsement whether or not, in his opinion, the charges can be sustained. When offenses against the peace and good order of civil communities are committed by persons subject to military law and such offenses are cognizable by courts-martial, the proper military authorities will be prompt in the preferring of charges and the arraignment of offenders, having due regard for arrangements existing for the purpose of securing between the authorities of the two jurisdictions, civil and military, mutual aid and cooperation in the administration of justice. In such cases, if, after charges are preferred, the officer competent to order trial by the proper court-martial deems it inadvisable to bring the case to trial, he will forward the charges, with his views thereon, to The Adjutant General of the Army.

956. Charges submitted for trial by a summary court should be accompanied by evidence of previous convictions, to be furnished when practicable by the officer preferring the charges; or, if the evidence is contained in the summary court record, a reference to it will be sufficient. If this evidence is not submitted or cited, the summary court may take judicial notice of any such evidence which that record contains.

957. The charges preferred for offenses cognizable by summary courts will be laid before the proper commander, who, if he thinks that the accused should be tried by summary court, will cause him to be brought before such court, where he will be arraigned and allowed to plead according to prevailing court-martial practice. If the accused neither holds a certificate of eligibility to promotion, nor (being a noncommissioned officer) objects to trial by summary court, nor pleads guilty, witnesses will be sworn and evidence received, the accused being permitted to testify in his own behalf and make a statement; but the evidence and statement will not be recorded. The summary court as soon as trial is concluded will record its findings and sentence in the summary court record and submit it to the officer appointing the court, or commanding for the time being, who will record therein his approval or disapproval, in part or in whole, with date and signature. No other record of the proceedings will be kept, and such trials will not be published in orders. Commanding officers will furnish company and other commanders with copies of the summary court record relating to men of their commands, said copies to be authenticated as official copies by the signature of the commanding officer or his adjutant, or by the impressed stamp of the headquarters having custody of the original record. When the summary court officer is also the commanding officer, no sentence of such summary court-martial adjudging confinement at hard labor or forfeiture of pay, or both, for a period in excess of one month shall be carried into execution until the same shall have been approved by superior authority; but the findings and sentence of every trial by summary court, after having been signed by the summary court officer, must be approved or disapproved, in whole or in part, and signed by the commanding officer as such, even though the latter be the only officer present with the command and sit as summary court.

958. Noncommissioned officers shall not, if they object thereto, be brought to trial before summary courts without the authority of the officer competent to order their trial by general court-martial, but shall in such cases be brought to trial before special or general courts-martial, as the case may be; nor will post noncommissioned staff officers, or sergeants, first class, Hospital Corps, be reduced, but they may be dishonorably discharged whenever reduction is included in the limit of punishment.

959. The summary court will be opened at a stated hour every day except Sunday for the trial of such cases as may properly be brought before it. Trials will be had on Sunday only when the exigencies of the service make it necessary. The commanding officer, and not the court, will determine when and what cases shall be brought before it. Delay in the trial of a soldier by summary court does not invalidate the proceedings, but may be considered by the court in awarding sentence.

960. The order convening a special court-martial, the charges submitted for trial thereby, the procedure before the court, and the record will be similar to the order, the charges, the procedure, and the record, respectively, in the case of a general court-martial, except that as to the procedure and the record in trials by special court-martial, the statements and arguments made before the court will not be recorded; nor will the testimony taken before such special courts-martial be reduced to writing unless directed by the authority referring the case to the court for trial.

TRIALS.

961. The commanding officer of a post where a general or a special court-martial is convened will, at the request of any prisoner who is to be arraigned, detail as counsel for his defense a suitable officer. If there be no such officer available, the fact will be reported to the appointing authority for action. An officer so detailed should perform such duties as usually devolve upon counsel for defendant before civil courts in criminal cases. As such counsel he should guard the interests of the prisoner by all honorable and legitimate means known to the law, so far as they are not inconsistent with military relations.

962. Whenever a soldier is convicted of an offense for which a discretionary punishment is authorized, the court will receive evidence of previous convictions, if there be any, such evidence being limited, except in the case of desertion, to previous convictions by courts-martial for any offense or offenses within one year preceding the date of commission of any offense charged and during the current enlistment. General and special courts-martial will, after a finding of guilty, be opened for the purpose of ascertaining whether there is such evidence, and, if so, of receiving it. Previous convictions by courts-martial must be proved by the records of previous trials and convictions, or by duly authenticated copies of such records, or by duly authenticated copies of the orders promulgating such trials. General and special courts-martial will consider only such evidence of previous convictions as is referred to them by the convening authority. The proper evidence of previous convictions by summary court is the copy of a summary court record furnished to company and other commanders, as required by paragraph 957, or one similarly authenticated and furnished for the purpose. When the proof produced is a copy furnished to the company or other commander, it will be returned to him and a copy of it attached to the record of the general or special court-martial trying the case.

SENTENCES.

963. Whenever by any of the Articles of War punishment is left to the discretion of the court, it shall not, in time of peace, be in excess of a limit which

the President may prescribe. The limits so prescribed are set forth in the Manual for Courts-Martial, published by authority of the Secretary of War.

964. Sentences imposing tours of guard duty are forbidden.

965. When the sentence of a general court-martial prescribes confinement, so much of the sentence as relates thereto will be expressed in substantially the following form: "To be confined at hard labor, at such place as the reviewing authority may direct, for -----," leaving to the reviewing authority the designation of the place of confinement.

966. A penitentiary may, and ordinarily will, be designated as the place of confinement of a general prisoner sentenced to be confined for more than one year upon conviction of an offense punishable by confinement in a penitentiary under some statute of the United States or of the State, Territory, or District in which the offense was committed or under the common law as the same is in force in such State, Territory, or District. The United States Military Prison at Fort Leavenworth, Kans., or a military post will be designated as the place of confinement of a general prisoner convicted of military offenses alone. The Pacific Branch of the United States Military Prison at Alcatraz, Cal., or a military post, will be designated as the place of confinement of a general prisoner whose case does not come within the terms of either of the preceding provisions of this paragraph. Detailed instructions to supplement the general provisions of this paragraph will be issued from time to time by the Secretary of War.

967. When a military prison or post has been designated as the place of confinement of a prisoner under sentence, no power is competent to increase the punishment by designating a penitentiary as the place of confinement.

968. When a sentence of confinement or forfeiture is in excess of the legal limit, the part within the limit is legal and may be executed.

969. When the date for the commencement of a term of confinement imposed by sentence of a court-martial is not expressly fixed by the sentence, the term of confinement begins on the date of the order promulgating it. The sentence is continuous until the term expires, except when the person sentenced is absent without authority.

970. The order promulgating the proceedings of a court and the action of the reviewing authority will, when practicable, be of the same date. When this is not practicable, the order will give the date of the action of the reviewing authority as the date of the beginning of the sentence. This does not apply to sentences of forfeiture of all pay and allowances. A soldier awaiting result of trial will not be paid before the result is known.

971. The authority which has designated the place of confinement, or higher authority, may change the place of confinement of any prisoner under the jurisdiction of such authority.

972. A sentence to confinement, with or without forfeiture of pay, can not become operative prior to the date of confirmation. If it be proper to take into consideration the length of confinement to which the prisoner has been subjected previous to such confirmation, it may be done by mitigation of sentence.

973. When soldiers awaiting result of trial or undergoing sentence commit offenses for which they are tried, the second sentence will be executed upon the expiration of the first.

974. A sentence adjudging a dishonorable discharge, to take effect at such period during a term of confinement as may be designated by the reviewing authority, is illegal.

975. The time at which a dishonorable discharge is to take effect, as fixed by a sentence, can not be postponed by the reviewing officer.

976. When a sentence imposes forfeiture of pay, or of a stated portion thereof, for a certain number of months, it stops for each of those months the amount stated. Thus: "Ten dollars of monthly pay for one year" would be a stoppage of \$120. When the sentence is silent as to the date of commencement of forfeiture of pay, the forfeiture will begin with the period for which pay has accrued since last payment. A forfeiture not limited by the sentence to any particular month or months or other space of time, but expressed simply as a forfeiture of so many months' pay, or of a certain amount of pay, is legally chargeable against the pay due and payable at the next payment, and the balance, if any, against pay accruing thereafter, until the forfeiture is fully satisfied, but the rate of forfeiture will be the rate of pay the soldier is entitled to receive at the date of the promulgation of the sentence.

977. An order remitting a forfeiture of pay operates only on the pay to become due on and after the date of the order.

978. Notwithstanding a sentence contemplates payment of a stated sum to a soldier upon his release from confinement, it can not be made unless there is a sufficient balance to his credit after all authorized stoppages are deducted.

THE RECORD.

979. Each general court-martial shall keep a complete and accurate record of its proceedings, separate in each case. Each special court-martial and each summary court-martial shall keep an accurate record of its proceedings, separate for each case, which record shall contain such matter as may be required or indicated in the forms prescribed for the records of such courts, respectively. The record of each case tried by a general or special court-martial will be authenticated by the signatures of the president and the judge advocate. The judge advocate should affix his signature to each day's proceedings. Whenever, by reason of the death or disability of the judge advocate occurring after the court has decided on the sentence, the record can not be authenticated by his signature, it must show that it has been formally approved by the court and must be authenticated by the signature of the president.

980. When records of trial by general courts-martial are written on the typewriter the copyable ribbon will be used when practicable, as this will save labor in making the copies required to be furnished under the one hundred and fourteenth article of war.

981. The judge advocate will transmit the proceedings without delay to the officer having authority to confirm the sentence, who will state at the end of the proceedings in each case his decision and orders.

982. After having been finally acted upon by the officer appointing the court or by the officer commanding for the time being, the record of each trial by special court-martial, and monthly reports of cases tried by summary courts will be transmitted without delay to department headquarters, there to be filed in the office of the department judge advocate for a period of two years, at the end of which time such records and reports may be destroyed.

983. When the record of a court exhibits error in preparation, or seemingly erroneous conclusions, the reviewing authority may reconvene the court for a reconsideration of its action, pointing out defects. Should the court concur in the views submitted, it will proceed by amendment to correct its error, and may modify or completely change its findings. A reopening of the case, by calling or recalling witnesses, is illegal.

984. Trials by general courts-martial, including so much of the proceedings as will give the charges and specifications, the pleas, findings, and sentence, and the action and remarks of the reviewing authority, will be announced in

general orders issued from the War Department or in general court-martial orders from the headquarters of territorial departments. If the charges contain matter which for any reason is unfit for publication, such matter will be omitted from the order, but a copy thereof will be promptly furnished by the reviewing authority to the commanding officer of the post at which the officer or soldier is confined, to be included with the papers required by paragraph 938 to be sent to the commanding officer of the post or military prison where the sentence of confinement is to be executed.

REPORTERS, CLERKS, INTERPRETERS.

985. The commanding officer will detail, when necessary, a suitable enlisted man as clerk to assist the judge advocate of a general court-martial or military commission, or the recorder of a court of inquiry.

986. A judge advocate of a general or special court-martial or military commission, and a recorder of a court of inquiry, may employ, when authorized by the convening authority, a stenographic reporter, not an enlisted man; who shall be paid at the following rates of compensation by the Quartermaster Corps on vouchers certified to be correct by the judge advocate or recorder, who will forward a copy of the same with the record:

For each case not to exceed \$1 an hour for time actually spent in court during the trial or hearing except when the court or commission sits less than three hours during the first day, when the allowance for such day shall be \$3. Time will be reckoned to the nearest half of an hour.

Fifteen cents for each 100 words for transcribing notes and making that portion of the original record which is typewritten; but no allowance shall be made for the first carbon copy of that portion of the record which is typewritten or for original papers which are appended as exhibits.

Ten cents for each 100 words for copying papers material to the inquiry, and 2 cents for each 100 words for each carbon copy of the same, when ordered by the court or commission for its use.

Two cents for each 100 words for the second and each additional carbon copy of the record when authorized by the convening authority.

Except for such part of the journey as may be covered by Government transportation, mileage at the rate authorized for a civilian witness not in Government employ, and \$3 a day for expenses when the judge advocate or recorder keeps him, at his own expense, away from his usual place of employment for 24 hours or more, on public business referred to the court or commission, shall be allowed the reporter for himself, and, when ordered by the court or commission, for each necessary assistant.

The judge advocate or recorder shall require the reporter to furnish the typewritten record of the proceedings of each session of the court or commission with one carbon copy of the same not later than 24 hours after the adjournment of that session. The complete record will be finished, indexed, bound, and ready for authentication not later than 48 hours after the completion of its action by the court or commission on the merits of the case or hearing.

An enlisted man may be detailed to serve as stenographic reporter, and while so serving shall receive extra pay at the rate of not to exceed 5 cents for each 100 words taken in shorthand and transcribed.

987. No person in the military or civil service of the Government can lawfully receive extra compensation for clerical duties performed for a military court, except as provided in paragraph 986.

988. Interpreters to courts-martial are paid by the Quartermaster Corps upon the certificate of the judge advocate that they were employed by order of the court. They will be allowed the pay and allowances of civilian witnesses.

ARTICLE LXXI.**CIVILIAN WITNESSES.**

989. Civilians in the employ of the Government when traveling upon summons as witnesses before military courts are entitled to transportation in kind from their place of residence to the place where the court is in session and return. If no transportation be furnished, they are entitled to reimbursement of the cost of travel actually performed by the shortest usually traveled route, including transfers to and from railway stations, at rates not exceeding 50 cents for each transfer, and the cost of sleeping car accommodations to which entitled, or steamer berth when an extra charge is made therefor. They are also entitled to reimbursement of the actual cost of meals and rooms at a rate not exceeding \$3 per day for each day actually and unavoidably consumed in travel or in attendance upon the court under the order or summons. No allowance will be made to them when attendance upon court does not require them to leave their stations.

990. A civilian, not in Government employ, duly summoned to appear as a witness before a military court or at a place where his deposition is to be taken for use before such court, will receive \$1.50 for each day of his actual attendance before such court or for the purpose of having his deposition taken, and 5 cents a mile for going from his place of residence to the place of trial or of the taking of his deposition, and 5 cents a mile for returning, except as follows:

1. In Porto Rico and Cuba he will receive \$1.50 a day while in attendance as above stated, and 15 cents for each mile necessarily traveled over stage line or by private conveyance, and 10 cents for each mile over any railway or steamship line.

2. In Alaska, east of the one hundred and forty-first degree of west longitude, he will receive \$2 a day while in attendance as above stated, and 10 cents a mile; and west of said degree \$4 a day and 15 cents a mile.

3. In the States of Wyoming, Montana, Washington, Oregon, California, Nevada, Idaho, Colorado, Utah, New Mexico, and Arizona he will receive \$3 a day for the time of actual attendance as above stated, and for the time necessarily occupied in going to and returning from the same, and 15 cents for each mile necessarily traveled over any stage line or by private conveyance, and 5 cents for each mile by any railway or steamship.

991. In case a civilian witness duly subpoenaed before a general court-martial refuses to appear or qualify as a witness, or to testify or produce documentary evidence, as required by law, he will at once be tendered or paid by the nearest quartermaster one day's fee and mileage for the journeys to and from the court, and will thereupon be again called upon to comply with the requirements of law. The fees and mileage of civilian witnesses residing beyond the limits of the State, District, or Territory in which the court-martial is held will not be paid in advance, as such witnesses can not be punished if they refuse to obey the summons. Civilian witnesses will be paid by the Quartermaster Corps.

992. The charges for return journeys of witnesses will be made upon the basis of the actual charges allowed for travel to the court, and the entire account thus completed will be paid upon discharge from attendance without waiting for completion of return travel.

993. The items of expenditure authorized in paragraphs 989 and 990 will be set forth in detail and made a part of each voucher for reimbursement. No other items will be allowed.

The certificate of the judge advocate will be evidence of the fact and period of attendance, and will be made upon the voucher.

When payment is made under the provisions of paragraph 989, the correctness of the items will be attested by the affidavit of the witness, to be made, when practicable, before the judge advocate.

994. Compensation to civilians in or out of Government employ for attendance upon civil courts is payable by the civil authorities.

ARTICLE LXXII.

EMPLOYMENT OF CIVIL COUNSEL—HABEAS CORPUS.

995. The employment of counsel at the expense of the United States is under the direction of the Department of Justice.

996. When a necessity arises for an attorney or counselor to defend or advise officers and others connected with the military service in cases connected with their public duties, request, with report of the facts, will be made to The Adjutant General of the Army through the regular military channels, but in cases which will not admit of delay the request may be sent direct. The Adjutant General will promptly submit all such requests to the Secretary of War for reference to the Department of Justice. Officers and others in the military service employing an attorney or counselor without being specially authorized to do so will be required to pay the expenses attendant upon such employment.

997. Officers will make respectful returns, in writing, to all writs of habeas corpus served on them. When the writ is issued by a State court or judge, and the person held by the Army officer is a civilian who has been apprehended under a warrant of attachment to be taken before a court-martial to testify as a witness, the officer will not produce the body, but will, by his return, set forth fully the authority by which he holds the person and allege that the State authority is without jurisdiction to issue the writ of habeas corpus, and ask to have the same dismissed. He will also exhibit to the court or officer issuing the writ of habeas corpus the warrant of attachment and the subpoena (and the proof of the service of the subpoena) on which the warrant of attachment was based, and also a certified copy of the order convening the court-martial before which he had been commanded to take the person.

998. Should a writ of habeas corpus issued by a State court or judge be served upon an Army officer, commanding him to produce an enlisted man or a general prisoner, and show cause for his detention, the officer will decline to produce in court the body of the person named in the writ, but will make respectful return in writing to the effect that the man is a duly enlisted soldier of the United States or a general prisoner under sentence of court-martial, as the case may be, and that the Supreme Court of the United States has decided that a magistrate or court of a State has no jurisdiction in such a case.

999. A writ of habeas corpus issued by a United States court or judge will be promptly obeyed. The person alleged to be illegally restrained of his liberty will be taken before the court from which the writ has issued, and a return made setting forth the reasons for his restraint. The officer upon whom such a writ is served will at once report the fact of such service, by telegraph, directly to The Adjutant General of the Army and the commanding general of the department.

ARTICLE LXXIII.

QUARtermaster CORPS.

NOTE.—Regulations for the government of the Quartermaster Corps, prepared and published under the authority of the Secretary of War, are distributed to its officers by the Chief of the Quartermaster Corps. Only such regulations are herein given as are general in their nature or affect other branches of the service.

GENERAL DUTIES.

1000. The Quartermaster Corps is charged with the duty of providing means of transportation of every character, either under contract or in kind, which may be needed in the movement of troops and material of war. It furnishes all public animals employed in the service of the Army, the forage consumed by them, wagons and all articles necessary for their use, and the horse equipments for the Quartermaster Corps. It furnishes clothing, camp and garrison equipage, barracks, storehouses, and other buildings; constructs and repairs roads, railways, bridges; builds and charts ships, boats, docks, and wharves needed for military purposes; supplies subsistence for enlisted men and others entitled thereto; supplies articles for authorized sales and issues; furnishes lists of articles authorized to be kept for sale; gives instructions for procuring, distributing, issuing, selling, and accounting for all quartermaster and subsistence supplies; has charge of the supply and distribution of and accounting for funds for the payment of the Army, and such other financial duties as are specially assigned to it; and attends to all matters connected with military operations which are not expressly assigned to some other bureau of the War Department.

1001. The Quartermaster Corps transports to the place of issue and provides storehouses and other means of protection for the preservation of stores supplied for the Army by other departments.

1002. General depots for the collection, manufacture, and preservation of quartermaster stores, until required for distribution, are under the immediate control of the Chief of the Quartermaster Corps.

1003. The Chief of the Quartermaster Corps will announce from time to time the depots from which requisitions for quartermaster supplies—issuable under Army Regulations—will be filled.

The commanding officers of the depots so designated will fill, as soon as possible after their receipt, all requisitions approved by competent authority.

1004. Department commanders will take final action on all requisitions for supplies furnished by the Quartermaster Corps issuable under Army Regulations or general orders and send them for supply to the depots designated by the Chief of the Quartermaster Corps.

1005. Requisitions for quartermaster supplies not covered by Army Regulations or general orders will be forwarded to the Chief of the Quartermaster Corps for his action.

1006. Department commanders will take final action upon all extra issues of fuel and kerosene oil.

1007. Emergency purchases of quartermaster stores payable from appropriations for incidental expenses, Army transportation, and regular supplies, not exceeding \$200 in any one case, may be made under the authority of the department commander, but purchases under this authority should be avoided as much as possible by timely requisitions.

1008. Estimates for funds required to discharge accrued liabilities, or liabilities to become due within the month for which the funds are to be supplied, will be submitted by quartermasters at posts under the jurisdiction of department commanders to their respective department quartermasters; by recruiting officers (for funds pertaining to appropriation Subsistence of the Army) to the disbursing officers designated to settle their accounts, and by depot quartermasters and quartermasters of independent stations directly to the Chief of the Quartermaster Corps, sufficient time in advance of the period for which required to insure the funds being available when payments become due.

1009. 1. The enlisted members of the Quartermaster Corps will consist of such number and grades as the Secretary of War may from time to time authorize under the provision of law.

They shall receive the same pay and allowances as enlisted men of corresponding grades in the Signal Corps.

2. Master electricians and sergeants, first class, will be appointed by the Secretary of War on the recommendation of the Chief of the Quartermaster Corps. Sergeants will be appointed by the Chief of the Quartermaster Corps, and corporals, cooks, and privates, first class, will be appointed by the commander of a territorial department, division, or separate brigade in the field, on the recommendation of the department, division, or brigade quartermaster. Before appointment master electricians, sergeants, first class, and sergeants must pass, under the direction of the Chief of the Quartermaster Corps, a satisfactory examination, to be conducted by the quartermaster of the station at which the applicant may be serving, or elsewhere, as the Chief of the Quartermaster Corps may direct.

Master electricians and sergeants, first class, though liable to discharge for inefficiency or misconduct, will not be reduced. Sergeants may be reduced by sentence of a court-martial or by the Chief of the Quartermaster Corps, and corporals, cooks, and privates, first class, may be reduced by sentence of a court-martial, by the Chief of the Quartermaster Corps, or by the commander of a territorial department, division, or separate brigade in the field, on the recommendation of the department, division, or brigade quartermaster. Cooks may not be reduced by sentence of summary or special courts.

3. Within his command the commander of a territorial department or of a field army, division, or separate brigade in the field, on the recommendation of the department quartermaster, chief quartermaster, division or brigade quartermaster, may transfer enlisted men of the line of the Army as privates to the Quartermaster Corps, and he may transfer enlisted men of the Quartermaster Corps from duty at one post or with one organization to another where their services are required, reporting such transfer to the Chief of the Quartermaster Corps. Applications for transfer from the line of the Army to the Quartermaster Corps will state the age, character, special qualifications, physical condition, date of expiration of current enlistment, previous service, and whether made for an existing or prospective vacancy, and will originate with the quartermaster of the post or organization and be forwarded through military channels.

4. All enlistments for the Quartermaster Corps will be made in the grade of private unless expressly authorized for a higher grade by the Chief of the Quartermaster Corps, or in the cases of master electricians and sergeants, first class, by the Secretary of War. Master electricians, sergeants, first class, sergeants, corporals, cooks, and privates, first class, who have completed an authorized enlistment period of four years or seven years, none of which has

been passed in the reserve, may be reenlisted in their respective grades and their warrants or appointments continued in force provided they reenlist on the day following discharge. If, however, the quartermaster under whom the soldier may be serving should not deem the continuing in force of the warrant or appointment to be for the best interests of the service, he will communicate through military channels his reasons in detail to the authority competent to appoint or promote to the grade for which reenlistment is desired, in order that a decision may be had before the date of the soldier's discharge. Each reenlistment and continuance will be noted on the warrant or appointment by the quartermaster.

Married men will not be enlisted, except with the approval of the Chief of the Quartermaster Corps, but may be transferred from the line or reenlisted by proper authority.

5. When a man is enlisted for, reenlisted in, or transferred to the Quartermaster Corps, the quartermaster who first receives the soldier will forward a copy of his descriptive list and military record directly to the Chief of the Quartermaster Corps.

Quartermasters will make monthly returns of their detachments on form prescribed for a company, which is furnished by The Adjutant General of the Army. The returns will be forwarded to the Chief of the Quartermaster Corps through department quartermasters and will show the date and nature of any change affecting the status of the soldier.

6. Accounts of pay and clothing and all records pertaining to enlisted men of the Quartermaster Corps will be kept by the quartermaster under whose immediate direction they are serving. All members casually at a post, camp, or other station are under the immediate orders of the quartermaster, except prisoners and those sick in hospital, who will, however, be borne on the muster rolls, morning report, and returns of the Quartermaster Corps detachment. If discharged, their final statements will be prepared by the quartermaster.

7. The number of noncommissioned officers and privates of the Quartermaster Corps to be apportioned among departments and independent posts and stations will be determined by the Chief of the Quartermaster Corps. Department commanders, on the recommendation of the department quartermaster, will make suitable allotments of enlisted men of the Quartermaster Corps to the several posts and stations of their command, but the aggregate thus allotted must not exceed the total number apportioned to the department.

8. Enlisted men of the Quartermaster Corps will not be required to perform any military duties other than those pertaining to their corps.

BARRACKS AND QUARTERS.

1010. When buildings are about to be occupied, allotted, or vacated, an inspection of them will be made by the quartermaster, who will make and file a statement of their condition, reporting to the commanding officer any damage apparently due to carelessness or neglect. Damages will be promptly repaired if possible.

1011. Neglect by any officer or soldier to take proper care of rooms or furniture used by him is a military offense. In case of damage, such officer or soldier may be allowed to pay cost of necessary repairs if the commanding officer deem such payment sufficient. Commanding officers will report, through prescribed channels, to the War Department their proceedings in all cases under this regulation.

1012. The annual inspection of all public buildings, structures, and systems at every post and station will be made prior to March 1 each year by the commanding officer and the quartermaster, after which the latter will prepare annual estimates on the prescribed forms, showing the nature and cost of the repairs to be paid for out of the appropriations for the ensuing fiscal year. He will omit from the estimates for repairs all work for which funds have been allotted or supplied for the current year. All estimates for new construction and betterments will be prepared separately and forwarded to the department commander, who will carefully consider and revise them as may be necessary and forward them, with an express statement of his approval or disapproval, through military channels for the consideration of the Secretary of War in connection with the preparation of the next estimates to be submitted to Congress.

He will also state the condition of each building, structure, or system, and will properly enter under the indicated headings the amounts expended during the preceding year (from March 1 to March 1).

1013. Estimates for repairs to public buildings will include repairs to the buildings, and to all fixtures, systems, and apparatus pertaining to the buildings and permanently installed therein.

Annual estimates for repairs will also be prepared for all structures and systems exterior to buildings, including target ranges, drainage, dredging, and improvement to grounds.

Estimates for necessary new construction, extensions, alterations, additions, or new installations will be prepared annually and forwarded at the same time and in the same manner as the estimates for annual repairs, stating fully the necessity for each item of work called for.

Where blanks are furnished especially for the purpose these estimates will be submitted thereon; in cases where no special blank is furnished estimates will be submitted on Form No. 160, Q. M. C.

1014. Post commanders will carefully examine these estimates and will forward them not later than April 1 with their recommendations to the department commander.

The commanding generals of departments and commanding officers of places excepted from the control of department commanders will carefully examine these estimates and will forward them with their recommendations to The Adjutant General of the Army not later than April 15 of each year.

Estimates in the Philippine Department will be forwarded in like manner to the department commander for his action.

1015. Based upon the estimates and recommendations received, the Chief of the Quartermaster Corps, with the approval of the Secretary of War, will make apportionments from which department and other commanders will make allotments for repairs.

The department commander in making allotments for repairs for the various posts in his department will specify the amount approved for each building, structure, or system, and will comply with the provisions of paragraph 707.

After allotments for repairs shall have been made by the department commander one copy of each annual estimate will be forwarded to The Adjutant General of the Army, one copy will be sent to the post to which it pertains, and one copy will be retained at department headquarters.

After allotments for repairs shall have been made by commanding officers of depots and independent stations one copy of each annual estimate will be

forwarded to The Adjutant General of the Army, and one copy will be retained at the depot or station.

1016. Post and department commanders will carefully examine into the methods that are being pursued in making repairs with a view to utilizing to the fullest extent all facilities that are available at the post for such a purpose.

In the preparation of estimates for repairs available post labor will be fully considered with a view to its use wherever practicable.

Post transportation and prison labor, when available, will be used in making repairs to roads, walks, and wharves, and in improving grounds, and all posts should be supplied with the machinery necessary for making such repairs.

1017. No extensions, alterations, or additions to buildings, structures, or systems will be made at military posts or stations without proper authority from the War Department, nor will funds apportioned for repairs to these buildings, structures, or systems be used in making extensions, alterations, or additions thereto.

When extensions, alterations, or additions to any buildings, structures, or systems at a post or a station are required, a statement showing the necessity therefor accompanied by detailed information relative thereto and estimates of cost on the prescribed form, with map or drawings to illustrate, will be submitted to the War Department, through military channels.

1018. When private buildings occupied as barracks or quarters or lands occupied as encampments are vacated, the commanding officer and quartermaster will make an inspection of them, and the latter will report, through the prescribed channel, to the Chief of the Quartermaster Corps, their condition and any injury which has resulted to them by reason of such occupancy.

1019. At each post there will be kept a book (Record Barracks and Quarters—supplied by the Quartermaster Corps) in which will be entered a record of every permanent building, under its proper numerical designation. The number originally given a building will be retained as a permanent record and will not be altered to conform to the post directory nor to any changes therein.

On the record of each building will be debited all authorizations for expenditures of any kind on that building, whether annual allotments or special, and as vouchers are paid thereunder the account will be credited therewith.

This book will be balanced annually on March 1, and the total amount expended on that building during the preceding 12 months will be reported on the annual estimate for repairs for the ensuing year.

At the close of each fiscal year unexpended balances not held by post quartermasters for authorized payments under contract will be returned to the department quartermaster, and the account with the building so credited; but no balances will be struck until March 1 of the following year.

This book will be so kept as to show at all times an accurate record of expenditures for all repairs, additions, alterations, etc., that the total cost of the building to date may at any time be determined.

1020. Permanent heavy furniture will be assigned to officers' quarters by the Chief of the Quartermaster Corps under the direction of the Secretary of War. All articles of such furniture will be marked with the number of the quarters to which they may be assigned, will be considered a part of such quarters, and will not be removed therefrom (except for repair or storage, or when the quarters are abandoned for use as officers' quarters) without authority of the Secretary of War. A memorandum receipt will be given by an officer to whom quarters have been assigned for the furniture therein supplied by

196 BARRACKS AND QUARTERS—ALLOWANCE AND ASSIGNMENT.

the Quartermaster Corps, and he will be responsible for its proper care and will be charged with the amount of any damage thereto other than that incident to fair wear and tear.

The quartermaster will include in the report called for by paragraph 1010 a statement of the condition of furniture placed in officers' quarters.

1021. The Quartermaster Corps will provide in all permanent barracks a trunk locker for each enlisted man for his uniform and extra clothing.

1022. Barracks will be supplied with chairs, at a rate not exceeding one for each noncommissioned officer and one for every two of the other enlisted men quartered there. Cuspidors, with suitable mats on which to place them, will be supplied in all barracks and other buildings occupied or used by enlisted men.

1023. China and glass ware belonging to mess outfits and bunks, mattresses, pillows, benches, chairs, tables, and other articles of furniture provided for soldiers' barracks will not be removed therefrom without the order of the post commander, nor will they be removed from a post or station except by order of the War Department.

In all changes of station of organizations, trunk lockers, mattress covers, pillowcases, bed sheets, blankets, overcoats, ponchos, slickers, sweaters, and barrack bags will be transferred with them. In all changes of station of all individual enlisted men, trunk lockers, blankets, overcoats, ponchos, slickers, and sweaters will be transferred with them, the fact being noted on the soldier's descriptive list. None of those articles, except blankets, overcoats, ponchos, slickers, and sweaters will be taken into the field.

Previously to the execution of an order for change of station of an organization the commanding officer of the post or station will appoint a surveying officer, if possible an officer belonging to an organization other than that changing station, who will survey all china and glassware of the outgoing organization. He will render a report as to the serviceability or unserviceability of the articles surveyed, and that report, when approved by the commanding officer, will be final. All china and glassware found to be serviceable will be turned in to the quartermaster for reissue. All china and glassware found to be unserviceable after the authorized allowance of 5 per cent a quarter on account of breakage shall have been deducted will be destroyed and the money value thereof charged against the officer who is responsible for the property.

ALLOWANCE AND ASSIGNMENT OF QUARTERS.

1024. At each post and station where there are public quarters in buildings belonging to the United States, the quartermaster, under direction of the commanding officer, will allot to each officer the quarters to which his rank entitles him.

1025. At all posts, where, in the opinion of the department commander, the barracks and quarters are sufficient for the purpose, the following regulations will govern their assignment and occupation:

1. Permanent quarters will be assigned to the field and staff officers of the garrison.

2. Quarters for the captain and lieutenants of each company will be designated as appertaining to each set of barracks, having reference to convenience of location. Where bachelor quarters are provided at a military post it is proper, when necessary, that they be assigned to officers without families. The post commander's decision with respect to the necessity for such assignment will govern in each case.

3. On arrival of troops each company will be assigned by the commanding officer to appropriate vacant barracks and quarters. Quarters thus regularly

assigned will not be subject to choice, but any not occupied may be chosen for temporary occupancy by an officer, in accordance with existing regulations, subject, however, to removal whenever an officer entitled to them arrives. The original assignment of quarters at any post or station will be made by a board of officers consisting of the commanding officer, the two senior line officers present, the surgeon, and the quartermaster. Upon the department commander's approval of the board's action, its recommendations will be carried into effect as soon as practicable, the department commander causing the assignments to take effect as changes occur in the stations of officers and troops, without removing any officer from quarters occupied by him under other existing regulations.

1026. At posts or stations where the provisions of paragraph 1025 can not be applied officers may make selection of quarters in accordance with their rank, but the commanding officer may direct that they confine their selection to buildings located near their troops. An officer may select quarters occupied by a junior, but will not displace a junior if there be quarters suitable to the rank of the senior available, with equal conveniences and accommodations. When an officer has made his choice he must abide by it, and shall not again displace a junior unless he himself is displaced by a senior. The particular rooms which constitute a set of quarters will be designated by the quartermaster, under the direction of the commanding officer. Attics are not counted as rooms. Officers will not choose rooms belonging to different sets.

1027. An officer reporting for duty at a post will, immediately upon his arrival, make written application to the commanding officer for quarters. If in command of troops, he will apply for quarters for himself, for his subordinate officers, and the enlisted men of his command. The application will be accompanied by a copy of the order directing him to report at the station, and will be referred to the quartermaster for proper action under such instructions as the commanding officer may indorse thereon.

1028. An officer will not occupy more than his proper allowance of quarters, except by permission of the commanding officer when there is an excess of quarters at the station. The allowance will be reduced pro rata by the commanding officer when the number of officers and troops present makes it necessary. If the public buildings are inadequate, the commanding officer will apply, through the department commander, to the Secretary of War for authority to hire necessary quarters.

1029. Officers on duty with troops at stations where there are public quarters will be furnished them in kind. If insufficient, application for authority to hire quarters will be made as directed in paragraph 1028.

1030. At a military post where the headquarters of a department are or may be established the department commander may set aside quarters for the staff, but will not disturb assignments made under paragraph 1025 if it can be avoided. Quarters thus reserved will not be open to selection, but will be subject to assignment independent of choice.

1031. An officer's right to quarters is solely one of occupancy. When he and his family cease to occupy them, except in case of temporary absence, they are open to selection by, and reassignment to, some other officer on duty at the post.

1032. When assigned to duty without troops or awaiting orders for the convenience of the Government, officers will be entitled to quarters, but in no case will they be furnished with quarters at two stations at the same time.

1033. The allowance of quarters to which an officer is entitled when on duty may be continued in kind, at his proper station, during the period for which the law permits him to be absent, without reduction of pay and allowances. An

officer under suspension has the same right to quarters as when on duty status, if present at the post.

1034. At a post a sufficient number of rooms may be set aside for a mess when a majority of its officers unite in a mess, but never when the officers to be accommodated are less than three in number.

1035. An officer on sick leave is entitled to public quarters at his station during the period of sick leave, not exceeding six months, provided he or his family occupy them. He may hold hired quarters only while he is personally an occupant.

FUEL AND STOVES.

1036. Each officer or noncommissioned officer entitled to and occupying public quarters, or quarters other than public which are heated by a separate plant, will be furnished at the expense of the United States with the quantity of fuel set forth in the table of allowances, paragraph 1044, for the number of rooms actually occupied, but not exceeding the number to which the rank of the officer or noncommissioned officer entitles him. This allowance may be considered accumulative within a fiscal year, and any excess of allowance appearing as overdrawn by an officer at the end of a fiscal year will be paid for at contract price. Where an officer or noncommissioned officer is occupying quarters other than public, not heated by a separate plant, or for which it is impracticable to furnish fuel in kind, the Quartermaster Corps will pay the owner or authorized agent of such quarters for the heat at a rate of \$4 a cord for the fuel allowance for the number of rooms actually occupied, but not exceeding the number to which the rank of the officer or noncommissioned officer entitles him, as set forth in the table of allowances, paragraph 1044.

Where an officer or noncommissioned officer on detached service in a foreign country occupies quarters other than public, the Quartermaster Corps will pay the owner or authorized agent of such quarters for the heat furnished in accordance with the prescribed allowance for the number of rooms actually occupied, but not exceeding the number to which the rank of the officer or noncommissioned officer entitles him, at the local rates at the place where he is serving.

1037. The Quartermaster Corps may issue or sell fuel in accordance with paragraph 1036 to contract surgeons, acting dental surgeons, and veterinarians. Fuel may be sold to retired officers at cost to the Government, delivered when they reside at places where it can be done conveniently. Fuel purchased upon its B. t. u. value will be sold at contract base price.

1038. The commanding officer of a post at or near which the immediate family of a regular or volunteer soldier resides may, if the residence and other conditions of such family make it proper, grant to the head thereof permits to purchase for cash at cost prices such quantities of fuel and mineral oil as in his opinion may be reasonably needed for the sole use of the soldier's immediate family.

1039. Fuel will only be issued or sold to an officer upon his certificate that it is for his personal or family use; any sale, exchange, or transfer whatever of fuel issued or sold to an officer under this paragraph is forbidden.

1040. Merchantable oak wood is the standard; the cord is 128 cubic feet. The scale of equivalents to govern in the issue and sale of fuel will be published from time to time in general orders.

1041. An officer may draw from the Quartermaster Corps a reasonable quantity of fuel in kindling wood, which will be issued on the basis of its equivalent in oak wood.

1042. Fuel issued to officers or troops is public property. Any portion not consumed by them during the fiscal year will be reported on July 1, or as soon thereafter as possible, to the quartermaster and will be taken up on his return.

1043. Fuel will be issued only in the month when due. The cheapest fuel at the place of issue will, all things considered, be furnished.

1044. The following table shows the number of rooms, the quantity of fuel, and the allowance of cooking and heating stoves to be supplied for the use of officers and men in quarters and barracks:

¹ The allowance of fuel for officers and enlisted men in the Philippine Department for each month in the year will be that now fixed for each month between May 1 and Aug. 31.

When buildings, except officers' and noncommissioned officers' quarters, for which fuel is furnished by the Quartermaster Corps, are heated by steam by separate plants, they will be allowed per month for each foot of direct radiating surface, from September 1 to April 30, one one-hundred-and-fortieth cord of wood and for each foot of direct-indirect radiating surface one one-hundred-and-thirteenth cord of wood; between thirty-sixth and forty-third degrees north latitude, one-fourth increase; north of forty-third degree north latitude one-third increase. Buildings heated by hot water will be allowed two-thirds of the steam allowance.

1045. When on detached service, or assigned to special duty in places where there are no public quarters available, the allowance of quarters for each member of the Nurse Corps is fixed at two rooms, to be provided by the Quartermaster Corps, with allowances of fuel and stoves not to exceed those prescribed in paragraph 1044, and of light not to exceed the quantities prescribed in paragraphs 1054 and 1057.

When on duty in hospitals, or where nurses' buildings have been provided, such quarters as may be available will be provided for the use of members of the Nurse Corps, in which case heat and light will be supplied as may be necessary, to be regulated by the surgeon and the commanding officer. The allowances for the superintendent of the Nurse Corps when on duty are the same as those prescribed for members of the Nurse Corps.

1046. In addition to the number prescribed in the table, paragraph 1044, the headquarters of a department, brigade, or district will be allowed such number of office rooms (not more than eight) as may be necessary for clerks on duty thereat (the Quartermaster Corps excepted), which will be assigned by the commanding general. A heating stove for each room not otherwise heated will also be allowed. Office rooms will not be hired without the written authority of the Secretary of War, and no lease of such rooms will take effect until approved by him.

1047. The officers of the Quartermaster Corps may, when necessary, be allowed additional rooms, with a heating stove for each. The number of additional rooms so allowed will be regulated by the Chief of the Quartermaster Corps.

1048. Stoves will not be issued to officers who receive commutation of quarters.

1049. If at a military post, situated between the thirty-sixth and forty-third degrees of latitude, the mean temperature for 20 days of any calendar month is not above 20° F., an increase of fuel of one-third instead of one-fourth, as shown in the table, will be allowed. If the mean temperature for 20 days of any calendar month is not above 10° F., an increase of one-half will be allowed, whatever the latitude of the place. The certificate of the post surgeon as to the mean temperature and the order of the post commander for the issue will be filed with the abstract of issues.

ILLUMINATING SUPPLIES.

1050. The Quartermaster Corps will provide supplies for interior and exterior illumination. The necessary lights will be supplied for all buildings for which fuel is supplied.

1051. The number of lights, exterior and interior, and the hours during which they may be used at a post commanded by a general officer will be fixed and announced by the post commander; at other posts, by the commanding officer, with the approval of the department commander. The number of such lights must be limited to the smallest number for proper lighting, and the period of authorized burning of each light must be limited to the necessities of the case.

1052. If candle lanterns are used in stables, the candles will be issued by the Quartermaster Corps in such quantity as the commanding officer shall order as necessary. If oil lanterns are used, the issue of oil, wicks, and chimneys therefor will be made by the Quartermaster Corps.

1053. Mineral oil will be supplied for lamps and oil lanterns and issued in quantities as follows: For lamps used for exterior and interior illumination at the rate, for each burner, of 4 ounces avoirdupois for each hour of authorized illumination for lamps using wicks of about 1½ inches in diameter, 3 ounces an hour for lamps using wicks of about 1 inch in diameter, and 2 ounces an hour for lamps with smaller wicks; for all oil lanterns, such quantities as the commanding officer may order and certify as necessary. No volatile oils, except those authorized and supplied by the supply departments, will be used at mili-

tary posts without the authority of the commanding general of the department in which the post is located.

1054. Where quarters are lighted by mineral oil, the Quartermaster Corps will allow to each officer and to each noncommissioned officer entitled to and occupying separate quarters one lamp for each authorized room. For each lamp one wick and one chimney a quarter will be allowed. From September 1 to April 30, 4 gallons of mineral oil a month will be allowed for each authorized room. From May 1 to August 31, 3 gallons of mineral oil a month for each authorized room will be allowed. The oil allowance may be considered accumulative within the fiscal year, and any excess of allowance appearing as overdrawn by an officer at the end of a fiscal year will be paid for at contract price. An officer occupying as quarters a number of rooms less than his authorized allowance will be entitled to mineral oil for such number of rooms only as he actually occupies. Officers of the Army, contract surgeons, acting dental surgeons, and veterinarians may buy from the Quartermaster Corps, at contract prices, such moderate quantity of mineral oil, lamps, wicks, and chimneys as they may need in the rooms occupied by themselves and families as quarters, in excess of the allowances set forth herein.

1055. Civilians employed with the Army at remote posts or stations, where it is impossible to procure at reasonable rates such articles of clothing and other quartermaster supplies (except uniforms), as they may need for their health and comfort, may be allowed to purchase same from the Quartermaster Corps in limited quantities for their own use, for cash at cost prices, with 10 per cent added to cover transportation. Such sales will, however, be made only upon the written approval of the commanding officer setting forth the necessity for such action, this authority to be filed with the return of the officer making such sales.

1056. Mineral oil issued to officers or troops is public property and will be treated as provided in paragraph 1042 for fuel.

1057. Each officer or noncommissioned officer, entitled to and occupying public quarters or quarters other than public where gas, acetylene, or electricity is installed, will be allowed, at the expense of the United States, for each room actually occupied, but not exceeding the number to which his rank entitles him, for the period between September 1 and April 30, 1,500 cubic feet of gas, or 150 cubic feet of acetylene, or 20,000 watt hours of electricity a month, and from May 1 to August 31, 900 cubic feet of gas, or 90 cubic feet of acetylene, or 12,000 watt hours of electricity a month, which allowances may be considered accumulative within a fiscal year, and any excess of allowance appearing as overdrawn by an officer or noncommissioned officer at the end of a fiscal year will be paid for at the rate or contract price at the station where said excess accrued.

Where an officer or noncommissioned officer occupies quarters other than public, the lighting of which is measured by separate meter readings, the Quartermaster Corps will make settlement with the owner or authorized agent of the quarters, or agent of the company supplying the light, for the actual quantity of gas, acetylene, or electricity supplied, and if the prescribed allowance is exceeded at the end of the fiscal year such excess will be paid for to the quartermaster by the responsible officer or noncommissioned officer.

Where an officer or noncommissioned officer occupies quarters other than public, which are lighted by gas, acetylene, or electricity, and the quantity supplied is not measured by separate meter readings, the Quartermaster Corps will make settlement with the owner or authorized agent for light for the number of rooms actually occupied, but not exceeding the number to which the

rank of the officer or noncommissioned officer entitles him, in accordance with the prescribed allowance, at the following rates: For electricity, 6 cents a kilowatt hour; for gas, 80 cents a 1,000 cubic feet; for acetylene gas, \$8 a 1,000 cubic feet.

Where an officer or noncommissioned officer on detached service in a foreign country occupies quarters other than public, the Quartermaster Corps will pay the owner or authorized agent of such quarters for the light furnished in accordance with the prescribed allowance for the number of rooms actually occupied, but not exceeding the number to which the rank of the officer or noncommissioned officer entitles him at the local rates at the place where he is serving.

At posts where electricity is furnished from a Government plant, the charge for excess electricity will be at the rate of 6 cents a 1,000 watt hours. At posts where gas is furnished from a Government plant, the charge for the excess will be at the actual cost of manufacture. At posts where gas or electricity is obtained from a local company, the charge for the excess will be at the contract price.

The Quartermaster Corps may furnish light in accordance with the foregoing provisions of this paragraph to contract surgeons, acting dental surgeons, and veterinarians. Light may be furnished to retired officers at cost to the Government delivered when they reside at places where it can be done conveniently.

1058. In order to measure the amount of gas or electric current consumed, each noncommissioned staff quarters will be provided with proper meter, the key of which will be kept in possession of the quartermaster.

1059. Each officer's quarters will be provided with a meter.

The cost of installation and maintenance of electric lights, gas fixtures, or mineral oil lamps in officers' and noncommissioned officers' quarters, as in other public buildings at posts, will be borne by the Quartermaster Corps.

1060. At each post supplied with a fortification electric plant sufficiently large for supplying necessary current for lighting buildings and grounds the plant may be used for that purpose by the Quartermaster Corps when authorized by the Chief of Engineers, provided that the needs of defense shall have precedence over post lighting or power supply in any case in which both uses are simultaneously desired.

For this purpose, when funds that are applicable can be spared, the Engineer Department will construct necessary conduits, service wires, etc., to deliver the current to the various buildings and to exterior lights, and the Quartermaster Corps will wire the buildings, furnish meters for officers' and noncommissioned officers' quarters, exterior lamps, etc., and will, in addition to the fuel, material, etc., required to be furnished by it to all fortification electric plants, supply for such plants as may be used for post lighting all material and funds necessary for their repair and preservation.

1061. The allowances of lamps and mineral oil are prohibited for buildings and grounds where gas or electric light is installed.

STATIONERY.

1062. The issue of stationery for all military purposes shall be made on requisition approved by the commanding officer. The material to be issued shall consist of typewriter supplies, writing and blotting paper, pads, pens, penholders, ink, mucilage, sealing wax, office tape, envelopes, and lead pencils. Officers approving requisitions will enforce economy in the use of stationery. But 1 issue a quarter will be made to officers not drawing for an office. For each issue

the quartermaster will require 2 copies of the approved requisition receipted by the officer to whom the issue is made. These issues, as soon as made, will be entered upon the return, and 1 copy of the approved requisition will be forwarded to the Chief of the Quartermaster Corps with the return, as a voucher thereto.

1063. To each office desk or table is allowed 1 inkstand, 1 paper folder, 1 ruler, 1 steel eraser, and 1 piece of india rubber. A company commander is entitled to this allowance. Officers when relieved will transfer office stationery to their successors.

1064. The Quartermaster Corps is authorized to issue yearly to retired officers, upon proper requisition, 6 quires of writing paper, 100 official envelopes, and 50 letter envelopes.

1065. The yearly allowance of stationery to a post noncommissioned staff officer on duty at a post not garrisoned by troops is 2 quires of writing paper, letter size; 4 sheets of blotting paper; 100 envelopes, official size; 1 dozen steel pens; 2 penholders; 1 pint bottle of black ink; 1 small bottle of mucilage with brush; 1 inkstand, and 1 piece of office tape.

PURCHASE OF PUBLIC ANIMALS.

1066. The purchase of public animals will be made by the Quartermaster Corps after their inspection by that corps, and, unless otherwise directed by the Secretary of War, by contract after due competition.

1067. Public animals shall, upon the day received, be branded with the letters "U. S." on the left fore shoulder. Horses assigned to organizations will also be branded on the hoof of one forefoot, 1½ inches below the coronet, with the designation of the company. Branding irons of uniform size and design will be supplied by the Quartermaster Corps. Letters "U. S." to be 2 inches in height. Letters and numbers of hoof brands on the same line, to be three-fourths of an inch high, the letter to precede the number, and blocked so as to penetrate the hoof one-sixteenth of an inch. For example, the hoof brands on horses assigned to Band, Ninth Cavalry, would be CB9; to Troop A, Fifth Cavalry, would be A5; to the Band, Second Regiment, Field Artillery, AB2; to Battery B, Fourth Regiment, Field Artillery, would be BA4; to Company A, Battalion of Engineers, would be BEA.

1068. Any alteration in the length or shape of the tails, manes, or forelocks of public horses by docking, banging, or clipping is prohibited, and only such reasonable trimming and plucking as may be necessary to prevent shagginess of appearance is permitted.

1069. A complete descriptive list of each animal will be made at the time of purchase, and will accompany him wherever he may be transferred.

1070. A file of descriptive cards of public animals will be kept with the records of every officer accountable for public animals. It will contain a description of every animal received, showing the kind, name, age, size, color, marks, brands, or other peculiarities of the animal, how and when acquired, the use to which applied, and what disposition, if any, was made of the animal.

1071. When public animals are issued or transferred, the person in charge of them will be provided with full and accurate descriptive cards, which he will deliver to the receiving officer.

1072. Public animals will be assigned to their riders or drivers, who will not exchange or surrender them to the use of any other person without the permission of the company commander, quartermaster, or other officer responsible.

1073. Public animals inspected and found unsuited for one branch of the service may be transferred to another for which they are fitted. When of no further use for any branch of the service they will be submitted to an inspector, and if condemned, sold at public auction or destroyed under the following circumstances: (1) To terminate suffering (from disease or other cause); (2) to prevent contagion; (3) on account of incurable disease or injury; (4) on account of old age, when to sell them for work in the hands of irresponsible persons would be cruel and cause suffering to the animals.

Horses assigned to troops of cavalry, batteries of field artillery, companies of the Signal Corps, and mules assigned to the combat transportation of the Signal Corps will not be sold or turned in to the Quartermaster Corps unless previously acted upon by an inspector, except in the Philippine and Hawaiian Departments, where the sale of such horses may be made to mounted officers, as provided in paragraph 1095.

Public animals that die of sickness, or that it is necessary to kill because of contagious disease, or when incurably wounded, will be dropped by the accountable officer upon the certificate of the responsible officer and affidavit of the veterinarian, or, in the absence of the latter, the certificate of a disinterested officer and the affidavit of a disinterested person, approved by the commanding officer. In such case the action of a surveying officer is not required, unless it appears that the condition of the animal resulted from fault or neglect; and in such case the investigation by the surveying officer may follow the killing of the animal when its immediate destruction is made necessary to prevent contagion or to terminate suffering.

VETERINARY MEDICINES.

1074. Veterinary instruments, books, medicines, and supplies for the treatment of public animals and authorized private horses of mounted officers are furnished by the Quartermaster Corps. The supply table furnished by the Quartermaster Corps gives a list of the articles supplied. Requisitions will be limited to actual necessities. A special estimate for articles not in the table, with an explanation of the nature of the emergency or case rendering it necessary, will be forwarded, through the regular channel, for the action of the Chief of the Quartermaster Corps.

1075. The quartermaster will have charge of veterinary instruments, books, medicines, and supplies, and under the direction of the commanding officer will issue and expend such medicines and supplies in such quantities as may be necessary.

1076. At posts where there is a veterinary surgeon the quartermaster may, under the direction of the commanding officer, transfer to the veterinary surgeon upon memorandum receipts such veterinary instruments, books, medicines, and supplies as may be necessary; otherwise they will remain in the custody of the quartermaster, and will be loaned as needed in the public service.

FORAGE AND STRAW.

1077. The forage ration for a horse is 14 pounds of hay and 12 pounds of oats, corn, or barley; for a mule, 14 pounds of hay and 9 pounds of oats, corn, or barley. To each animal 3 pounds of bran may be issued in lieu of that quantity of grain. Department commanders will reduce the forage ration when necessary.

1078. Where grazing is practicable, or when little labor is required, commanding officers will order a judicious reduction of the forage ration,

1079. Forage will be issued only during the month when due.

1080. Forage is furnished to the authorized allowance of horses of mounted officers actually owned and kept by them in the performance of their official duties, either when on duty at stations, at posts, or in the field. When on leave of absence or on duty the nature of which necessitates the temporary separation of the officer and his mounts, forage may be furnished for four months or such additional period as may be approved by the Secretary of War. Forage is furnished to the following number of horses: Of a lieutenant general, 4; of a major general or a brigadier general, 3; of other mounted officers, each 2.

1081. Mounted officers will not use public horses and at the same time draw forage for those they own, except while on foreign service in countries from which horses are not allowed to enter the United States; nor will they use public animals except as authorized by regulations. Should circumstances render it necessary, an officer may be temporarily furnished with public horses.

1082. An officer may purchase forage for two horses kept for his own use, for which he will be charged cost, including transportation. This privilege may be extended to retired officers, provided such sales are limited to quartermaster depots or stations at which contracts for supply of forage are made and the deliveries under said contracts are in sufficient quantities to warrant the sale without detriment to the service, but no contracts shall be made for the sole purpose of procuring forage for sale to retired officers.

1083. An officer shall not sell, nor allow to be sold, the forage issued for his own horses or the public animals under his charge; nor shall he use or dispose of, or permit to be used or disposed of, such forage, or any portion thereof, except for the purpose for which it was issued. Forage issued for a particular period and unconsumed during the period will be taken up and properly accounted for.

1084. When mattresses are not supplied, a bed sack and 30 pounds of straw a month for bedding will be furnished to each enlisted man in barracks or in a permanent or a maneuver camp, and to each prisoner in a guardhouse, and a bed sack and such quantity of straw as the chief medical officer may certify to be necessary to each enlisted man in a field hospital. In the field, in cases not covered above, such quantity of straw or hay for the bedding of troops is authorized as the commanding officer, after advising with the medical officer of the command, may deem necessary to preserve the health of the troops. So far as practicable, an iron bunk will be furnished to each prisoner in a post guardhouse and prison room.

1085. One hundred pounds of straw per month is allowed for bedding to each horse or mule in public service. At posts where straw is not furnished hay will be issued and used for bedding.

CARE AND ACCOUNTABILITY FOR PROPERTY.

1086. Unless otherwise specially directed by the Secretary of War, there will be at each military post or station but one accountable officer in the Quartermaster Corps, and he will account for all quartermaster supplies there in use or in store.

1087. When troops are assembled for field service, there will be but one accountable officer in the Quartermaster Corps for each regiment, separate battalion, or squadron, and he will account for all quartermaster supplies in the possession of the command of which he is quartermaster.

1088. At places requiring the services of more than one quartermaster, each one charged with the care and disposition of quartermaster supplies will account for the same.

1089. Officers commanding companies or detachments will be furnished by the quartermaster, on approved requisition, with the necessary authorized quartermaster supplies; and for all such, except those that may be properly dropped as expended, said commanding officers will give memorandum receipts to the accountable officer, who will continue to bear said supplies on his return until they have been transferred, expended, or otherwise disposed of and duly accounted for as required by regulations.

1090. Officers commanding companies or detachments temporarily absent from posts will continue responsible to quartermasters from whom supplies have been procured on memorandum receipts. Should the services of a quartermaster become necessary, one will be appointed for the command.

1091. When troops change station, only such quartermaster supplies as are authorized, or as may be directed to be transferred, will be removed from the station. Company and detachment commanders, prior to departure from a station, will have a settlement with the quartermaster for supplies held on memorandum receipt. For such supplies as must accompany troops, company and detachment commanders will give certificates to the quartermaster. Memorandum receipts that have been thus satisfied will be returned to the respective company and detachment commanders. The quartermaster will forward the certificates, accompanied by the requisite papers for transferring the accountability, to the quartermaster at the destination of the troops. The commanders of incoming organizations upon arrival will report the supplies in their custody and give memorandum receipts therefor to the quartermaster, who will then return to the respective commanders their certificates.

1092. Certificates given for supplies accompanying troops and memorandum receipts given by officers for supplies issued or loaned for their individual use, or for use of the organizations under their command, will be made in the prescribed form, and should any officer, when called upon by proper authority to produce any of the supplies enumerated therein, fail to do so, or to furnish proper evidence that deficient or damaged supplies have been accounted for as required by regulations, the name of the officer delinquent will be reported to the Secretary of War by the Chief of the Quartermaster Corps, and said officer's pay to the extent of the deficiency or damage will be stopped, in conformity with paragraphs 702 and 703. The accountable officer may drop from his return the articles deficient, forwarding the memorandum receipt or certificate as a voucher therefor.

1093. A forage master or wagon master shall not be concerned, directly or indirectly, in any means of transport employed by the United States, or in the purchase or sale of any property procured for or belonging to the United States, except as agent for the Government.

1094. Every officer accountable for quartermaster supplies will keep himself accurately informed, by personal examination, of the quantities and condition of the property on hand, and will be held strictly responsible that they are correctly reported on his returns. The commanding officer will see that a complete, detailed, and accurate inventory of such property, except that held on memorandum receipts, is taken by the accountable officer in person at least once each year, and as much oftener as he may deem necessary for the interests of the Government. At each transfer of such property both the invoicing and receipting officer will attend in person, and each will satisfy himself, by personal count and examination, that all property invoiced is on hand and in condition as stated in the invoices. When loss, damage, or deficiency is discovered upon taking any of these inventories, a surveying officer will at once investigate and ascertain the cause thereof, which he will report with his conclusions as to the responsibility for the same,

HORSES OF MOUNTED OFFICERS.

1095. In the field, at posts, or in active service, horses held in the Quartermaster Corps unassigned, other than those at remount depots, may be sold to mounted officers on the authority of the department or division commander. An application to purchase a horse at a remount depot will be forwarded to the Chief of the Quartermaster Corps by the officer desiring to make the purchase. An application to purchase a horse at a post will be forwarded through military channels for the action of the department commander. In his application the officer will state what horses he has purchased from the Government during the past 10 years and what disposition has been made of them; also what number of mounts he owns. The price to be paid for a horse purchased by an officer will be the price paid by the Government for the horse, but will not be less than the average price paid by the Government for horses for the mounted service during the preceding fiscal year. Purchase and payment will be completed within 30 days from the date of receipt of the authority for the sale and the purchase money at once deposited to the credit of the current appropriation. Horses thus sold will not be exchanged or returned.

When an officer of infantry or of the Coast Artillery Corps is relieved from mounted duty, or when a mounted officer is ordered to duty beyond the seas or to make a change of station in the United States, in which the cost of transportation for the private horses which he is required to keep exceeds \$100 for each horse, including the cost of attendant, if any, the Quartermaster Corps may, upon the request of such officer, purchase such private horse or horses as he may not desire to take with him upon the following conditions: An officer desiring to dispose of his horse will request the necessary authority from the department commander, who will convene a board to be composed of not less than three commissioned officers to examine the animal with a view to determining its fitness for service or for sale to an officer, and if it be found serviceable to appraise its value; the price found by the board shall not exceed the average price paid by the Government for horses for the mounted service during the preceding fiscal year, except that in case of horses purchased from the Government the price shall not exceed that for which the animal was purchased. The proceedings of the board, when approved by the department commander, will be returned to the applicant and will authorize the payment of the appraised price upon the delivery of the animal to an officer of the Quartermaster Corps, who will be designated by the department commander to receive it. The purchase of a horse made under the authority conferred herein will be reported to the Chief of the Quartermaster Corps by the department quartermaster of the department in which the purchase has been made.

Horses assigned to organizations in the Philippine Islands and Hawaii Territory may be sold to mounted officers on authority of the commanding generals, Philippine and Hawaiian Departments, provided that they can be spared. The price to be paid for a horse purchased by an officer will be the price paid by the Government for the horse, but will not be less than the average price paid by the Government for horses for the mounted service during the preceding fiscal year.

When a mounted officer purchases a horse under the provisions of this paragraph he shall not be permitted to sell him to private parties, but may sell him to another officer at a price agreed upon between seller and buyer, or back to the Government, at a price to be determined in the manner indicated above; this rule to govern subsequent owners.

If, however, the board should find that a horse purchased from the Government by a mounted officer, and offered for sale by him, is no longer fit for an

officer's mount, or for the military service, the owner may dispose of the horse at private sale.

1096. For their own headquarters and otherwise, except as provided in this paragraph, the use of public horses by officers will be regulated by department commanders in conformity with the necessities of the public service.

Officers below the rank of major who are required to be mounted will be furnished with one mount by the Quartermaster Corps in case they do not elect to provide themselves with suitable private mounts. Such public mounts will ordinarily be assigned one to the exclusive use of each officer and will be foraged, stabled, shod, groomed, fed, watered, and furnished with veterinary treatment and medicine at Government expense. Authorized private mounts of officers will similarly at Government expense be stabled, shod, foraged, and supplied with veterinary treatment and medicine. Should the circumstances of service at a particular station cause the number of Government mounts available for use under this paragraph to fall below the number of officers entitled to such mounts under the law, the post commander will regulate the use of the public mounts actually on hand with due consideration for the service and the rights and duties of the individual officers concerned.

1097. The Quartermaster Corps will provide and issue horse and mule shoes, nails, smith's tools, and materials required for the service, except the forges and tools for field service of cavalry, field artillery, and machine-gun platoons. The animals of a troop of cavalry or battery of field artillery will be shod by the organization.

1098. The Quartermaster Corps will transport for officers changing station, and for graduates of the United States Military Academy assigned to mounted organizations upon first assignment to station, the number of horses for which they are legally entitled to forage, and an attendant to accompany the horses when necessary, subject to the following restrictions:

1. That the expense to the United States shall not exceed \$100 for each horse transported. The entire cost of such shipment may be paid by the Quartermaster Corps, but if the entire cost exceeds \$100 for each horse, including transportation of attendant, if any, the excess must be refunded to the Quartermaster Corps by the owner. The expenses of the attendant other than his transportation will not be paid by the Quartermaster Corps, except that when an enlisted man is ordered to be such attendant there may be paid also commutation of rations when necessary.

2. That the shipment shall be made at a valuation of not to exceed \$100 per animal, unless the owner pays, under the regulations of the Quartermaster Corps, the cost incident to increased valuation.

3. That the horses are owned by the officer and are intended to be used by him at his new station in the public service.

4. The horses of deceased or retired officers or officers ordered to their homes to await retirement, or of officers effecting a voluntary transfer, will not be transported at public expense.

5. When horses are purchased by officers at points other than their station the Quartermaster Corps will transport them from points of purchase to the station of the officer, provided the officer is entitled to have and has not had his authorized private mounts shipped from his old to his new station, and provided, when the cost of shipment from point of purchase to new station exceeds the cost from old to new station on last change of station, the officer will deposit the excess cost with the shipping officer when shipment is made by the Quartermaster Corps.

6. Officers ordered for extended service over the seas or to Alaska, if they so desire, may have their authorized mounts transported from their old stations to any designated point in the United States for safe-keeping, and upon their return transported to their new stations in the United States.

Officers detailed on service in a foreign country and required to be mounted should furnish their own mounts, such mounts to be transported to and from their foreign stations at the expense of the United States, the limitation in the cost of transportation, as prescribed in section 1 of this paragraph, being waived in such cases. However, if an officer below the rank of major so desires, a public mount may be assigned to him and transported as hereinbefore provided, or, if it be to the interest of the United States, a mount may be purchased for him in the vicinity of his foreign station. Such officers should advise the War Department by which method they desire to be furnished with mounts. (Under present regulations of the Treasury Department, animals are not allowed to be returned from the Philippine Islands to the United States.)

1099. 1. An officer of the Army will be permitted to have his authorized private mounts (stallions excepted), for which forage is allowed, shipped to and cared for at a remount depot during his absence on foreign service or while on duty in Alaska.

2. The officer will make written application for permission to send his mount to a designated remount depot, upon receipt of which the post or regimental commander will cause the horse to be examined by a veterinarian as to soundness and will make a personal examination as to fitness as an officer's mount, and the post commander will indorse on the application the result of the examination and then forward the application directly to The Adjutant General of the Army for the decision of the Secretary of War. No horse will be shipped to a remount depot that does not pass both inspections, above provided for, and indicate prospective suitability for military service at probable termination of the officer's foreign service.

3. The horses will be shipped to and from the remount depot and kept there entirely at the risk of the owner. An officer in charge of a remount depot shall have the right to destroy a horse belonging to an officer when necessary to prevent contagion or terminate suffering; and neither the Government nor the authorities at a remount depot will be held responsible in case of accident or disease. In case of death or destruction of an officer's horse at a remount depot the affidavit of the veterinarian and the certificate of the officer in charge or his assistant will be forwarded to the owner, and will operate to relieve the officer in charge of further responsibility.

4. An officer's mount, upon arrival at a remount depot, will be lip-branded and an accurate descriptive card, showing the owner's name, will be prepared. The same care and attention as regards handling, stabling, grooming, and feeding will be given the mount as is accorded a horse purchased by the Government for military service and will include turning out to pasture during six or eight months in the year and feeding in open sheds in pasture during the remainder of the year.

5. On account of climatic conditions shipments of officers' horses to and from Fort Keogh Remount Depot should be avoided between November 1 and April 1.

MILITARY ATTACHÉS.

1100. An officer of the Army serving as military attaché abroad will be entitled to the following allowances: A suitably furnished office when needed, or an unfurnished room with one desk or table, six chairs, one book or file case,

the articles allowed for an office desk by regulations, and the stationery required in the performance of public duty, to be furnished by the Quartermaster Corps, and in either case the regulation allowance of fuel for one office fire. Mounted officers will be allowed forage if horses are actually kept, and officers not mounted, or mounted officers not drawing forage, the hire of a horse when necessary for mounted duty. Necessary funds for these allowances and blank forms for reports and returns will be procured by requisition on the Chief of the Quartermaster Corps. Money accounts will be rendered quarterly. Items for necessary cost of exchange will be entered on accounts current, the entries of each being supported by the certificate of the officer that current rates of exchange were paid and that other vouchers are not obtainable.

TRANSPORTATION, GENERAL PROVISIONS.

1101. For wagon and pack transportation mules will generally be employed, but horses may be used for saddle purposes by wagon masters, messengers, expressmen, and employees or enlisted men having similar occupation which require them to be mounted. For draft purposes, except at depots or posts in or near large cities where little transportation is needed, horses will not be used, unless specially authorized by the War Department.

1102. The allotment of draft and pack animals to each military department will be made by the Chief of the Quartermaster Corps under the direction of the Secretary of War.

1103. The allowance of spring wagons, exclusive of the prescribed ambulance for the sick, is fixed at one to each post, except when otherwise authorized by the War Department. All four-wheeled passenger wagons (except ambulances) having springs under the body shall be considered spring wagons.

1104. Spring wagons will be used only by direction of commanding officers and for the purpose for which they are supplied, viz, for the transportation of officers and enlisted men traveling on duty when other means are not available.

1105. The Quartermaster Corps will provide the necessary ambulances for transporting the sick and wounded upon the requisition of the proper medical officer. It will purchase, hire, operate, maintain, and repair such harness, wagons, carts, drays, and other vehicles as are required for the transportation of troops and supplies, and for official, military, and garrison purposes.

1106. All means of public transportation at a post will be accounted for by the quartermaster, and will be under his charge except as provided in paragraph 1427. Commanding officers will cause mounted organizations to be provided daily with the proper facilities for policing stables and hauling forage.

1107. Commanding officers will give timely notice to the proper officers of the Quartermaster Corps of all contemplated movements of troops and supplies that proper and sufficient transportation may be in readiness.

1108. The duty of furnishing transportation at any post, station, or depot will be intrusted to one officer of the Quartermaster Corps, on whom requisitions will be made therefor. In the performance of their official and military duties officers of the Army are authorized to use the means of transportation provided by the Quartermaster Corps in accordance with law.

1109. The Quartermaster Corps is charged with the transportation of troops and supplies between the United States and such over-sea garrisons and military commands as shall be authorized. Those officers and employees who are detailed to carry out the work constitute the Army Transport Service. All necessary expenses incident to that service will be paid from the appropriations made for the support of the Army. The Army Transport Service is governed by special regulations promulgated by the Secretary of War.

TRANSPORTATION OF PERSONS.

1110. When troops are moved, suitable transportation will be provided; proper orders and an exact return of the command will be furnished to the quartermaster who is to provide the same.

1111. A person requiring transportation will exhibit an order from competent authority. The quartermaster will indorse on the original order, over his signature, the fact that transportation has been provided, its kind, the place from and to which it has been furnished, and the number of pounds of extra baggage transported, if any. The original order will be retained by the person who receives the transportation, and, in case of a soldier entitled to commutation of rations while traveling, will be disposed of as directed in paragraph 1232. When a quartermaster furnishes transportation, under the provisions of paragraph 110 to a soldier on furlough, he will report the actual or probable cost thereof to the company commander and will enter on the furlough a statement that the transportation has been furnished. The officer paying the account will notify the company commander of the actual amount paid and the date of payment.

1112. When transportation is furnished for the entire journey, the route, if not designated in the order, will be determined by the Quartermaster Corps, in accordance with existing rules.

1113. A quartermaster who provides the transportation for troops will notify, by mail or telegraph, the quartermasters at places where changes of route are to be made, or means of transportation are to be changed, of the day on which the troops will start, their route, destination, the number of officers, enlisted men, and animals, and the quantity of public property and baggage for which transportation will be required.

1114. The quartermaster who provides the transportation, or a duly authorized representative, will be present at the embarkation of the troops, and will see that the accommodations contracted for have been provided. A similar course will be pursued, where practicable, at places where changes of route or important connections are to be made. If delay is necessary in either case in order to complete the arrangements for transportation, the commanding officer of the troops will be duly notified.

1115. The Quartermaster Corps will furnish transportation to accepted applicants for enlistment from general recruiting stations to designated recruiting depots (including recruit depot posts) and return transportation to such of the applicants as are rejected on final examination.

TRANSPORTATION REQUESTS.

1116. A request for transportation issued by a quartermaster should set forth date and place of issue; time for which it will be valid; name of company required to furnish transportation; name of the person, or of the one in charge of the party to be transported, with number thereof; pounds of extra baggage, if any; organization to which the person belongs, if an officer or enlisted man; and the initial letters of each road or line to be used on the journey.

1117. Requests should be properly receipted by the party named therein, and tickets procured before commencing the journey, as conductors are not authorized to accept transportation requests. If more than one person is to be transported, the officer or person in charge of the party, in filling the receipt, will state the number of the persons and pounds of extra baggage carried, and the class and description of transportation furnished. In no case will a receipt

be given for transportation of more persons or extra baggage than the request calls for.

1118. The blank receipt at the bottom of the request will be filled in ink, and if the person receipting can not write his name he will make his mark, which will be witnessed. Names and places will be written in full. If the transportation is furnished by other than passenger train or in other than passenger cars the fact will be stated in the receipt.

1119. No portion of a request above the signature of the issuing officer will be changed in any particular. If explanations are required, they will be made on the back of the request.

1120. All unused transportation requests will be returned without delay to the officer issuing same for cancellation. All unused tickets or parts of tickets procured on a transportation request will be returned to the officer who issued them, and by him forwarded to the officer who pays the account for the service. The value of such ticket or parts of tickets will be deducted from any money due or to become due the company for transportation over whose line they were obtained. On the collection of the value of such unused tickets they will be returned to the company by which they were issued.

1121. When transportation to any given point and return is required, the request for return transportation should be obtained at the destination, provided it can be there procured, except in cases where round-trip tickets can be obtained at reduced rates and made available for the journey; otherwise the quartermaster will issue two sets of requests, one to the place of destination, the other for return transportation.

1122. An officer traveling on a mileage status is not entitled to transportation at public expense of any baggage which may accompany him on the journey.

1123. When an officer under orders for temporary duty or permanent change of station certifies that it is necessary for his field allowance of baggage to be transported to his temporary or permanent station, the Quartermaster Corps will furnish transportation for the same by freight, unless in cases of emergency transportation by express is authorized by the Secretary of War. The total amount of baggage transported at public expense will in no instance exceed the allowance provided by paragraph 1136. Transportation for 250 pounds of baggage, including 150 pounds usually carried free by railroads, is authorized for Army nurses when they join for duty under the first order, upon permanent change of station, and on return to their homes upon annulment of contract.

Receipts covering an excess of baggage will contain certificates as to whether transportation for such excess has been furnished.

1124. For enlisted men and applicants for enlistment traveling under orders without troops, each ticket furnished by the Quartermaster Corps will usually cover 150 pounds of baggage free. Where this is not the case, as on stage lines, the Quartermaster Corps will provide for the transportation of sufficient excess baggage to make a total of free and excess as follows:

	Pounds.
Noncommissioned officers.....	100
Privates of the Hospital Corps.....	100
Other privates.....	50

1125. Quartermasters, in issuing requests for transportation of officers and others traveling under orders, will not include therein public property of any description, nor the allowance of personal baggage carried free by the various transportation lines.

FERRIES, TURNPIKES, AND BRIDGES.

1126. Whenever it shall be necessary for troops, teams, or employees in the military service to pass on public duty over a legally constituted toll bridge, ferry, or turnpike, the officer or person in charge of the party will apply to the nearest quartermaster for a request for such passage. If he can not obtain it, he will give to the keeper of the bridge, ferry, or turnpike a certificate stating the number of persons and whether mounted or on foot, number of loose animals, teams and animals to each team for which toll or ferriage is due, and showing that the travel is on public duty. Accounts for such service, accompanied by the request, or certificates duly receipted, will be presented to the nearest disbursing quartermaster for settlement, who, before payment, will satisfy himself that the rates charged do not exceed those authorized, or paid by private individuals, and that the indebtedness was necessarily incurred for the public service. Payment may be made at the authorized or usual rates, unless more favorable terms can be obtained.

STREET-CAR AND FERRY TICKETS.

1127. For the transportation of officers, messengers, and employees of the United States in the transaction of public business, street-car tickets can be supplied by the Quartermaster Corps, when this form of transportation is preferable in convenience and cost to the supply of a Government wagon. This will not apply to an officer traveling under orders covering mileage, or to an officer, noncommissioned officer, or civilian employee in his travel from his home to his office and return. The tickets when purchased will be taken up on the property account and expended solely in the performance of public duty. Written requests for street-car and ferry tickets will be prepared by quartermasters and forwarded to the Chief of the Quartermaster Corps for authority to purchase.

PARLOR AND SLEEPING CAR ACCOMMODATIONS.

1128. The following-named persons, when traveling under orders, are entitled at public expense to a lower berth in a standard sleeping car, seat in a parlor car, or to the customary stateroom accommodations on steamers where extra charge is made for the same: (1) Officers of the Army when traveling on duty with troops. (2) Noncommissioned officers above grade 17, paragraph 9, when traveling on duty without troops. (3) Army nurses. (4) Civilian employees in the military service, viz, architects, marine engineers, assistant engineers, chief packer, chief cutter, clerks, civil engineers, draftsmen, electricians, electrical engineers, examiners, inspectors, stationary engineers, stenographers, superintendents of construction, typewriters, veterinarians, and employees of similar character. (5) Licensed officers of the transport service and of the harbor boat service of the Quartermaster Corps, viz, masters, mates, engineers, assistant engineers, and pilots. (6) Invalid soldiers when traveling under orders without troops, on the certificate of a medical officer showing the necessity therefor. (7) The enlisted attendants accompanying invalid soldiers are entitled to accommodations equal to those herein allowed to invalid soldiers.

Noncommissioned officers below grade 16, paragraph 9, when traveling under orders without troops, when the journey exceeds 12 hours and is scheduled to terminate after midnight, are entitled to a berth in a tourist sleeping car, upper if available, or to the customary stateroom accommodations on steamers where extra charge is made for the same. When tourist sleeping car accommodations are not available and the journey exceeds 12 hours, and is scheduled

to terminate after midnight, an upper berth in a standard sleeping car may be furnished for that portion of the journey for which tourist sleeping cars are not available.

Enlisted men, other than noncommissioned officers, and civilian employees in the military service, not specified above, when traveling under orders without troops, when the journey exceeds 12 hours, and is scheduled to terminate after midnight, are entitled to a berth in a tourist sleeping car, upper if available, but, when the number is three or more, tourist car accommodations will be furnished on the basis of three men to a section. Standard sleeping car accommodations will not be furnished in any instance. Tourist sleeping cars will be provided for troops on the basis of three men to a section when the journey involves spending a night on the train; but when the number of troops is too small to justify the hiring of tourist sleepers, tourist sleeping car accommodations on the same basis, if available, may be furnished.

When the number of officers traveling with troops is too small to justify the hire by the Quartermaster Corps of a standard sleeping car for their accommodation, they will be furnished with such part of a tourist sleeping car, or other suitable sleeping car, properly curtained off for their accommodation, as the Quartermaster Corps may provide for their use during the journey, one lower berth to be furnished to each officer if practicable.

1129. Quartermasters providing parlor and sleeping car accommodations will issue requests therefor, and state therein the number of berths or seats required.

1130. When a journey is to be performed covering a route requiring change of sleeping or parlor car, through requests will be issued.

1131. Persons holding requests for sleeping or parlor car accommodations will, whenever practicable, present them to the proper agent and obtain tickets for the number of berths or seats required before commencing the journey. When not practicable to do so, berths or seats will be secured from the conductor of the car. They will receipt for the number of berths or seats furnished, naming the points between which they were furnished.

1132. Special sleeping or parlor cars will not be chartered when the expense exceeds the cost of the berths or seats authorized to be furnished.

1133. When it is impracticable for agents or conductors to furnish berths or seats in sleeping or parlor cars, the holder of the request will, on the termination of his journey, return it to the issuing officer, with a statement of the reasons why it has not been used, and that officer will account for it on his return.

1134. An officer, traveling with troops, who incurs expense for authorized sleeping or parlor car accommodations when it is impracticable to obtain a request therefor, will be reimbursed by the Quartermaster Corps, upon application supported by a receipt for the amount paid by him and a copy of the orders under which the journey was performed.

TRANSPORTATION OF BAGGAGE.

1135. In changing station authorized allowances of baggage will be turned over to the quartermaster to be packed, crated, weighed, and marked for transportation as freight by ordinary freight lines. When necessary the packing, crating, weighing, and marking may be done by the Ordnance Department at arsenals, armories, or ordnance depots, or it may be done by the Engineer Department at places where labor and supplies are available, in which cases settlement will be made as provided in paragraph 619.

1136. The baggage to be transported at public expense, including mess chests and personal baggage, upon change of station will not exceed when packed and crated the following gross weights:

Rank.	In the field or temporary change of station.	Permanent change of station.
	<i>Pounds.</i>	<i>Pounds.</i>
Lieutenant general.....	1,500	15,000
Major general.....	1,000	10,500
Brigadier general.....	700	8,400
Field officer.....	400	7,200
Captain.....	200	6,000
First lieutenant, contract surgeon, and acting dental surgeon.....	150	5,100
Second lieutenant and veterinarian.....	150	4,500
Noncommissioned officers above grade 17, paragraph 9.....		3,000
Noncommissioned officers, grade 17, paragraph 9, upon change of station without troops.....		1,500
Pay clerk, Quartermaster Corps.....		3,000
Civilian employees of the classified service transferred for the good of the service.....		3,000

These allowances are in excess of the weights transported free of charge under the regular fare by public carriers. They may be reduced pro rata by the commanding officer, if necessary, and may in special cases be increased by the War Department on transports by water.

Baggage in excess of the foregoing allowances will be shipped upon the same bill of lading with the regulation allowance upon deposit with the shipping officer, prior to issue of the bill of lading, of a sum equal to the commercial freight charges on the excess, to be ascertained from or through the agent of the carrier at point of shipment, and cost of exchange for remittance to the officer who will settle the transportation charges. The excess will not be shipped on Government bill of lading unless such deposit be first made.

Bills of lading covering shipments of baggage will in all cases carry notation "Unlimited valuation," unless the owner files written authority with the shipping quartermaster to ship his entire baggage "Released." In such cases bills of lading must carry the notation "Valuation \$10 per 100 pounds." An officer detailed for duty in a foreign country as a military attaché is entitled to packing, crating, and transportation of professional books and papers and the number of pounds of personal baggage specified in the table above. The maximum money allowance for packing and crating for each grade, exclusive of professional books and papers, will be as follows, and will not be exceeded. When less than the maximum allowance for each grade is transported, a proportionate decrease in the cost of packing and crating will be made.

Rank.	Permanent change of station.
Lieutenant general.....	\$90.00
Major general.....	63.00
Brigadier general.....	50.40
Field officer.....	43.20

Noncommissioned officers, grade 17, paragraph 9, upon change of station without troops..	9.00
Pay clerk, Quartermaster Corps.....	18.00
Civilian employees of the classified service transferred for the good of the service.....	18.00

The maximum tare weight of any of the foregoing allowances will not exceed one-fifth of the gross weight. Any saving in tare weight effects an increase in net weight. With this end in view, burlap and excelsior should be used as much as possible as a substitute for crating, and the use of lumber should be limited as much as possible. Should the owner desire lighter packing or crating than the quartermaster deems sufficient, the lighter crating or packing will be used only upon written request of the owner.

1137. The Quartermaster Corps will pack, crate, and transport the authorized change of station allowance of baggage and professional books and papers for officers or enlisted men upon retirement, or who die in the service, from their last duty stations to such places within the limits of the United States as may be the homes of their families, or as may be designated by their legal representatives or executors, and for honorably discharged officers from place of discharge to the place of their residence at the time of their appointment, or to the place of their original muster into the service; also 150 pounds of baggage, inclusive of the quantity carried free by transportation companies, for enlisted men below grade 16, paragraph 9, Army Regulations, who die in the service, from their last duty stations to such places within the limits of the United States as may be the homes of their families, or as may be designated by their legal representatives or executors.

1138. Packing, crating, and transportation of the authorized allowance of baggage for permanent change of station is authorized for officers of the Medical Reserve Corps when joining for duty under the order placing them upon active duty in the service of the United States, for officers of the Medical Corps appointed from officers of the Medical Reserve Corps on active duty in the service of the United States, from the place of their appointment to their first stations on joining for duty, and for such contract surgeons and acting dental surgeons as may be employed when they join for duty under the first order, and also on return to their homes on the termination of their contracts, if provided for in the contracts. Packing, crating, and transportation for 1,500 pounds of baggage will be furnished to graduates of the United States Military Academy and officers promoted from the ranks on their first assignment to duty as commissioned officers. With these exceptions, transportation of baggage at public expense is not authorized when joining for duty on first appointment to the military or civil service, nor upon reinstatement or reappointment, nor to effect transfers from one station to another, at the request of those transferred. Officers on temporary duty are entitled only to the allowance for temporary change of station as authorized in paragraph 1136. In lieu of the allowance authorized for permanent change of station, an officer detailed as attaché or an officer, noncommissioned officer, or civilian employee entitled to an allowance of baggage under the provisions of paragraph 1136, under orders for extended service over the sea or for duty in Alaska is entitled to have his full allowance transported from the station he leaves to his home or to the nearest convenient place of storage, and, upon resuming duty in the United States, from such places to his post of duty, or, if he so desires, a portion of his allowance may be shipped abroad and the balance to such point as may be designated in the United States for storage. Officers, noncommissioned officers, and civilian employees desiring to make shipment of baggage under the preceding clause will furnish shipping officers with a certificate showing whether other shipments have been made or are contemplated at public expense to or from other points, and if so the weight of such property.

1139. The Quartermaster Corps will pack, crate, and furnish transportation for the prescribed regimental and company desks, for the books, papers,

and instruments of staff officers necessary to the performance of their duties, and for the medical chests of medical officers; also for the professional books, including standard works of fiction, of officers changing station, officers ordered home for retirement, graduates of the United States Military Academy, and officers joining on first appointment, which they certify belong to them and pertain to their official duties. Invoices of packages turned over to the shipping officer will be accompanied by the certificate of the officer as to character of books, and a certified copy will be attached to the bill of lading issued at the initial point of shipment.

Shipment of professional books will be made at unlimited valuation as provided for the baggage allowance in paragraph 1136.

TRANSPORTATION OF SUPPLIES.

1140. Officers turning over public property to a quartermaster for transportation will plainly mark each package with the name and address of consignee, a list of its contents, its weight, and "U. S."

1141. An officer who turns over supplies to another for transportation in the best condition in which it is possible to put them is relieved from any further responsibility therefor by the receipt of the officer to whom they are intrusted for transportation. Procedure in case of loss, damage, or deficiency found on arrival at destination will be as prescribed in paragraph 721.

1142. Transportation by express, when in excess of cost by ordinary freight, must be limited to emergencies and shipments of delicate instruments, and vouchers in payment must show the emergency or the character of the instruments transported and authority for such transportation. Upon application approved by the department commander, a quartermaster may transport public funds by express. In such cases he will receipt only for so many sealed packages said to contain so much public money. When an absent disbursing officer sends his check to the order of the quartermaster, requesting him to express the amount named therein, the latter will receipt for the actual amount to be transported. In case of loss of funds by unavoidable accident the shipping officer will not be held responsible, and the officer accountable for the funds must seek relief through application to the Court of Claims or to Congress.

1143. Supplies issued to the several States and Territories under the laws for arming and equipping the militia will be turned over to the Quartermaster Corps for transportation and delivery at the railroad depot or steamboat dock nearest to the point within the State or Territory designated by the governor thereof. Separate bills of lading will be used in shipping this property.

1144. A quartermaster is authorized to transport books and musical instruments purchased for, or donated to, post chapels or to post or company libraries, and gymnastic and athletic appliances purchased with regimental, exchange, or company funds, for the use of troops, from the nearest market to the post or station of the troops. Also to furnish transportation at public expense for reading matter donated for use of the enlisted men of the Army, or the United States Military Prison at Fort Leavenworth, Kans., such transportation to be furnished from place of donation to the post, hospital, or prison where intended for use. All such packages will be impersonally addressed and consigned to the proper commanding officer of troops or hospitals, or the commandant of the prison.

1145. The Quartermaster Corps is authorized to ship (under the regulations governing the transportation of military property, and on the same forms of bills of lading) articles donated to the Medical Museum at Washington, the

library and museum of the Military Service Institution at Governors Island, N. Y., or the United States Military Academy at West Point, N. Y. Packages will be marked with the name of the institution, and sent in care of the depot quartermaster at Washington or New York, or the quartermaster at West Point.

CLOTHING AND EQUIPAGE.

1146. Tables showing the price of clothing and equipage for the Army, the allowance of clothing in kind to each soldier for each year of his enlistment, and his clothing money allowance for each year, month, and day, also the allowance of equipage to officers and enlisted men, will be published in circulars from the office of the Chief of the Quartermaster Corps.

1147. Estimates of clothing will be made quarterly, as follows: On January 1 for the quarter ending June 30; on April 1 for the quarter ending September 30; on July 1 for the quarter ending December 31; on October 1 for the quarter ending March 31.

1148. Based upon the minimum and maximum quantities of the various articles of clothing, as determined between which limits the stock of clothing will be maintained, and upon the probable necessities of the command to be supplied, as shown by previous issues, the quartermaster will prepare the quarterly estimates of clothing in triplicate and submit them to the commanding officer for his action.

These estimates will show the number of each article on hand (giving size) and the number probably required for the period for which the estimate is made. It will also show the number of each article surplus that can be spared for issue at other posts. When approved by the commanding officer, two copies will be forwarded to the department quartermaster.

1149. The department quartermaster, upon receipt of the several estimates, will carefully revise the same and note the articles reported as surplus and available for issue at other posts. He will then submit the estimates with his recommendations to the department commander. Surplus articles at any post in the department should be recommended for transfer to other posts where they are required. Articles that can not be supplied from a surplus should be recommended for supply from the depot designated to supply these articles.

1150. After approval by the department commander, the estimates amended to show the number of each article not filled from surplus at other posts will be disposed of as follows:

One copy will be retained in the office of the department quartermaster and the other one forwarded directly to the depot designated to supply these articles, so as to reach it not later than February 1, May 1, August 1, and November 1, respectively.

1151. Should the quantity of clothing and equipage supplied upon the quarterly estimates prove inadequate, a special requisition in triplicate, giving reasons therefor, should be made and forwarded to the department quartermaster, and after approval by the department commander one copy will be retained for record in the office of the department quartermaster and the remaining two copies forwarded directly to the supply depot, except requisitions for band instruments or parts thereof, which will be sent to the Chief of the Quartermaster Corps directly. In case of absolute necessity, call for such articles as are urgently needed may be made by telegraph.

1152. Officers of the recruiting service will forward special requisitions for such articles of clothing and equipage as may be needed directly to such depots

of the Quartermaster Corps as may be designated by the Chief of the Quartermaster Corps. Care will be exercised to prevent unnecessary accumulations of clothing and equipage and other supplies. Lists of such surplus property as may be on hand and not required will be submitted directly to the Chief of the Quartermaster Corps.

1153. To enable post quartermasters to form an approximate basis as to the sizes required, each company or detachment commander will, whenever called upon, furnish that officer with a statement of the sizes of the various garments worn by the enlisted men composing said commands.

1154. All officers making estimates or requisitions for clothing and equipage will conform to regulations and orders fixing allowances. The sizes furnished require very little, if any, alteration, and estimates should be made as near the exact requirements of the men as possible.

1155. Should any of the sizes of clothing supplied prove inadequate, measurements stated upon prescribed blanks will be forwarded with the estimate for the garments. A certificate that the enlisted man for whom such clothing is intended can not be fitted with the sizes of clothing furnished should accompany each requisition. Additional cost of manufacture, as given in annual price list, will be charged in each case.

1156. The clothing estimated for by each company or detachment commander should, as a rule, be held subject to its wants, but in case of need it may be otherwise issued, and the quartermaster will then call for a sufficient quantity to replace it if necessary.

1157. When clothing is required a requisition in duplicate, enumerating the articles needed and showing the totals required, will be prepared by the company or detachment commander on the prescribed form. This requisition, when approved by the commanding officer, will be sent to the quartermaster, who will enter on the upper half of both copies the totals which can be actually supplied. The quartermaster will then enter on the upper half of both copies the money value in words and figures of the total amount of clothing to be issued, prepare the items for issue, and send due notice to the company or detachment commander when the clothing is ready for issue. After verifying the quantities of clothing entered in the upper half of the requisition by the quartermaster, the organization commander will sign on the upper half of the original a memorandum receipt to the effect that he has received for issue the articles noted in column "Total issued," and will remove the articles from the quartermaster's storehouse.

The upper half of the original (the requisition) thus signed will be detached by the quartermaster and retained by him as a memorandum receipt. The lower half of the original (the receipt) and the entire duplicate copy (requisition and receipt) will be turned over to the organization commander at the time of issue of clothing.

After the clothing has been issued to the enlisted men by the organization commander, the lower half (the receipt) of both copies should be filled in by the organization commander, showing the actual quantity of each article issued, and a red line drawn through each blank space and the certificate of the organization commander at the foot thereof completed.

The lower half of the original and the complete duplicate, together with all clothing not actually issued to enlisted men, will then be returned to the quartermaster, who will, upon receipt thereof, verify the upper half of the original in his possession with the issue certified to by the organization commander, taking into account the articles returned, which should be noted on the upper half of both copies. After satisfactory settlement of all differences the quarter-

master will certify to the money value of the articles returned on the upper half of both copies and return the upper half of the original to the organization commander.

The receipt, serially numbered, will be filed by the quartermaster after he has entered thereon the value of the clothing actually issued, as a voucher to his return and forwarded to the Chief of the Quartermaster Corps as authority for dropping the items therefrom. The duplicate form complete will be retained by the quartermaster as a voucher to his retained return.

Should the prices of the articles issued differ from the prices announced in the annual clothing order, the quartermaster will note on both parts of the form the necessary information regarding the items and their prices.

Issues to individuals will be made at once by the company or detachment commander or other commissioned officer representing him. The transaction will be recorded in the "Detailed statement of clothing" and in the clothing account on the soldier's "Descriptive list," the latter to show the date of issue, voucher number of requisition, money value of clothing drawn, and signatures of soldier and of witnessing officer.

1158. In the case of a soldier serving at an ungarrisoned or isolated station the officer who keeps the soldier's descriptive list will prepare the requisition and sign the receipt for the clothing.

1159. Each soldier's clothing account will be kept by the company or detachment commander on the blank provided for that purpose. The account will show the money value of the clothing received by the soldier at each issue and his receipt therefor will be taken on the blank. Gratuitous issues will be entered separately, but their money value will not be deducted from the soldier's regular clothing allowance.

1160. Company and detachment commanders will settle the clothing account of every enlisted man of their commands on June 30 and December 31 of each year, without regard to date of individual enlistment. The entire amount found due the United States will be charged to the soldier upon the pay rolls for the period embracing the date of settlement and on subsequent rolls until the whole amount is deducted.

1161. The clothing money allowance will consist of an initial allowance and a yearly allowance. The initial allowance is intended to cover the cost of all clothing required between date of enlistment and the date upon which the recruit is taken up for full duty, but will not be considered as fully earned by the soldier until he shall have completed six months' service. The yearly allowance and the initial allowance will be determined by the annual estimated value of the clothing. One-sixth of the initial allowance will constitute the monthly share, and one-thirtieth of the latter the daily share of the initial allowance actually accruing to the soldier. When the clothing account of a soldier is opened in the organization to which he has been assigned, he will be credited with the initial allowance. At the first settlement thereafter he will be credited with the portion of the yearly allowance accruing between date of enlistment and date of settlement as determined by the monthly and daily rates. At each succeeding settlement he will be credited with half the yearly allowance, and at the expiration of his term of service will be credited with the amount due from last settlement as determined by the monthly and daily rates.

1162. When a soldier is separated from the service during the first six months of his enlistment, any clothing allowance which may have been previously credited to him will be disregarded, and the allowance to be credited in the settlement of his clothing account will be determined from date of enlistment to date of separation from the service, the initial allowance according

to the table of allowances in force at the date of enlistment, and the yearly allowance according to the table of allowances in force at the date of separation from the service; if, however, the service includes a June 30 settlement date, that part of the yearly allowance applicable to the service terminating on June 30 will be determined according to the table of allowances in force on that date, and the remainder of the service by the table of allowances in force at the date of the separation from the service. He will be given no credit for clothing not drawn in kind unless the total value of the clothing charged to his account shall be less than the amount of credit accruing between date of enlistment and date of separation from the service. This will be determined by adding to the allowance due at the yearly rate the portion of the initial allowance corresponding to the number of months and days of service. Thus, if such soldier has had three months and three days' service the allowance to be credited from date of enlistment to date of separation from the service would be the sum of three times the monthly allowance, three times the daily allowance, three times the monthly share of the initial allowance, and three times the daily share of the initial allowance. No deduction will be made from the initial allowance because of unauthorized absence prior to the date of separation from the service. Should the clothing charged to the soldier amount to less than this sum, the difference will be due him; but the final account of such soldier shall show no indebtedness to the United States for clothing overdrawn unless the total amount charged for clothing shall exceed the entire initial allowance increased by the portion of the yearly allowance accruing between date of enlistment and date of separation from the service, in which case the excess shall be charged as due the United States for clothing overdrawn. When a soldier is separated from the service at any time after the expiration of the first six months of an enlistment, he will be credited in the settlement of his clothing account with the allowance accruing between date of last settlement and date of separation from the service as determined by the monthly and daily rates. When for the convenience of the Government a soldier is retained in the service after the expiration of his term of enlistment, his clothing money allowance at the regular rate will be credited for the period of such retention.

1163. The balance due the soldier at date of settlement will be credited to him upon his clothing account. It will not be placed upon the pay rolls, but the final balance due at date of discharge will be entered upon his final statements. In case of transfer, the balance due the soldier or the United States will be entered on the descriptive list. All balances of this character will be stated in words and figures.

1164. The clothing account of a soldier who deserts should be settled in full to date of desertion. The balance due to him or to the United States will be entered on the next pay roll after date of desertion. In determining this balance, where the desertion occurs within the first six months of enlistment, any clothing allowance which may have been previously credited will be disregarded and the allowance to be credited will be the portion of the initial and yearly allowances accruing from date of enlistment to date preceding date of desertion as indicated in paragraph 1162. Where the desertion occurs after the first six months of enlistment, the settlement to last regular settlement date, June 30 or December 31, will not be disturbed, and in settling the account to date of desertion additional credit will be given for the portion of the yearly allowance accruing from date of last settlement to date preceding date of desertion as shown by the monthly and daily rates.

1165. A soldier in desertion or absent without leave is entitled to clothing allowance from the date of his return to military control if such date is prior to the expiration of his term of enlistment; if subsequently thereto, no clothing allowance will be due him unless he is retained in the service, in which case he will be entitled to clothing allowance for his actual service in making good the time lost, which, under paragraph 130, commences with the date on which he is restored to a duty status. Should the term of enlistment expire while the soldier is in confinement awaiting trial or serving sentence, his clothing allowance ceases on date of expiration of term of service and will not again accrue until he is restored to a duty status. In the foregoing cases the amount due the soldier will be obtained from the tables then and subsequently in force. In the case of a soldier against whom a charge of desertion is sustained by action of a court-martial, or who is restored to duty without trial on admitted desertion, a new clothing account will be opened without reference to the account of the soldier at date of desertion, but no portion of the initial allowance will be credited. In the case of a soldier who is charged with desertion and the charge is not sustained by the action of a court-martial, or in whose case the charge is removed as having been erroneously made, the clothing settlement made at commencement of the unauthorized absence will be ignored and his clothing account will be adjusted by simply omitting any credit for the annual allowance, as distinguished from the initial allowance, for the period of unauthorized absence and for any period subsequent to the expiration of term of enlistment during which he may have been in confinement.

1166. Clothing allowance accruing to a soldier after return to the service from desertion will not be used to reduce the amount of the soldier's indebtedness at date of desertion; the full amount of the soldier's indebtedness must be charged on the roll, to be deducted by the quartermaster when he settles the soldier's account.

1167. Officers in charge of general recruiting stations are authorized to issue to members of their respective recruiting parties such number of suits of white summer clothing, consisting of coats, trousers, and caps, the latter to be of same pattern as the khaki caps, as may actually be required to insure a neat appearance of the men. This clothing will be furnished upon requisitions forwarded to the designated supply depot, and will be charged to the enlisted men only in case of loss or damage. When no longer fit for service, it will be submitted to the action of an inspector.

The Quartermaster Corps will keep this clothing in clean condition, and any expense incident thereto will be paid from the appropriation for incidental expenses.

Articles of band uniforms, including music pouches, that do not form part of the annual clothing allowance may be issued, but not charged except in case of loss or damage.

All articles enumerated in this paragraph will remain the property of the United States, and be accounted for upon the returns of the accountable officer.

1168. There will be issued to troops stationed in extremely cold regions, when the necessity for such issue is certified by the post commander, blanket-lined overcoats, winter caps, winter gauntlets, and arctic overshoes, but only to men performing guard duty or other necessary outdoor duty when exposure to weather would jeopardize life or limb by freezing. These overcoats, winter caps, and winter gauntlets will not be charged to the enlisted men, but will remain the property of the United States. In case of loss or damage, except by

fair wear and tear incident to the service, they will be charged to the enlisted men at regulation prices. The arctic overshoes, however, will in all cases be charged at regulation price.

1169. The Quartermaster Corps is authorized to pay from the appropriation for clothing and equipage a sum not to exceed \$1.50 per month for the laundry work of each recruit who has no funds of his own at recruiting stations, recruit depots, and recruit depot posts. The expenditure will be charged on the clothing account of the recruit and so noted on his descriptive and assignment card.

1170. General prisoners will not be permitted to wear as an outer garment or have in their possession any clothing which is a distinctive article of the uniform worn by enlisted men. Commanding officers may order necessary issues of clothing to prisoners who have no clothing allowance from clothing specially provided for the purpose. The receipt of the officer in charge of the prisoners to whom the issues are made will be the quartermaster's voucher for such issue. The issue of articles of the uniform under this paragraph will be avoided if possible.

Upon the release of a general prisoner from confinement the Quartermaster Corps will issue to him a suit of citizens' outer clothing to cost not to exceed \$10, but any articles of outer uniform clothing (other than shoes), issued to a general prisoner while in the service or during confinement, will be regarded as the property of the United States and will not be taken away with him upon his release.

1171. The issue to general prisoners employed at outdoor labor in severe weather at military posts of such overcoats, overshoes, and woolen mittens as, in the judgment of the post commander, may be necessary to prevent suffering is authorized.

1172. Gratuitous issues of clothing may be made, under the provisions of section 1298, Revised Statutes, to replace articles destroyed to prevent the spread of contagious diseases, upon the certificate of an officer that the clothing was so destroyed upon the recommendation of the medical officer named.

1173. Should it become necessary to issue new clothing for use in the burial of a deceased soldier, as in the case of a man who dies away from his proper command and under circumstances rendering such issues imperatively necessary, the expense of the issue will be borne by the United States, and the clothing will be dropped from the returns of the issuing officer on the orders of the commanding officer, which must recite the necessity for the issue.

1174. Officers of the Army, contract surgeons, acting dental surgeons, and veterinarians may purchase from the Quartermaster Corps such articles of uniform clothing, clothing materials, and equipage as they need, provided the property is available. They will certify that the articles are for their personal use.

1174½. A post exchange may purchase, upon the certificate of the officer in charge that they are for sale only to enlisted men of his post in such quantities as are needed by them, the following articles of uniform clothing:

Belts, waist.

Chevrons (all kinds).

Cords:

Hat.

Tying, for service hats.

Laces (all kinds).

Leggings, canvas.

Ornaments, cap and collar.

Stockings.

Post commanders will regulate the purchase and resale of such articles. Selling (except by the post exchange) or bartering these articles purchased or drawn from the Quartermaster Corps is forbidden.

1175. Officers' servants will not be permitted to wear clothing intended for troops, except underclothing and shoes, which may be purchased in limited quantities, if available, upon the officer's certificate that they can not be otherwise obtained.

1176. Quartermasters are authorized to drop from their property accounts tent pins, and ax, pickax, and hatchet helves, upon officers' certificates that the articles have been worn out in service.

1177. Estimates for tableware and kitchen utensils will be prepared and submitted to proper authorities not later than 30 days in advance of the quarter for which required. They will be limited to such articles as, with those on hand at the time an estimate is submitted, shall not exceed in kind and quantity the mess outfit as announced in the general orders prescribed in paragraph 301. Special estimates may be made when necessary to meet emergencies, and in such cases the circumstances constituting the emergencies will be stated.

1178. Commanding officers of posts and of all organizations supplied with tableware and kitchen utensils will exercise a rigid supervision and economy in the care and preservation of all such articles, and any damaged, broken, destroyed, or lost through the carelessness of enlisted men will be charged against their pay, as explained in paragraph 686, and a "statement of charges" on the prescribed form will be filed as a voucher with the property account from which the articles are dropped. Loss through breakage of china and glassware, not due to carelessness, may be replaced at public expense on proper requisition, provided it does not exceed 20 per cent per annum, or 5 per cent per quarter, of the total value of china and glassware to which the mess is entitled (value to be determined by the prices given in the annual price list), and the articles so replaced will be destroyed and dropped from property accounts in the manner prescribed in paragraph 1176. Any excess of breakage will be replaced only under extraordinary circumstances, or when values have been charged as herein provided, and requisitions calling for such excess must show clearly the circumstances or the fact that charge has been made. Estimates calling for articles other than china and glassware must show the necessity for them, and if to replace articles lost or stolen, must be accompanied by the report of a surveying officer, unless values have been charged as hereinbefore directed.

1179. There will be furnished by the Quartermaster Corps to all duly authorized bands of the Army the following-named musical instruments, viz: Db piccolo, terz and concert flutes, Eb and Bb cornets, Eb and Bb trumpets, Eb and Bb clarinets, Eb altos, Bb trombones (valve or slide), Bb baritones, Eb, Bb, and BBb basses, bass and snare drums, cymbals, triangles, music stands, and extra parts for the repair of the instruments; also batons with suitable cords and tassels for the use of drum majors of all dismounted bands. Mounted bands may be supplied with a pair of kettledrums in lieu of the bass and tenor drums, cymbals, and triangles, and also with altos, trombones, and basses of helicon shape. A flügelhorn may be furnished in lieu of the Eb trumpet, a euphonium in lieu of one alto, one Eb alto saxophone, and one Eb baritone saxophone in lieu of two cornets, and one tenor saxophone in lieu of any other authorized instrument; but under no circumstances will more than a complete instrumentation for 28 musicians be supplied. In making requisition for band instruments a statement showing the number and kind on hand and their condition should accompany the same. All the property specified will be accounted for by the quartermaster of the regiment. When any instrument has become unserviceable it will be submitted to a surveying officer. A copy of his report will be forwarded to the Chief of the Quartermaster Corps with a view of having the

instrument repaired, if practicable, or otherwise disposed of. When an instrument needs minor repairs, involving only a slight expense, and the work can be done in a workmanlike manner in the vicinity of the post, it will not be necessary to submit the instrument to a surveying officer. Such repair may be secured upon the written order of the commanding officer, but a report of the nature of the work and cost involved will be made to the Chief of the Quartermaster Corps, through proper military channels.

1180. There will be furnished by the Quartermaster Corps to each troop, battery, and company two small brass Bb bugles with slings. Foot troops may, in addition thereto, use the drums and fifes if desired by regimental or district commanders. Whistles will be furnished for such sergeants, corporals, or musicians as are required to use them. The foregoing articles will conform to patterns in the Office of the Chief of the Quartermaster Corps and will be accounted for as equipage.

1181. The allowance of corn brooms, scrubbing brushes, and mops will be as follows:

For each organization having an authorized maximum strength of 100 enlisted men or over, 9 brooms, 6 brushes, and 3 mops a month.

For each organization having an authorized strength of less than 100 enlisted men and over 60, 6 brooms, 4 brushes, and 2 mops a month.

For each organization having an authorized strength of 60 men or less, 4 brooms, 3 brushes, and 2 mops a month.

Three brooms and 2 brushes per annum for each noncommissioned officer entitled to a room as quarters and for each room occupied as quarters by enlisted men, other than noncommissioned officers, entitled to a room as quarters.

Six brushes and 4 mops per annum to each post bakery.

Twelve brooms and 8 brushes per annum to each city recruiting station.

For cleaning casemates, storerooms, and loading rooms, 3 brooms a quarter.

Commanding officers may, when necessary, order the issue of not to exceed 6 brooms and 6 mops per annum to each public office and building heated by the Government.

The necessity for and the fact of issue will in all cases be certified to by the officer commanding the organization or in charge of the office or building and be verified by the commanding officer.

The articles mentioned above will habitually be drawn quarterly, but may be drawn when needed. If less than the maximum allowance be drawn in one quarter, credit can not be given in another quarter.

1182. Commanding officers may, when necessary, order the issue of 4 cans of concentrated lye and 6 cakes of sapolio per month to each company, and one-half that quantity to each band, and the necessary quantity for buildings heated by the Government and not thus provided for. The use of concentrated lye upon the floors and woodwork in all modern barracks, kitchens excepted, is forbidden.

1183. The use of serviceable tents or other canvas for any purpose other than that for which such articles are furnished is prohibited, except in cases of emergency when necessary to protect public property.

The prescribed allowance of tentage and equipage will habitually be kept in the hands of the organizations to which it is issued.

After use, and before being put away, tentage and equipage will be thoroughly aired, dried, and put in serviceable condition, so as to be ready for immediate use when again required.

TELEGRAPHING.

1184. The telegraph and cable will be used only in cases of urgent and imperative necessity, in which the delay consequent upon transmission by mail would be prejudicial to the public interests. Day telegrams will not be sent when night telegrams would serve the purpose, consideration being given to the difference between eastern time and that of the zone to which the message is sent. Except in cases of great urgency, night telegrams will not be sent when the delivery can be made by mail the following morning. Night telegrams will be plainly indicated by the words "Night telegram" stamped thereon. Wherever practicable the consolidation into one message of several telegrams to be sent to a single officer in course of a day's business should be effected.

1185. The War Department Telegraph Code will be accounted for on the post return and transferred upon change of post commanders. The post commander is required to retain the code in his custody, and is responsible for the key and its proper use. Department commanders, from time to time, and particularly when post commanders are changed, will make use of the code. When military necessity causes it to be destroyed, it should be burned leaf by leaf.

1186. Government blanks will be used when practicable in sending official telegrams by those in the service of the War Department authorized to send such telegrams, and will be marked "Government paid"; in no case "Government collect." Commercial blanks, if used officially, should also be marked "Government paid." Accounts for telegrams on military business prepared on the prescribed form in the name of the telegraph company rendering the service, and accompanied by the original telegrams, will be paid by the Quartermaster Corps, with the following exceptions:

1. Accounts for reimbursement of amounts paid by officers for telegraphic service, which will be prepared upon prescribed forms.

2. Accounts for telegrams on public business of a confidential nature when in the opinion of the officer receiving or sending them it is improper that copies should accompany the accounts, or where copies can not be procured. When it is questionable whether the telegrams are on official business or that the telegraph should have been used, such accounts will be accompanied by full explanations from the officer who sends or receives the telegrams.

The accounts excepted in this paragraph will be forwarded to the Chief of the Quartermaster Corps for settlement.

In settling accounts for telegrams which pass over the lines of more than one company (bond-aided excepted), payment may be made on the original telegram to the initial company for the entire service.

1187. Telegrams making application for leave of absence or extension of leave, or of inquiry whether leave has been granted, and the replies made thereto by telegraph, will not be sent or paid for as public dispatches.

1188. In framing telegrams and cablegrams all words not important to the sense will be omitted, addresses condensed, and the official title of the sender omitted or reduced to the minimum, thus bringing the message, so far as practicable, within the limit of 20 words. The last name of the officer addressed, or his title, and the last name of the sender are generally sufficient. Expressions such as "The Secretary of War directs," "By order of the Secretary of War," or "Reference your telegram of the — instant," and kindred expressions will be omitted. Telegrams sent within the limits of the United States, except those of an extremely confidential character, need not be coded or enciphered.

1189. All telegraph accounts pertaining to the War Department, except as may be otherwise directed, originating in the United States, which are payable

from funds of the Quartermaster Corps, will be paid in Washington, D. C., under the instructions of the Chief of the Quartermaster Corps.

1190. Blank forms for official telegrams will be furnished by the Chief of the Quartermaster Corps.

1191. Nothing is required of officers sending telegrams beyond the delivery of the message to the company. The proper quartermaster will receive from telegraph companies their accounts, with proofs of service (which should be original telegrams whenever practicable), and will prepare and certify vouchers for the same and pay them, or forward them for settlement, as is required in paragraph 1186. Information desired by telegraph companies in regard to military business will be obtained from the Quartermaster Corps.

1192. When telegrams are sent "collect" by private individuals, the nature of the telegrams should govern the action of the disbursing quartermaster. If strictly on Government business, payment will be made by the United States.

1193. Whenever special delivery is necessary to expedite the delivery of an official telegram, or where the place of delivery is located beyond the established free-delivery limits, the officer filing the telegram for transmission should mark it "special-delivery charges paid." The special-delivery charges, which should be included in the bill of the telegraph company for the transmission of the telegram, will be paid by the quartermaster designated to pay the telegraph accounts in the department in which the telegram originated.

If the addressee lives at such a distance from the telegraph office as to make the special-delivery charges excessive, and the delay will not be of a serious nature, the telegram should be marked: "By mail from ———," indicating the name of the telegraph office from which the telegram should be mailed.

TELEPHONING.

1194. Where telephoning is practicable, accounts for the same may be paid from the appropriation for the payment of telegraphic service.

SUBSISTENCE STORES IN BULK.

1195. Subsistence stores consist of articles composing the ration, those for other authorized issues, and those furnished for sale to officers and enlisted men.

1196. Stores longest on hand, if in fit condition, will be first issued, sold, or shipped.

1197. Subsistence stores in good condition, but not required for use, will be disposed of under the direction of the Chief of the Quartermaster Corps. In urgent cases, such as sudden abandonment of a post, liability to rapid deterioration, etc., they may be sold, or otherwise properly disposed of, on the recommendation of an inspecting officer, approved by a commanding general.

1198. Subsistence stores will not be transferred gratuitously to another staff department, nor obtained, issued, sold, or otherwise disposed of except as authorized by regulations.

1199. Coal oil, gunpowder, quicklime, or other articles of like dangerous nature will not be kept in or near storehouses containing other public property.

FRESH MEATS.

1200. Fresh meats from the block will usually be provided for troops by contract. Beef cattle will ordinarily be purchased only when necessary for supplying beef to troops in campaign or on the march.

BAKERIES.

1201. Bakeries are operated by the Quartermaster Corps under the direction of the quartermaster. All accounts and supplies pertaining to the bakery

are reported on the account current and the return of subsistence stores of the quartermaster. Bread is sold at cost price in the same manner and subject to the same regulations as are other articles of subsistence stores.

At posts or stations where a bakery is operated by the Quartermaster Corps the baking of bread by companies is prohibited. Enlisted men and others entitled to a ration who are allowed to mess separately from companies or organizations are not required to purchase bread from the Quartermaster.

Cost price.—The cost price of bread is determined in the following manner on the form provided for the purpose:

The cost of all flour and other ingredients used in the preparation of the bread baked as shown on the last day of the month, increased by the cost of power used in operating the bread-baking machinery, is divided by the total number of pounds of bread baked, and the result is the cost of 1 pound of bread.

When the baking of bread is commenced for the first time at any post or station by the Quartermaster Corps the price of 1 pound of bread is fixed until the close of the month at the price of 1 pound of flour, provided, however, that the price of bread for the succeeding month is fixed at the cost price of that baked in the preceding month and determined on the last day thereof.

Facilities for baking.—At all permanent posts a suitable building for baking bread, and in the field the tentage prescribed for the purpose, is provided by the Quartermaster Corps. Bake ovens and apparatus appertaining to the baking of bread are also provided by the Quartermaster Corps.

Personnel.—The necessary number of bakers and laborers, not in excess of the numbers given, are detailed by the commanding officer.

Average daily production (pounds).	Assistant chief baker (quarter- master sergeant). ¹	Bakers.	Assistant bakers.	Laborers (appren- tices).

THE RATION.

1202. A ration is the allowance for the subsistence of one person for one day. The garrison ration is intended for troops, whenever practicable, in time of peace, also in time of war, except for those beyond the advance depots; the haversack ration is intended for troops beyond the advance depots; the travel ration is for troops traveling otherwise than by marching and separated from cooking facilities; the Filipino ration for use of the Philippine Scouts; and the emergency ration for troops in active campaign for use on occasions of emergency or in the field for purposes of instruction.

In time of war when Philippine Scouts are serving beyond the advance depots they will be subsisted the same as are regular troops. When impracticable for Philippine Scouts to use the Filipino ration while traveling otherwise than by

marching, on account of the lack of cooking facilities or for other reasons, the travel ration may be prescribed.

The commanding officer will determine which of the several prescribed rations is appropriate for the particular service to be performed and will direct the use of the same.

When in the exigencies of the service troops are subsisted on the haversack ration, and it is found to be practicable to supplement these stores by local purchase or by shipments, the commanding general may direct, in written orders, the issue in kind, in addition to the haversack ration, of such available articles of food not in excess of the amounts allowed of corresponding articles in the garrison ration.

1203. Enlisted men, applicants for enlistment while held under observation, prisoners of war, military prisoners at posts, hospital matrons, and nurses in the Nurse Corps are each entitled to one ration a day, according to the station or the nature of the service; and when the rate of pay of a civilian employed with the Army does not exceed \$60 a month, if the circumstances of his service make it necessary and the terms of his engagement provide for it, there may be allowed him one ration a day, according to the exigencies of the case. Civilian employees traveling with organizations of troops will be rationed as are the organizations.

1204. Rations will be furnished to officers and men of the Marine Corps and to officers and seamen of the Navy when acting, or proceeding to act, in cooperation with the land forces of the United States, in conformity to the requirements of section 1143 of the Revised Statutes.

5. Emergency ration.

The emergency ration is furnished, in addition to the regular ration, as required for troops on active campaign or in the field for purposes of instruction, and will not be opened except by order of an officer or in extremity, nor used when regular rations are obtainable.

Ration returns upon which emergency rations are drawn will bear the certificate of the organization commander that such rations are required for the enlisted men of his organization and that the money value of any rations previously drawn by him, and improperly opened or lost, has been charged against the person responsible.

Company and detachment commanders are responsible for the proper care and use of emergency rations carried on the person of the soldier.

1206. When it is contemplated to grow vegetables in a post garden, the post quartermaster, with the approval of the post commander, will notify the department quartermaster of the period during which the post garden may be relied upon to supply vegetables, and that period will be excepted from the operation of any contract that may be made for supplying vegetables to the post.

1207. In adjusting charges to be made against enlisted men or others on account of increased expense to the Government for their subsistence, the value of the garrison ration will be estimated at 25 cents, the Filipino ration at 20 cents, and the travel ration at 40 cents.

LIQUID COFFEE.

1208. When an enlisted man or an applicant for enlistment, supplied with cooked or travel rations, travels unaccompanied by an officer, and it is impracticable to cook coffee en route, he may be supplied with funds for the purchase of liquid coffee in lieu of the coffee, milk, and sugar components of the travel ration, at the rate of 21 cents a day for the number of days that the travel is expected to cover, to be paid to each man on the order of the commanding

officer who directs the journey, a copy of the order being filed with the voucher on which payment is made. When an enlisted man or an applicant for enlistment, supplied with cooked or travel rations, travels under the command of an officer, and it is impracticable to cook coffee en route, funds at the rate of 21 cents a day for a similar purpose may be transferred to the officer to be disbursed and accounted for. At the end of the journey all money in excess of 21 cents a day for each man for the actual number of days traveled will be transferred to the nearest quartermaster. Should any part of the 21 cents a day for the actual number of days traveled be unexpended it will be transferred to company commanders pro rata, to be taken up by them as part of the company fund.

RATION RETURNS AND ACCOUNTS.

1209. Ration returns for troops and applicants for enlistment while held under observation will be signed by the immediate commanders of the organizations, and approved by the commanding officer. After approval they will be presented at the quartermaster's office for action. Single ration returns will be submitted for organizations, including persons permitted to mess separately, and will embrace all persons actually present. Individual "Ration and savings accounts" will not be opened for enlisted men or civilian employees permitted to mess separately. Company and detachment commanders will personally verify the additions and deductions of rations on the returns on account of men joining and leaving during the ration periods immediately preceding, and the proper authority before approving such returns will cause them to be verified.

1210. The ration for the Hospital Corps, hospital matrons, and others attached entitled to rations will be the same as that for the troops with which they serve. Their ration returns will be signed by the medical officer in charge and approved by the commanding officer.

1211. The ration for civilians employed with the Army will be the same as that for the troops with which they serve. Their ration returns will be signed by the officers in charge of the employees and approved by the commanding officer.

1212. While sick in hospital, the ration of enlisted men, of applicants for enlistment, and of general prisoners will be commuted at the rate of 30 cents a ration, except that at the General Hospital at Fort Bayard, N. Mex., commutation at the rate of 50 cents a ration, and at other general hospitals 40 cents a ration, is authorized for enlisted patients therein; the ration of members of the Nurse Corps while on duty in hospital will be commuted at the rate of 40 cents a ration. The commutation herein referred to will be paid to the surgeon in charge by the post quartermaster or such officer of the Quartermaster Corps as may be designated.

1213. When any considerable detachment of enlisted men leaves a post or command, the detachment commander will be furnished by the quartermaster with a ration certificate giving the number of men and the organization to which they belong, and setting forth the date to which, and by whom, their ration and savings account has been settled, which certificate will be presented to the commanding officer at the station where rations are next furnished. Civilian employees entitled to rations are, when detached, furnished with ration certificates.

1214. When a person entitled to rations leaves an organization the rations allowed for him for any period beyond the date of his leaving and not taken with him will be deducted on the next ration return of the organization.

Requisitions for these articles will set forth the number of general prisoners present at the post and must be approved by the post commander. The receipt of the officer in charge will be the quartermaster's voucher for dropping the articles from his property account. No articles issued under this paragraph, except tooth brushes, buttons, shoestrings, handkerchiefs, and thread, will be carried away by general prisoners when transferred or discharged. Towels

used by general prisoners will be laundered by those who use them. When specially authorized by the Secretary of War, the Quartermaster Corps will supply to posts where 30 or more general prisoners are confined a sewing machine and other necessary tailors' utensils for use in mending their clothing.

Articles issued in pursuance of this paragraph will not be accounted for on property accounts by officers receiving them, but will be continued in use until worn out.

1217. The following-named articles will be issued gratuitously to each recruit upon his first enlistment at a recruiting depot or upon his arrival at his permanent station:

One razor.	One broom, whisk.	One package polish, shoe,
One brush, shaving.	One brush, tooth.	russet.
One brush, hair.	One housewife.	One cake soap, toilet.
One comb, medium.	Two towels, huckaback.	
One brush, shoe.		

These articles will be issued by the quartermaster on requisitions submitted by the company commander and approved by the post commander, and when the issue has been made that fact will be entered upon the descriptive and assignment card or descriptive list. The receipt of the company commander will be the quartermaster's voucher for dropping the articles from his property account.

1218. A recruiting officer stationed elsewhere than at a military post is authorized to purchase such of the following-named articles as may be necessary for the use of applicants for enlistment, while held under observation at a recruiting station or a station subsidiary thereto, at an expense not exceeding 70 cents a month for each station:

Brooms, whisk.	Combs, medium.	Towels, huckaback.

At a recruiting station at a military post such of the above-named articles as may be necessary for use exclusively by applicants for enlistment while held under observation, and newly enlisted men awaiting transfer to permanent stations, will be issued to the recruiting officer at the post by the quartermaster upon requisition, approved by the commanding officer, at an expense not exceeding 70 cents a month for each station. The receipt of the recruiting officer will be the quartermaster's voucher for dropping the articles from his return.

Articles issued in pursuance of this paragraph will be accounted for on property accounts by officers receiving them. Shoe polish, toilet paper, and laundry soap will be expended when issued. The remaining articles will be continued in use until worn out by fair wear and tear in the public service, when they will be dropped upon the certificate of the accountable officer supported by the certificate of a disinterested officer that the property has been destroyed in his presence. The towels will be laundered at the expense of the Quartermaster Corps.

ISSUES OF SUBSISTENCE STORES.

1219. Subsistence will not be issued to destitute persons except when the commanding officer assumes the responsibility of ordering the issue to relieve starvation or extreme suffering. In such cases the circumstances will be fully stated in a written order, specifying the articles and quantities to be issued. This order, bearing a certificate of an officer that the stores have been issued, will be filed by the quartermaster, with his return of subsistence stores as his authority for dropping them.

1220. All the articles of the garrison, travel, or Filipino ration due a company, or other military organization, will be retained by the quartermaster and credit given to the organization for the money value of these articles at the current price of the articles; and the quartermaster will pay as savings to the organization commanders any excess in value of the stores so retained over those purchased by the organization.

The commanding officer will designate the periods for which ration returns are to be submitted. Immediately upon the receipt of a ration return by the quartermaster, duly signed and approved, he will enter it, together with the actual cost of the ration as computed on the back of the ration and savings account. The stores required will be purchased from the quartermaster on charge sales slips, in the name of the organization, against their credit shown on the account. At the end of the month, or whenever necessary, the organization commander will settle the account with the quartermaster, when the savings due the organization, or the amount due the quartermaster, as the case may be, will be paid and the account certified as required. Money accruing from the ration and savings account of an organization will be spent only for food.

All articles of the ration required for the supply of troops will be obtained from the quartermaster, when on hand, except that if any organization uses during the month more of any article of the ration than is authorized by regulations such excess need not necessarily be bought from the quartermaster, or, if any article be not in stock, a temporary supply may be purchased elsewhere.

When necessary to renew reserve rations, or to avoid loss of ration articles that have accumulated, the quartermaster will report the facts to the commanding general or the commanding officer, as the case may be, who, if he considers it necessary to prevent loss, will give in writing the necessary orders looking to the issue of such supplies to troops. Such issues will not exceed the ration allowance, and will be continued until the surplus is exhausted or until such other action as may seem advisable can be taken to protect the interest of the Government.

1221. On the first of each month, or whenever necessary, the quartermaster will compute on the back of the ration and savings account the actual cost of the ration in use at his post at the following rates:

When reserve rations or surplus ration articles are ordered used under paragraph 1220, any excess cost of such articles over that of the articles ordinarily used in computing the cost of the ration will be credited to the organization on the ration and savings account. Should any article so ordered be cheaper than that ordinarily used, a corresponding deduction will be made from the organization's credit. The manner of ascertaining the amount of the credit or deduction will be shown on the back of the ration and savings account, to which the order of the commanding officer directing the issue will be attached.

1222. If ration and savings accounts are not paid by a quartermaster in the month during which they accumulated, the proper organization will be furnished with an extract of the account showing the amount due, which voucher, duly certified by the quartermaster and approved by the commanding officer, will be presented for payment to any quartermaster having funds for the purpose.

1226. Enlisted men absent under orders from their stations upon recruiting duty for not exceeding seven days will be deemed to be traveling under orders during the entire period, notwithstanding that some portion of the period may be occupied by detentions in the various towns which they visit in the performance of their duty, and their commutation of rations will be at the rate of \$1.50 a day.

Commutation of rations will not be allowed to enlisted men serving where subsistence is furnished by the Government; or traveling under orders when they can carry and cook their rations, or can carry cooked or travel rations; or for the time for which meal tickets are furnished; or traveling under orders on army transports or by steamboat or steamship where the passage rates include meals; or failing to report at their proper stations on or before the last day of furlough unless discharged; or recruiting parties at their stations; nor to civil employees.

1230. An order directing the travel of an enlisted man or an applicant for enlistment will state that the journey is necessary for the public service. If it be impracticable for him to carry rations of any kind, the order will so state and will direct commutation of rations to be paid; if required to be paid in advance the number of days will be stated.

1231. An enlisted man traveling on duty under orders on a vessel of the United States Army Transport Service will not be allowed commutation of rations for the time he is aboard. He will be quartered with the enlisted men aboard and will mess with them, and the proper transport officer will indorse upon the travel order in the possession of the soldier the dates between which subsistence was so furnished. The travel order so indorsed will be turned over by the enlisted man at the end of the journey to the quartermaster by whom commuta-

tion of rations for any portion of the journey is paid, who will file it with the voucher on which payment is made. If commutation of rations is ordered paid in advance, the probable time on shipboard must be taken into account in determining the number of days' commutation to be allowed, and the paying officer will indorse the original order and make payment on a certified copy thereof in the manner directed in paragraph 1232 for paying commutation of rations in advance.

1232. Commutation of rations allowed to an enlisted man or an applicant for enlistment while traveling, when not directed to be paid in advance, will be paid to him at the end of his journey, upon presentation of the order for the journey, with the certificate of his commanding officer thereon in the following form: "Last rationed to include ———, 19—; will leave station at ———, ———, 19—; the rations overdrawn will be deducted from the ration return of Company ———, ——— Regiment of ———, for the period from ———, 19—, to ———, 19—," and a certificate signed by a commissioned officer in the following form: "Joined station at ———, ———, 19—." The period allowed by the paying officer will be the time required over the shortest usually traveled route. If ordered paid in advance, it will be paid upon presentation of a certified copy of the order directing the payment, having thereon the certificate in the above form of his commanding officer. In this case the paying officer will indorse the date, mode, and amount of payment, over his signature, on the order which is retained by the soldier or applicant for enlistment, and certify on the copy that he has made such indorsement. The soldier or applicant for enlistment will deliver his retained order to the commanding officer at the station where rations are next furnished. The order, or copy thereof, on which commutation has been paid will be filed as a subvoucher to the receipt roll, and the paying officer will indorse on the order, or copy thereof, the date, mode, and amount of payment.

1233. The furlough of an enlisted man will show by memorandum of his company commander to what day he was last rationed and the number of rations, if any, drawn for him previous to his going on furlough, for the time covered by the furlough, and the certificate of his company commander on the back of the furlough will show the date on which he rejoined his proper station or was discharged and that the rations overdrawn for him were duly deducted from a ration return of his company. If entitled to commutation he will be paid by any quartermaster upon the presentation of the furlough containing the above memorandum and certificate. The paying officer will file the furlough as a subvoucher to his receipt roll, and indorse on the furlough the date, mode, and amount of payment. The authority under which a furlough is granted (whether under Army Regulations or in pursuance of the orders of a superior) should be cited on the face of the furlough by the officer granting it. If the period for which the furlough is given is within the competency of the authority cited, no copy of the order is needed to accompany the furlough when presented to a disbursing officer for payment of commutation of rations; but if the period is manifestly beyond the competency of the authority cited, the furlough should, when presented for payment of commutation of rations, be accompanied by copies of all orders in pursuance of which it was given.

1234. An enlisted man granted a furlough with permission to travel on a vessel of the United States Army Transport Service will be quartered with the enlisted men aboard and will mess with them. The transport officer will certify upon the enlisted man's furlough the dates between which subsistence was so furnished. In paying commutation of rations on the furlough these days will be deducted.

1235. Enlisted men discharged while serving in places outside of the States composing the Union will be provided free transportation to the said States on Government transports upon direction of the commanding officers in the several localities, and will be subsisted by the Quartermaster Corps to the port of destination. They will not be entitled to travel pay from port of embarkation to the United States, nor to commutation of rations for the time so subsisted on the transports. The fact that such transportation and subsistence have been furnished must be noted on the final statements.

1236. When an officer orders commutation of rations to be paid, or rations furnished to a soldier on furlough to enable him to reach his proper station, the officer paying the commutation or furnishing the rations will report the full amount paid, or the money value of the food supplied, to the soldier's company commander. Should the soldier reach his station on or before the last day of his furlough the company commander will charge the full amount of the payment, or value of the rations, against his pay on the next pay roll. Should he reach his post after the expiration of his furlough, and the delay be not excused, the full amount will be similarly charged. Should the overstaying of his furlough be excused, the full amount, diminished by the value of the ration, at 25 cents a day, for the number of days during which he was absent after the furlough had expired, will be charged.

1237. When a furlough is lost, a certified copy prepared by his company commander, with the soldier's affidavit stating when, where, and the circumstances under which the loss occurred, that he reported at his station on or before the last day of his furlough or was discharged, and that no rations have been furnished nor commutation paid him for any portion of the time during which he was on furlough, may be presented within six months after the loss, through his company and post commanders, to the department quartermaster for payment or other disposition.

1238. An enlisted man having a claim for commutation of rations while traveling or on furlough, and who is at a distance from a paying quartermaster, will be paid upon forwarding to a paying quartermaster his travel orders or furlough properly made out. An enlisted man on detached duty who is entitled to commutation of rations may be similarly paid upon the certificate of the officer under whom he may be serving, or if not serving under an officer, upon his own certificate, setting forth the period for which commutation is due, accompanied by a copy of the authority for its allowance, or by a reference to such authority if previously furnished.

SALES.

1239. Sales of subsistence stores will be made at cost prices for cash to an officer on his certificate that the stores are for his personal or family use or for the use of an officers' mess of which he is the caterer, and will be similarly made on a certificate that they are for his or her personal use to a contract surgeon, a dental surgeon, a veterinarian, a female nurse, or a hospital matron when stationed within a military post or serving with troops in the field. Sales will also be made at cost prices for cash to a member of the immediate family of an officer, during his absence, upon a written request by him to the quartermaster.

1240. Sales to officers paid for within the calendar month in which made will be regarded as cash sales; if not paid for within that month, the quartermaster making the sale will forward an itemized statement of each account to the Chief of the Quartermaster Corps for the action prescribed by paragraph 1308.

Thereafter, until evidence is furnished by the delinquent, showing payment of the amount so reported for stoppage, further sales will not be made to him except for cash upon receipt of stores.

1241. Sales of reasonable quantities of stores will be made to an enlisted man on the active or retired list, for cash, upon his declaration, in writing, that they are intended for his own use. A post exchange may purchase stores upon the certificate of the officer in charge, and such purchases, when paid for within the calendar month in which made, are regarded as cash sales.

1242. Sales may be made on credit to officers and enlisted men who have not been regularly paid or who are in the field. Officers will certify that the stores are for their own use and will receipt for them. Enlisted men will obtain permits from their company commanders, approved by the commanding officer. Permits will not be given to a soldier in excess of the unencumbered pay due to him nor in any month in excess of his monthly pay. Such of the following-named articles as may be needed by him may be furnished to a recruit on credit, viz: A hand basin, a pipe, a box or bottle of tooth powder, and not to exceed 1 pound of tobacco.

1243. An officer purchasing subsistence stores on credit will furnish to the quartermaster making the sale a receipt in duplicate setting forth the place and date of purchase, the name of the quartermaster who made the sale, and the money value of the stores so purchased. One copy of the receipt will be forwarded by the quartermaster to the quartermaster who pays the officer, or to the department quartermaster, and will be filed with the pay voucher on which collection is made. The duplicate receipt will be filed by the quartermaster with his retained abstract of subsistence stores sold. The names of the officers purchasing subsistence stores on credit, the organizations to which they belong, and the money value of the stores so purchased will be entered on the abstract of subsistence stores sold.

1244. Exceptional articles of subsistence stores called for by officers and enlisted men, to be paid for by them regardless of condition upon arrival at posts, may be purchased under such instructions as to purchase and accountability as may from time to time be given by the Chief of the Quartermaster Corps.

1245. Civilians employed with the Army, including those expressly employed for their services as tailors, shoemakers, and laundrymen, may be allowed, at remote places or in the field where food can not otherwise be procured, to purchase from the Quartermaster Corps, in limited quantities for their own use, for cash, at cost prices, such articles of the ration or of stores kept for sales to officers and enlisted men as can be spared from the supplies on hand.

1246. Articles purchased by the Quartermaster Corps by net weight will be sold at net weight at the time of sale. Where the weight of a wrapper or cover at the time of purchase was included in the weight of an article it will be included in the weight when the article is sold. Articles in cartons, packets, or sealed cans will be sold as purchased.

1247. Post commanders will regulate sales and delivery of supplies. Selling (except by the post exchange) or bartering of supplies purchased or drawn from the quartermaster is forbidden.

1248. The commanding officer of a post at or near which the immediate family of an enlisted man who is absent abroad resides may, if the residence and other conditions of such family make it proper, grant to the head thereof permits to purchase from the Quartermaster Corps at the post, for cash, at cost prices, such quantities of subsistence stores as in his opinion may be rea-

sonably needed for the sole use of the soldier's immediate family. The total amount of subsistence stores so sold to soldiers' families will be entered by the quartermaster in a separate item on the abstract of sales each month.

1249. The quartermaster who extends credit to an enlisted man will furnish to the commanding officer of the company or organization to which the man belongs a statement of the amount due from the soldier. The company or other commander will charge the amount due on the next pay roll and on subsequent rolls until the amount shall have been collected. The quartermaster will file with his retained papers all permits for sales to enlisted men on which credit sales have been made in the month to which the papers pertain. If a member of an organization or a recruit leaves his organization or a recruiting depot before the money value of the articles furnished to him on credit shall have been collected, the amount due in each case, the place where, and the month and year in which the indebtedness was contracted will be noted on the descriptive list or descriptive and assignment card. Pay rolls upon which any subsistence charges have been made, when forwarded to the quartermaster, will be accompanied by a report of all such charges, showing in each case whether the charge is for credit sales, refundment of commutation of rations, or other subsistence account, and the place where and the month and year in which the indebtedness was contracted. When a statement of credit sales is furnished by the quartermaster, the company or other commander will note thereon any additional subsistence charges appearing on the pay rolls and forward the completed statement as directed in this paragraph. This report, after collections shall have been noted thereon, will be forwarded by the quartermaster to the Chief of the Quartermaster Corps, who will transmit it as soon as practicable to the Auditor for the War Department.

1250. Sales will be consolidated monthly on an abstract. The commanding officer will satisfy himself that the purchases have been properly authorized and duly made and will so certify on the abstract. The abstract accompanying the quartermaster's account current will serve as a voucher to the account current, as well as to the officer's return.

1251. The price at which subsistence stores may be transferred, or sold to officers and enlisted men, is the invoice or purchase price of the last lot of the same variety of subsistence stores received by the officer making the sale or transfer prior to the first day of the month in which the sale or transfer is made; but (1) the prices at a post or depot or at the office of a quartermaster will not be affected by transfers thereto from military posts, except where the articles are purchased at one post for shipment to another, the former having been regularly designated as the point of supply for the particular articles for the latter, in which case the rule laid down in the first five lines of this paragraph will obtain; (2) if two or more lots of the same variety of article are received on one invoice, or on the same date at different prices, the unit price to govern will be determined by dividing the total value of such lots by the total quantity of the same; (3) the equalization of prices among several varieties of the same article is not authorized, as in the case of several kinds of smoking tobacco, cigars, crackers, etc.; (4) if a quartermaster who has received an invoice of stores during the current month is relieved before the end of that month he will invoice to his successor the stores so received at their actual invoice price, although the current selling price of such stores will continue until the beginning of the next month. On the first day of each month a price list will be prepared at each station where sales are made, one copy to be furnished to the commanding officer and one copy to be posted in the salesroom.

1252. The quartermaster will be accountable for and will carry on his property accounts all cooking apparatus supplied by the Quartermaster Corps, and will furnish to commanding officers of organizations and detachments the necessary authorized articles of the same on approved requisitions, the issues to be made on memorandum receipts. Bake ovens will be dropped from his property accounts when permanently installed at posts.

BLANK FORMS.

1253. Blank forms will be furnished to quartermasters on periodical requisitions sent directly to the Chief of the Quartermaster Corps. Officers at posts will obtain them from the post quartermasters.

PAYMENTS, GENERAL PROVISIONS.

1254. The senior quartermaster of a command, under the direction of its commander, will be responsible for the payment of the troops of the command.

1255. In payments to officers and enlisted men, the days of commencement and expiration of service will be included. When service begins on the 31st day of a month, pay will not be allowed for that day.

PAYMENTS TO OFFICERS.

1256. Officers will be paid monthly on accounts certified by themselves according to prescribed forms.

1257. An officer of the Army will be paid within the limits of his department and, as far as practicable, by the same quartermaster, unless he is on leave of absence or detached duty beyond the limits of his department, or shall have transferred or disposed of his accounts as provided in paragraphs 1258 and 1259, or has the authority of the Chief of the Quartermaster Corps for payment elsewhere. A retired officer will be paid in the department in which he resides unless he shall, for special reasons, desire to be paid elsewhere, when he will obtain the authority of the Chief of the Quartermaster Corps for such payments.

1258. An officer may forward his pay account to a quartermaster before maturity, the amount to be remitted to the officer when due, or placed to his credit with a bank if the account is so indorsed, but an officer will not hypothecate or transfer an account not actually due. When due it may be transferred, when the following form of indorsement will be strictly observed:

Transferred this ----- day of -----, 191--, to-----

and the department quartermaster at ----- has been so notified.

(Signature) -----,

When an account is so transferred, the officer will notify the department quartermaster of the department in which he is stationed, or the quartermaster who has been authorized by the Chief of the Quartermaster Corps to pay his accounts, and will instruct the person or persons to whom the account may be transferred to forward it to such quartermaster for payment. A transferred account will not be paid outside of the department in which the officer is regularly paid except when it is transferred for the benefit of his family residing in another department, in which case the officer will send the notification, through the office of the department quartermaster of the department in

which he is usually paid, to the department quartermaster of the department in which the payee resides; the former to forward with the notification any information he may have affecting the validity of the account.

1259. An officer about to embark for service beyond the sea and desiring to make provision for himself or his family in the United States, may send to the quartermaster nearest the address of the payee such full monthly accounts as he may elect, indorsing them as follows: "When due pay to -----," or, "When due place to the credit of ----- with -----," or, "When due place to my credit with -----." Such quartermaster will immediately notify the department quartermaster of the department where the officer is to serve of the months for which accounts have been so received, and will then pay them as they become due if the casualty list and stoppage circular show no bar to payment. Should an officer already in service beyond sea desire to have his accounts paid as described, he will forward them, through the department quartermaster of the department where he is serving, to the quartermaster whose station is nearest the address of the payee, and the former will make a record of the accounts so forwarded. In either case the officer will, at the time of forwarding the accounts, notify the Chief of the Quartermaster Corps of the months covered thereby, with the name and address of the person to whom payment is to be made, or forward the accounts through the office of the Chief of the Quartermaster Corps.

1260. A person appointed to the Army, or receiving an appointment to a new office therein, is entitled to pay from date of acceptance only. If the appointment creates vacancies to be filled by promotion, the promoted officers are entitled to pay of the new grade from the date of acceptance of the appointee. In all other cases of promotion the officer is entitled to pay from date of the occurrence of the vacancy.

1261. An officer of the Army appointed to a grade in the volunteers or militia in the service of the United States superior to that held by him in the Army will be entitled to the pay and emoluments of the grade to which appointed from date of acceptance of such appointment or from date of muster in thereunder.

1262. An officer who resigns, is dismissed, honorably discharged, or wholly retired, will forward his pay account (Form 3) to the Chief of the Quartermaster Corps, who will cause a certificate of nonindebtedness to be obtained and the account settled. An officer who has served in the Philippine Islands will procure a certificate of nonindebtedness from the Insular Auditor prior to departure from the islands, this certificate being an indispensable prerequisite to the settlement of an officer's final accounts with the Government.

1263. An officer whose resignation is accepted while he is on leave of absence will receive pay to include the date of acceptance; if accepted while he is on duty, he will receive pay to include the date he receives notice of its acceptance, or if sooner relieved from duty, to include the date of relief. An officer whose resignation takes effect at a future date is entitled to pay to include that date.

1264. An officer placed upon the retired list will receive active pay to include the date of retirement, and the pay of a retired officer thereafter. If on duty, he will receive active pay to include the date of receipt by him of notice of his retirement.

1265. An officer dismissed by sentence of court-martial will be paid to include the date of termination of service as specified in the order promulgating the sentence.

1266. Contract surgeons and acting dental surgeons must present their contracts to quartermasters when applying for payment of salaries, and quarter-

masters will indorse thereon date and period for which paid. If a contract surgeon on foreign service desires to have his accounts paid in the United States, the months for which such accounts have been transferred will be indorsed on the contract by a quartermaster or the commanding officer, who will also indorse on each voucher "Transfer noted on contract (signature)," and such accounts will not be paid unless so indorsed.

ADDITIONAL PAY.

1267. To entitle an officer to additional pay under the acts of April 26, 1898, and May 26, 1900, for exercising a command above that pertaining to his grade, he must have exercised such command of troops operating against an enemy for a period of three months or more continuously, in obedience to orders issued by superior authority which he was bound to obey, and no pay or allowances as of a higher grade than that actually held by an officer will be paid him under this regulation unless a certified copy, in duplicate, of such order, accompanied by a statement of service thereunder, is filed with the quartermaster.

1268. The 10 per cent allowed by law to officers serving beyond the limits of the United States and territories contiguous thereto, except the Canal Zone, Panama, or Hawaii, or Porto Rico, will be paid on their regular monthly pay vouchers, which will be made up to include the entire compensation, of whatever character, which may be due the officer for the calendar month, or months, included in the accounts. There will be noted on the pay accounts the numbers and dates of orders or any other facts which affect the officer's pay status for the period covered by the accounts presented for payment.

1269. An officer shall be considered an actual flyer of heavier-than-air craft from the date of his first flight after reporting by order of the Secretary of War for duty at an aviation station or to the commanding officer of an aeronautical organization in the field until relieved from such duty. An officer entitled to increased pay on account of duty as an actual flyer of heavier-than-air craft will certify on each pay account, during the time the increased pay is claimed, that he was an actual flyer of heavier-than-air craft, under detail for aviation duty by the Secretary of War. The first voucher upon which the increased pay is claimed will give the date of the first flight. A copy of the order detailing the officer for aviation duty will be filed with this voucher and the order cited on all subsequent vouchers so long as the increased pay is claimed. When an officer in receipt of increased pay ceases to be entitled thereto, the date on which the pay ceases will be specifically stated on the voucher, and if relieved from aviation duty a copy of the order of relief will be filed with the voucher.

1270. No officer shall receive pay for two staff appointments for the same time.

1271. In computing longevity pay, service performed as enlisted men of the Army or Navy, or as cadets at the United States Military or Naval Academy, by those appointed prior to August 24, 1912, will be counted. Service performed as such cadets by those appointed on or after said date will not be counted.

MOUNTED PAY.

1272. The officers on the active list hereinafter designated are required to be mounted: All officers of the General Staff Corps; officers of the staff corps and departments, whether permanent or detailed; officers of cavalry; officers of field artillery; authorized aids duly appointed; regimental and battalion staff officers; acting judge advocates detailed under the act of Congress approved February 2, 1901; all officers above the grade of captain, whatever their arm or

corps; chaplains of all grades; officers temporarily attached to staff corps or to organizations of cavalry, field artillery, and mounted infantry; regularly detailed assistants to the Chief of Coast Artillery; the authorized staff officers of Coast Artillery districts and of coast defense commands; officers serving as military attachés to the embassies and legations of the United States at foreign capitals; instructors and student officers at the Army School of the Line, the Army Signal School, the Army Staff College, and the Army War College; officers on duty in the department of tactics and in the department of practical military engineering, military signaling and telegraphy at the United States Military Academy. All field officers of the mobile army serving with troops are required to own and provide their mounts.

In addition to the foregoing, officers not ordinarily required to be mounted may be temporarily placed upon duty that shall require them to be mounted. This may be done by the Secretary of War, the commander of an army, field army, or of a division or department; the order in each case will state that the duty therein assigned to the officer requires him to be mounted.

1273. Officers below the grade of major, required to be mounted, whether permanently or temporarily, will be furnished with a proper mount by the Quartermaster Corps. Such officers may, however, provide themselves with suitable mounts at their own expense and of their exclusive ownership, and any officer of the grades indicated who so provides himself shall receive an addition to his pay of \$150 per annum if he provides one mount and \$200 per annum if he provides two mounts. An officer claiming additional pay for providing his own mount must personally certify on each account that he was suitably mounted at his own expense, and is the actual and exclusive owner of the mount or mounts in question, specifying the place at which maintained. In case an officer is only temporarily upon duty requiring him to be mounted, the authority by which he was placed upon such duty must accompany his first voucher and be cited upon subsequent vouchers upon which additional pay is claimed accompanied by a certificate that he has continued under the authority cited upon the mounted duty in question.

The officer's certificate upon his pay accounts will be the evidence upon which quartermasters will base their payments of additional pay for mounts, until information is received by them from proper authority that such additional pay is to be stopped.

1274. Officers below the grade of major providing their own mounts do not forfeit the right to additional pay by reason of absence on account of sickness or on ordinary leave, nor will the mere fact that such officers are detached for a purely temporary period from the stations where their mounts are kept deprive them of their right to the additional pay so long as the horses are actually and exclusively owned and kept for their use in the military service at their regular stations. In all other cases the right to the additional pay accrues only where the mounts are actually available for use at the station where the officer is serving.

PAY DURING ABSENCE.

1275. In determining the period for which an officer is entitled to full pay on leave, time within four successive leave years, terminating with the one in which absence is taken, will be considered. If the absence does not cover the entire period for which full pay is allowed, the balance thereof will be placed to the officer's credit as belonging to the last year or years of the four considered and may be made available for future leave.

1276. The leave year is reckoned from July 1 to the following June 30, both *inclusive*. In computing leave of absence expressed in days during any leave

year, every day of such absence will be counted; but in aggregating such absence 30 days, whether consecutive or otherwise, will be regarded as a month's absence. Leave expressed in months will be counted in months.

1277. Leave of absence may be granted by the Superintendent of the United States Military Academy, under regulations prescribed by the Secretary of War, to the professors, assistant professors, instructors, and other officers of the academy for the entire period of the suspension of the ordinary academic studies, without deduction from pay or allowances. Similarly officers in charge of service schools may grant leaves of absence to officers on duty exclusively as instructors at such schools.

1278. An officer ordered to temporary duty while on leave will be regarded as on duty from the day on which he receives the order. When the duty is to be performed at a future date he will be on duty from the date on which he starts to obey the order. The date of the receipt of the order in the first case, and the date of departure in the second, will be promptly reported to The Adjutant General of the Army. When relieved from such duty, or on the completion thereof, he reverts to the status of leave and will be credited with the time on duty under such order.

MILEAGE.

1279. When an officer travels under competent orders he will be entitled to reimbursement as follows:

1. When traveling without troops by land, except within the geographical limits of the Territory of Alaska, or in the Philippine Archipelago, in the Hawaiian Archipelago, in the home waters of the United States, or between the United States and Alaska, by mileage at the rate of 7 cents a mile, and no more; distances to be computed and mileage to be paid over the shortest usually traveled routes, with deductions as hereinafter provided.

2. When traveling without troops within the geographical limits of the Territory of Alaska, in the amount of actual expenses only, not to exceed \$4.50 a day and cost of transportation when not furnished by the Quartermaster Corps, to be paid upon proper vouchers duly itemized and supported by receipts where it is practicable at the time to obtain the same.

3. When traveling with or without troops, by sea, in the amount of actual expenses.

4. Officers who so desire may upon application to the Quartermaster Corps be furnished under their orders transportation requests for the entire journey by land, exclusive of sleeping and parlor car accommodations, or by water; and the transportation so furnished shall, if travel was performed under a mileage status, be charged against the officer's mileage account, to be deducted at the rate of 3 cents a mile by the quartermaster paying the account, and of the amount so deducted there shall be turned over to an authorized officer of the Quartermaster Corps 3 cents a mile for transportation furnished, except over any railroad which is a free or 50 per cent land-grant railroad, for the credit of the appropriation for the transportation of the Army and its supplies.

5. When the established route of travel shall, in whole or in part, be over the line of any railroad on which the troops and supplies of the United States are entitled to be transported free of charge, or over any 50 per cent land-grant railroad, officers traveling as herein provided for shall, for the travel over such roads, be furnished with transportation requests exclusive of sleeping or parlor car accommodations by the Quartermaster Corps. When transportation is furnished by the Quartermaster Corps, or when the established route of travel is over any of the railroads above specified, there shall be deducted from the officer's mileage account by the quartermaster paying the same 3 cents a mile

for the distance for which transportation has been or should have been furnished. Travel in the Philippine Archipelago, the Hawaiian Archipelago, and the home waters of the United States is confined to travel in which both termini of the journey are in one of the above places.

1280. Actual expenses only will be paid to officers for sea travel when traveling under competent orders, with or without troops, and the amount so paid shall not include any shore expenses at port of embarkation or debarkation. Travel in the Philippine Archipelago, the Hawaiian Archipelago, in the home waters of the United States, and between the United States and Alaska is not regarded as sea travel.

An itemized statement of such expenses will be filed with each voucher for payment, using the following as a basis of what is allowable:

1. Fares upon commercial steamers or other usual modes of conveyance by sea, and the cost of transportation for self and baggage, by boat or lighter, to and from vessels when voyages are not begun or ended at docks and a charge in addition to the cost of passage is made therefor.

2. Cost of customary stateroom accommodations on commercial steamers when the same is not included in the charge for passage.

3. Hire of special water transportation when there are no regular means of conveyance.

4. Actual cost of meals for the time actually and unavoidably consumed in the voyage when the same is not included in the charge for passage. Amount of rent of steamer chair, not exceeding \$1 for trips of two days or longer on each commercial steamer, and fees to cabin and other stewards not exceeding the following: Six days or less on the Atlantic Ocean, \$1.50 a day; 7 to 10 days, not exceeding \$10; 11 to 15 days or longer, \$1 a day; total not exceeding \$15. On the Pacific Ocean, 15 days or less, \$1 a day; total fees for 15 days or longer, not exceeding \$15. To the West Indies, Cuba, Porto Rico, Panama, and to South American ports, \$1 a day; total fees for 15 days or longer, not exceeding \$15. From the Orient to the United States, via Suez, not exceeding \$25.

5. When transshipping at an intermediate port, as a necessary incident to a continuous voyage, the actual cost of meals and lodgings, including baths, at hotels, not exceeding \$6 a day, transfer of self and baggage from dock to hotel and from hotel to dock, and fees to porters for handling baggage, not exceeding \$2 for each transfer, and fees to waiters and bellboys at hotels, not exceeding 50 cents for each day.

The officer will certify on the itemized statement that the account is correct and just, and that the amounts charged therein were actually paid by him. Subvouchers, properly receipted, will be required for items of board and lodging at hotels. When not practicable to obtain such subvouchers, the officer will so certify. The payment of fees to cabin or other stewards or the rent of steamer chairs when traveling on Government transports is not authorized. Accounts for reimbursement for items not authorized herein or in excess of the amounts stated will be forwarded to the Chief of the Quartermaster Corps to be submitted to the Secretary of War for his consideration and approval before payment.

1281. "Traveling with troops" will be regarded as covering all cases of officers included in orders for movement, in whatever manner, of their appropriate commands, or in orders for movement of detachments, escorts, or stores, which proceed by marches or by transportation belonging to or especially hired for the purpose by the United States, the idea being that in marches the officers should move as do the troops and that where transportation is specially devoted to the movement it is sufficient for all included therein. But the term will not be regarded as covering cases of officers included in the movement by rail-

road, stage, or like established lines of conveyances, of detachments of less than 10 armed or unarmed men, such as guards and nurses for disabled or insane officers or soldiers, or recruiting parties and escorts for inspectors, quartermasters, and others, or the public funds or property in their charge.

1282. In the settlement of the mileage account of an officer, distances will be determined and deductions computed over established routes and from mileage tables prepared under the direction of the Secretary of War by the Chief of the Quartermaster Corps; and all payments made by quartermasters on account of mileage will be determined in accordance with distance tables officially promulgated and in use at the date of beginning of the journey. Exception to this rule will be made only when the terms of the order, or the impracticability of the shortest usually traveled route, compel the officer to take a longer route, in which case mileage will be computed over the route actually traveled.

1283. Mileage will be paid in the department in which the journey is completed, but this will not apply to journeys in which delays at intermediate points occur and afford opportunity for the collection of mileage for travel performed to such points.

1284. No portion of the appropriation for mileage to officers shall be expended for inspections or investigations except such as are especially ordered by the Secretary of War, or such as are made by Army and department commanders in visiting their commands, and those made by the Inspector General's Department in pursuance of law, Army Regulations, or orders issued by the Secretary of War; but the commanding generals of the Philippine and Hawaiian Departments may issue orders in the name of the Secretary of War, involving travel to investigate claims for property, damages, buildings, and other property and important investigations in the Philippine Islands and Hawaii Territory.

1285. To entitle an officer to mileage, the order for travel must be issued previously to commencement of the journey, except when the urgency of the duty prevents the obtaining of previous orders, in which case the travel must be confirmed in orders. Both directory and confirmatory orders will state the specific duty enjoined, recite that the travel is necessary in the military service, and direct the officer to return to his station upon completion of the duty assigned, if such return is contemplated. Confirmatory orders should recite the authority, oral or otherwise, under which the travel was performed, or state that the urgency was such as to prevent the obtaining of orders in advance.

1286. Coast defense commanders have no authority to issue orders to officers carrying mileage to and from posts within the coast defenses under their command.

1287. Orders will not prescribe lines of travel, except when necessary, and then the reasons will be set forth in the order.

1288. The original order, or certified copy, including indorsements, will accompany each voucher for mileage, and when transportation in kind has been furnished for the whole or for any part of the distance actually traveled, the order must be indorsed by the quartermaster issuing the transportation, showing between what points and over what route such transportation was furnished.

1289. When an officer on leave of absence is ordered to rejoin his station, he will not be entitled to mileage unless the public service requires the performance of duty en route, in which case the order will specify the duty, the necessity therefor, and the points at which the duty will begin and end.

1290. When an officer is ordered, while on leave of absence, to accompany a detachment of recruits and on the completion of this duty to join his station, he returns to a status of leave as soon as relieved from duty with the recruits, and

will proceed to join his station without expense to the Government, unless the distance he may have to travel without troops should be in excess of what it would have been had he not received the order. For such excess distance he is entitled to mileage.

1291. An officer on leave of absence, ordered to temporary duty, involving travel without troops, will receive mileage from place of receipt of order to place of performance of duty, and also for the return journey to place of receipt of order, provided he makes such return journey under proper orders.

1292. When the station of an officer is changed while he is on leave of absence, he will on joining the new station be entitled to mileage for the distance to the new station from the place where he received the order directing the change, provided the distance be no greater than from the old to the new station; if the distance be greater, he will be entitled to mileage for a distance equal to that from the old to the new station only.

1293. An officer under orders to change station without troops who takes advantage of a leave of absence before he joins his new station is not deprived of the mileage to which he would be entitled had he not availed himself of the leave. The leave of absence merely suspends the execution of the order for change of station, and at the expiration of the leave the officer comes under operation of the order, and in obeying it is entitled to full pay for the time necessary to perform the journey from his old to his new station.

1294. An officer relieved from duty at a station and granted leave of absence before assignment to another, who receives an order of assignment before expiration of leave, is entitled to mileage from the place where he receives the order to his new station.

1295. An officer traveling on duty in connection with public works (not arsenals, military surveys, or explorations) will receive travel allowances from the appropriation for the work, but if there be no appropriation he will receive mileage from the Quartermaster Corps.

1296. The following are entitled to mileage to their first stations: Officers of the Medical Corps, officers of the Medical Reserve Corps, contract surgeons, and acting dental surgeons, from place of appointment; graduates of the United States Military Academy, from their homes; officers appointed from the ranks, from place of discharge as enlisted men.

1297. In the following cases mileage is not allowed: In joining for duty upon first appointment to the military service from civil life; or under the first order after a reinstatement or reappointment; or under an order to effect a transfer from one company or regiment to another, made at the request of the officers transferred; or insane officers sent under escort to the Government Hospital for the Insane; or sick officers transferred from one hospital to another.

1298. Allowances for travel of officers or enlisted men summoned to appear and testify before committees of Congress, or before the courts of a State or Territory, are not proper charges against the appropriations for the support of the Army. Military persons so summoned must seek reimbursement for their expenses of travel from the committee or court which summoned them.

COMMUTATION OF QUARTERS.

1299. An officer on duty without troops at a station where there are no public quarters, or where the public quarters are inadequate, is entitled to commutation therefor.

1300. Officers on duty in the War Department, at Army and other general headquarters, attending surgeons and other officers on duty in cities and other

places where public quarters are not furnished, but where enlisted men are on duty only as guards, orderlies, clerks, and messengers, and recruiting officers at city stations, are regarded as being on duty without troops within the meaning of the laws and regulations.

1301. An officer on duty at a station where he is properly in receipt of commutation of quarters is entitled to the allowance during ordinary leave on full pay, but not during sick leave. If he is relieved from duty at the station and then avails himself of a leave, his commutation ceases.

1302. An officer does not lose his right to quarters or commutation at his permanent station by a temporary absence on duty. While he continues to claim and exercise that right he can not legally demand quarters or commutation thereof at any other station.

The mere fact that an officer's family or his household goods are permitted by proper authority to remain in quarters at a military station, does not prevent the assignment of quarters to him where he is actually serving, or debar him from commutation if he is on duty without troops at a station where there are no public quarters.

1303. When the command to which an officer belongs changes stations during his temporary absence on duty he loses his right to quarters from the time his command leaves its old station and does not acquire a right at the new station until he has reported for duty thereat. He is entitled in the meantime to quarters or commutation therefor at the station where he is temporarily serving.

1304. An officer upon being relieved from duty at one station where he was entitled to commutation of quarters, and assigned to another station, is not entitled to such allowance from the date of departure from the old station, in accordance with his relief orders, to the date on which he reports in person at the new station.

1305. Officers who, for the convenience of the Government, are directed to await orders for a limited period at a point where there are no public quarters are entitled to commutation; but an officer ordered to his home to await orders is not entitled to this allowance. An officer ordered to report by letter to a superior does not become entitled to commutation of quarters until he receives a specific order of assignment and reports in person at the station to which assigned.

1306. Officers on duty at colleges where no public quarters are furnished by the United States are entitled to commutation, subject, in respect to retired officers, to such limitations and restrictions as are prescribed by law.

1307. The first voucher for commutation of quarters, heat, and light at any station must be accompanied by a copy of the order assigning the officer to duty thereat. In subsequent vouchers the quartermaster will refer by number, etc., to the voucher with which the order is filed, and the final voucher must be accompanied by the authority for, and must show the date of relief from, such duty.

STOPPAGES.

1308. When an officer has been overpaid, or is indebted to the United States for money or property, or has failed properly to account for the same, the chief of the bureau concerned will promptly notify him of the amount of his indebtedness or his failure to account. If after such notice he does not refund, or make satisfactory explanation, or take proper action within a reasonable time, the matter will be reported to the Secretary of War.

1309. On the order of the Secretary of War, stoppages may be made against the pay of officers for overpayments, illegal disbursement, or loss through fraud or neglect of the public funds, and for deficiencies in, loss of, or damage to

military supplies, unless proof be furnished that the deficiency, loss, or damage was not occasioned by any fault on their part.

1310. The notice of stoppage of officers' pay will be prepared in the form of a monthly circular to quartermasters, advising them of stoppages outstanding at its date. This circular will be submitted to the Secretary of War for his approval prior to its publication. When an officer's name is borne thereon no payment of salary will be made to him which is not in accordance with the stoppage entry made against his name.

1311. Overpayments to an officer will be deducted on the first payment after a notice of stoppage against him is received, even if the pay accounts have been assigned; the assignee takes the account subject to all risks of stoppage.

PAYMENT OF CADETS.

1312. Payment on pay rolls and final accounts will be made to the cadets at the United States Military Academy by a quartermaster, who will turn over the net amount of the rolls and accounts to the treasurer of the Academy.

1313. Cadets upon being discharged from the service are not entitled to mileage, but to actual expenses to their homes, paid by the quartermaster of the United States Military Academy.

1314. Graduates of the United States Military Academy are entitled to full pay from the date of graduation to the date of their acceptance of and qualification under their commissions, and during their graduation leave.

Should a graduated cadet be discharged after graduation but before being commissioned, he will be entitled to the pay of a cadet after graduation until date of discharge.

PAYMENT OF ENLISTED MEN.

1315. Troops will be paid every month unless circumstances prevent, in which case the quartermaster charged with the payment will immediately report the facts, through his department quartermaster, to the Chief of the Quartermaster Corps.

1316. Payments will be made as soon after the close of each month as practicable.

The troops at posts where quartermasters are stationed and others in their immediate vicinity, to be designated in instructions issued from the War Department, will be paid by quartermasters in person.

For posts at which payments are not required to be made in person, the quartermaster will transmit by registered mail or express the pay due in one or more of the following ways:

1. By individual check, payable to the order of each man, for the exact amount due.

2. By inclosing in a separate sealed envelope the exact amount in currency due each soldier, with his name and the amount inclosed marked thereon.

Troops in the field will be paid by quartermasters in person, unless instructions to the contrary are given by proper authority.

1317. So far as relates to disbursements in the Philippine Islands and other places, including Alaska, beyond the boundary of the States composing the Union, and for the convenience of the quartermaster in obtaining ready money, as well as for the accommodation of both officers and men at such distant places, a check may be drawn for a portion of the pay due the soldier (or officer), in which case it will be drawn in favor of the soldier (or officer), and the object or purpose will be stated as "part pay for month of ———;" if for any sum *which the soldier (or officer) may desire in exchange for money after he has*

been paid, the check will be drawn by the quartermaster in favor of himself and indorsed by him payable to the order of the soldier (or officer), and the object or purpose will be stated as "to obtain cash to make payments at a distance from a depository." In this case the data on the check stub will be the same as on the check to which it relates, including the name of the soldier (or officer) to whom the check is indorsed by the quartermaster.

1318. Calculations on the pay rolls are made by the quartermaster and copied on the retained roll by the company or detachment commander, who will certify that he witnessed the payment, and will enter thereon the name of the quartermaster and date of payment.

1319. All enlisted men present will receipt one of the triplicate rolls for the amount due to them, except when it is known that payment will be made by check, in which case signatures will not be required. Witnessing officers will see that the soldiers' signatures correspond with their names as borne on the roll, and when a soldier can not write he will receipt by his mark, which will be witnessed by a commissioned officer, or, in the absence of a commissioned officer, by a contract surgeon. Duplicate copies of the rolls will then be forwarded by the commanding officer to the quartermaster designated to pay the command.

1320. If the payment is not to be made by the quartermaster in person, the commanding officer, when forwarding the rolls, will furnish the quartermaster with the name, rank, etc., of the officer designated to see that the men of the command are paid, and at the same time will state what part of the pay can conveniently be received by the men in individual checks and cashed at or near the post without discount, and whether it is desired that the checks be sent by mail or by express. The remainder of the pay will be sent in envelopes.

1321. The checks, when not sent by mail, and the money for each organization will be inclosed in separate packages properly marked, and the whole will be consolidated into one package and forwarded by express to the post commander. One of each of the company or detachment rolls, extended to show the amounts to be paid, will be returned to the commanding officer and by him sent to the proper company commanders.

1322. The quartermaster, in the presence of at least one witness, will personally place in each envelope the exact amount of money due the soldier, seal the same, see that the name of the soldier and amount inclosed are marked on the envelope, and that the individual checks and the sealed envelopes are inclosed in one sealed package, upon the outside of which will be indorsed—

1. Name of the organization.
2. Number of checks inclosed.
3. Number of sealed envelopes inclosed.
4. Total amount of pay due and remitted, less deposits, \$——.
- a. By check————— \$——.
- b. By currency————— \$——.
5. Signature of the quartermaster.

All the packages containing checks and sealed envelopes for the several organizations, completed and indorsed as above, will be made up into one parcel and sealed by the quartermaster. Upon the outside will be marked the name and address of the post or other command and the names of the subordinate organizations for which pay is therein remitted, and the quartermaster will append thereto his signature.

1323. The consolidated package thus marked and addressed to the commanding officer will be forwarded by express to its destination.

1324. At places beyond express delivery the post commander, when notified by the quartermaster that funds sent by express are to be expected, will send an officer with a suitable escort to receipt for the express package and convey the funds to the post. The name of the officer authorized to receipt for the package will previously have been reported to the quartermaster.

1325. When the express package is received at the post it will be opened in the presence of witnesses by the commanding officer, who will observe the condition of the seals, verify the number of company and detachment packages, and see that the marking upon them conforms to these instructions. The separate sealed packages containing the pay for the several companies and detachments will then be delivered to the officer designated to pay the command, for distribution, which will be made as soon as practicable thereafter; but in no case will such distribution be deferred more than 24 hours. The commanding officer will be responsible for the safe-keeping of the packages of funds from the time of their receipt at the post until they have been thus turned over for distribution.

1326. When a company or detachment is paraded for pay, the officer designated to pay the command will open the package containing the pay for that company or detachment in the presence of at least one witness, who shall be a commissioned officer; or, in the absence of a commissioned officer, the verification and delivery may be witnessed by a contract surgeon. The number of checks in the package and the number of sealed envelopes purporting to contain the pay of individual soldiers will be counted, and the agreement of this number with the record made by the quartermaster upon the wrapper will be verified by both officers, and the amount marked on the sealed envelope as the pay due each man will be verified by comparison with the pay roll before the distribution begins. As each man's name is called the check drawn to his order will be given to him, or the envelope bearing the man's name will be opened, its contents verified by comparison with the marks on the envelope or with the pay roll, and the money handed to the soldier by said officer, all in presence and under the personal observation of the officer designated to witness the payment.

1327. Should there be a deficiency it will be so certified on the roll by the paying and verifying officers, and the envelope will be resealed without taking anything from it, and returned to the quartermaster unless the amount should be offset by finding a surplus in another envelope. Should there be an excess the surplus will be returned to the quartermaster. In each case a statement of the facts, with appropriate certificates, will be sent to the quartermaster by the commanding officer.

1328. In case of error or informality a statement of the facts as found to exist will be immediately indorsed upon the envelope or wrapper, as the case may be, and the officers present will certify to the correctness of the statement and lay the same before the commanding officer.

1329. The copy of the pay roll of each organization, which the quartermaster is required by paragraph 1321 to return to the post, will be reforwarded to the quartermaster by the commanding officer without delay after the payment is completed.

1330. Should any error or informality be discovered in a check it will be returned to the quartermaster, who will correct the same and return it with the least practicable delay. The roll will be returned to the quartermaster after payment of the company with a note thereon, verified by the witnessing officer, stating the facts as to the erroneous check. The receipt of the corrected check will be certified by the company commander to the quartermaster, who will file such certificate with the pay rolls.

1331. Should the bank or person who cashes the individual check so desire, the company commander will certify to the correctness of the indorsements made by his men upon their respective checks.

1332. An officer commanding a company or detachment at the time of payment will sign the prescribed certificate as to witnessing the payment, printed on the pay roll, and, when requested to do so by the quartermaster, will certify that the quartermaster's retained roll is a true copy of the roll upon which payment was made.

1333. Should a soldier die or desert in the interval between the signing of the pay roll and the receipt of the money at the post from the quartermaster, the check or cash will be returned immediately to the quartermaster by the company or detachment commander, the cash by express, through the Quartermaster Corps, the check by registered mail; and a note of explanation stating the fact of nonpayment and return of the check or money will be made on the roll, and verified by the signature of the witnessing officer. The same course

will be pursued should a soldier decline to receive his pay, or if for any reason it should be impracticable to deliver it to him in person. When a quartermaster has had money returned to him in such cases he will not cancel the signature of the soldier on the roll, but will mark "Not paid" opposite the signature.

Should it appear from the pay rolls submitted to the quartermaster that the term of any soldier thereon will expire and he be discharged before the pay rolls and money can be received back at the post, the quartermaster will ignore the man's account and mark "Not paid" in the "Total paid" column, and the company commander in preparing such soldier's final statement will note thereon the date of the last actual payment and not the date of expiration of the muster period for which he has signed the roll.

1334. When companies or detachments of troops are absent from their stations for an indefinite period, and funds for their payment can not be sent by express, the rolls will be held and not sent to the quartermaster until the troops reach some point to which it is practicable to send funds. When a command can be mustered and the rolls completed and duly signed by the men, they can be sent to the quartermaster to be made out and held by him until notified where and when the command can be paid. In cases where the rolls have been sent to the quartermaster and the troops are sent away from their station before the receipt of funds for their payment, post commanders will not hold the money at their discretion, but will return the rolls and the money to the quartermaster unless payment can be made within a reasonable time, not exceeding three days.

1335. Deposits may be made in the usual manner, the amount to be deposited being reported to the quartermaster by letter forwarded with the rolls, the soldier's deposit book being also forwarded therewith. When it is known that the payment will be made by check and the rolls are forwarded without signatures, an order directing deposit of the desired amount of pay, signed by the soldier and witnessed by the company or detachment commander, will accompany the rolls. Should a man desire to deposit a sum greater than his pay his company commander will see that a proper check, postal order, or express order accompanies his deposit book; if neither check nor order can be obtained the company commander will send the money by registered mail at public expense, verifying the amount and reporting it in a separate communication to the quartermaster. Deposit books will be returned to the company commander properly filled in for attestation.

1336. When a quartermaster has made an incorrect payment to an enlisted man, he will report the fact to the commander of the company in which the man is mustered, who will note the same on the next pay roll, that it may be corrected.

1337. Payments to enlisted men will be made on pay rolls, with the following exceptions: Enlisted men retired; men of the post noncommissioned staff (or acting as such), and men of the Signal Corps on duty where there are no other troops. These men will be paid on their descriptive lists. Payments to discharged soldiers will be made by any quartermaster under the provisions of paragraphs 1375 to 1383.

REENLISTED AND CONTINUOUS-SERVICE PAY.

1338. Any enlisted man honorably discharged at the termination of his first or any succeeding enlistment period who reenlists after the expiration of three months shall be regarded as in his second enlistment; and an enlistment shall not be regarded as complete until the soldier shall have made good any time lost during an enlistment period by desertion or, in the case of enlistments made on or since May 11, 1908, by unauthorized absences exceeding one day

but any soldier who receives an honorable discharge for the convenience of the Government after having served more than half of his enlistment shall be considered as having served an enlistment period within the meaning of the act of May 11, 1908. Any enlisted man of the Army in active service on May 11, 1908, who had a prior service entitling him to reenlisted pay is entitled to credit for one enlistment period on account of such service regardless of whether on that date he was on a status of "entitled to reenlisted pay" or on a status of a certain year of continuous service.

1339. Any enlisted man honorably discharged at the termination of an enlistment period who reenlists within three months thereafter shall be entitled to continuous-service pay in addition to the initial pay provided by the act of May 11, 1908, as follows: Where the initial pay is \$36 or more a month, an increase of \$4 monthly pay for and during the second enlistment, and a further monthly increase of \$4 for and during each subsequent enlistment up to and including the seventh enlistment. Where the initial pay is \$18, \$21, \$24, or \$30, an increase of \$3 monthly pay for and during the second enlistment, and a further monthly increase of \$3 for and during each subsequent enlistment up to and including the seventh. Where the initial pay is \$15 and \$16, an increase of \$3 monthly pay for and during the second and third enlistments each, and a further monthly increase of \$1 for and during each subsequent enlistment up to and including the seventh. After the seventh enlistment the pay shall remain as in the seventh enlistment.

1340. Any private, first class, of engineers, ordnance, Quartermaster Corps, Signal Corps, and Hospital Corps, trumpeters, musicians of infantry, artillery, and engineers, or private of the Quartermaster Corps, Hospital Corps, cavalry, artillery, infantry, and Signal Corps, or private, second class, engineers and ordnance, honorably discharged at the termination of his first enlistment period who reenlists within three months of the date of such discharge, shall, upon reenlistment, receive an amount equal to three months' pay at the rate he was receiving at the time of his discharge.

CERTIFICATE OF MERIT.

1341. A certificate of merit granted to an enlisted man for distinguished service entitles him, from the date of such service, to additional pay at the rate of \$2 a month during military service, whether as an enlisted man or as an officer, although such service may not be continuous, and is payable in full to a retired enlisted man.

ADDITIONAL PAY TO ENLISTED MEN.

1342. The 20 per cent allowed by law to enlisted men serving beyond the limits of the United States and Territories contiguous thereto, except the Canal Zone, Panama, or Hawaii or Porto Rico, is payable from date of departure from the United States until date of return thereto; but enlisted men entitled to this increase are not entitled to receive extra-duty pay.

1343. An enlisted man qualified as a gunner in the coast artillery is entitled to pay at the rate of \$3 a month if he be a first-class gunner, and at the rate of \$2 a month if he be a second-class gunner, in addition to his pay, for a period of three years from the date of qualification: *Provided*, That during such period he continues to be a member of the Coast Artillery Corps, or reenlists in that branch of the service within three months from date of discharge therefrom, or is transferred for the convenience of the Government to another arm or branch of the service; and that the interval between the date of discharge and the date of reenlistment will be counted as a part of the three-year period for which he is entitled to gunner's pay.

The fact of qualification will be published in coast defense command orders, which will give the date of actual qualification from which the soldier is entitled to the additional pay. Notation will be made on the pay rolls as follows: The first roll on which the soldier is mustered for and paid the additional pay will give the date of actual qualification, and the number, date, and source of the order in which such qualification is announced. Subsequent rolls will set forth the date on which the original qualification expires, thus: "First-class gunner to May 15, 1915." In case of transfer for the convenience of the Government to another arm or branch of the service the first roll after transfer will recite the date of transfer, state that it was for the convenience of the Government, and give the date on which the original qualification expires, thus: "Transferred July 1, 1912, convenience of Government, first-class gunner, Coast Artillery Corps, to May 15, 1915." Subsequent rolls will simply set forth the date on which the original qualification expires. In case the soldier is discharged before his qualification has been published in orders, notation will be made on the final statement of the fact and date of qualification, and that orders announcing such qualification have not been received. Such notation will authorize the payment of the amount due the soldier as additional pay, and if such additional pay is due for a period prior to the date to which last paid that fact must be shown.

If, by reason of the exigencies of the service, and not from neglect on his part, a gunner is prevented from participating in the regular gunners' examination of his company prior to the expiration of his qualification, such qualification will continue in force until such time as he may have an opportunity to be examined for requalification, in accordance with existing orders governing the examination and qualification of gunners, such extension not to exceed one year. Such hold-over qualification will be published in orders and the number, date, and source of the order will be entered on the first pay roll on which the additional pay is drawn. The date of expiration of the qualification and the fact of extension will be entered on succeeding rolls in the following manner: "Original qualification first-class gunner expired May 15, 1915, classification extended."

Except in case of urgent necessity, a furlough will not be granted to a gunner immediately before the expiration of his term of qualification when his absence would prevent him from requalifying at the regular gunners' examination.

An enlisted man of the coast artillery qualified and rated as a plotter, an observer, first class, or a casemate electrician is entitled to \$9 a month, and as a gun pointer, gun commander, observer, second class, chief planter or chief loader, to \$7 a month, in addition to his pay.

The first pay roll on which a soldier is mustered for additional pay by reason of having been appointed to a rated position will set forth the date of such appointment, and the number, date, and source of the order announcing the same, and also the date on which such appointment expires by limitation. Subsequent rolls will simply show the rated position held as "planter," "chief loader," and when disrated the date thereof will be given. If disrated before his appointment expires by limitation, he reverts to a status of being entitled to pay as first-class gunner, and remarks should be entered on the pay roll as herein provided for first-class gunners.

No enlisted man shall receive at the same time additional pay for more than one of the classifications named in this paragraph and in paragraphs 1344 and 1345.

1344. An enlisted man qualified as a gunner in the field artillery is entitled to pay at the rate of \$3 a month if he be a first-class gunner, and at the rate of \$2 a month if he be a second-class gunner, in addition to his pay, from the date

of qualification to December 31 of the year next succeeding the year in which the qualification was made: *Provided*, That during such period he continues to be a member of the field artillery or reenlists in that branch of the service within three months from date of discharge therefrom.

The fact of qualification will be published in department orders, which will give the date of actual qualification from which the soldier is entitled to the additional pay. Notation will be made on the pay rolls as follows: The first roll on which the soldier is mustered for and paid the additional pay will give the date of actual qualification and the number, date, and source of the order in which announced. Subsequent rolls will set forth the date on which the qualification expires, thus: "First-class gunner to December 31, 1913." In case a soldier is discharged before his qualification has been published in orders notation will be made on the final statement of the fact and date of qualification, and that the orders announcing such qualification have not been received. Such notation will authorize the payment of the amount due the soldier as additional pay; and if such additional pay is due for a period prior to the date to which last paid that fact must be shown.

Except in case of urgent necessity a furlough will not be granted to a gunner when his absence would prevent him from being examined at the regular gunners' examination.

1345. Enlisted men qualifying as expert riflemen are entitled to \$5 a month, those qualifying as sharpshooters to \$3 a month, and those qualifying as marksmen to \$2 a month, in addition to their pay, from the date of qualification to the end of the enlistment in which they qualify, provided that during that time they do not attain a higher classification and that they continue to be members of an organization armed with the rifle or are transferred for the convenience of the Government to some organization not so armed.

A soldier who reenlists in an organization armed with the rifle, in which qualification is authorized, within three months from the date of discharge from such an organization will continue to receive, for one year from the date of such reenlistment, the extra compensation to which he was entitled at the date of discharge, provided that the soldier does not attain a higher classification within that period.

In case a reenlisted soldier in the first year subsequent to his reenlistment qualifies in a lower grade than that held in his prior enlistment, extra compensation for the higher grade held in his prior enlistment will cease and that for the grade in which he qualified will begin one year from the date of his reenlistment. Qualification can not be made in the Coast Artillery Corps nor in bands of any arm. In each enlistment a soldier will begin his firing with the marksman's course and will be graded for extra compensation as set forth above for that enlistment.

The fact of qualification will be published in department orders, which will show the date of actual qualification from which the soldier is entitled to additional pay. Notation will be made on the pay rolls as follows: (a) For qualification during current enlistment, the first roll, and subsequent rolls, until first payment, will give the date of qualification and the number, date, and source of the order; subsequent rolls will show only the grade of qualification, thus: "Expert rifleman (sharpshooter or marksman);" (b) for qualification during previous enlistment, the first roll, and subsequent rolls, until first payment, will give the date of qualification and the number, date, and source of the order, the name of the organization from which last discharged and the date of discharge; subsequent rolls will show the grade of qualification and the date on which the original qualification expires, thus: "Expert rifleman (sharpshooter or marks-

man) to June 5, 1914;” (c) for qualification upon transfer for the convenience of the Government to an organization not armed with the rifle, the first roll, and subsequent rolls, until first payment, will show the date of qualification and the number, date, and source of the order, the name of the organization from which transferred and the date of the transfer, reciting that the transfer was for the convenience of the Government; subsequent rolls will show only the grade of qualification, thus: “Expert rifleman (sharpshooter or marksman).”

In case the soldier is discharged before his qualification has been published in department orders, notation will be made on the final statement of the fact and date of qualification and that department orders announcing such qualification have not been received. Such notation will authorize the payment of the amount due the soldier as additional pay, and if such additional pay is due for a period prior to the date to which last paid, that fact must be shown. When a soldier ceases to be entitled to the additional pay herein provided for, that fact will be noted on the pay roll.

1346. Mess sergeants entitled to \$6 a month in addition to their regular pay under the act of Congress approved May 11, 1908, are authorized as follows: One for each troop of cavalry, battery of field artillery, company of engineers, infantry, or coast artillery, Hospital Corps company, Signal Corps company, authorized band, army mine planter, and one for each regularly established separate detachment mess of enlisted men, whether of the line or staff corps, but no mess sergeant will be detailed for a detachment when the number of men habitually messed is less than 25, except upon special authority of the Secretary of War in each case. When the pay roll on which a soldier is mustered for additional pay as mess sergeant for a separate detachment mess does not on its face show that the number messed is 25 or more, no payment will be made of additional pay as mess sergeant unless the roll contains notation that the number of men habitually messed is not less than 25 or that the mess sergeant has been specially authorized by the Secretary of War. Mess sergeants will be detailed from the grade of sergeant, drum major, or troop, battery, or company quartermaster sergeant, or sergeant, Hospital Corps, by the officer in immediate command of the company or detachment. Mess sergeants may be detailed from the grade of sergeant, first class, Hospital Corps, but only by special authority of the Surgeon General in each individual case, granted after consideration of evidence showing that such detail is necessary and for the best interests of the service. When organizations or detachments are merged into a general mess, mess sergeants will not be detailed, but the pay of a mess sergeant will not be affected by the merging of his organization into a general mess for a temporary period, as on a transport.

ALLOTMENTS.

1347. Every enlisted man absent on distant duty shall be allowed to allot such portion of his pay as he may desire for the support of his family or relatives, for his own savings, or for any other purpose, excepting that of obtaining an advance on his pay; but the allotment privileges to soldiers serving within the boundaries of the United States will be limited to the support of their families and relatives.

1348. As soon as possible after the receipt of an order for distant duty the commanding officers of troops, batteries, companies, bands, noncommissioned staff, Signal or Hospital Corps, or any other detachments affected by such order will prepare allotments on the prescribed blanks for all men of their organizations who desire to make the same. When executed these allotments

will be forwarded by registered mail to the Chief of the Quartermaster Corps, who will make acknowledgment thereof to the respective commanding officers, stating the names of the grantors and the amounts and periods of the allotments.

1349. All allotments shall be executed in duplicate and witnessed by the respective commanding officers specified in paragraph 1348, one copy to be retained by said commanding officers and the other to be forwarded immediately to the Chief of the Quartermaster Corps. Before witnessing an allotment such commanding officer shall, however, satisfy himself that the allotment is not made for the purpose of obtaining an advance on the soldier's pay. When a bank is designated as allottee, the immediate commanding officer of the grantor shall furnish the bank, at the same time that he furnishes the allotment roll to the Chief of the Quartermaster Corps, with the signature of the grantor, and also inform the bank of the amount and period of allotment. Such commanding officer shall also, if possible, satisfy himself that the bank named has an existence. An allotment shall be made payable on the last day of each month and for a stated period.

1350. On the death, discharge, or desertion of a soldier who has an allotment running, the allotment ceases. In such cases the immediate commanding officer will report as expeditiously as possible to the Chief of the Quartermaster Corps, or in the Philippine and Hawaiian Departments to the department adjutants of those departments, the names of grantors whose allotments thus cease. In the Philippine and Hawaiian Departments, except in the case of deaths which are otherwise reported, the department commanders will send by cable notification to The Adjutant General of the Army, who will at once notify the Chief of the Quartermaster Corps. In case of forfeiture by sentence of a court-martial the stoppage of pay to meet the allotment, being a reimbursement to the United States of the amount paid the allottee, will take precedence of the forfeiture; when, however, the forfeiture is such that possibly it can not be stopped in full prior to the discharge of the soldier if the allotment is continued, the immediate commanding officer will report at once by mail to the Chief of the Quartermaster Corps requesting a discontinuance of the allotment. Similar action will be taken when, due to reduction, to stoppages for clothing overdrawn, to continued misconduct, or to any reason, the soldier's available pay will not warrant the continuance of the allotment. The Chief of the Quartermaster Corps will notify a soldier's immediate commanding officer of the fact of discontinuance of payment to the allottee and the last month's allotment paid. The stoppage of pay to meet the allotment will be continued until this notice is received, and the soldier will be credited on the next roll with any amount withheld in excess of amount paid the allottee.

1351. When the grantor of an allotment desires it discontinued prior to the expiration of the period for which it was granted, the commanding officers specified in paragraph 1348 will prepare and transmit to the Chief of the Quartermaster Corps on the prescribed blank, the soldier's request for such discontinuance. This request must specify the month for which the last payment is to be made, but the stoppage of pay to meet the allotment should be continued until receipt from the office of the Chief of the Quartermaster Corps of acknowledgment of request for discontinuance. If on receipt of the request for discontinuance of an allotment payment thereon has been made beyond the month specified, the Chief of the Quartermaster Corps, in making acknowledgment, will state the date to which the allotment has been paid and direct the repayment to the soldier of any pay deducted in excess of the payments on the allotment.

When an allotment is to run for the full period for which granted, no request for discontinuance or notice of the expiration is necessary.

1352. Payment to allottees shall be made by one or more quartermasters, to be designated by the Chief of the Quartermaster Corps. Said disbursing officer shall, before making payment of such allotment, use due diligence in obtaining and making use of all information that may have been received in the War Department relative to the grantors of the allotments.

1353. If an erroneous payment is made because of the failure of an officer responsible for such report to report, in the manner prescribed by the Secretary of War, the death of the grantor, or any fact which renders the allotment not payable, then the amount of such erroneous payment shall be collected by the Chief of the Quartermaster Corps from the officer who fails to make such report, if such collection is practicable.

1354. All allotments of pay of enlisted men that have been or shall be paid to the designated allottees, after the expiration of one month subsequent to the month in which said allotments accrued, shall pass to the credit of the disbursing officer who has made or shall make such payment.

1355. In case of the capture by the enemy of soldiers who have made allotments which may expire after their capture, the monthly payments of the same shall be continued until otherwise ordered by the Secretary of War.

1356. In case of the transfer of a soldier whose period of allotment still continues, all the data respecting said allotments shall be entered on his descriptive list, and the commanding officer of the troop, battery, or company from which he is transferred shall at once report such transfer to the Chief of the Quartermaster Corps.

1357. The date, period, and amount of allotment shall be entered as a part of the soldier's record and also noted on each pay roll during the period of allotment. The discontinuance of an allotment shall be similarly entered and noted.

1358. When the grantor of an allotment is soon entitled to discharge and is so much in debt to the United States that it will require the whole or a part of his allotted pay to cancel his obligation, this allotment shall be terminated in the prescribed manner.

1359. Upon receiving information of the death of any person to whom an allotment is payable by him, the quartermaster properly designated to pay this allotment shall at once report this fact to the Chief of the Quartermaster Corps, who shall forthwith inform the grantor's immediate commanding officer.

1360. When an allotment is discontinued, at the request of the person making it, before the expiration of the term for which it is granted, it shall not be renewed within that term except by permission of the regimental or post commander, on satisfactory reasons being given for such discontinuance and renewal.

DEPOSITS.

1361. An enlisted man, not on the retired list, may deposit his savings with any quartermaster in sums of not less than \$5; the same to remain so deposited until final payment on discharge or until furloughed to the reserve. The quartermaster will furnish to each depositor a book in which each deposit, with the name of the depositor, date, place, and amount, in words and figures, will be entered in the form of a certificate, signed by the quartermaster and company commander. The transfer, pledge, or sale of a deposit book is prohibited.

Each company or detachment commander will keep in the soldier's record an account of every deposit made by the soldier, and after each regular payment

he will forward directly to the Chief of the Quartermaster Corps a list of the names of the depositors, showing in each case the date, place, and amount of deposit and the name of the quartermaster who received it. Each report will be restricted to and will include only deposits with one quartermaster on a given date. These lists before transmittal will be examined and compared with the record of deposits on the company or detachment book and the deposit book of the soldier, and attesting officers will see that the names are identical with the names as borne on the rolls.

Should a soldier who has made a deposit be transferred or desert, the fact will be promptly reported directly to the Chief of the Quartermaster Corps by the officer in command of the company or detachment to which he belongs. In case of transfer his descriptive list will show the date and amount of each deposit. There is no objection to deposits being made by Indian and Philippine scouts and by enlisted men of the Porto Rico Regiment of Infantry.

1362. On the discharge of a soldier or on his being furloughed to the reserve, the date and amount, in words and figures, of each of his deposits will be entered upon his final statement, and his deposit book will be taken up by the quartermaster who pays him and filed with the voucher of payment. In case deposits are forfeited by desertion, the amounts of the same will be entered on the final statements under the head "Remarks," and the facts and authority for such forfeiture given.

1363. Before delivering final statements upon which deposits are credited, the officer signing them will ascertain whether the soldier has the deposit book; and, if so, instruct him to present it to the quartermaster. Should he claim to have lost it, the officer will cause his affidavit to that effect to be taken before he leaves the post and attached to the statement. The affidavit will clearly state the circumstances attending loss of the book and show that the soldier has not sold or assigned it. Upon this evidence the quartermaster may pay and the responsibility for the correctness of amounts credited on the statement will rest with the officer certifying them.

1364. Quartermasters will not pay deposits except on final statements. When they are not paid the soldier should forward his deposit book or the evidence referred to in the preceding paragraph to the Chief of the Quartermaster Corps. Enlisted men should be informed of the importance of preserving deposit books as the only certain means of insuring prompt repayment.

1365. A soldier must draw his deposit when he is discharged or furloughed to the reserve. He can then renew it after reenlistment, and will be entitled to interest thereon from the date of such renewal. Failure to present the final statements leaves the money without interest until it is drawn and again deposited. A discharged soldier who desires, after reenlistment, to have all or a part of the money due to him on discharge deposited under the provisions of paragraph 1361, must furnish to the quartermaster who makes payment on his final statement a written order requesting that such part of the amount due thereon, as he may desire so deposited, be transferred to his new account. The quartermaster will file this order with the paid final statement as authority for this disposition of the money due to the soldier.

1366. For any sum of not less than \$5 deposited for the period of six months or longer the soldier, when discharged or furloughed to the reserve, will be paid interest at the rate of 4 per cent per annum to date of discharge.

1367. On the death of a soldier each deposit, with amount, date, place, and quartermaster with whom deposited, will be noted in the inventory of his effects and on the accompanying final statement with which his deposit book will be filed.

1368. Both deposits and interest will be forfeited by desertion, but forfeiture of them can not be imposed by sentence of a court-martial. They are exempt from liability to meet a sentence of a court-martial imposing forfeiture of pay or allowances, and from liability for the soldier's private debts. Deposits and interest are not exempt from liability for debts due to the United States or to individuals, within the meaning of paragraph 1370.

1369. If an enlisted man deposits money with the company or post commander, the same to be applied for purchase of his discharge, the officer will immediately upon receipt of order for discharge of the man forward the money to a quartermaster for deposit and send to the Chief of the Quartermaster Corps the usual notification of deposit. On the return of the deposit book by the quartermaster the soldier will be discharged and a final statement furnished to him, with notation of the deposit thereon, thus showing on its face the total credit of the soldier, which must in every case be sufficient to cover all indebtedness to the United States.

FORFEITURES AND DEDUCTIONS.

1370. Authorized stoppages will be entered on the pay rolls and deducted at times of payment in the following order:

1. Reimbursements to the United States.
2. Reimbursements to individuals, as the quartermaster or post exchange, for instance.
3. Forfeitures for desertion and fines.

Articles of camp and garrison equipage must be charged on the pay rolls as such, and other articles of quartermaster stores or property must be enumerated and the price stated in the column of "Remarks" in order that the proper appropriation may be credited therewith.

1371. Officers and enlisted men in arrest and confinement by the civil authorities will receive no pay for the time of such absence; if released without trial, or after trial and acquittal, their right to pay for the time of such absence is restored.

PAY OF DESERTERS.

(See Article XIX.)

1372. An enlisted man charged with desertion will not receive pay until his offense has been investigated by a court-martial, or he has been restored to duty without trial, or the charge has been set aside as having been erroneously made.

1373. Every deserter forfeits all pay and allowances due at the date of desertion. Such forfeited pay and allowances will be used to satisfy authorized stoppages due the United States at the date of desertion, and only the amount of such stoppages in excess of such forfeited pay and allowances will be collected from pay accruing after date of return to military control. The organization commander will enter the following data on the first pay roll after the return of a soldier to military control: A statement of his account at date of desertion, a statement of his new account opened after return to military control (the account at date of desertion and the account since return to military control being stated separately), the place and date of return to military control, and whether he surrendered or was apprehended. On subsequent rolls, until the result of the trial has been published or the case otherwise disposed of, will appear the remark, "Awaiting trial (or result of trial) for desertion; for statement of account see pay roll for ———, 191—." On the next roll following

the final disposition of the case, and on subsequent rolls until paid, will appear a complete statement of the soldier's account, as indicated above, including the number, date, and source of the order announcing his return to duty, or the result of the trial. If, while absent in desertion, he fraudulently enlisted in another organization, the date to which last paid in such fraudulent enlistment and all stoppages due the United States at date of surrender or apprehension will be stated.

1374. No settlement of the pay account of any enlisted man will be made on the pay rolls until sufficient pay shall have accrued to satisfy all authorized stoppages and pay a balance to the soldier.

PAYMENT OF DISCHARGED SOLDIERS.

(See Article XXI.)

1375. Discharged soldiers and those furloughed to the reserve will be paid on final statements prepared in duplicate and furnished to them by their company or detachment commanders. Payment will be made only on presentation of both copies. Except when notified as prescribed in paragraph 155 quartermasters will not pay discharged soldiers and those furloughed to the reserve unless otherwise satisfied of the genuineness of the discharge papers and the identity of the claimants.

1376. Upon payment of the final statement of a soldier discharged or furloughed to the reserve, the quartermaster will write on the discharge "Paid in full," with his signature, noting amounts paid, except when the final statement has been transferred and is not accompanied by the discharge. The day of enlistment and the day of discharge will both be included in reckoning pay.

1377. Quartermasters, or other officers to whom a soldier, who has been discharged or furloughed to the reserve, reports the loss or nonreceipt by him of final statement to which he is entitled, will report the fact to the Chief of the Quartermaster Corps, with any evidence the soldier furnishes them in the matter. The Chief of the Quartermaster Corps will transmit the evidence to the Auditor for the War Department.

1378. When an enlisted man is discharged from the service, except by way of punishment for an offense, or is furloughed to the reserve, he shall be entitled to transportation in kind and subsistence from the place of his discharge or furlough to the place of his enlistment, or to such other place within the continental limits of the United States as he may select, to which the distance is no greater than that from the place of discharge or furlough to place of enlistment; but if the distance be greater he may be furnished with transportation in kind and subsistence for a distance equal to that from place of discharge or furlough to place of enlistment, or, on discharge from the service, in lieu of such transportation and subsistence, he shall, if he so elects, receive 2 cents a mile, except for sea travel, from the place of his discharge to the place of his enlistment: *Provided*, That for sea travel on discharge or furlough transportation and subsistence only shall be furnished to enlisted men: *And provided further*, That for the purpose of determining allowances for all travel of enlisted men on discharge or furlough, travel in the Philippine Archipelago, the Hawaiian Archipelago, the home waters of the United States, and between the United States and Alaska shall not be regarded as sea travel and shall be paid for at the rates established by law for land travel within the boundaries of the United States.

Officers furnishing transportation in kind and subsistence to an enlisted man on discharge or furlough to the reserve will indorse such fact on his final statement, showing points between which furnished and cost of subsistence.

1379. Quartermasters when paying final statements of soldiers discharged under foregoing conditions will include in such payments travel allowances from station to port of embarkation and from port of arrival in the United States to place of enlistment or enrollment.

1380. An enlisted man discharged for minority concealed at enlistment, or for other cause involving fraud on his part in the enlistment, is not entitled to pay and allowances, including those for travel, and will not receive a final statement unless deposits are due him, in which case a final statement, containing a full statement of the soldier's accounts at date of discharge, will be furnished.

1381. A soldier held in military custody under sentence of court-martial beyond his term of enlistment (except where dishonorable discharge is imposed) will be furnished with a final statement showing the actual date of discharge and the cause of detention. A soldier in the hands of civil authorities awaiting trial should, at the expiration of his term of service, be furnished with his discharge certificate and a final statement containing all necessary data for the quartermaster, giving date and cause of arrest and remarks "Not entitled to pay or clothing since date of arrest nor to travel pay unless acquitted or released without trial."

1382. Recruits are entitled to pay and allowances when discharged on certificates of disability. When discharged for any cause involving fraud on their part at enlistment, paragraph 1380 will govern.

1383. The transfer by an enlisted man of a claim for pay due on his final statement will be recognized only when made after discharge, or on being furloughed to the reserve, in writing, indorsed on the final statement, signed by the soldier, and witnessed by a commissioned officer or by some other reputable person known to the quartermaster. The person witnessing the transfer must indorse on the discharge the fact of transfer of the final statement, and on the final statement the fact that such indorsement has been made on the discharge.

MISCELLANEOUS.

1384. An officer of the Quartermaster Corps will not give a receipt, except in the following cases:

1. For the transfer of money when the transfer is of cash.
2. For the money of a deceased soldier, deserter, or an escaped military prisoner.
3. For a stoppage authorized by the Secretary of War, for which the Chief of the Quartermaster Corps may direct a receipt to be given.
4. For a refundment made by an officer on account of an overpayment made by a quartermaster.

A separate receipt will be given in each individual case.

In all other cases the person turning over or refunding money will deposit it in some authorized public depository or transfer it to a disbursing officer of the department to which the money belongs.

1385. When any officer or enlisted man on the active list of the Army dies from wounds or disease not the result of his own misconduct, his widow, or some other person duly designated by him, is entitled to receive, through the Quartermaster Corps, an amount equal to six months' pay at the rate such officer or enlisted man was receiving pay at the date of his death, less \$75 in the case of each officer and \$35 in the case of each enlisted man. Any residue of the sums thus reserved, after the expenses of interment have been met therefrom, will be paid subsequently to the same beneficiary. Each officer and enlisted man in service on the active list will file on the form furnished for that purpose by The Adjutant General of the Army the full name and address of the

person to whom he wishes the half year's salary paid in the event of death, and he may also file on the said form the full name and address of the person to whom he wishes the half year's salary paid in the event of the death of the first named beneficiary prior to the date of payment of the gratuity. The signature in every case will be witnessed and attested as required by the printed notes on the form. Should an officer or enlisted man desire to change a beneficiary previously designated by him and to make a new designation, he may do this by filling up and forwarding to The Adjutant General of the Army another blank of the prescribed form, properly signed, witnessed, and attested.

All officers when first appointed and all recruits, at the time of their enlistment, will make the prescribed designation which, for an officer, will be forwarded to The Adjutant General of the Army with the officer's letter accepting his commission, and for a recruit will be forwarded together with the recruit's enlistment paper to The Adjutant General of the Army, who will transmit all designations thus received to the Chief of the Quartermaster Corps, in whose office all designations of beneficiaries under this regulation will be filed permanently. Designations duly made and filed will continue to be valid and sufficient, unless revoked as herein provided, as long as the officers or enlisted men making the designations continue upon the active list of the Army.

ARTICLE LXXIV.

MEDICAL DEPARTMENT.

NOTE.—Regulations for the government of the Medical Department, prepared and published under the authority of the Secretary of War, are distributed to its officers by the Surgeon General. Only such regulations are herein given as are general in their nature or affect other branches of the service.

GENERAL PROVISIONS.

1386. The Medical Department is charged with the duty of investigating the sanitary condition of the Army and making recommendations in reference thereto, of advising with reference to the location of permanent camps and posts, the adoption of systems of water supply and purification, and the disposal of wastes, with the duty of caring for the sick and wounded, making physical examinations of officers and enlisted men, the management and control of military hospitals, the recruitment, instruction, and control of the Hospital Corps and of the Nurse Corps, and furnishing all medical and hospital supplies except for public animals.

1387. The surgeon of every post or command, under the direction of the commanding officer, will supervise its hygiene and recommend such measures as he may deem necessary to prevent or diminish disease. He will examine, at least once a month, the sanitary condition of the public buildings and grounds, the drainage, the sewerage, the condition of all sanitary appliances, including incinerators, sterilizers, filters, and odorless excavators, the amount and quality of the water supply, the character and cooking of the food, including the quality of the milk and the character of the dairies from which it is obtained, the clothing and habits of the men, and the character and causes of prevailing diseases and measures taken to prevent them. Immediately after such examination he will report thereon in writing to the commanding officer, noting also in the report the dates on which the prescribed physical inspections of the various organizations of the command were made, the number of new cases of venereal disease which appeared in the command, the ratio of the same per 1,000 of strength, and the number of venereal prophylactic treatments given, with such

recommendations as he may deem proper. The commanding officer will return the report, with his views and action indorsed thereon, and if he deem the action recommended impracticable or undesirable, will state fully his objections. The surgeon, after noting the commanding officer's statement, will forward the report, through military channels, to the Surgeon General. Special sanitary reports will take the same course as the regular monthly sanitary reports. As far as practicable, intermediate commanders will correct sanitary defects, noting their action by indorsement.

Sanitary inspections of a general hospital or other establishment or organization of the Medical Department will be made, under the direction of the medical officer in command, by a junior medical officer assigned to that duty, who will report in writing to the commanding officer. The latter will forward the reports, through military channels, to the Surgeon General, indicating his action by indorsement thereon. The commanding officer will keep an appropriate record of the reports and his indorsements.

APPOINTMENTS.

1388. No person shall receive an appointment as first lieutenant in the Medical Corps unless he shall have been examined and approved by an army medical board consisting of not less than three officers of the Medical Corps designated by the Secretary of War; and no officer of the Medical Corps below the rank of lieutenant colonel shall be promoted therein until he shall have passed an examination before an army medical board consisting of not less than three officers of the Medical Corps designated as aforesaid, unless in case of an officer below the rank of major a board of review shall have pronounced him qualified for promotion after an adverse finding by an examining board. Any major of the Medical Corps on the active list of the Army who, at his first examination for promotion to the grade of lieutenant colonel in said corps, is found disqualified for such promotion for any reason other than physical disability incurred in the line of duty, will be suspended from promotion, and his right thereto will pass successively to such officers next below him in rank in said corps as may become eligible to promotion under existing law during the period of his suspension; and any major of the Medical Corps suspended from promotion, as hereinbefore provided, will be reexamined as soon as practicable after the expiration of one year from the date of the completion of the examination that resulted in his suspension; and if on such reexamination he is found qualified for promotion, he will again become eligible thereto; but if he is found disqualified by reason of physical disability incurred in the line of duty, he will be retired with the rank to which his seniority entitles him to be promoted; and if he is not found disqualified by reason of such physical disability, but is found disqualified for promotion for any other reason, he will be retired without promotion.

1389. Officers of the Medical Reserve Corps who apply for appointment in the Medical Corps of the Army may, upon the recommendation of the Surgeon General, be placed on active duty by the Secretary of War and ordered to the Army Medical School for instruction and further examination to determine their fitness for commission in the Medical Corps, but this will apply only to officers who have passed the preliminary examination for the Medical Corps.

CONTRACT SURGEONS, ACTING DENTAL SURGEONS.

1390. Civilian physicians and dentists may be employed as contract surgeons and acting dental surgeons under contracts entered into by or with the authority of the Surgeon General of the Army. They are entitled to the transportation

and fuel allowances of first lieutenants, and when on duty at a post or station where quarters in kind are provided by the United States they will be entitled to the quarters allowed by regulation to a first lieutenant; they are not entitled to commutation of quarters, nor to the 10 per cent increase of pay for foreign service as provided by law for officers.

1391. Contract surgeons and acting dental surgeons are entitled to the same protection in their positions and the same respect and obedience from enlisted men as commissioned officers.

1392. Whenever the contract of a physician or dentist is annulled, the fact and date of annulment will be noted in writing on his contract, and when ordered to his home for annulment of contract, such fact will also be noted thereon by the officer under whose orders he may at the time be serving.

1393. Contract surgeons, on availing themselves of leaves of absence, must submit their contracts to the commanding officer of the post or station where serving, who will indorse thereon the date of commencement and duration of leave. The actual date of their rejoining from leave should also be noted on contract on return to post or station.

1394. The services rendered by a contract surgeon are not restricted to those of a purely professional character; on the contrary, his eligibility for duty is the same as that of a first lieutenant of the Medical Corps, except in so far as it is limited by the fact that he is not a commissioned officer. A contract surgeon, though not eligible for detail on courts-martial, may prefer charges against enlisted men and may be detailed on councils of administration, and as post treasurer, etc.; he may also witness payments to enlisted men under the provisions of paragraphs 1315 to 1337.

THE DENTAL CORPS.

1395. Contracts with acting dental surgeons will be made for three years, but may be annulled at any time by the commanding general of a department, or of a mobilized division after official investigation, for conduct to the prejudice of good order and military discipline, or by the Surgeon General when in his opinion a termination of the contract would be in the interests of the service.

1396. Dental surgeons and acting dental surgeons are a part of the Medical Department, and will be assigned to duty in accordance with the recommendations of the Surgeon General or the department or division surgeon.

A dental surgeon or an acting dental surgeon on duty with a military command is subordinate to the senior medical officer of the command and under his immediate control.

1397. When a dental surgeon or an acting dental surgeon reports for duty at a post the surgeon will assign a room in the hospital to him for use as an operating room, if one is available. If no room in the hospital is available the post commander will provide a suitable operating room in one of the other post buildings.

Each dental surgeon or acting dental surgeon will ordinarily be allowed one enlisted man as an assistant, who will be detailed from the members of the Hospital Corps, and whose duty it will be to assist the dentist in his operations, in caring for the instruments and other public property, in keeping the records, and in the performance of such other official work pertaining to this position as he may be directed by the proper authority to do. A member of the Hospital Corps detailed as dentist's assistant and stationed in a city or town will be provided with a suitable room as quarters by the Quartermaster Corps, but when stationed at a post, in camp, or in the field, he will be attached to the Hospital Corps detachment.

1398. Members of the Dental Corps will serve free of charge all those entitled to free medical treatment by medical officers.

1399. Members of the Dental Corps will operate upon those entitled to their services. Materials issued by the Government will be expended only in operations upon those entitled to free services. Emergency work for officers and enlisted men will have precedence at all times over other work.

1400. Members of the Dental Corps will not perform any operation upon officers or enlisted men of the Army or prescribe medicines for them, other than those necessary for the treatment of the teeth and gums. This prohibition does not apply to cases of emergency, where no medical officer is within reach, and where a dental surgeon or an acting dental surgeon is able to render necessary surgical assistance to meet the immediate emergency.

1401. For plate work or for the filling of teeth of enlisted men the materials supplied by the Government will be used and no other, and members of the Dental Corps are forbidden to enter into any financial agreement with enlisted men involving an obligation for payment for silver, platinum, or gold used for filling cavities in teeth, for the construction of bridge work, for the fitting of crowns, the making of artificial dentures, or other dental work. Beyond the territorial limits of the United States, post commanders, upon receipt of written application by enlisted men, may authorize such enlisted men to receive from members of the Dental Corps any class of dental treatment which the best interests of the service may require. In such cases a deposit sufficient to cover the proper expenses involved will be made with the post commander by an enlisted man concerned when the application is made.

1402. Enlisted men requiring the services of the dentist at an hour prescribed by the commanding officer will be conducted to the designated place under a noncommissioned officer, who will take with him and hand to the dentist a list of those reporting for treatment.

1403. All cases requiring treatment involving future appointment will be so noted, and the others will be marked according to the circumstances, as "Treatment unnecessary," "Further treatment unnecessary," "Should be sent to surgeon," etc. When future treatment is necessary, the dentist will, in writing, using the form provided therefor, request the adjutant to direct the soldier to report for treatment at a time designated.

THE HOSPITAL CORPS.

1404. The members of the Hospital Corps will be enlisted for and permanently attached to the Medical Department. In time of war the corps will perform the necessary ambulance service under such officers of the Medical Department and assistants as may be detailed for that duty.

1405. Sergeants, first class, will be appointed by the Secretary of War on the recommendation of the Surgeon General, provided they have served a year as sergeant, or as a hospital steward of volunteers or acted in that capacity during and since the Spanish-American War for more than six months. Sergeants will be appointed by the Secretary of War on the recommendation of the Surgeon General; corporals, lance corporals, and privates, first class, will be appointed by the Surgeon General or the department surgeon, or the division surgeon of a mobilized division. Before appointment sergeants, first class, must pass a satisfactory examination under the direction of the Surgeon General, and sergeants a satisfactory examination under the direction of the Surgeon General or of a department surgeon or the division surgeon of a mobilized division. These examinations will be conducted by a board composed of

three commissioned medical officers of the station at which the applicant may be serving, or of such a number of medical officers less than three as may be present, and if no medical officer is there on duty the candidate will be sent for examination to the nearest station provided with such an officer. The report of the board will be forwarded directly to the Surgeon General or to the department surgeon or the division surgeon of a mobilized division. Sergeants, first class, sergeants, and corporals are furnished with warrants signed by the Surgeon General. Promotions to the grade of corporal, lance corporal, and private, first class, may be recommended to the Surgeon General or the department surgeon or the division surgeon of a mobilized division by the medical officer commanding the detachment. The allowance of enlisted men of the Hospital Corps of each grade as fixed by regulations and orders will not be exceeded except by special authority of the Secretary of War. The proportion of privates, first class, to privates will not exceed two to one.

1406. A sergeant, first class, stationed at a place where no post return is made will make such personal reports as the Surgeon General may direct.

1407. Sergeants, first class, though liable to discharge, will not be reduced. Sergeants, corporals, lance corporals, and privates, first class, may be reduced by sentence of a court-martial, by the Surgeon General, by a department surgeon, or the division surgeon of a mobilized division.

1408. To test the capacity of privates of the Hospital Corps for the duties of noncommissioned officers, the Surgeon General and department surgeons and division surgeons of mobilized divisions may appoint lance corporals, who will be obeyed and respected as corporals; but no detachment shall have more lance corporals at a time than enough to make the proportion of all noncommissioned officers present for duty, one to four privates of the Hospital Corps. Lance corporals are on the same footing regarding reduction as corporals.

1409. The commander of a field army, or of a division or brigade acting independently, is charged with the full control of the transfer from the line, the enlistment, reenlistment, and discharge of members of the Hospital Corps of his command.

1410. Enlistments for the Hospital Corps will be made in the grade of private. Sergeants, first class, sergeants, corporals, lance corporals, and privates, first class, may be reenlisted in their respective grades and their warrants and appointments continued in force, provided they reenlist on the day following that of discharge. Each enlistment and continuance will be noted on the warrant or appointment by the surgeon. Recruiting officers at general recruiting stations may accept applicants for enlistment or reenlistment in the Hospital Corps upon the authority of the Surgeon General and will be guided by his instructions in making the physical examination of such applicants. Applicants may be accepted with a vision of $\frac{3}{8}$ in each eye, correctible to $\frac{4}{8}$ with glasses, provided that no organic disease exists in either eye. After enlistment recruits will be forwarded to such stations as may have been designated for them by the Surgeon General.

1411. Enlisted men of the line, musicians excepted, may be transferred to the Hospital Corps as privates by the commander of a department, or of a mobilized division or separate brigade on the application of the surgeon of the post or command, forwarded through military channels. The application will state the age, character, physical condition, and habits of the soldier, date of expiration of current enlistment, and whether made for an existing or prospective vacancy. If the soldier be over 40 years of age his special qualifications for transfer will be stated.

1412. Married men will not be enlisted as privates in or transferred to the corps, and no sergeant who is married shall be reenlisted without special authority.

1413. Members of the corps will not be required to perform any military duties other than those pertaining to their corps. They will be instructed in such drills, both foot and mounted, as are necessary for their efficiency. They will not be required to attend ceremonies, except when directed by the commanding officer, and will ordinarily be inspected and mustered at the hospital. The forms of inspection will be in accordance with the prescribed drill regulations for the Hospital Corps.

1414. To meet the requirements of epidemics or other emergencies and to fill vacancies, members of the Hospital Corps may be transferred by the department commander, the quota of each post, as prescribed by paragraphs 1416 and 1417, not being permanently exceeded. Such transfers will be reported to the Surgeon General.

1415. Accounts of pay and clothing of members of the Hospital Corps will be kept by the surgeon under whose immediate direction they are serving. All members casually at a post, camp, or other station, are under the immediate orders of the surgeon, except prisoners, who will, however, be borne on the muster rolls, morning report, and returns of the Hospital Corps detachment. If discharged, their final statements will be prepared by the surgeon.

1416. At every permanent military post there will be at least one noncommissioned officer of the Hospital Corps, and an additional noncommissioned officer for every additional four privates of the Hospital Corps.

1417. At every permanent military post there will be at least four privates of the Hospital Corps, six privates when the strength of the garrison is 200, and two privates additional for every additional 100 of strength. They will be assigned to the respective duties connected with the hospital service by the surgeon.

1418. The number of noncommissioned officers and privates of the Hospital Corps to be stationed at general hospitals, arsenals, engineer stations, and independent posts will be determined by the Surgeon General under the direction of the Secretary of War.

1419. Special instruction in the methods of rendering first aid to the sick and wounded will be given to all enlisted men of the Signal Corps and of the line of the Army by their company officers for at least twelve hours in each calendar year.

1420. All men of the Hospital Corps will be instructed under the supervision of the surgeon in the duties of litter bearers and the methods of rendering first aid to the sick and wounded, and in the various subjects pertaining to the sanitary soldier.

NURSE CORPS (FEMALE).

1421. Army nurses will be appointed and discharged by the Surgeon General with the approval of the Secretary of War. They will be assigned to duty at hospitals under the direction of the Surgeon General.

1422. The superintendent of the Nurse Corps, under the direction of the Surgeon General, will have general supervision of the corps, and her duties and the duties of chief nurses and nurses shall be as prescribed by the Surgeon General.

1423. The services of army nurses will be afforded sick and wounded officers, enlisted men, and other patients in military hospitals. When traveling under

orders on transports they will assist in the care of sick officers and enlisted men, under the direction of the transport surgeon.

1424. Members of officers' and enlisted men's families are not entitled to the services of army nurses, but in great emergencies and for the manifest interest of the service, nurses will care for such patients when so directed by the officer in charge of the hospital, a report of the fact being made in each instance to the Surgeon General through military channels.

1425. At places where the services of trained nurses are not otherwise obtainable, a nurse may, if she so desires, and with the approval of the officer in charge of the hospital, be granted a special leave, without pay and allowances, in order to take a private case, such leaves not to exceed sixty days.

1426. The pay, allowances, and privileges of nurses are specified by law, and they are forbidden to receive presents from patients, or from the relatives or friends of patients, for services rendered when on duty.

GARRISON SERVICE, AMBULANCES AND LITTERS.

1427. Ambulances are vehicles provided for the service of the Medical Department. They will be used only for transportation of the sick and wounded, the recreation of convalescent patients, or to give instruction in the duties of the ambulance service. They will be furnished and repaired by the Quartermaster Corps, will always be subject to the call of the surgeon, and, when practicable, will be housed near the hospital.

1428. One regulation ambulance, complete with proper harness, will be issued to each regimental, battalion, and squadron headquarters. One regulation ambulance, complete with proper harness, will be issued to posts where no regimental, battalion, or squadron headquarters are stationed, and where the number of men is 400 or less; one additional ambulance will be issued for every additional 400 men or major fraction thereof.

1429. At each post one or more of the privates of the Hospital Corps will be designated by the surgeon as ambulance driver. In addition to his other duties he will care for the ambulance, its equipment and harness, and see that they are always in readiness for immediate use. In the field he will care for the animals. When it is necessary to use the ambulance for any transportation purposes, the commanding officer, on the application of the surgeon, will see that the requisite animals are provided by the quartermaster and placed at the disposal of the surgeon.

1430. Each company will be furnished with one hand litter, which will be kept ready for use at all times. It will be supplied by the Medical Department.

1431. Travois, mule litters, etc., may be issued upon the recommendation of the department surgeon.

1432. Commanding officers will inspect ambulances, litters, and other appliances for transporting the wounded at each monthly inspection and see that they are completely equipped. When practicable, the ambulance fully equipped for service will be presented for inspection, with the animals attached.

FIELD SERVICE.

1433. In field service, troops will be accompanied by such number of men of the Hospital Corps as may be determined by the military commanders on the recommendation of the senior medical officer, except where the number is fixed by the Field Service Regulations.

1434. On the march each medical officer will habitually be attended by a mounted private of the Hospital Corps. When practicable, horses will be fur-

nished by the Quartermaster Corps and horse equipments by the Ordnance Department for those members of the corps on duty in the field who are authorized to be mounted. When no horses are available, special application for authority to hire must be made.

1435. Ambulances will be used for the transportation of the sick and injured, the absolutely necessary nurses or attendants on duty therewith, the instruction of the Hospital Corps, and, in urgent cases, for the transportation of medical supplies, and all persons are prohibited from using them, or requiring or permitting them to be used, for any other purpose. It shall be the duty of the officers of the ambulance service to report to the commander of the troops any violation of the provisions of this paragraph.

1436. With the exception of the field hospital stationed at the Walter Reed General Hospital, Takoma Park, D. C., field hospitals and ambulance companies will be considered organizations of the mobile army and, except as to medical supplies, will be supplied, instructed, and disciplined and the affairs thereof administered as is provided by the Army Regulations for other organizations of the mobile army.

1437. No person, except the proper medical officers or the officers, noncommissioned officers, and privates of the ambulance service, or such persons as may be specially assigned by competent military authority to duty therewith, will be permitted to take or accompany sick or injured men to the rear, either on the march or elsewhere.

1438. When members of the Hospital Corps are detailed for service in the field during Indian wars, or when left with the sick or wounded under circumstances which justify the expectation that their rights under the Geneva Convention will not be recognized, commanding officers will issue to members of the Hospital Corps revolvers or other available firearms.

GENERAL HOSPITALS.

1439. General hospitals will be under the exclusive control of the Surgeon General and will be governed by such regulations as the Secretary of War may prescribe. The senior medical officer on duty therein will command the same and will not be subject to the orders of local commanders other than those of territorial departments to whom specific delegation of authority may have been made. The commanding officer of a territorial department may order to any general hospital located within the limits of his department and to the General Hospital at Fort Bayard, N. Mex., any cases of sickness and injury among officers and enlisted men under his command that are appropriate for treatment at such hospital. Officers and enlisted men on the active list of the Army who shall have been transferred to a general hospital for treatment only will, when fit for duty, be returned to their proper posts or commands by the commanding officer of the hospital, unless he shall have been otherwise instructed.

1440. Hospital transports, boats, and railway trains, after being properly assigned as such, will be exclusively under the control of the Medical Department, and will not be diverted from their special purposes by orders of local or department commanders or officers of other staff corps.

1441. The Army and Navy General Hospital, Hot Springs, Ark., is under the direction of the Secretary of War, and is devoted to the treatment of the officers and enlisted men of the military and naval service of the United States, cadets at the United States Military and Naval Academies, officers of the Revenue-Cutter Service, officers of the Public Health Service, and *honorably discharged soldiers* and sailors of the Regular and Volunteer Army and Navy

of the United States, for such diseases as the waters of the Hot Springs of Arkansas have an established reputation in benefiting.

1442. Admission to this hospital is restricted to those of the above-named classes who require medical treatment in the following order of preference: (1) Officers and enlisted men of the Army, the Navy, and the Marine Corps on the active lists, and cadets at the United States Military and Naval Academies; (2) officers and enlisted men of the Army, the Navy, and the Marine Corps on the retired lists; (3) officers of the Revenue-Cutter Service and of the Public Health Service; (4) honorably discharged soldiers and sailors of the Regular and Volunteer Army and Navy of the United States may also be admitted by authority of the Surgeon General when there are vacant beds in the hospital.

1443. The ration of enlisted men of the Army on the active list while under treatment and the ration of members of the Nurse Corps while on duty in this hospital will be commuted at the rate of 40 cents a ration, to be paid to the surgeon in charge by the post quartermaster or by such officer of the Quartermaster Corps as may be designated, conformably to the regulations governing the subsistence of patients and nurses at other Army hospitals. The ration of the enlisted men of the Army on duty at this hospital will be commuted at the rate of 30 cents a ration, to be paid to the men by the quartermaster upon their individual receipts, conformably to the regulations governing such payments in other Army cases. The subsistence of enlisted men of the Navy and of the Marine Corps on the active list under treatment in this hospital in pursuance of orders will be paid for to the surgeon in charge at the rate of 30 cents a day by the proper officer of the Navy Department, upon monthly statements of amounts due certified by the Surgeon General of the Army to the Surgeon General of the Navy through the prescribed channels.

1444. Enlisted men of the Army, the Navy, and the Marine Corps on the retired list and honorably discharged soldiers and sailors of the Regular and Volunteer Army and Navy of the United States will pay for subsistence at the rate of 40 cents a day.

1445. The General Hospital at Fort Bayard, N. Mex., is under the direction of the Secretary of War and is set apart as a sanitarium for the treatment of officers and enlisted men of the Army suffering from pulmonary tuberculosis.

1446. Officers and enlisted men on the active list of the Army in suitable cases, as determined by the commanding officer of the territorial department under whose command they are serving, or by the War Department if serving at posts or stations that are exempted from the control of department commanders, upon the recommendation of the proper medical officers, may be ordered to the General Hospital at Fort Bayard, N. Mex., for treatment. No enlisted man will be recommended for transfer to Fort Bayard unless he is willing if discharged to remain at that hospital for treatment as a beneficiary of the Soldiers' Home for a period of three months from admission thereto. Soldiers suffering from pulmonary tuberculosis who do not desire treatment at that hospital will be recommended for discharge on certificates of disability.

An enlisted man who is sent to Fort Bayard for treatment, or his attendant if he has one, will be furnished by the commanding officer of his post or station with an official telegram blank, and will be instructed to telegraph from Deming, N. Mex., to the commanding officer of the hospital, reporting the train upon which the patient may be expected to arrive.

Authority for the transfer to the Army and Navy General Hospital at Hot Springs, Ark., of officers and enlisted men on the active list of the Army, except those serving under the command of the commanding officer of the territorial

department in which the hospital is situated, will be applied for in each case to the War Department. Department commanders, however, need not forward to the War Department applications for such transfer which do not meet their approval.

No enlisted man who is unfitted for military service by reason of a disability that is not curable within a reasonable time so as to enable him to return to full duty, will be recommended for treatment at the Army and Navy General Hospital. In such cases discharge on certificates of disability will be recommended.

The recommendation of the medical officer for transfer to either of these hospitals for treatment, together with a full medical report of the case and a certificate by the medical officer stating the disability for which he recommends the transfer of the case to the hospital selected and his opinion that treatment in that hospital will conduce to the more rapid recovery of the patient, will be forwarded through military channels to the authority competent to order the patient to the hospital selected. In case of necessity such authority may order an attendant to accompany the patient and return to such attendant's proper station on completing the duty, but care should be taken not to send any patient to either of these hospitals when travel would be dangerous or injurious to him.

The medical officer who certifies a case for transfer for treatment to either of these hospitals will be held responsible for the proper selection of the case, for the correctness of the diagnosis made therein, and for recommending at the proper time the transfer of the patient to the hospital selected.

Retired officers of the Army may apply directly to The Adjutant General of the Army for permission to enter these hospitals, the application in each case to be accompanied by the medical report and certificate hereinbefore prescribed for officers on the active list.

SERVICE OF HOSPITALS.

1447. The surgeon is charged with the management and is responsible for the condition of the hospital, which will be at all times subject to inspection by the commanding officer. The surgeon will inspect the hospital every morning, and on Saturday will also inspect the detachment of the Hospital Corps.

1448. The surgeon will assign his assistants and the members of the Hospital Corps to duty, and report them on the muster rolls in the capacity in which they are serving. With the approval of the commanding officer he will also appoint the matrons.

1449. Hospital matrons will be allowed at hospitals at posts and arsenals in numbers to be fixed by the Surgeon General.

1450. Patients will, if possible, leave their arms and accouterments with their companies.

1451. Whenever a soldier is detached from his company or other organization or station for treatment or observation by and under control of officers of the Medical Department, his company or other immediate commander will send the soldier's descriptive list directly to the medical officer in charge of the hospital or other place to which the soldier is or has been sent. If the list is not received by such medical officer in due time, he will make a direct call upon the proper officer to furnish the list. If no change occurs in the soldier's military status or accounts while he is under control of the Medical Department, his original descriptive list will be transmitted to the several officers under whose charge he comes in the course of subsequent transfers, should such ensue, from hospital to hospital, by hospital ships, hospital trains, or otherwise, or *when he is sent to an organization or station for duty. In case the soldier is returned or sent to, or receives a furlough at the expiration of which he is to*

return to or join, a particular company or other organization or station, the list will be sent directly to the immediate commander of such company or other organization or station. When an original descriptive list is transmitted as hereinbefore directed, it will be transmitted within, and by successive indorsements upon, a wrapper whereon each responsible officer will state expressly that there has been no change in the soldier's military status or accounts since he came under the charge of that officer, will specify the period covered by that statement, and will state what disposition was made of the soldier. Each officer so transmitting a descriptive list will retain a proper record of his action.

If, however, changes occur in a soldier's military status or accounts while he is detached from his company or other organization or station and is under the control of the Medical Department, the responsible medical officer will at once open a new descriptive list from the data shown on the old descriptive list received from the officer last previously responsible in the case, and will make such additional entries on the new list as the facts may require. For his own protection, the officer making the new list will retain and file, with the records of the place at which the new list is made, the old list with its wrapper, if there is any, bearing the indorsements of officers previously responsible. If subsequent transfers of the same soldier are made before or when he passes out of the control of the Medical Department, the new list so opened will be closed by the proper entries thereon and filed with the records of the place at which it was made, and a duplicate of the list so filed will be transmitted from each responsible officer to another by wrapper indorsement, as hereinbefore prescribed, so long as no change in the list is required.

Whenever a soldier detached from his company or other organization or station and under control of the Medical Department passes out of that control, his descriptive list (new or old, as the case may require under the foregoing provisions of this paragraph) will be forwarded at once by the responsible officer as follows: (a) In case of discharge, death, retirement, capture, desertion, return to duty, or upon receiving a furlough at the expiration of which the soldier is to return to his company or other organization or station, or upon being dropped, to the soldier's company or other immediate commander; (b) in case of transfer to another company or other organization or station, the list (new or old, as the case requires) to the immediate commander of the company or other organization or station to which, and a copy of the list, including copies of any wrapper indorsements pertaining thereto, to the immediate commander of the company or other organization or station from which the soldier is transferred; (c) in case of transfer to the Government Hospital for the Insane, to The Adjutant General of the Army.

In the cases of soldiers detached from their companies or other organizations or stations and under the control of the Medical Department action will be taken by the proper medical officers as follows: If a soldier is discovered to be a deserter from the Navy or Marine Corps, paragraph 133 will be complied with; if a soldier is discharged, a final statement will be furnished to him; if a soldier dies, paragraph 162 will be complied with.

1452. Sick or wounded soldiers, discharged while in hospital, will be entitled to medical treatment in hospital, and to the usual ration during disability, or for the period considered proper for them to remain under treatment, but a discharged soldier who has left the hospital will not be readmitted except upon the written order of the commanding officer.

1453. Recently discharged soldiers, needing hospital treatment, who arrive in New York City, San Francisco, or other port on Government transports, may be sent to one of the military hospitals in the vicinity, and rations in kind drawn for them while undergoing treatment.

1454. Tents, clothing, hospital furniture, and other stores used in the treatment of contagious diseases will be disinfected or burned upon the recommendation and under the supervision of a medical officer.

1455. The Secretary of War may, on the recommendation of the Surgeon General, order gratuitous issues of clothing to soldiers who have had contagious diseases, and to hospital attendants who have nursed them, to replace articles destroyed by order of the proper medical officer to prevent contagion.

1456. Medical officers in charge of hospital property will not permit it to be used for other than hospital purposes.

1457. Civilian employees at military posts, including the employees of post exchanges, may be furnished the medical supplies prescribed for them by a medical officer under such regulations as the Surgeon General may establish in accordance with law.

1458. A civilian employee on duty at a station where other than army medical attendance can not be procured is entitled, when necessary, to admission to hospital.

1459. A civilian seaman or river boatman will be admitted to an army hospital only on permit issued by a medical officer of the Public Health Service or by a customs officer, unless his condition demands immediate relief, when in the discretion of the post commander he may be admitted in advance of the receipt of the permit. Officers and enlisted men of the Organized Militia while attending national rifle contests or joint camps of instruction will be admitted to field hospitals of the Army on the approval, respectively, of the executive officer of the national matches or the commanding officer of the joint camps of instruction. Members of the families of officers and enlisted men requiring hospital treatment or isolation will be admitted to army hospitals when suitable accommodations for their care are available. Other civilians not in the public service will be admitted to hospital only in cases of extreme necessity, and by permission of the commanding officer on the written application of the surgeon. Their food will be purchased from the hospital fund when they have the means to reimburse that fund for such purchases. In cases of destitution rations may be issued to them under the conditions laid down in paragraph 1219.

1460. Hospital charges at the Army and Navy General Hospital, Hot Springs, Ark., and at the General Hospital at Fort Bayard, N. Mex., are governed by special regulations made from time to time. Subsistence charges for patients in other army hospitals, except field hospitals, will be as follows: For retired enlisted men of the Army, Navy, and Marine Corps, for enlisted men of the Navy and Marine Corps, and for civilians on the footing of enlisted men, 40 cents a day; for officers of the Army, \$1 a day; for officers of the Navy, including warrant officers, and of the Marine Corps, and for civilians on the footing of officers, \$1.25 a day. In field hospitals the subsistence charges for the above classes will be 30 cents a day, 50 cents a day, and 60 cents a day, respectively. When necessary to protect the hospital fund at posts in Alaska against actual loss the post commanders may prescribe an additional charge for each such patient not to exceed 25 cents a day. The money received for subsistence charges will be accounted for with the hospital fund.

A medicine charge of 25 cents a day will be made for all patients in Army hospitals who are not entitled to medical care and treatment at the cost of Army appropriations, including officers and enlisted men of the Navy and Marine Corps, civilian employees and civilians, the money received therefor to be deposited in the Treasury of the United States to the credit of the proper *appropriations* and to be accounted for in due form accordingly.

The surgeon will determine in each case, subject to instructions from higher authority, whether civilian patients shall be on the footing of enlisted men or of officers.

Subsistence charges will be made for officers and enlisted men of the Organized Militia admitted to field hospitals of the Army under paragraph 1459, at the rate of 50 cents a day and 30 cents a day, respectively, to be accounted for with the hospital fund, and medicine charges at the rate of 25 cents a day to be deposited to the credit of the proper appropriations. The subsistence charges for enlisted men and the medicine charges for officers and enlisted men will constitute charges against the allotments, under section 1661, Revised Statutes, to the State, Territory, or District of Columbia, to the militia of which the patients respectively belong.

1461. Officers and civilian employees of the Army should pay their indebtedness for hospital charges before leaving the hospital, or promptly at the end of every month if they then continue in the hospital.

If the hospital charges against an officer are not paid by the fifth day of the month immediately following that in which they were incurred, the commanding officer of the hospital will forward a statement of the indebtedness, through military channels, to the Surgeon General, for the action required by paragraph 1308.

A civilian employee who is unable to pay his hospital charges at the prescribed time will give a certificate of his indebtedness, in triplicate, on Form 49 A, Medical Department (marking one number "original," one "duplicate," and the third "triplicate"), to the commanding officer of the hospital, who will designate by indorsement thereon the officer to whom the amount of the indebtedness should be remitted, and will forward the original and duplicate at once through proper channels to the officer under whom the employee is serving, retaining the triplicate for his own files. The employing officer will refer the certificate to the quartermaster or disbursing officer who is to pay the employee, and such quartermaster or disbursing officer will deduct the amount of the indebtedness from the pay due, and will remit the amount so deducted to the officer designated to receive it. When an employee who is indebted for hospital charges dies before the indebtedness is settled, the commanding officer of the hospital will prepare an account thereof in duplicate certifying the same to be correct, and will forward one number to the employing officer for his information and guidance, and the second number, through the Surgeon General, to the Auditor for the War Department, retaining a copy for his own files. Should a certificate of the indebtedness have been given previously all the numbers thereof will be assembled and forwarded with the account for the auditor. Ordinarily the commanding officer of the hospital where the employee was cared for will be designated as the officer who is to receive the amount of the indebtedness. But when the hospital is about to be or has been closed the department surgeon having jurisdiction over it should be designated to receive the remittance; or if the field army or independent division, or the territorial department, under which the charges were incurred, is about to be or has been disbanded or discontinued, then the Surgeon General should be so designated. The Surgeon General should also be designated to receive remittances for hospital service rendered in general hospitals which have been or are about to be closed.

1462. The surgeon of a post or command, or the commanding officer of a general hospital or other sanitary formation, will keep, account for, and expend the hospital fund, according to the instructions of the Surgeon General, exclusively for the benefit of the sick in hospital and of the enlisted men of the Hospital Corps and members of the Nurse Corps on duty therein.

1463. Medical and official publications furnished from the Surgeon General's Office to surgeons in charge of hospitals will be properly filed and preserved in the hospital library. The expense of binding these publications and those issued to department or division surgeons will be defrayed by the Medical Department, and they will be transported to and from the medical supply depots by the Quartermaster Corps.

HOSPITAL BUILDINGS.

1464. A building will not be erected for or occupied as a hospital until the opinion of a medical officer has been obtained in writing upon the suitability of site and proposed arrangement. If the commanding officer dissent from this opinion he will return it to the surgeon with his reasons indorsed thereon, who will forward it, through military channels, to the Surgeon General.

1465. Hospitals will be erected at permanent posts in accordance with plans and specifications furnished by the Surgeon General, approved by the Secretary of War.

1466. When alterations of or additions to hospitals are necessary, the surgeon, after obtaining from the quartermaster an estimate of cost, will transmit plans and specifications, with proposed modifications, through military channels, to the Secretary of War. Similar action will be taken upon quarters for sergeants, first class.

1467. When hospitals or quarters of sergeants, first class, are erected or repaired, the officer conducting the work will consult the surgeon, who will inspect the work during its progress; and when a building is ready for occupancy, the surgeon will report as to its merits to the Surgeon General, through the regular channel, and furnish a copy of the report to the constructing officer.

1468. Estimates for new construction, betterments, and repairs in connection with hospitals, Hospital Corps sergeants' quarters, and other buildings, structures, and systems payable from the appropriation for "Construction and repair of hospitals" or "Hospital stewards' quarters" will be prepared separately, but in the same manner and forwarded at the same time as the estimates pertaining to other appropriations of the Quartermaster Corps.

These estimates will be prepared by the quartermaster, to whom the surgeon will furnish in writing a statement showing the items required.

When the work has been completed the surgeon will report to the Surgeon General whether or not it was performed according to the estimate and will furnish to him a statement showing the material and balance of allotment remaining. Approved plans or estimates for construction or repair will be altered only by authority of the Secretary of War.

1469. The Surgeon General will furnish to the Chief of the Quartermaster Corps, in sufficient time for his annual estimates, a statement showing the hospital repairs which will be needed during the ensuing year, with estimated cost of the same.

1470. No portion of any hospital building at a military post will be used or occupied as quarters, nor will any mess be permitted or maintained therein except such as may be necessary for patients and enlisted men there on duty.

SICK CALL.

1471. At sick call the enlisted men of each company who require medical attention will be conducted to the hospital or infirmary by a noncommissioned officer, who will give to the attending medical officer the company sick report book containing the names of the sick. The medical officer, after examination,

will indicate in the book, opposite their names, the men who are to be admitted to hospital and those to be returned to quarters, noting what duties the latter can perform and any other information in regard to the sick which he may have to communicate to the company commander. The senior medical officer of every command (except independent medical units) promptly after sick call each morning will forward to the adjutant a report of the sick of the command on the prescribed form furnished by the Surgeon General. After the report has served its purpose at headquarters of the command the adjutant will enter in the proper columns the strength of the command for the day present and absent and return the report to the medical officer. Completed morning reports of sick will be preserved for a period of one year, unless the command is sooner discontinued, when they will be destroyed.

1472. Medical officers will furnish company commanders any information, except the diagnosis, which will assist them in determining, for entry on the muster rolls, whether or not the disability of a soldier who is or has been on sick report originated in the line of duty, entering this information in the company sick report book. When required they will furnish the diagnosis to the commanding officer.

MEDICAL ATTENDANCE.

1473. Medical officers and contract surgeons on duty will attend officers, enlisted men, contract surgeons, acting dental surgeons, members of the Nurse Corps, prisoners of war, and other persons in military custody or confinement, and applicants for enlistment while held under observation; also, when practicable, the families of officers and enlisted men; and at stations, or in the field, where other medical attendance can not be procured, civilian employees. Medicines will be dispensed to all persons entitled to medical attendance, and hospital stores to enlisted men and hospital matrons, also to officers at posts or stations where they can not be procured by purchase.

1474. Medical officers and contract surgeons at their stations will furnish medical attendance to officers and enlisted men on the retired list, but they will not be required to leave their stations for that purpose. Medicines, dressings, etc., will be supplied to retired officers and enlisted men from Army dispensaries on medical officers' prescriptions.

1475. Enlisted men sick at recruiting stations, excepting those with trivial disabilities or those with severe injuries which render their removal impracticable, will be sent by the recruiting officer for treatment to the nearest military hospital.

1476. When medical treatment, including medicine, nursing, and hospital care, is required by an officer, an enlisted man, a contract surgeon, an acting dental surgeon, or an army nurse, on duty with any command or detachment, by a prisoner in military custody, or by an applicant for enlistment held under observation, and can not otherwise be had, the commanding officer may employ the necessary civilian service to furnish the same, and just accounts therefor will be paid by the Medical Department. When the officer, the contract surgeon, the acting dental surgeon, or the nurse who requires such treatment is on duty without troops, or the enlisted man is on duty where there is no officer, he or she may arrange for the required service. When medical treatment is required by the superintendent of the Nurse Corps while on duty and can not otherwise be had she may in like manner procure the necessary civilian service, just accounts therefor to be paid by the Medical Department.

Accounts for the medical treatment of officers, enlisted men, contract surgeons, acting dental surgeons, the superintendent of the Nurse Corps and nurses absent

from duty, and of the families and servants of officers and men, are not payable from public funds. Accounts for consultation will not be allowed. Treatment of chronic complaints by a specialist will not be paid for unless authority to employ such specialist has been obtained from the Surgeon General. Surgical appliances will be paid for only upon satisfactory evidence of their necessity; and such evidence, except in cases of emergency, should be submitted to the Surgeon General for his approval before purchase. Accounts for hospital stores will be paid only for enlisted men.

1477. Accounts for different fiscal years will be rendered separately and will be forwarded to the department surgeon, or, if arising within a mobilized division, to the division surgeon, but if arising at an independent post or station, directly to the Surgeon General. If the accounts are for continuous service, they will be forwarded monthly; if for temporary service, promptly upon the completion of such service. Blank forms may be obtained from the Surgeon General on application. Separate forms are provided for physicians' bills, medicine bills, hospital bills, and special nursing bills.

1478. Accounts for medical attendance will be stated in the full name of the physician, and will give his address. The visits charged for will be set forth chronologically, giving under each date the full name, rank, company, and regiment or corps, or other appropriate description of the patients treated, the disease or injury in each case, and the charge. Additional visits made on the same day will be entered separately, and marked second visit, third visit, etc., and the necessity thereof must be explained, the patients named, and the separate charge therefor noted. The charges must not exceed the usual local rate or the maximum compensation authorized by regulations. Any unusual charge must be fully explained. The date and nature of surgical operations, with the particular charge therefor, will be indicated; also the dates of after attendance, if any, rendered without additional charge in surgical cases. If medicines charged for extra by the physician were supplied from his own stock he must so certify and furnish an itemized list thereof. If the medicines were supplied by a druggist and paid for by the physician the former's itemized receipted bill showing payment by the latter is required as a subvoucher, accompanied by the prescriptions, each prescription showing upon its face the date, the druggist's file number, the price, and the name of the patient for whom the medicines were prescribed. Medicines furnished by a druggist, but not paid for by the physician, will not be allowed in the latter's account. The physician will certify that the account is correct and just and that the charges do not exceed the customary local rate. When the charge is against a deceased person the physician will certify also that he has not received the sum expressed or any portion thereof. The responsible officer will certify to the correctness of the account, stating that the officers, enlisted men, contract surgeons, acting dental surgeons, and army nurses named were on duty; that the prisoners were in military custody; and that the applicants for enlistment were held under observation at the time and place of treatment, and state why it was impossible to secure the services of an Army medical officer. When civilian medical attendance is procured by a contract surgeon or an acting dental surgeon on duty without troops he himself will give the prescribed certificate; when by the superintendent of the Nurse Corps, she will give it; when by an enlisted man or nurse, he or she will make affidavit to the required certificate.

1479. The compensation allowed to civilian physicians for ordinary medical attendance on public account at garrisoned posts or camps will not exceed the following rates, and if the local charge per visit is less the account will be rendered at the local rates: For attending post or sick call, five patients or less,

\$2.50; for each patient in excess of five, 50 cents; for each additional visit to post or sick call on the same day, when necessary, \$2. Where there is a large sick report and the service will be required for an extended period, application will be made to the Surgeon General for authority to employ a physician by the month. Accounts arising at posts or camps under exceptional circumstances, all accounts arising at other places, and accounts for special or surgical services will be allowed at reasonable rates approved by the Surgeon General.

1480. Accounts for medicines furnished by a druggist and not paid for by the attending physician will be stated in the legal name (corporate, firm, or individual, as the case may be) of the druggist, will designate the place where the medicines were furnished, will be accompanied by the prescriptions, and must be only for medicines properly so called. The account will contain the date and file number of each prescription, the name, rank, company, and regiment, etc., of the person for whom the medicines were furnished, as required in paragraph 1478, and will state the charge for the medicines. The druggist will certify that the account is a just and correct statement of medicines furnished by him at the place specified to the persons named on the prescriptions submitted; that the medicines were actually furnished on said prescriptions to said persons on the dates so set forth, and that the prices charged are not in excess of those prevailing at said place. The responsible officer or contract surgeon will certify that the officers, enlisted men, contract surgeons, acting dental surgeons, superintendent of the Nurse Corps, and Army nurses mentioned in the account were actually on duty; that the prisoners were in military custody, and that the applicants for enlistment were held under observation, at the place specified, when the medicines were furnished for them as stated, and that there was no Army dispensary in or near said place, if such be the fact. If there was an Army dispensary in or near the place, but the medicines were procured elsewhere because it was closed when they were required, or because they were not on hand in such dispensary, the certificates should so state. When the medicines are procured by an acting dental surgeon on duty without troops, he himself will give the prescribed certificate; when by the superintendent of the Nurse Corps, she will give it; when by an enlisted man or nurse, he or she will make affidavit to the required certificate.

1481. Accounts of civil hospitals should indicate the daily or weekly rate charged and the several items of service furnished by the hospital (such as medical attendance, medicines, nursing, lodging, board), and should be accompanied by the original agreement, if written, or, if not written, by a statement showing what the agreement was. In no case should the rate agreed upon or charged exceed the usual local rate for like service to private patients. If the hospital rate is itemized, as so much for board, so much for room, so much for medical attendance, etc., the item rates must be shown. Extras, such as ambulance service, use of operating room, etc., not covered by the daily or weekly rate, must be separately itemized. The account will be authenticated in behalf of the Government by a certificate or affidavit similar to that prescribed in paragraphs 1478 and 1480, to which should be added a statement showing why the patient could not be cared for in an Army hospital.

1482. Accounts of special nurses will set forth the full name and address of the nurse, the full name, rank, company, and regiment or corps, or other appropriate description of the patient, the disease for which he or she was treated, the dates of service and number of hours per day that service was rendered, and the rate of pay per week or per month. Pay may be allowed at reasonable rates approved by the Surgeon General, not, however, exceeding \$21 a week, except upon special authority granted by the Secretary of War. The nurse will

certify that the account is correct and just, that the services were rendered as stated, and that the patient is not related to the nurse. The attending physician will certify that the services of a nurse were indispensable to the proper care of the patient; that the nurse was competent; that the services were rendered as claimed, and that the charges do not exceed the customary local rates for competent nurses. The account will be authenticated in behalf of the Government by a certificate or affidavit similar to that prescribed in paragraphs 1478 and 1480, to which should be added a statement showing why the patient could not be cared for in an Army hospital or by a qualified attendant of the Hospital Corps. No accounts for nurses employed in trivial cases will be paid.

1483. When the charge is for the treatment of an individual officer, contract surgeon, or acting dental surgeon, or of the superintendent of the Nurse Corps, and it is necessary for him or her to pay it, he or she may transmit the account to the Surgeon General for reimbursement. A reimbursement account will be stated in the prescribed form in the name of the original creditor, physician, druggist, nurse, or hospital, as the case may be. The fact of payment will be plainly stated by such creditor either in the certificate on the form or by separate receipt, and will be certified by the officer, contract surgeon, acting dental surgeon, or superintendent claiming reimbursement; both payer and payee will state the reasons that made such payment necessary.

1484. The compensation allowed to civilian physicians for the physical examination of applicants for enlistment, when authorized by regulations or orders, will be at the following rates: For a single recruit, \$1; for two recruits on the same day, \$1.50; for three recruits on the same day, \$2; for four recruits on the same day, \$2.50, and 40 cents for each recruit over four examined on any one day. A physician employed at different recruiting stations will be allowed the above rates in full for the examinations at each station. He will be allowed 50 cents for each authorized vaccination. Accounts for examination and vaccination of recruits will show the physician's address and the particular location of the recruiting station, the number of applicants examined each day and the charge, and the number of men vaccinated each day and the charge. The recruiting officer will certify that the men examined were applicants for enlistment, and that the men vaccinated were recruits enlisted and duly sworn, or applicants accepted for enlistment, as the case may be.

1485. Civilian physicians employed, in the absence of a medical officer or contract surgeon, to examine physically or vaccinate enlisted men, under these regulations or orders from competent authority, will be paid at the rates prescribed above for the examination and vaccination of recruits.

MEDICAL SUPPLIES.

1486. Purchase of medical supplies will be made in pursuance of law, under the direction of the Surgeon General.

1487. The routine issue of disinfectants is prohibited.

1488. Damaged or unserviceable medicines, medical books, surgical or scientific instruments and appliances, pertaining to the Medical Department, will not be presented to an inspector for condemnation until authority for so doing has been obtained from the department surgeon, or, if with a mobilized division, from the division surgeon.

RETURNS.

1489. Each department surgeon and each division surgeon of a division serving independently will make to the Surgeon General on the last day of *every month a return of medical officers, dental surgeons, acting dental surgeons, and physicians under contract.*

ARTIFICIAL LIMBS.

1490. Every officer, enlisted man, or employee of the military forces of the United States who, in the line of duty, or through disease contracted in service, shall have lost a limb, or the use of a limb, will receive once every three years an artificial limb or appliance, or commutation therefor if he shall so elect, under such regulations as the Surgeon General of the Army shall prescribe. The money value allowed as commutation is, for a leg, \$75; for an arm, foot, and apparatus for resection, \$50.

1491. Necessary transportation, including sleeping car accommodations, required for travel to place where artificial limbs may be fitted, will be furnished by the Quartermaster Corps, the cost to be refunded from any money appropriated for the purchase of artificial limbs.

1492. An officer who pays an account for transportation of persons to enable them to procure artificial limbs will take credit for amounts paid for such transportation in the usual manner on his accounts current, and the vouchers evidencing the payments will accompany the accounts to the Auditor for the War Department for settlement. For the convenience of the Auditor in adjusting the appropriations involved the vouchers should bear conspicuously across their face a notation reading, "Transportation to have artificial limbs fitted."

ARTICLE LXXV.

CORPS OF ENGINEERS.

NOTE.—Regulations for the government of the Corps of Engineers, prepared and published under the authority of the Secretary of War, are distributed to its officers by the Chief of Engineers. Only such regulations are herein given as are general in their nature or affect other branches of the service.

1493. The duties of the Corps of Engineers comprise reconnoitering and surveying for military purposes, including the laying out of camps; selection of sites and formation of plans and estimates for military defenses; construction and repair of fortifications and their accessories; the supervision of the location of all buildings in or within 1 mile of any fortification; the installation of electric power plants and electric power cable connected with seacoast batteries, and furnishing the necessary electrical supplies connected therewith; planning and superintending of defensive or offensive works of troops in the field; examination of routes of communications for supplies and for military movements; construction and repair of military roads, railroads, and bridges; military demolitions; execution of river and harbor improvements assigned to it; and such other duties as the President or Congress may order. It collects, arranges, and preserves all correspondence, reports, memoirs, estimates, plans, drawings, such deeds and titles as relate to the Washington Aqueduct and public buildings and grounds in the District of Columbia, and models which concern or relate in any wise to the several duties above enumerated.

1494. The Chief of Engineers will have his headquarters at Washington, D. C., and will be charged, under the direction of the War Department, with the command of the Corps of Engineers, both staff and line, excepting such portions as are specifically detached by order of the War Department, and with the management of the Engineer Department, including the regulation of the duties of all officers, agents, and others who may be employed under his direction.

1495. When officers or troops of the Corps of Engineers are detached from the command of the Chief of Engineers they will continue to conform to the regulations of the Engineer Department in regard to the keeping of records and rendering of reports and accounts.

1496. Officers and troops serving under the immediate orders of the Chief of Engineers will not be diverted from such service except in cases of marked public exigencies, and when so diverted the officers will immediately report the facts to the Chief of Engineers, forwarding a copy of the orders they may have received. The officer issuing the order will transmit a copy directly to the War Department. Upon the termination of the exigency such officers or troops will be returned to their prior service, unless otherwise directed by the Chief of Engineers.

1497. The senior officer of engineers commanding engineer troops serving with an army, a field army, or an independent division in the field, will be attached to general headquarters of that organization, but will not be a member of the staff of the commanding officer unless specifically so appointed.

1498. The senior officer of engineers serving with an army, a field army, a division, a brigade, or a smaller body, will communicate to the commander thereof any orders received from any engineer officer who has authority to issue such orders.

1499. An engineer directed to superintend any works to be constructed by troops will point out what is to be done, and will maintain such a supervision as will enable him to see that it is done correctly. It will be the duty of the officer having charge of the detachment to execute the work in accordance with the instructions of the engineer officer in charge. The detail of troops for work to be carried on under the superintendence of engineers will be furnished on requisition addressed to the officer in chief command of the troops by the senior engineer officer on the staff of that command. The requisition will specify the number of men required, the times and places at which they will assemble to commence work, and the name and rank of the engineer officer to whom they will report. The requisition may be for part of a day or night, for a whole day or night, for a week or a longer period, according to circumstances, the duration of the service always being specified.

1500. When on duty in the field with armies or other independent organizations, engineer officers making surveys and reconnaissances will at once forward their maps and reports of operations to the proper officer at headquarters, who will report directly to the commanding officer at those headquarters.

1501. The senior engineer officer serving with an army or other independent organization in the field will, subject to the approval of his commanding officer, report monthly to the Chief of Engineers, United States Army, the operations of the engineer force under his direction sufficiently in detail to show the nature and extent of the operations and the respective portions executed by the several engineer officers engaged therein.

1502. The senior engineer officer will also cause to be made plans of all works executed under his direction, and will cause journals to be kept, showing by drawings and descriptions, as far as practicable, each day's events. These plans and descriptions, with maps of all surveys and reconnaissances and explanatory reports or memoirs, will be carefully preserved and transmitted at suitable opportunities to the Chief of Engineers, United States Army.

1503. When an engineer officer is sent to any military department, fortress, garrison, or post, a duplicate of his orders will be sent to the commanding officer. On his arrival the engineer officer will communicate his orders, and necessary facilities for executing them will be afforded by the commanding officer. While so on duty, without being especially put under the direction of *the commanding officer*, the engineer officer will be furnished with copies of all *orders and regulations* of the command relative to etiquette and police and with *the countersign* when quartered within a chain of sentinels. The engineer

officer will report to the commanding officer when relieved from duty within the limits of the command.

1504. Engineer officers engaged in the construction of fortifications or other public works are entitled to the same allowances as are provided by regulations for officers at garrisoned posts.

1505. All plans for new fortifications, and all plans embodying important structural changes in existing fortifications, will be sent to the Chief of Staff, through the Chief of Coast Artillery, for the approval of the Secretary of War. The plans will be prepared for approval by the Chief of Engineers, and the Chief of Coast Artillery, and by the Chief of Staff, for the Secretary of War. No alterations will be made in any fortification or in its casemates, quarters, barracks, magazines, storehouses, or any other building belonging to it, nor will any building of any kind, or work of earth, masonry, or timber be erected within any fortification, or within a mile of its exterior, except under the direction of the Chief of Engineers, and by authority of the Secretary of War.

1505½. 1. All electrical equipment connected with new fortifications under construction, or old fortifications not in the hands of coast artillery troops undergoing structural modifications, shall be installed by the Corps of Engineers in the course of such construction or modification, and after the new or the modified fortifications shall have been turned over to the Coast Artillery Corps for service, all work of maintenance and all ordinary repairs of said electrical equipment shall be done by coast artillery troops under the supervision of coast defense commanders. Repairs involving construction work, or structural modifications of the fortifications, of an engineering nature, shall be made by the Corps of Engineers.

2. Installation of new articles of electrical equipment in old fortifications in charge of the Coast Artillery Corps shall be made by the Coast Artillery Corps; provided that any structural changes of the fortifications that may be necessary to prepare them to receive said installations shall be made by the Corps of Engineers. The Coast Artillery shall install and connect up with the existing system all circuits of such new installations.

3. The Coast Artillery Corps shall be charged with the installation and maintenance of submarine mine and submarine fire-control cables.

1506. When the Chief of Engineers is satisfied that any fortification or any of its accessories is in all respects complete, so far as the functions of his department are concerned, he will give notice thereof, in writing, to the Chief of Staff, that it may be turned over to the troops for use and care. Until its completion has been so announced, no work will be occupied by troops except by the special order of the War Department.

1507. Travel allowances for officers of the Corps of Engineers, or for those on engineer duty, traveling on service connected with works of public improvement which are not of a military character will be paid from the special appropriation for the work. When changing station or traveling on duty connected with fortifications, or on any other military duty, the mileage will be paid by the Quartermaster Corps from the appropriation for mileage of the Army, except in cases where some other appropriation specifically provides that the travel allowance shall be paid therefrom.

1508. When necessary in field operations, an engineer officer shall be detailed as director of communications, charged with all road and railroad work and operation between the rear of the army and the advanced field base. He shall be under the orders of the general commanding in the field and shall submit requisitions for the funds required for his work through the headquarters of

that officer, disbursements to be made and accounts rendered under the regulations for the control of the Engineer Department.

1509. In operations in the field, transfers of funds and material pertaining to the engineer work of a command may be made between officers of the command on the order of the commanding officer.

1510. Engineer supplies will be issued to the Organized Militia of the several States, Territories, and the District of Columbia in accordance with the provisions of "An act to promote the efficiency of the militia, and for other purposes," approved January 21, 1903, as amended by the act of Congress approved May 27, 1908, upon proper requisition therefor.

ARTICLE LXXVI.

ORDNANCE DEPARTMENT.

NOTE.—Regulations for the government of the Ordnance Department, prepared and published under authority of the Secretary of War, are distributed to its officers by the Chief of Ordnance. Only such regulations are herein given as are general in their nature or affect other branches of the service.

GENERAL PROVISIONS.

1511. The Chief of Ordnance is charged with the duty of procuring, by purchase or manufacture, and distributing the necessary ordnance and ordnance stores for the Army and the Organized Militia, and establishes and maintains arsenals and depots for their manufacture and safe-keeping. All officers or other persons in the military establishment to whom ordnance and ordnance supplies or funds are intrusted, will make accounts and returns thereof to the Chief of Ordnance at the times and in the manner prescribed.

1512. Ordnance and ordnance stores include cannon and artillery vehicles and equipments; apparatus and machines for the service and maneuver of artillery; small arms, ammunition, and accouterments; horse equipments and harness for the field artillery, and horse equipments for cavalry and for all mounted men except those in the Quartermaster Corps; tools, machinery, and materials for the ordnance service; and all property of whatever nature supplied to the military establishment by the Ordnance Department.

ISSUES AND SALES.

1513. In time of peace, ordnance and ordnance stores are issued from the various arsenals and depots, to the extent authorized by regulations, on requisitions submitted in accordance with existing orders.

1514. In time of war, issues may be made to troops in service on the order of any general or field officer commanding an army, garrison, or detachment, or of a chief ordnance officer of an army, army corps, or division. To authorize an issue to militia, they must have been regularly mustered into the service of the United States, and the requisition for the stores must be properly approved.

1515. The Chief of Ordnance will, on the recommendation of a department commander, approved by the Secretary of War, establish ordnance depots at such points as may be designated by the Secretary of War, where ordnance stores will be held for distribution to the troops, under such regulations as the department commander may prescribe.

1516. When practicable, these depots will be under the charge of ordnance officers, and only such limited supply of ordnance stores as may be required to meet current needs will be kept at or issued from them. All other ordnance stores will be supplied from the arsenals, as provided in paragraph 1513.

1517. Requisitions for ordnance supplies to meet current needs will be filled from a depot, under the instructions of the department commander. The officer in charge will be responsible, under the department commander, that sufficient stores, procured by timely requisitions upon the Chief of Ordnance, are always on hand. Unserviceable and unsuitable ordnance and ordnance stores at such depots are under the control of the Chief of Ordnance.

1518. Requisitions for ordnance and ordnance stores not on hand within a department must be approved by the immediate commanders. The personal approval of the department commander or of the chief ordnance officer of his department is necessary, but in the absence of the department commander the approval may be made in his name by one of his staff officers.

1519. Requisitions will be made in conformity with the supply tables prepared by the Chief of Ordnance, unless extraordinary circumstances, to be plainly set forth in each case, should require a larger supply of one or more of the articles authorized.

1520. The service arms, ammunition, accouterments, and horse equipments required by an officer or contract surgeon for his own use in the public service may be sold to him by the Ordnance Department at the regulation price and the money received passed to the credit of the proper appropriation. Ordnance supplies thus sold to officers or contract surgeons will not be disposed of to persons not in the military service. Necessary repairs to the service arms and equipments of an officer or contract surgeon will be made by the Ordnance Department at the cost of these repairs. Officers or contract surgeons making purchases or having repairs done will furnish certificates of the fact that these sales or repairs are for their own use in the public service. Officers below the grade of major, required to be mounted, will be furnished with horse equipments by the Ordnance Department. One set of these equipments will be issued on memorandum receipt to each officer by the post ordnance officer at the post where he is serving on requisition duly approved by the commanding officer, which requisition shall state the cause of the mounted service. Officers not serving at posts and entitled to receive horse equipments under this paragraph will submit requisitions therefor through military channels for action by proper authority designating the officer to make the issue, and equipments thus issued will be accounted for by the receiving officer semiannually to the Chief of Ordnance on special individual returns. Articles of the equipment which become unserviceable shall be submitted for the action of an officer of the Inspector General's Department, and upon his recommendation to that effect may be turned in and new articles issued in exchange therefor. In the absence of an inspector the unserviceable articles may be submitted for the action of a surveying officer and upon his recommendation may be turned in and new articles issued in exchange therefor. In each such case the surveying officer will recommend submission of the articles to an inspector, and a copy of the report of survey will accompany the requisition for the articles to be replaced. An officer to whom horse equipments have been issued on memorandum receipt under the provisions of this paragraph upon his promotion to field rank or the termination of mounted service will turn in to the accountable officer all such equipments for which he is responsible. In case such equipments are not held on memorandum receipt they will be turned in to the nearest ordnance officer and a final return rendered. When an officer serving at a post desires, upon changing station, to retain the horse equipments in his possession, the post ordnance officer at his former station will invoice the same to the post ordnance officer at his new station and transfer his memorandum receipt to the latter officer; and in cases where an officer is transferred from a post for detached

service or duty at a place where there is no post ordnance officer and he desires to retain the horse equipments in his possession the articles will be regularly transferred and the same afterwards duly accounted for to the Chief of Ordnance by the receiving officer on special individual returns. When an officer who has been making special individual returns for horse equipments that were issued to him under this paragraph is stationed or serving at a post, he will at once transfer the accountability for the horse equipments to the post ordnance officer and render a final return to the Chief of Ordnance to close his accountability.

1521. When the arms or equipments authorized to be purchased in the preceding paragraph can not be obtained from an ordnance officer, officers may take from those for which they are accountable such articles as they require for their personal use or may furnish them to officers or contract surgeons of their commands for like purpose. In such cases the accountable officer will deposit the proceeds of the sales as required by paragraph 617 and make the report required by paragraph 612. At the end of each month an abstract of such sales on Form No. 272 will be prepared in duplicate and forwarded to the Chief of Ordnance. A third copy will be forwarded with the property return of the officer.

1522. Officers serving with troops may draw for their personal use, from stores belonging to the command with which they are serving, 1 regulation rifle and 1 revolver, with the appropriate equipments and the usual quantity of ammunition for each arm. This ordnance property may be used in action or target practice and will be accounted for on returns to the Chief of Ordnance.

1523. Ordnance stores will not be loaned to any person, and any officer violating this rule will be held responsible for the money value of the articles.

1524. Issues and transfers of ordnance stores will not be made on memorandum invoices and receipts except as provided for by regulation or orders and in special cases authorized by and subject to instructions from the Chief of Ordnance.

1525. An officer who makes an issue of ordnance stores to one not in command of troops, except under orders from competent authority, will be charged with the money value of the stores so issued.

1526. Civilian employees of the War Department may be armed when necessary for the protection of life or public property, and the same responsibility attaches to the officers accountable for the arms furnished them that attaches to those accountable for the arms in the hands of enlisted men. The sale of ammunition to civilians belonging to exploring or surveying expeditions authorized by law, and to civilian employees of the War Department, may be made for hunting purposes when considered necessary for their subsistence or for the interest of the United States. In the field the sale of meat cans, canteens, knives, forks, and spoons, when they can be spared, to an officer in charge of civilian employees for their use, is authorized, provided they can not be obtained in any other way.

1527. Arms lost, destroyed, or embezzled by civilian employees will be charged in the same manner as stores similarly lost by enlisted men; and the money value thereof accounted for as in case of sales made in accordance with paragraph 1521.

EXPENDITURE OF AMMUNITION.

1528. Ammunition will be expended only in target practice, preliminary instruction of the soldier, military exercises, and hunting, all within the prescribed allowances; in action; in defense of life or public property; in carrying out the prescribed duties of sentinels; and for authorized salutes.

1529. The necessity for all expenditures of ammunition must be shown by the certificate of the responsible officer, which certificate must accompany the

property return of the accountable officer; and when ammunition is dropped from a return as "expended in action by civil employees" a statement giving the place, date, and attending circumstances, sufficiently in detail to insure verification, must be filed with the return.

1530. Ammunition expended by a soldier without orders, or not in the line of duty, or which may be damaged or lost through his neglect, will be charged to him.

1531. When ammunition is furnished to civilian employees, it is not to be dropped from the returns unless expended in action or in hunting when necessary to obtain subsistence. Ammunition not so expended will be returned to the responsible officer and accounted for by him, or paid for at the price fixed.

SURPLUS AND DAMAGED STORES.

1532. Serviceable surplus ordnance stores, if in sufficient quantity to warrant separate shipment, may be turned in to the nearest arsenal on the order of a department commander, or, if in the hands of a recruiting officer, on the order of the War Department.

Small quantities of such articles on hand in an organization, not warranting separate shipment, will be turned in to the post ordnance officer, who will retain them for issue or ship them as prescribed in paragraph 1538, as may be directed by the department commander.

1533. Officers in charge of arsenals and ordnance depots will afford every facility to officers authorized to turn in property. They will give receipts for it according to condition.

1534. Whenever canteens become unserviceable because of worn-out covers or lost corks, they will not be presented for condemnation, but will be repaired by the troops. Timely requisitions will be made by the proper post or other designated staff officer on the Ordnance Department for extra covers, corks, etc., with which to repair them.

1535. Articles of personal equipments or other ordnance property which a detached soldier carries with him, or for which he may be indebted to the United States at the time of his transfer, will be entered on duplicate invoice and receipt transfer blanks (Form No. 152). The blanks will, when practicable, indicate the destination of the soldier. The two transfer blanks will be signed by the accountable officer or the issuing officer in his name, and by the soldier acknowledging receipt of the stores, including those missing. One of these signed blanks will be forwarded with the descriptive list or descriptive and assignment card of the soldier; the second constitutes the authority on which the accountable officer will drop the articles thus turned over and missing.

On arrival of the soldier at his destination all articles appearing on the transfer blank accompanying the descriptive list or descriptive and assignment card will be taken up by the proper officer, who will receipt for the same on this blank and forward it immediately to the Chief of Ordnance. All articles missing on arrival will be charged against the soldier and dropped from the return of the accountable officer in the usual manner.

A copy of the transfer blank will be kept by each accountable officer for his retained return.

1536. Detached soldiers going to or returning from the Philippine Islands and Alaska will be required to turn in all ordnance property in their possession before departure.

1537. Ordinary repairs can usually be made in the company or at the post or within the district with the means provided for that purpose by the Ordnance Department. When the repairs required can not be thus made, the articles,

except small arms, hand arms, and personal and horse equipments, will be sent, on the approved recommendation of an inspector, to an arsenal designated by the Chief of Ordnance. Small arms, hand arms, and personal and horse equipments, on the approved recommendation of an inspector, will be turned in to the post ordnance officer, who will, when sufficient stores have accumulated to make an economical shipment, send them to an arsenal designated by the Chief of Ordnance. A certified extract from the inspection report will accompany the invoice describing the articles as the authority for turning them in to an arsenal, or to the post ordnance officer.

1538. In the absence of an inspecting officer, a department commander may order the disposition of ordnance and ordnance stores which need repairs that can not be made by the means at hand at the post or within the district in the following manner: Machine guns and their mounts and accessory equipments, arm racks, and, on the request of an armament officer, articles constituting the mobile or seacoast artillery and those used in the maintenance and operation thereof, including ammunition, will be sent to an arsenal designated by the Chief of Ordnance. Small arms, hand arms, and personal and horse equipments will be turned in to the post ordnance officer, who will, when sufficient stores have accumulated to make an economical shipment, send them to an arsenal designated by the Chief of Ordnance. A certified copy of the order of the department commander and, when the condition of the articles does not result from fair wear and tear, a certified copy of the approved finding of the surveying officer will accompany the invoice transferring the articles to an arsenal or to a post ordnance officer.

1539. For the maintenance and improvement of the mobile and seacoast artillery and accessories, armament districts are established in orders from the War Department, and the assignment of armament officers to the charge of these districts is made by the Chief of Ordnance. These officers will keep themselves informed of the condition of the material by inspections and by direct correspondence with the various district and post commanders. The former are authorized to make the necessary repairs to material in their districts, but no alterations can be made without the authority of the Chief of Ordnance. Where repairs indicate improper handling or neglect of material, the circumstances will be reported to the Chief of Ordnance.

When mechanics employed by an armament officer are on duty at a post or in a district, they will, in the absence of the armament officer, be under the supervision of the post or district commander.

When a part of or an accessory to an article constituting a portion of the armament of a district becomes obsolete and is replaced, the obsolete part or accessory will be transferred by the district commander to an arsenal to be designated by the armament officer.

1540. No officer will turn in any unserviceable ordnance stores except as provided in these regulations.

1541. Price lists of ordnance and ordnance stores will be published from time to time for the information and guidance of officers in making inventories, sales, and charges for the loss of or damage to ordnance property.

1542. Arm chests not required for the storage of supplies will be returned to the nearest arsenal or ordnance depot when the cost of transportation is not greater than the value of the property. Officers to whom such chests have been issued will be charged with their value if they are destroyed.

INSPECTION OF ORDNANCE AND ORDNANCE STORES.

1543. When the recommendation of an inspector for sale of ordnance stores is approved, both copies of the report will be returned to the officer accountable

for the stores, with detailed instructions how to make the sales. One copy of each inventory and inspection report must accompany the property return. Sales of condemned ordnance and ordnance stores will be accounted for on Form No. 272, which will be executed in duplicate and forwarded directly to the Chief of Ordnance on completion of the sale. A third copy will accompany the officer's property return.

PACKING AND TRANSPORTATION.

1544. Officers who ship arms of any description are held responsible that they are so packed that, under ordinary handling, they can not break loose from their fastenings in the boxes, and that no loaded arm is packed for transportation. When loaded arms, or arms insecurely packed, are received by an officer, he will report the facts direct to the Chief of Ordnance.

1545. After packing arms or ordnance stores for shipment, the covers and bottoms of the arm chests and packing boxes will, if possible, be sealed with wax and stamped with an official mark by the officer responsible. The lid will be secured by screws, at least two of which will be sealed. Each board on top and bottom will have at least one sealed screw. The screw heads will be countersunk to a depth sufficient to protect the wax seal from injury. The design of the seal will designate the arsenal, depot, post, or organization from which shipment is made. For over-sea shipments, all boxes and crates will be properly strapped with wire or hoop iron. Boxes containing arms and other valuable stores will be sealed prior to shipment from ordnance establishments in accordance with special instructions from the Chief of Ordnance.

1546. The Ordnance Department will prepare official stamps for sealing boxes and distribute them to each company. Company commanders will account for them in their returns of ordnance stores and use them exclusively for purposes intended.

1547. In preparing property for shipment, the name of the invoicing officer, or of the arsenal or depot, the date of the invoice, the number, gross weight, and general contents of each box or package, and the name or designation of the receiving officer, will be distinctly marked thereon prior to delivery for shipment. Each quartermaster who ships or receives ordnance stores will satisfy himself that the seals on the packages are unbroken. If the seals should be broken and any stores lost, he will cause the value of the lost stores to be charged to the carrier.

1548. When stores are turned over to the Quartermaster Corps for transportation they will be accompanied by triplicate invoices, one of which will be receipted and returned by the shipping quartermaster to the invoicing officer. Duplicate invoices with duplicate receipts to be signed by the receiving officer, and a shipping list describing the contents of each box or package, will be sent direct to the receiving officer by mail, to reach him, if practicable, before the receipts of the stores. Materials procured for current use at ordnance establishments will be transported at the expense of the Ordnance Department.

RETURNS AND REPORTS.

1549. Officers accountable for ordnance and ordnance stores will render the returns and statements required by Ordnance Property Regulations.

1550. Records of artillery firing will be kept at seacoast forts and by organizations of mobile artillery, as prescribed in instructions from the War Department, and a copy forwarded directly to the Chief of Ordnance.

1551. Requisitions for blanks and blank books required for the use of the Ordnance Department will be made annually by every regiment and company, and forwarded to the Chief of Ordnance not later than April 30 of each year. Those suited to every command and arm of the service can be obtained upon application to the Chief of Ordnance. The requisitions will give the form number and state the quantity of each blank and blank book desired, based on the needs for the following fiscal year.

1552. In the care and preservation of artillery material, magazines, small arms, etc., the instructions contained in the authorized Manual of Coast Artillery and the publications of the Ordnance Department will be observed.

TESTS AND EXPERIMENTAL TRIALS.

1553. No written or pictorial description of tests by this Government of arms or munitions of war will be made for publication without the authority of the Secretary of War, nor will any information, written or verbal, concerning them which is not contained in the printed reports and documents of the War Department be given to any unauthorized person.

1554. Except by special authority of the Secretary of War, no persons other than officers of the Army and Navy of the United States and Members of Congress in their official capacity, and persons in the service of the United States employed in direct connection with such tests, will be allowed to witness the same.

1555. Until further orders, inventors and manufacturers, or their properly accredited representatives, will also be permitted to be present at tests of and experiments with their own inventions.

Commanding officers of ordnance establishments and other military posts are authorized to pass such persons into them when they present the necessary credentials, but only for the purpose stated. Access to parts of commands not involved in the tests and experiments and to any war material, or to any means of obtaining knowledge of the same, is prohibited.

ARTICLE LXXVII.

SIGNAL CORPS.

NOTE.—Regulations for the government of the Signal Corps, and for the operation and maintenance of United States military telegraph lines and cables, prepared and published by the Chief Signal Officer of the Army, under authority of the Secretary of War, are distributed to officers and men by the Chief Signal Officer. Only such regulations are herein given as are general in their nature or affect other branches of the service.

1556. The Chief Signal Officer is charged with the direction of the Signal Corps of the Army; with the control of the officers, enlisted men, and employees attached thereto; with the construction, repair, and operation of military cables, telegraphic and telephonic lines and radio installations, field telegraph trains, balloon trains, and furnishing and installing instruments and connecting cables used for transmitting information in connection with fire control at seacoast fortifications; with the preparation, distribution, and revision of the War Department Telegraph Code; with the supervision of such instruction in military signaling and telegraphy as may be prescribed in orders from the War Department; with the procurement, preservation, and distribution of the necessary supplies for the Signal Corps and for signaling installations of the lake and seacoast defenses. He has charge of all military signal duties, and of books, papers, and devices connected therewith, including telegraph and telephone apparatus and the necessary meteorological instruments for target ranges

and other military uses; of collecting and transmitting information for the Army, by telegraph or otherwise, and all other duties pertaining to military signaling.

1557. Men may be enlisted for the Signal Corps, at the discretion of the Chief Signal Officer of the Army, in the class or grade for which they are competent and in which there is a vacancy. They will be promoted and reduced in the class or grade, as fixed by law, by the Chief Signal Officer of the Army or by his authority.

1558. The senior signal officer of an army in the field commands the signal parties serving therein. Orders affecting them will be transmitted through him, and he will be responsible that they are fully instructed, adequately supplied, and that they properly perform their duties. He will keep himself informed of the position of the army and of the enemy, and, under the instruction of the general commanding, will establish his stations. He will submit reports of operations to the general commanding, and forward copies thereof to the Chief Signal Officer in Washington, to whom he will report monthly his station, the strength and condition of his parties, and all other matters pertaining to their duties and equipment.

1559. When telegraph lines are placed under charge of signal officers, they will be held responsible for their construction, maintenance, and operation. Commanding officers and others will see that the special duties of these officers are not interfered with, and upon proper application will render any assistance in their power.

1560. Communications transmitted by telegraph or signals are always confidential, and will not be revealed except to those officially entitled to receive them, or in cases specially ordered by competent military authority.

1561. Official and military messages will have precedence. Subject to modification in orders from the War Department, or by order of the commanding general of the army in the field, important dispatches will be usually sent in the following order of priority, due regard being had to the relative urgency of messages in the same class:

First. Those relating to the movement or administration of the army in the field, and of the Navy.

Second. Other messages relating to the Army, to the Navy, and to governmental departments or bureaus of the United States.

Third. Messages of State, Territorial, or other civil officials, relating to public business.

Fourth. Messages between diplomatic agents of neutral governments.

Fifth. Press messages.

Sixth. Miscellaneous business, those relating to death or serious illness having priority.

Unimportant dispatches of any class must not, however, be given precedence over important dispatches of a subordinate class.

2. Dispatches containing matter deemed to be injurious to the public interests must be submitted to the commanding general for his orders relative to their transmission. On detached lines such messages will be submitted to the senior officer or noncommissioned officer for his action.

3. Officers and soldiers are strictly prohibited from communicating, except to commanding officers or under special authorization from proper military authority, information by telegraph, or otherwise, relative to numbers, movements, or operations of troops, or details regarding fortifications, armaments, or experiments made in connection with military affairs. Neither shall they be permitted to file or send dispatches containing opinions on military opera-

tions or other military matters relating to any part of the army or command with which they are serving, or to any auxiliary forces.

4. Personal and press messages may, under conditions not interfering with military business, be transmitted free over field military telegraph lines that are closed to the general public.

5. The use of any cipher is forbidden, except in communication to and from commanding officers and their superiors, or in cases of civil officers specially authorized. Personal and press codes, however, may be utilized for the economical transmission of dispatches upon filing a copy of the code with the central office and under such other regulations as may be formulated by the general commanding an army in the field.

6. The chief signal officer of an army operating in the field, or of a district under military control, in carrying out his general instructions will formulate necessary regulations for the management and operation of military telegraph lines under his control. General rules should be reduced to writing, be clearly defined, and impartially enforced.

7. For signal communication between the Army and the Navy the International Morse Code shall be adopted, transmitted by radio, visual, and sound signals whenever applicable to the means of communication employed, with the single modification that in the use of the Ardois night system numerals shall be spelled out and punctuation marks shall be eliminated. The use of the International Morse Code, however, shall not be understood as prohibiting the employment between the Army and the Navy of such other systems of signaling as may be useful under special conditions, such as the International Code, the two-arm semaphore system, pyrotechnics of any description, including rockets, the Very pistol, or any other method of communication not adapted to the dot and dash code, but which at times may become serviceable and which may be temporarily agreed to by the senior officers present of the two services.

8. The International Morse Code is announced as the general service code of the Army, and will be used for all visual signaling, radio telegraphy, and on cables using siphon recorders. The American Morse Code will be used on telegraph lines, on short cables, and on field lines.

1562. The department commander will cause the operations of the Signal Corps of the Army to be supplemented by such instruction in practice in military signaling as may be necessary for the military service. He will cause each troop, battery, and company commander to have at all times at least two available enlisted men able to exchange messages by means of the flag and the general service code (International Morse Code) at a speed equal to four combinations, of five mixed letters each, per minute at distances of not less than 2 miles.

1563. Whoever shall willfully or maliciously injure or destroy any of the works, property, or material of any telegraph, telephone, or cable line, or system, operated or controlled by the United States, whether constructed or in process of construction, or shall willfully or maliciously interfere in any way with the working or use of any such line, or system, or shall willfully or maliciously obstruct, hinder, or delay the transmission of any communication over any such line, or system, shall be fined not more than \$1,000, or imprisoned not more than three years, or both.

1564. Officers of the Army may purchase from the Signal Corps articles of signal corps equipment, provided the property is available. They will certify that the articles are for their personal use. The price to be paid by an officer for such property will be the cost price to the Government. Code cards and instructions for visual signaling will be furnished by the Chief Signal Officer of the Army upon application. Signal supplies will be furnished by the Signal

Corps to posts and such organizations as require them on requisitions approved by department commanders. All officers or other persons in the military establishment to whom signal supplies are issued will render accounts and returns therefor to the Chief Signal Officer of the Army on forms furnished for that purpose.

1565. Signal supplies will be issued to the Organized Militia of the several States, Territories, and the District of Columbia in accordance with the provisions of "An act to promote the efficiency of the militia, and for other purposes," approved January 21, 1903, as amended by the act of Congress approved May 27, 1908, upon proper requisition therefor.

1566. Telescopes, field glasses, telephones, and expensive electrical apparatus of the Signal Corps when unserviceable will not be submitted to an inspector for condemnation without previous authority of the Chief Signal Officer of the Army.

1567. Quartermasters will issue to signal parties serving in their vicinity, on the requisition of the officer in charge, such supplies from their respective departments as may be necessary for their proper equipment and subsistence.

1568. Electrical engineers and other technical employees of the Signal Corps shall, while serving on transports or other Government vessels used as cable ships, be entitled to subsistence in the same manner as employees of the Quartermaster Corps serving thereon.

ARTICLE LXXVIII.

UNIFORM.

1569. The uniform and equipments of officers and enlisted men will be prescribed in special regulations published by authority of the Secretary of War.

ARTICLE LXXIX.

MANUALS OF STAFF DEPARTMENTS AND BLANK FORMS.

1570. Manuals issued by the staff departments and approved by the Secretary of War, when not in conflict with any of the provisions of these regulations or of orders or bulletins of the War Department, will have equal force therewith.

1571. The standard blank forms used in army administration, with the notes and directions thereon, have the force and effect of Army Regulations. New forms or alterations will not be made without the authority of the Secretary of War, and the date on which a form or alteration was authorized will be printed on the form itself. All notes or directions on these blanks will, prior to their issue, be approved by the Secretary of War. These forms and lists of them will be furnished by the chiefs of the various bureaus and offices of the War Department. Requisitions therefor will call for them by number and name.

1572. The rendition of returns, rolls, certificates, and other documents in manuscript is prohibited when the proper printed forms therefor are on hand.

ARTICLE LXXX.

THE ARMY RESERVE.

[Established by the provisions of the second paragraph of section 2 of the Army appropriation act of August 24, 1912. (37 Stat., 590, 591.)]

1573. Regulations governing the Army Reserve are published in orders from the War Department (see G. O., No. 11, W. D., 1913).

ARTICLES OF WAR.

SECTION 1342, Revised Statutes. The armies of the United States shall be governed by the following rules and articles. The word officer, as used therein, shall be understood to designate commissioned officers; the word soldier shall be understood to include noncommissioned officers, musicians, artificers, and privates, and other enlisted men, and the convictions mentioned therein shall be understood to be convictions by court-martial.

ARTICLE 1. Every officer now in the Army of the United States shall within six months from the passing of this act, and every officer hereafter appointed shall, before he enters upon the duties of his office, subscribe these rules and articles.

ART. 2. These rules and articles shall be read to every enlisted man at the time of, or within six days after, his enlistment, and he shall thereupon take an oath or affirmation, in the following form: "I, A B, do solemnly swear (or affirm) that I will bear true faith and allegiance to the United States of America; that I will serve them honestly and faithfully against all their enemies whomsoever; and that I will obey the orders of the President of the United States, and the orders of the officers appointed over me, according to the rules and articles of war." This oath may be taken before any commissioned officer of the Army.

ART. 3. Every officer who knowingly enlists or musters into the military service any minor over the age of sixteen years without the written consent of his parents or guardians or any minor under the age of sixteen years, or any insane or intoxicated persons, or any deserter from the military or naval service of the United States, or any person who has been convicted of any infamous criminal offense, shall, upon conviction, be dismissed from the service, or suffer such other punishment as a court-martial may direct.

ART. 4. No enlisted man, duly sworn, shall be discharged from the service without a discharge in writing, signed by a field officer of the regiment to which he belongs, or by the commanding officer, when no field officer is present; and no discharge shall be given to any enlisted man before his term of service has expired, except by order of the President, the Secretary of War, the commanding officer of a department, or by sentence of a general court-martial.

ART. 5. Any officer who knowingly musters as a soldier a person who is not a soldier shall be deemed guilty of knowingly making a false muster, and punished accordingly.

ART. 6. Any officer who takes money, or other thing, by way of gratification, on mustering any regiment, troop, battery, or company, or on signing muster rolls, shall be dismissed from the service, and shall thereby be disabled to hold any office or employment in the service of the United States.

ART. 7. Every officer commanding a regiment, an independent troop, battery, or company, or a garrison, shall, in the beginning of every month, transmit through the proper channels, to the Department of War, an exact return of the same, specifying the names of the officers then absent from their posts, with the

reasons for and the time of their absence. And any officer who, through neglect or design, omits to send such returns, shall, on conviction thereof, be punished as a court-martial may direct.

ART. 8. Every officer who knowingly makes a false return to the Department of War, or to any of his superior officers, authorized to call for such returns, of the state of the regiment, troop or company, or garrison under his command; or of the arms, ammunition, clothing or other stores thereunto belonging, shall, on conviction thereof before a court-martial, be cashiered.

ART. 9. All public stores taken from the enemy shall be secured for the service of the United States; and for neglect thereof the commanding officer shall be answerable.

ART. 10. Every officer commanding a troop, battery, or company, is charged with the arms, accouterments, ammunition, clothing, or other military stores belonging to his command, and is accountable to his colonel in case of their being lost, spoiled, or damaged otherwise than by unavoidable accident, or on actual service.

ART. 11. Every officer commanding a regiment or an independent troop, battery, or company, not in the field, may, when actually quartered with such command, grant furloughs to the enlisted men, in such numbers and for such time as he shall deem consistent with the good of the service. Every officer commanding a regiment, or an independent troop, battery, or company, in the field, may grant furloughs not exceeding thirty days at one time, to five per centum of the enlisted men, for good conduct in the line of duty, but subject to the approval of the commander of the forces of which said enlisted men form a part. Every company officer of a regiment, commanding any troop, battery, or company not in the field, or commanding in any garrison, fort, post, or barrack, may, in the absence of his field officer, grant furloughs to the enlisted men, for a time not exceeding twenty days in six months, and not to more than two persons to be absent at the same time.

ART. 12. At every muster of a regiment, troop, battery, or company, the commanding officer thereof shall give to the mustering officer certificates, signed by himself, stating how long absent officers have been absent and the reasons of their absence. And the commanding officer of every troop, battery, or company shall give like certificates, stating how long absent noncommissioned officers and private soldiers have been absent and the reasons of their absence. Such reasons and time of absence shall be inserted in the muster rolls opposite the names of the respective absent officers and soldiers, and the certificates, together with the muster rolls, shall be transmitted by the mustering officer to the Department of War, as speedily as the distance of the place and muster will admit.

ART. 13. Every officer who signs a false certificate, relating to the absence or pay of an officer or soldier, shall be dismissed from the service.

ART. 14. Any officer who knowingly makes a false muster of man or horse, or who signs, or directs, or allows the signing of any muster roll, knowing the same to contain a false muster, shall, upon proof thereof by two witnesses, before a court-martial, be dismissed from the service, and shall thereby be disabled to hold any office or employment in the service of the United States.

ART. 15. Any officer who, willfully or through neglect, suffers to be lost, spoiled, or damaged, any military stores belonging to the United States, shall make good the loss or damage, and be dismissed from the service.

ART. 16. Any enlisted man who sells, or willfully or through neglect wastes the ammunition delivered out to him, shall be punished as a court-martial may direct.

ART. 17. Any soldier who sells or through neglect loses or spoils his horse, arms, clothing, or accouterments shall be punished as a court-martial may adjudge, subject to such limitation as may be prescribed by the President by virtue of the power vested in him. [Act of July 27, 1892, 27 Stat., 277.]

ART. 18. Any officer commanding in any garrison, fort, or barracks of the United States who, for his private advantage, lays any duty or imposition upon, or is interested in, the sale of any victuals, liquors, or other necessities of life, brought into such garrison, fort, or barracks, for the use of the soldiers, shall be dismissed from the service.

ART. 19. Any officer who uses contemptuous or disrespectful words against the President, the Vice President, the Congress of the United States, or the chief magistrate or legislature of any of the United States in which he is quartered, shall be dismissed from the service, or otherwise punished, as a court-martial may direct. Any soldier who so offends shall be punished as a court-martial may direct.

ART. 20. Any officer or soldier who behaves himself with disrespect toward his commanding officer shall be punished as a court-martial may direct.

ART. 21. Any officer or soldier who, on any pretense whatsoever, strikes his superior officer, or draws or lifts up any weapon, or offers any violence against him, being in the execution of his office, or disobeys any lawful command of his superior officer, shall suffer death, or such other punishment as a court-martial may direct.

ART. 22. Any officer or soldier who begins, excites, causes, or joins in any mutiny or sedition, in any troop, battery, company, party, post, detachment, or guard, shall suffer death, or such other punishment as a court-martial may direct.

ART. 23. Any officer or soldier who, being present at any mutiny or sedition, does not use his utmost endeavor to suppress the same, or having knowledge of any intended mutiny or sedition, does not, without delay, give information thereof to his commanding officer, shall suffer death, or such other punishment as a court-martial may direct.

ART. 24. All officers, of what condition soever, have power to part and quell all quarrels, frays, and disorders, whether among persons belonging to his own or to another corps, regiment, troop, battery, or company, and to order officers into arrest, and noncommissioned officers and soldiers into confinement, who take part in the same, until their proper superior officer is acquainted therewith. And whosoever, being so ordered, refuses to obey such officer or non-commissioned officer, or draws a weapon upon him, shall be punished as a court-martial may direct.

ART. 25. No officer or soldier shall use any reproachful or provoking speeches or gestures to another. Any officer who so offends shall be put in arrest. Any soldier who so offends shall be confined, and required to ask pardon of the party offended, in the presence of his commanding officer.

ART. 26. No officer or soldier shall send a challenge to another officer or soldier to fight a duel, or accept a challenge so sent. Any officer who so offends shall be dismissed from the service. Any soldier who so offends shall suffer such punishment as a court-martial may direct. [Act of February 27, 1877, 19 Stat., 244.]

ART. 27. Any officer or noncommissioned officer, commanding a guard, who, knowingly and willingly, suffers any person to go forth to fight a duel, shall be punished as a challenger; and all seconds or promoters of duels, and carriers of challenges to fight duels, shall be deemed principals, and punished accordingly. It shall be the duty of any officer commanding an army, regiment, troop, battery,

company, post, or detachment, who knows or has reason to believe that a challenge has been given or accepted by any officer or enlisted man under his command, immediately to arrest the offender and bring him to trial.

ART. 28. Any officer or soldier who upbraids another officer or soldier for refusing a challenge shall himself be punished as a challenger; and all officers and soldiers are hereby discharged from any disgrace or opinion of disadvantage which might arise from their having refused to accept challenges, as they will only have acted in obedience to the law, and have done their duty as good soldiers, who subject themselves to discipline.

ART. 29. Any officer who thinks himself wronged by the commanding officer of his regiment, and, upon due application to such commander, is refused redress, may complain to the general commanding in the State or Territory where such regiment is stationed. The general shall examine into said complaint and take proper measures for redressing the wrong complained of; and he shall, as soon as possible, transmit to the Department of War a true statement of such complaint, with the proceedings had thereon.

ART. 30. Any soldier who thinks himself wronged by any officer may complain to the commanding officer of his regiment, who shall summon a regimental court-martial for the doing of justice to the complainant. Either party may appeal from such regimental court-martial to a general court-martial; but if, upon such second hearing, the appeal appears to be groundless and vexatious, the party appealing shall be punished at the discretion of said general court-martial.

ART. 31. Any officer or soldier who lies out of his quarters, garrison, or camp, without leave from his superior officer, shall be punished as a court-martial may direct.

ART. 32. Any soldier who absents himself from his troop, battery, company, or detachment, without leave from his commanding officer, shall be punished as a court-martial may direct.

ART. 33. No person shall be tried or punished by a court-martial for desertion in time of peace and not in the face of an enemy, committed more than two years before the arraignment of such person for such offense, unless he shall meanwhile have absented himself from the United States, in which case the time of his absence shall be excluded in computing the period of the limitation: *Provided*, That said limitation shall not begin until the end of the term for which said person was mustered into the service. [Act of April 11, 1890, 26 Stat., 54.]

ART. 104. No sentence of a court-martial shall be carried into execution until the same shall have been approved by the officer ordering the court, or by the officer commanding for the time being. [Act of July 27, 1892, 27 Stat., 278.]

ART. 115. A court of inquiry, to examine into the nature of any transaction of, or accusation or imputation against, any officer or soldier, may be ordered by the President or by any commanding officer; but, as courts of inquiry may be perverted to dishonorable purposes, and may be employed, in the hands of weak and envious commandants, as engines for the destruction of military merit, they shall never be ordered by any commanding officer, except upon a demand by the officer or soldier whose conduct is to be inquired of.

ART. 116. A court of inquiry shall consist of one or more officers, not exceeding three, and a recorder, to reduce the proceedings and evidence to writing.
